I. SPECIAL COURSES

Note: Attention is drawn to the following regulation adopted by the General Assembly of 1953:

"The status of a catechist must not be understood as a step toward ultimate ordination. The recognition of this office is considered to be desirable only in order that the opportunity for full-time service may be provided for men with preaching and pastoral gifts and who are willing to give themselves to this work, but who may not be able to meet the educational requirements for the ministry, and also to enable the Church to profit by the service which such men can render." (A. & P. 1953, p. 22).

(a) Applications already considered by the General Assembly.

1. *Frederick Hall Austen*. Presbytery of Hamilton. It is recommended that permission be granted to take him on Trials for License.

Attention is drawn to the Book of Forms, Section 248, Subsection XI (a): "No application for the reception of a minister is considered by the General Assembly, unless the circular letters giving notice of such application were despatched not less than two clear months previous to the meeting of Assembly."
3. The Board of Education calls the attention of Presbyteries to the Book of Forms 248, Subsections VII and VIII, and asks that Presbyteries emphasize the matters therein, especially the interrogation of applicants on the following points: "(1) What course of study has he passed in Arts and Theology? (2) When, where and by whom was he ordained to the ministry? (3) Has he ever been connected with any other Church than that from which he brings documents, and if so, in what capacity? IV. EXAMINATION OF CANDIDATES

It is recommended that the General Assembly instruct all presbyteries (a) to make an extremely careful examination of candidates desiring reception into the ministry of our Church, (b) to insist that the applications be fully and carefully documented, and (c) to receive from applicants a detailed statement of their reasons for desiring admission to the ministry of The Presbyterian Church in Canada.

FUND FOR MINISTERIAL ASSISTANCE

The Assembly called for the Report of the Fund for Ministerial Assistance, which was given in by Dr. H. A. Doig, in the absence of the Chairman, and on motion of Dr. J. H. Williams, duly seconded, it was received and ordered to be spread on the Minutes, as follows:

During 1966, the Fund for Ministerial Assistance distributed a gift to each eligible married minister at the rate of \$300 per year and \$140 per year for each eligible child. In addition, a Christmas gift of \$100 for each minister and \$25 for each eligible child was made. At the end of the year, 98 ministers and 164 children were beneficiaries. This was the largest number of ministers and children to receive assistance in any quarter of the year.

The total assistance from the Fund, sent out during 1966, was \$66,918.72. In addition to the regular quarterly grants made to those ministers who are on basic stipend, the Appointors made some compassionate grants in cases of urgent need.

Every effort has been made by the Appointors to see that all eligible ministers receive gifts. Presbyteries are notified regularly; applications are forwarded to all eligible graduates of the colleges on appointment or call. The Appointors seek the co-operation of all the courts of the Church so that no one eligible should be missed. Applications are available on direct request to the Secretary.

Any increase in the basic stipend of the Church always increases the number of ministers eligible to receive assistance from the Fund. The increase in the basic travel grant of \$400 in 1966 meant that at the end of the year there was a larger number of ministers on the Fund than there had been over the past two years. A further increase in the basic stipend will probably also increase the number of ministers eligible for the Fund. The Appointors must check each quarter in order that the Fund's revenues should not be over-expended.

The donor continues his concern in the welfare of our ministers. Each quarter he receives copies of letter of thanks received from ministers on the Fund. The ministry of the Church owes a great debt of gratitude to him.

The Administration of the Fund continues at no cost to the Fund itself. The Treasurer's Office and the Home Missions staff are responsible for details.

At the end of 1966 assets of the Fund were

Bonds at Market Value	\$762,861
Interest accrued	12,310
Cash	17,035

[6750]

DR. E. H. JOHNSON

Dr. Johnson addressed the Assembly on some of the many achievements of the Church and the resources available. Many of our missionaries have been evacuated from the dangerous scenes in Nigeria. Many of the leaders who are Christian are working for a constructive solution to the present chaotic situation in that great country.

OVERSEAS MISSIONS

Mr. Lattimore called upon the Chairman of the Overseas Sub-Executive, Mr. D. J. Neil.

At the request of Mr. Neil, Miss Mary Whale introduced Miss Eileen Boodhoo, Deaconess serving in Guyana in Berbice; Rev. John McIntosh serving in Japan; Rev. Dr. Donald Wilson, Associate Secretary of the Formosa Church; Miss Margaret Kennedy, completing four terms of service among the Bhils in India.

MISS MARGARET KENNEDY

Miss Kennedy addressed the Assembly concerning the work of famine relief in India. She would like to thank all the people whose gifts had helped so much. Part of the money had gone to purchase grain, part had gone to provide wages, part had gone to purchase well drilling machinery. New wells were dug; old wells were cleaned and deepened; water for people and for animals was provided. Water was very scarce. In all this crisis, proclaiming the Gospel went on steadily. The missionaries brought not merely daily bread but also the Bread of Life.

REV. WALTER McLEAN

The Assembly learned with regret of the illness of Rev. Walter McLean who had planned to speak on present-day Nigeria.

DR. JAMES DICKSON

Mr. Neil read a portion of a letter from Dr. Dickson who, learning he had but six months to live, had with Mrs. Dickson decided to return to the scene of their missionary activities in Formosa.

Mr. Edmonds addressed the Assembly. He had been impressed with the work done in Nigeria by Rev. Dr. John Johnston and Rev. Walter McLean. We are living in a world where 250,000,000 people are illiterate. More people will die of starvation in the next ten years than in all the wars of history. In the next 30, 40, 50 years, we are facing a stark situation unless we are able to come to grips with the problems of starvation and illiteracy. The Christian must be prepared to go out into our society as Jesus went out into his society. We have to try to bring to the consciousness of all Christian people the great and desperate needs of the world. Our future with all our resources is tied up with the welfare of the whole world. There is great need in this chaotic world for vigorous, imaginative and flexible responsibility.

THE 1967 PRESBYTERIAN CONGRESS

The Assembly called for the Report of the 1967 Congress, which was given in by Mr. W. B. Cross, General Chairman of the 1967 Congress Committee as follows:

REPORT OF THE 1967 PRESBYTERIAN CONGRESS QUEENS UNIVERSITY, KINGSTON, ONTARIO JUNE 3-6, 1967

From time to time over the years, The Presbyterian Church in Canada has gathered a large number of its members in a Congress. The last one was held in 1954.

The purpose is not to produce a crowd, but to spread new inspiration and vision through the congregations of the Church from sea to sea.

[6768]

In this year of Canada's Centennial the Congress theme is "Man in God's World", deliberately chosen that we may have a spiritual emphasis beyond the secular thought of the Expo theme, "Man in his World." Our theme implies our place in the divine order, our need for spiritual direction, our individual responsibility to God as well as to our fellows.

By action of the General Assembly the Administrative Council was entrusted with the organization of the Congress. The Council in turn delegated that task to a Congress committee. This committee, through the Administrative Council, reported to the 92nd General Assembly — see A. & P. Page 380.

From the beginning it was agreed that the foundation must be Bible study, and the committee secured as leader Rev. Dr. Hans-Ruedi Weber, who is the associate director of the World Council of Churches' Ecumenical Institute at Chateau de Bossey near Geneva, Switzerland, and is an expert in this field. The other speakers were —

Rev. Dr. Harold Englund, the senior minister of First Presbyterian Church, Berkeley, California.

The Rev. Philip Potter, the director of the Division of World Mission and Evangelism of the World Council of Churches, and chairman of the general committee of the World Student Christian Federation.

Rev. Dr. Reginald S. Dunn, President of the Canadian Council of Churches, and minister of Walmer Road Baptist Church, Toronto.

The Rev. Emilien Lamirande, O.M.I., Dean of the Faculty of Theology of St. Paul's University, and Vice-Chairman of the Ottawa diocesan commission on Ecumenism.

Rev. Dr. Joseph C. McLelland, Professor of Philosophy of Religion at McGill University, and lecturer at Presbyterian College, Montreal.

Corporate worship from day to day, and challenging addresses on the Congress theme, brought to all delegates the inspiration and sense of fellowship that we hope they will carry back to share with their congregations.

Visual presentations of the church's program, music and a dramatic presentation "Christ in the Concrete City", by the Company of Pilgrims from Toronto, added to the impact of the Congress.

It was the committee's earnest prayer that delegates would be inspired and rededicated for the thrilling task with which we as Christians are entrusted in this century. We hope that as they return they will share their fresh vision with the congregation from which they came.

Because of the large percentage of young people in Canada's population, the committee aimed at a high proportion of youth delegates. Most of them were laymen and women, and they caught a new sense of their ministry in that capacity.

There were 563 delegates present — 199 under 30 years of age, — 242 in 30-50 group — 96 in 50-70 group — 6 people over 70, and 20 with no record of age.

[6769]

Small groups provided the setting for heartwarming discussion of the application of Christian teaching to the problems and opportunities of today. We hope that this experience in fellowship and this renewal in faith will help men and women to witness to the glory of Christ for many years to come.

The 1954 Congress cost the budget funds of the Church about \$30,000.00. The 1967 Congress was accomplished without any charge on the budget funds of The Presbyterian Church in Canada.

I would like to express my personal thanks and appreciation to the general arrangements committee, the chairmen of the sub-committees, and to all who had a part in the planning and the operation of the Congress.

May we emphasize that the full benefit of this 1967 Congress will not be felt until the delegates talk about it in their home congregations, and demonstrate their new vision in renewed lives as they return from the Congress new men and women in God's World.

W. B. Cross, *General Chairman*.

On motion of Mr. Calvin Chambers, duly seconded, the Report was received and adopted.

THANKS

The Moderator expressed the thanks of the Court to Mr. Cross and his associates for their work and gratification for the great success of the Congress.

In this connection we would urge our people to support the Centennial International Development Program and its aim of calling Canadians to play their full role in serving the pressing needs of the world community.

Mr. Mackay then presented Statement No. 1 and Statement No. 2 as follows:

STATEMENT NO.1

The General Assembly of the Presbyterian Church in Canada notes with profound dismay the deepening stalemate in the war in Vietnam with the increasing temptation to both sides to risk catastrophic action in striving to achieve a quick victory. We cannot take lightly the solemn warning of the Secretary General of the United Nations that the path now being followed in Vietnam is leading inevitably to a third world war.

We believe that every day the logic of events makes it clearer that the only possible solution is negotiation and withdrawal of the opposing military forces both for the sake of the suffering people of Vietnam and the peace of the world. We also believe that such unilateral action as the cessation of the bombing of North Vietnam would be both a first step toward a negotiated settlement and a sign of responsible concern which would do much to restore the United States to the position of moral leadership which we believe she should and can occupy.

In the midst of the several perilous situations which threaten mankind today we pledge every encouragement and support to the Government of Canada in all efforts to play a reconciling and constructive role in the cause of world peace and security. The dangerous developments in the middle East and Nigeria make all the more urgent the task of seeking a positive and constructive solution in Vietnam and an end to the mistaken notion that the basic problems of our world can be solved by force.

In the light of these concerns the 93rd General Assembly of The Presbyterian Church in Canada,

- 1) expresses its prayerful support of all efforts made by the Prime Minister, the Minister for External Affairs and the Parliament of Canada to press for an early end to hostilities in Vietnam and the beginning of negotiations open and acceptable to all parties in the conflict. In this regard we would encourage the Government to use its influence in securing a cessation of the bombing of North Vietnam.
- 2) supports the Government of Canada in any plan to make units of our defence force available on request for any peace-keeping operation

[6778]

whether in Vietnam or elsewhere under acceptable conditions agreed upon by the United Nations.

- 3) encourages our Government in the efforts already being made for the relief and rehabilitation of Vietnamese civilians and urges that these be continued and preparations be made now for a widespread programme of relief and rehabilitation for both North and South Vietnam at such time as the war may be terminated.
- 4) to preserve the integrity of Canada's membership on the International Control Commission, encourages the Government of Canada to seek some end-use restriction of military goods supplied to the United States under the defence-production sharing programme, to prevent Canadian war materials being used in Vietnam.
- 5) expresses its gratitude to U. Thant, Secretary General of the United Nations for the untiring efforts he has made personally to find steps to peace in Vietnam and encourages him and the United Nations to give this matter priority in whatever ways are within United Nations' powers, recognizing that the outcome of this conflict affects most of the issues about which the United Nations is concerned.

STATEMENT NO. 2

The General Assembly of the Presbyterian Church in Canada notes with deep concern the tragic events in the Middle East with their sad aftermath of homeless refugees, aggravated hostility and tension regarding the basic problems between Israelis and Arabs, and the increased threat of world war.

As part of the Church of Jesus Christ, we make this public expression of sympathy and concern for all who have suffered and who continue to suffer — Israelis and Arabs, combatants and civilians — and pledge our help in the task of providing relief and rehabilitation. We call our people to prayer and compassionate support for all who suffer and for a just and lasting solution of the basic problems which have caused this conflict.

We express our encouragement and prayerful support to the Government of Canada in seeking strong United Nations' action —

1. to establish a peace-keeping force adequate and appropriate for restoring and supervising conditions for a just settlement.
2. to seek deep-level solutions of Middle East problems which take full account of the needs and rights of all the peoples and nations involved, with particular reference to the plight of the Palestinian refugees.

Finally, we express our encouragement and prayerful support to the Secretary General of the United Nations and to the United Nations for the

[6779]

conscientious and untiring efforts being made to reach a just and viable solution of the Middle East conflict.

It is in complete conflict with the subordinate standards of our church as set forth in chapters XXII, XXIV, XXIX of the Westminster Confession and specifically of Chapter XXV, Section 6 which reads 'Nor can the Pope of Rome in any sense be the head thereof (i.e. of the church) but is that antichrist, that man of sin and son of perdition that exalteth himself against Christ and all that is called God.

DISSENT

'I wish to record my dissent to the action of the 93rd General Assembly in refusing to refer to the Articles of Faith Committee and to the Presbyteries of the Church for further study in the matter of term eldership, in that the implication of this action upon the recommendation of the Committee (though not of the body of the Committee's report on page 273 f., Minutes for 1967) is that the matter is to be dropped, rather than given the study it desperately needs.

John C. Carr."

REASONS FOR DISSENT

We respectfully submit:

1. That the decision to commend the action of inviting the Papal Legate ignores the fact that an action so unprecedented and, in its way, so drastic, should have had the prior consent of the General Assembly.
2. That the same decision to invite the Papal Legate was taken in surprising disregard of the fact it might prove offensive or distasteful to some commissioners and that it did so prove is attested by the vote as recorded.

COMMITTEE ON LOYAL ADDRESSES

The Assembly called for the Report of the Committee on Loyal Addresses which was given in by Mr. H. L. Henderson, the Convener, as follows:

To Her Majesty Queen Elizabeth II

May it please your Majesty:

The Ninety-third General Assembly of The Presbyterian Church in Canada at present meeting in Knox Presbyterian Church, in the capital City of Canada, Ottawa, present to your Majesty this expression of our devotion, loyalty and love.

Our Nation and our peoples look forward always to the happy moments when your Majesty honours us all by your gracious presence.

We remember with happiness the latest visit of your Majesty to Canada.

It is with real sense of pride that we hold in our memories the honour which Presbyterians shared in the Coronation of your Gracious Majesty.

The hour in which we live is one of great concern and great challenge. Scarcely a moment of time passes into history without some new crisis being recorded. Science and invention bring new sources and methods of power. Powers have been discovered and unleashed which earlier generations knew not. Physical forces have been harnessed in such a way that whole nations stand on the verge of total physical destruction — brother fights against brother in fields of conflict — but all is not dark. We must always remember that "Power belongeth unto God" and "Righteousness exalteth a nation", and that even when God shakes the earth and the stars also it is for the purpose of sifting out those things which cannot be shaken — but remain. It is in times not unlike the present that God lifts up leaders who point us all to Him.

It is our belief that your Majesty has an important place in this leadership under God. For this task, it is our prayer that God will grant your Majesty a great measure of strength, an unflinching faith in the ultimate triumph of right and a full confidence in peace.

[6818]

Our Church intercedes before God for the safety of your Person, the happiness of your Home and the security of your Throne.

We pray that divine blessing may rest upon Prince Philip, the Queen Mother and all members of the Royal House.

The Grace of the Lord Jesus Christ, the only King and Head of the Church, be with your Majesty and the Royal Household.

The Commissioners responded by rising during the presentation of the Address and then by joining in the National Anthem.

To His Excellency, The Right Honourable Roland Michener, Governor-General of Canada:

The Ninety-third General Assembly of The Presbyterian Church in Canada wish to express to your Excellency, as the Representative in Canada, of Her Gracious Majesty Queen Elizabeth II, our love, loyalty and devotion.

We wish you to know that our prayer to God is that His blessing will be upon you and your family, to strengthen and sustain you all in the fulfilment of the Royal Trust which you have so graciously assumed among us. You have already won the loyalty and trust of our people. You follow in a tradition of great and devoted servants of Canada.

We share in the concern expressed in your first speech from the throne, about the dangers of "spiritual stagnation in our Country".

May we respectfully request that you forward to Her Majesty our address in which we express our loyalty to Her Person and Throne.

On motion of Mr. Henderson, duly seconded, the Report was adopted. To the Right Honourable Lester B. Pearson, Prime Minister of Canada:

The Ninety-third General Assembly of The Presbyterian Church in Canada send to you, your Government and the Parliament of Canada our most respectful greetings.

The age in which we live presents to the Government and the People of Canada, great responsibilities and unlimited opportunities.

The opportunity for imaginative, moral leadership in a divided world with new nations emerging, is unique.

We know that the answer of Canada does not lie in material strength nor in military might. We understand all too well that we do not have sufficient financial and human resources to meet the challenge which the present crisis demands. We do know, however, that Canada dare not stand idly by and uncommitted when half of the world's population faces death by famine and starvation.

We believe that the people of Canada challenged and led by the Government of Canada, can and must play a vital and dynamic role in the industrialization of the under-developed and un-developed nations of the world — and that the Government and Parliament of Canada, under God, must take an active, positive, constructive and dynamic role in the struggle of the nations for prosperity, security and peace.

[6819]

On motion of Mr. Henderson, duly seconded, the Report was adopted. To Madame Vanier and the Members of the Family of the late Governor-General Georges Vanier:

It is with a deep sense of genuine loss that the Ninety-third General Assembly of The Presbyterian Church in Canada send to you and the members of your illustrious family, this message of sympathy.

Your husband brought to the high office of the Governor-General, a sense of oneness with the people of Canada, and thereby has been assured a real place in our hearts. In his own inimitable way he brought distinctive honour to Canada. The zeal with which he promoted a study of the family shall always mark him as a man with a deep and sincere understanding of the basic foundations of a society and a nation. His personal faith was an inspiration to us all and will remain long in our memories. Family life in Canada will be the richer because God lent him to all Canadians at an important time in our historical development. His devotion to unity has marked a turning point in our history.

It is our prayer that God will give to you and the members of your family, His comfort in your sorrow.

On motion of Mr. Henderson, duly seconded, the resolution was adopted.

The Moderator declared a recess of twenty minutes.

We express our gratitude to the Chairman, Mr. John Birchenough, for his tireless energy, interest and courtesy. We were much refreshed by the hospitality of the ladies of Knox Church who daily served in the Tuck Shop; and gratefully remember the complimentary dinners provided by St. Andrew's Church on the 8th of June, by St. Giles' Church on the 9th, by St. Timothy's Church on the 12th and by St. Stephen's Church on the 13th. We again thank the ladies of these congregations for their fine services as hostesses.

The University of Ottawa is thanked for opening its residence, Taboret Hall, with all its facilities, to the Commissioners. Special thanks are due to its cheerful and obliging staff. The Ottawa Teachers' College likewise accommodated many of us by placing its parking lots at our disposal.

We express our thanks to the Moderator of the 92nd General Assembly, the Rev. G. Deane Johnston, D.D., for his sermon at the opening service of the General Assembly and recall with appreciation the participation of the High School Choir of The First Presbyterian Church of Tulsa, Oklahoma, in that service.

A special word of thanks is extended to Senator Norman and Mrs. Paterson for the gracious invitation to the Garden Party on their spacious lawns. This was an occasion long to be remembered. The Commissioners also express their thanks to the Ministers Wives' Association of Ottawa Presbytery for the reception held at Knox Church Manse on the 12th of June for their wives and other visiting ladies.

The thanks of the Commissioners are extended to the City of Ottawa and the National Parkways Commission for the tour of the beautiful capital of Canada in this centennial year. We also thank the Centennial Commission for the handsome brief cases and lapel pins which they provided.

We gratefully acknowledge the coverage of Assembly news by press, radio and television.

We acknowledge with thanks the complimentary copies of "Good News for Modern Man" given by the Bible Society. Once again we have benefited by the fine selection and adequate display of books and church supplies set forth by Presbyterian Publications and for the attentive and knowledgeable service of Miss Gibb and Mr. McCaffrey.

We acknowledge with gratitude the cordial greetings brought to the Assembly by the representative of the Prime Minister of Canada, the Honourable George J. McIraith, Minister of Public Works; the greetings brought by Controller Ernie Jones on behalf of the Mayor of the City of Ottawa, Mr. Donald H. B. Reid; the greetings brought by Dr. Nevile Davidson from the Church of Scotland; by Dr. W. A. A. Park from The Presbyterian Church in Ireland; from the United Church of Northern India by its Moderator, the Right Reverend G. Singh; from the Church of Rome by His Excellency the Most Rev. Sergio Pignedoli, Apostolic Delegate; from the United Presbyterian Church in the U.S.A., by Dr.

[6821]

W. H. McConaghy; from the Ottawa Council of Churches by Dr. Marvin J. Carson; from the Chaplain-General (P) of the Canadian Armed Forces, Air Commodore E. S. Light; and from the Canadian Bible Society by Rev. T. H. Bridle. We also thank Mr. Duncan Edmonds for his inspiring address on Friday night.

The General Assembly recognizes that a tremendous amount of work has been done by many people to make our stay in Ottawa both happy and fruitful, from the moment of our arrival until our departure. To one and all we say most heartily, thank you.

I. REPORT OF THE GENERAL BOARD OF MISSIONS

Daily the newspaper headlines, television specials and radio broadcasts remind us that we live in a time of revolution and compressed change. Our environment is being transformed by a world-wide population explosion which adds almost as many souls to the population in 24 hours as we have members in the Presbyterian Church in Canada.

The movement of our population is so rapid that we are now told that one in every five Canadians changes address each year. The flow to the urban centres has been one of the great features of our Canadian life. At the same time the whole world has come to the doors of our homes and of our Churches.

The Board of Missions is challenged by this vision of a new dimension in mission. Our ministry to the Koreans in Japan is fraught by the same problems as our ministry to Hungarians in Canada. The work in Formosa among the aboriginal people in the hills bears strong semblance to the challenge of the church's approach to the Canadian Indian.

In the reports found in the following pages there is related the story of how the Board reaches out to all people at home and overseas. Our activity must involve the whole man in the whole world. We cannot proclaim a partial gospel. We minister alike to people of all racial and cultural backgrounds. We do this simply because of who they are in the eyes of God.

In this Centennial year there is no better thing we can do than renew our pledge to congregate in all the many localities where we worship and then to scatter into the "world" to do His work, witnessing to the love of God and Christ and demonstrating that love to all men.

OUR WORK OVERSEAS

In 1966 we were made vividly aware again of the radically and rapidly changing scene within which our overseas work is set. Rapidly changing structures, attitudes and moods in international, political and church contexts demand that we be ready for free, flexible, and imaginative expression of our missionary obedience. Our task is not to perpetuate the traditions and patterns of the past but to be part of what God is doing in the world today in His redemptive activity for all mankind and for the fulfilment of His purpose for the whole creation.

Radical and Rapid Change

As we try to understand the situation in our world, we are able to discern some of the new contexts within which our service is set. We note that historic events took place in all our fields during the last year. On May 26 Guyana became an independent nation and a little later the 118th member of the United Nations. Formosa was profoundly affected by intensification of war in Vietnam and by conversations around the world about recognizing the Peking government of continental China. India came through an important national election and now faces its vast problems of population, economic need, border tensions, racial and religious pressures, with a weakened central government. The signing of the Normalization Treaty between Japan and Korea gave the Korean community in Japan a firmer living base than they previously had but still unresolved many problems of and uncertainties about citizenship status. In Nigeria two military coups in January and July led to widespread massacres and suffering and uncertainty remains about the future of the Federation which comprises Nigeria.

Within these events our Overseas churches carried on a lively ministry of service and witness.

India

The response to the India Famine Appeal was outstanding and our missionaries played a remarkable part in setting up famine relief activities in their own areas and participating in the carefully planned interdenominational effort through the whole of India. Through 1966 further steps were taken to relate the work in which we have been involved in Jhansi and in the Bhil field more firmly to the total work of the United Church of Northern India of which it is a part. The 1966 General Assembly of the UCNI reaffirmed its approval of the plan for a Church of N. India as set out in the Fourth Edition of the Plan of Union.

Caribbean

In the Caribbean 1966 marked the setting up (in Port-of-Spain, Trinidad) of the office of the Caribbean Assembly of Reformed Churches with Rev. H. G. Williams as General Secretary. During this year plans were made for the transfer of Berbice High School to the government of Guyana and on January 16, 1967 this historic school celebrated both its 50th Anniversary (of September 8, 1966) and a ceremony of transfer from the church to the government. This marks the fulfilment of more than 50 years during which the Presbyterian Church in Canada has been involved in the work of general education in Guyana.

Formosa

In Formosa the thinking and studies of the special meetings in connection with the 1965 Centenary culminated in 1966 in the setting up of the New Century Mission Movement. This young church has laid a strong plan to give successive emphasis to the several areas of its responsibility and to implement the many plans for expansion of work which were contemplated in the 1965 discussions when church and mission leaders together looked at the task of the church in the second century of its life.

Japan

A fine plan was drafted in 1966 by the Korean Christian Church in Japan for a Ten Year Forward Movement to be launched in 1968. Through this movement the Korean Christian Church hopes to greatly multiply the number of its congregations and strengthen its outreach on every front, looking forward to the celebration of its 70th Anniversary in 1978.

Nigeria

The Nigerian church has had tremendous problems flowing from the breakdown of church union and the disastrous political events. More than a million refugees arrived back in the Eastern Region, most of them penniless and many of them maimed and wounded. The church responded through its members and their families in taking care of these who returned from the other regions. At the same time the Synod has carried on intensive studies about the work of the church and finally at the close of the year approved a Development Plan which will carry the church forward in five areas of concern including the provision of an adequate ministry, the development of a Christian education program, the setting up of a stewardship program, rural development, and the development of an articulate body of Christian opinion to speak with knowledge and authority on the problems of the country. This Plan is partly a result of the bringing into fuller participation in the church courts of the highly competent leadership drawn together now in the new city congregations, particularly in Enugu and Lagos.

Changing Personnel

During 1966 we added some new missionaries — Rev. and Mrs. Russell Hall and Rev. and Mrs. David Craig to Nigeria for two years service, Rev. and Mrs. R. K. Anderson to Japan. During the same year we saw the withdrawal from the work partly because of health reasons of Rev. and Mrs. J. A. Johnson from Nigeria, Rev. and Mrs.

Joseph Muchan from Guyana, Rev. and Mrs. Earle Roberts from Nigeria. Our total overseas personnel is lower than it has been for many years.

Administrative Visits

During the year administrative visits were made to Nigeria and Guyana by the General Secretary, and to Japan and India by the Assistant Secretary. The General Secretary joined the Assistant Secretary for two weeks of intensive policy consultations on the situation in India and the direction of our work there.

Meaning of Mission

Perhaps the most important feature of work at the home end was the continual wrestling with problems of policy, seeking to direct the outreach to the actual needs of this day. This culminated in the setting up of a special study day by the Overseas Joint Policy Committee on "The Facts and Meaning of our Mission Today", the beginning of a study aimed to involve the whole of the Board and ultimately all the congregations of our church in a rethinking of missionary obligation so that our outreach may be not the dutiful carrying on of a program inherited from the past, but a live expression of our obedience to the living Christ in the midst of the situations and the world of this day.

Thanks to Staff

The Board would again express its profound gratitude to all the missionaries overseas carrying on with faithfulness and imagination in the midst of dangerous and perplexing situations. We would not forget to give special thanks to the staff of the overseas office, Miss Ina Hill, Miss Laura Jackson and Miss Gayl Haniford who carry on their work with a faithfulness and diligence far beyond the normal calls of duty.

HOME MISSIONS

The Home Missions section of the General Board of Missions is grateful to God for the encouragement, support, and guidance which has come through the Church in the past year. The Board is grateful to all those whose witness and service has made possible our record of activities. Many faithful officers, congregations, and individuals have witnessed through their stewardship.

Through the reports in the following pages, we examine ourselves to see if we are carrying out the mission of the Church. We do not believe that we have developed the answers to all the contemporary problems of the mission given to us by God. We can be only faithful to the call as we hear it and to the vision as we see it.

During the year the General Assembly appointed Dr. H. A. Doig as Secretary to replace Dr. Munro. He took over the office on the 1st of September. The General Board of Missions appointed the Rev. Alex F. MacSween, Superintendent of Missions for Manitoba and Northwestern Ontario, to fill the vacancy in the Assistant Secretary's office.

As usual, the great bulk of the assistance given by the Home Missions section has been to those Home Mission areas where the strong churches have been called to assist the weaker ones. Financially by the way of grants for stipends, rent and travel assistance has been made available in those Presbyteries where resources are insufficient for them to carry on on their own. This assistance was given to some 150 workers scattered across the 49 Presbyteries in the Church. These workers are serving in every kind of community and in every type of Church. In the rural areas and in small towns some are single church fields, while others are multiple church situations.

In the rapidly growing urban communities some of these ministers are manning the promising new churches organized in recent years. Others were breaking ground

with the launching of new church programmes in promising suburban areas. Without these workers and without this support, the cutting edge of our Church's effort would be greatly dulled.

In keeping the section aware of the needs of the congregations and the Ministers serving in them, the faithful group of Superintendents who act as agents for the Board are again to be commended.

The Church Extension Department aims to provide the Church with a strategy for making recommendations concerning locations of sites for new church development and for the relocation of existing congregations. All possible resources must be made available if the church is to be strategically located for its mission. The Church Extension Department is prepared to offer all possible aids to Presbyteries, Synods, as well as to local Churches in the wise location of churches. The conference of Church Extension workers held in Toronto in December of 1966 brought together almost all the ministers and field workers engaged in Church Extension work in Canada. The results from this conference have been most encouraging and a full report of this activity has been presented to the Board.

A description of the work carried out in all the various institutions of the Board is available on request. A list of these is appended.

During the year your Board co-operated in the Canadian Urban Training Project undertaken in Toronto in conjunction with other Protestant denominations. Your Board is represented by six nominees on the Board of the Project. The first of our Ministers has been nominated to take the short course in the Spring of 1967.

Our co-operation with the Reformed Church in America in Home Mission work has continued. Unfortunately, we have not been able to obtain a man to undertake a joint ministry in the Presbytery of Barrie. A further opportunity for co-operation in the Winnipeg area has presented itself and will likely come to fruition in 1967.

The enrolment in the Catechist course has been encouraging. Several men have enrolled looking forward to giving years of service to the Church on retirement from their civilian occupations. The course is also available for any layman who is interested in this supervised study.

The work in the Kenora Fellowship Centre has continued to grow. The Board was fortunate to be able to secure the services of Mr. S. T. Robinson on the retirement of Dr. Dunn. There is great need for an expansion of the facilities available. It is hoped that capital which will be received through the National Development Fund may be used to enlarge this most acceptable operation.

In the field of Immigration it has now become evident that the bulk of the immigrants are coming to Canada by air. This will involve a change of emphasis in our work in the Immigration Department. The Committee has some forward looking suggestions to make in this area. It is hoped that these can be made effective in 1967.

The Board continues to be represented on many committees dealing with the work in the Home Mission programme, both in the denomination and in conjunction with other denominations. The Secretary of the Board has continued to act on the special Committee on Chaplaincies in Institutions as well as Secretary of the Armed Forces Chaplaincy Committee.

In the future it is the hope of the Board to lead even more effectively in carrying out of the two-fold ministry of word and deed. We are faced with new challenges and new problems. We look forward to the future with great courage and great expectancy. "He who has an ear to hear, let him hear what the Spirit says to the Churches".

THE MISSIONARY EDUCATION COMMITTEE

Mission is the essential dimension of the Church's life. There is no participation in Christ without participation in His mission. The main task of the Missionary

Education Committee continues to be that of reminding the Church that it is called into Mission, and that the health of the Church is closely related to its faithfulness in mission.

A second and derivative task of the Missionary Education Committee is to tell the story of the Church's missionary endeavour, especially as carried out by the General Board of Missions. Missions are specific instances of the Church's mission in a particular time and place, or in response to particular human needs. The story of missions is told not simply to promote these particular activities but to stimulate the whole church so that it may continually find new forms of ministry in a changing society.

In 1966 there were a number of significant staff changes. The Acting Director took up his duties as of the first of January. Miss Joan Macneil resigned as Editorial Assistant at the end of June and Mr. Remmelt Hummelen was appointed Program Assistant and took office October 15. Miss Avis Forbes left the office to attend University and Miss Marie Morgan joined the staff as Office Secretary in late October. The staff works well as a team seeking to serve the Church efficiently as the educational and interpretive arm of the General Board of Missions.

Program

One of the most exciting and important aspects of the program is the on-going work of missionary deputation. One cannot over-emphasize the value of the continuing educational effort being carried out by Home and furloughed Overseas missionaries as they go about the church. At the beginning of the year a briefing conference was held to work through many problems of deputation and subsequently a set of Deputation Guidelines has been drawn up setting forth terms of reference for this aspect of the work. A serious attempt is being made to interpret present-day missions and the emphasis is upon meeting with small informal groups focusing on men and young people. One World Mission Weekend was held in the Presbytery of Winnipeg.

The Presbyterian Church Calendar for 1967 was produced by the Calendar Committee, a Sub-Committee of Missionary Education, and this Centennial edition was received most enthusiastically across the Church. The total supply of 46,000 was sold out by the year's end.

As a part of the on-going service of this Committee, material is provided for use in Christian Education publications, the Presbyterian Record, Stewardship and Budget weekly bulletins and occasionally in non-Church publications.

A new policy with regard to personal missionary letters has been adopted as a service to Home and Overseas missionaries, and a monthly newsletter has been inaugurated which goes out widely across the Church bringing up to the minute news and comments about latest developments in our Church's missions at home and overseas.

In an attempt to bring Missions Conveners of Synods and Presbyteries into the team for education in mission, a monthly memo is sent out and a resource file for Conveners is being compiled to assist them in their work.

At the year's end four pamphlets are in production and the brochure "To Children With Love" telling the story of Vellore Christian Medical Centre in India was purchased and widely distributed throughout the Church.

"Opportunities Unlimited", a 16mm sound colour film photographed by veteran missionary Dr. James Dickson over the past number of years has been edited and a sound script provided to produce a 20 minute film depicting the spread of the Gospel in Formosa. Two new film-strips were produced: "Changing Rhythms" on the work of the Presbyterian Church in Nigeria, and "Two Strangers" the story of Indians and non-Indians in Canada today. These have both been well received by church and other groups and are quickly joining other Missionary Education Audio/Visual productions which are among the most frequently booked of all materials in the Audio/Visual library. A start has been made on the production of two short slide sets "Of sticks and Stones", on the building program of stone churches

in Formosa, and "The Kenora Fellowship Centre", on this aspect of Home Mission work.

Audio/Visual purchases include two 16mm films on Home Missions themes, "The Inner City" and "The Detached American", and one on Overseas "To Children With Love", and one on Inter-Church Aid Refugee and World Service "The Long March". The filmstrip "John Grows Up In Mission" was also purchased for the Audio/Visual library for the use of teachers and parents.

The year 1966 saw the introduction of the Home Missions study theme on Canada as a Centennial project. Among the general church membership at the adult level this has been the most widely used of the missions study themes in recent years. The excellent material prepared by the Canadian Council of Churches and Friendship Press in the United States have found their way into many church libraries and minister's studies as well as being used by a number of study groups. One Presbytery provided a complete set of materials for each congregation within its bounds.

Field work was to have been a major emphasis of the Director in 1966 but with the many changes of staff this was somewhat interrupted. A start was made in leading study groups on the Canada theme, conducting workshops at conferences and at Synod level, meetings with Presbytery Conveners and, perhaps most significant of all, lecturing at the Presbyterian College, Montreal, to the second and third-year students on "Contemporary Mission".

A study day was held in April to review the work of the department and set up some guidelines for the future. Out of this day of study there emerged an emphasis on the local congregation and how help can be provided to develop at the local level the program of education in mission. In this we depend very heavily upon the co-operation of Conveners and Superintendents of Mission. The study day also made it clear that we must work very closely in relationship with other Boards and Committees of the church in program development.

Relationship With Other Boards and Committees

The Missionary Education Committee participated in the Conference on Resources called by the Co-ordinating Committee on Adult Education of which Missionary Education is a constituent member. The trend is towards much closer work at all levels with the other program Boards. Specific sharing of program and activities has gone on continuously within the Co-ordinating Committee as well as planning and working together on such projects as the Congregational Planning Guide.

Summer Mission Conferences

Missionary Education provided support, leadership and promotion of the Prairie International Conference on World Mission held in Brandon, Manitoba and the Pacific Northwest Mission Conference held in Salem, Oregon in 1966. We continue to work through the western Synods in supporting these annual Summer Conferences.

Canadian Council of Churches

In concert with the other members of the Canadian Council of Churches, Missionary Education worked on the development and promotion of the Home Missions theme "The Contribution of the Church to the Development of Canada" and co-operates in consultations and such joint projects as may be developed from time to time.

Department of Education for Mission — NCCC/USA

Missionary Education has membership in the Department of Education for Mission of the NCCC/USA and the staff works with others in developing the annual mission study themes and preparing materials for use in connection with these studies.

4. *Re Resignation of Rev. Joseph Muchan*

THAT the following minute of the appreciation of the work of the Rev. and Mrs. J. Muchan be recorded in the minutes of the General Assembly:

The General Board of Missions records with regret the resignation of the Rev. Joseph Muchan of 26 years of service with the Board at home and overseas.

Joseph Muchan, B.A., was born in Paisley, Scotland, and came to Canada with his family when he was 13 to live in Hamilton, Ontario.

In 1940 after graduation from Knox College, and with his wife Marjorie, he went to Jhansi India, under appointment by the Board to city and village evangelism and teaching in the Bible School.

Leaving India Mr. and Mrs. Muchan were appointed to British Guiana from 1951 to 1954. Then for several years Mr. Muchan served in Canada as superintendent of Evangel Hall, Toronto. Mr. and Mrs. Muchan returned again to British Guiana in 1960, where Mr. Muchan visited different areas, conducting teaching missions and crusade meetings, and assisting in leadership training. He served as convener of the Committee on Missions and Evangelism of the Consultative Assembly of Presbyterian Churches in the Caribbean. Mrs. Muchan, a graduate of Toronto Bible School, shared with her husband in conducting a Bible Correspondence Course, and promoting Bible reading and distribution.

During Mr. Muchan's most recent term of service he was related to the Caribbean Assembly of Reformed Churches in a program of teaching evangelism. Half of his time was spent in British Guiana, and the remainder was divided between Surinam (Dutch Guyana), Trinidad and Grenada. He greatly strengthened the young Guyana Presbytery during the period of racial tension and violence and shared in the joy and thanksgiving when Guyana achieved independence in May 1966.

Throughout their years of service as overseas missionaries Mr. and Mrs. Muchan have demonstrated their devotion to Christ in all their undertakings with evangelistic fervour and untiring activity in the work of the Kingdom. We record our appreciation to them for their faithful and valued service and wish them the rich blessings of God as they take up new duties in Canada.

10. THAT the General Board of Missions (Home Missions) be granted a further year for study of Section 16 of Overture 37 (1966) Presbytery of Victoria re Training for Urban Ministry.

III. OVERSEAS MISSIONS FIELD REPORTS

JOINT WORK

Our programme of Joint Work for 1966 involved contributions to 17 separate agencies and programmes totalling \$12,530. The term Joint Work which is not too descriptive includes participation in necessary activities of our Board which we are able to undertake with greater effectiveness and economy in co-operation with other Boards and Committees. It also includes participation in activities of outreach which we could accomplish effectively only when we join our strength with sister agencies. The underlying base of Joint Work is the profound conviction that *what we are doing is part of the total mission to which God sends His Church* and we must work in positive relation with those who have been sent to the same task.

The programmes in which we participate break down into three main groups:

I. PROGRAMMES OF CONSULTATION AND RESEARCH

1. *Department of Overseas Missions, Canadian Council of Churches* (\$1,500)
Through this department we maintain close contact with the overseas missions activities of the other Canadian churches, sharing information and experience, jointly maintaining contact where necessary with government and other ecumenical agencies, and engaging jointly in study and research.
2. *Division of Overseas Ministries of the National Council of Churches of Christ in the U.S.A.* (\$660)

We are *Associate Members of the Division* and participate in a modest way in the consultative and research activities in 6 of its departments. Through the *Asia office* we consult with other Boards and receive much expert opinion on matters affecting *China, Formosa and Japan*. Through the *Department of Missionary Research* we help maintain the Missionary Research Library, the best selection of missionary records in the world, paralleled only by the Vatican Library related to the Congregation for the Propagation of the Faith in Rome. *Christian Medical Council* makes studies and provides advice in regard to the functioning of Christian Medical institutions. The Executive Secretary of that Council has recently carried out important surveys in Formosa and Nigeria and is undertaking a study in India. *The Africa Committee* has provided invaluable insights for our work in Nigeria. *The South Asia Committee* we join with other Boards in matters related to work in India. *The Personnel Committee* provides us with a great deal of background information in regard to the problems of recruiting, training and maintaining missionary personnel.

In these joint agencies of consultation and research we not only receive valuable guidance for the work which is our particular responsibility, but also share insights which come from our work which have often proved of value to other groups serving in the same areas.

II. PROGRAMMES OF RECRUITING, TRAINING AND STUDY

1. *Missionary Committee of Student Christian Movement of Canada* (\$650)
Through this Committee, programmes of interpretation of mission are maintained and some of our missionaries on furlough are used for approach to student groups. This is a programme both of education in mission and of recruiting.
2. *Ecumenical Institute of Canada* (\$1,200)
Through the Ecumenical Institute we have a Centre of missionary study and research and the best mission library in Canada. This is a centre where furloughed missionaries can take courses and seminars and engage in private

study in their fields. The Ecumenical Institute also takes initiative in setting up the Orientation Course which trains our people for service abroad. An important function of the Institute is to maintain close relations with the theological colleges and graduate school of theology in the university stimulating studies related to world mission.

III. PROGRAMMES OF WORLD MISSION OUTREACH

1. World Council of Churches — Division of World Mission and Evangelism (\$300).

We make a modest direct grant to the expenses of the Division. Through its consultations, conferences and travel of a highly competent staff it stimulates and guides and encourages mission outreach in every part of the world.

The Christian Literature Fund (\$2,500), is a recently developed project to stimulate the establishment of Christian Literature programmes in every part of the world. This fund will not establish programmes itself, but will train personnel, give guidance and provide initial help for the setting up of regional and national programmes in Christian Literature and for improving literature programmes now in existence many of which are very feeble. Without Christian Literature the Christian community will not be nourished. Without joint strong activity Christian Literature cannot be provided.

The Theological Education Fund (\$3,000) maintains high level advice and support for upgrading theological education around the world. Present programme focusses on the training and improvement of staff, the development of much more adequate libraries, the translation of and writing of theological books, the stimulation of better recruiting programmes, and every device by which theological education can be improved. All the theological colleges with which we are involved have received very substantial benefits from TEF.

Study Centres for Non-Christian Religions (\$300) is a programme of assisting the centres in many parts of the world which are developing an adequate study of the Christian approach to men of other faiths. The centres are study in depth of the problem of witness and communication of the Gospel to the living religions of today.

World Christian Books (\$70) is a continuing programme for developing small books in good English on every aspect of theology and the Christian faith and life. These books, written by competent scholars from around the world, have been invaluable in providing a wide range of reading for ministers and lay people in lands where Christian literature in their own language is still very limited.

2. World Council of Christian Education Curricula Programme (\$750)

For the first time Christian Education materials are being written in the regions where they are used. These reflect local needs and customs and in many cases are translated into a variety of languages of those regions. Our present grant goes to support the curricula programme in the Caribbean area and the Chinese language programme for Southeast Asia.

3. World Student Christian Federation Ecumenical Assistance Programme (\$1,000)

This programme is aimed at providing competent leadership for Christian witness and service in the rapidly multiplying number of universities in every part of the world. It seeks to secure the support of Boards and Agencies who have Christian personnel to send abroad to guide, train and orient men and women who may be available for work in the universities and fit them for this service.

4. All Africa Church Conference (\$200)

The All Africa Church Conference is a regional Council of Churches which draws together into consultation representatives of the churches of Africa and provides consultations and conferences and staff services for guiding

them in the many problems of Christian witness in Africa.

5. Canadian Service for Overseas Students and Trainees \$(400)

This organization provides a service of welcome and assistance for overseas students and trainees studying in Canada. It co-ordinates, stimulates, and supplements the programmes in the many universities and educational centres and also relates the work of other agencies such as our own programme for overseas students.

In all of the Joint Work programmes listed above we participate with our Christian brethren learning from them, sharing insights with them, joining our strength with them in services which it would be quite impossible for any single organization to provide alone. In and through these agencies we can render service we could not provide alone.

FORMOSA

Canadian Presbyterian Personnel in Taiwan in 1966

This past year has seen neither new missionaries nor retirements, but it has seen three new infants arrive in our Mission Family, two families go on furlough and almost half our missionaries change the nature and/or the location of their work.

The new infants are *Michael* and *Peter Garvin*, adopted in January 1966, and *Maria Christine Geddes*, born August 25, 1966.

Two families went home on furlough this year.

Rev. and Mrs. Bernard Embree, Maynard, Karenne and Karelle, returned to Canada in June. Bernard is head of the English department of the Taiwan Theological College. The new Taiwanese-English dictionary of which he is editor is almost ready to go to press. Mrs. Embree taught English at the College as well as at the Chinese Officers language School.

Rev. and Mrs. Murray Garvin, Ruth, David, Anne, Michael and Peter left in July. Murray has been working on a program of Christian nurture throughout the churches of the Tayal tribe and plans to return to Formosa to do a more intensive work in one geographical area of the tribe. Mary was chairman of the Y.W.C.A. camp committee.

The remaining personnel are as follows:

Miss Isabel Taylor is now the only member of our mission who was here before the war. She lives at 8 MacKay Street, Tamsui, and is head of the music department at the TamKang Middle School.

Rev. and Mrs. Clare McGill and sons Timothy and Terry live in Taipei, at 7, Lane 85, Sung Chiang Road. They returned from furlough in September and Clare has embarked on a very ambitious program to translate almost the whole New Testament into the Tayal language before their next furlough.

Rev. and Mrs. James Sutherland, Deborah, Robert, Douglas and Catherine returned from furlough in September and live on the campus of the Taiwan Theological College, 2 Yung Fu Li, Ling Tou, Shihlin, Taipei Hsien. Jim, who has taught Old Testament for several years in the Theological College, returned to take up the position of vice-principal of the college and is also acting-principal. Joyce teaches English in the College.

Rev. and Mrs. Chris Costerus, Karen, Esther, Patricia, Sandra, Stephen and Susan live at the Hsinchu Bible School, 15 Kwang Chen Li, Hsinchu, where Chris is teaching part time until his resignation from the school becomes effective in mid-1967. In September he began teaching part time at the Tainan Theological College and has since been appointed there by the Personnel Committee to teach New Testament, full time, effective on his return from furlough in 1968.

Dr. and Mrs. Donald Wilson, Peter, Sarah, Becky and Mark live on the campus of the Taiwan Theological College. Don is Associate General Secretary of the General Assembly. Marie is active in Women's work, especially in preparing study materials and is also helping in the Taipei Y.W.C.A.

Mr. and Mrs. John Geddes, Paul, Heather, Deborah, David and Maria live at

4 MacKay Street, Tamsui. Jack is head of the English department at the Tanchiang (alternate spelling for TamKang) Middle School and also teaches at the Tanchiang College of Arts and Sciences. He also has responsibilities in the Tamsui church.

Rev. Ted Ellis lives at the Chang Jung Boys School, East Gate Road, Tainan. He worked with churches and students in the Keelung area until November when he accepted an invitation from the Chang Jung Boys School to become assistant chaplain.

Miss Georgine Caldwell lives on the campus of the Taiwan Theological College, 2 Yung Fu Li, Shihlin, Taipei Hsien. Georgine finished two years' full time language study in June and was then appointed to the Christian Education Department of the Taiwan Theological College.

Miss Rose Chambers lives at 2, Lane 100, Sung Chiang Road, Taipei. Rose finished her first year of Taiwanese language study last June and is now looking forward to the end of the second year when she plans to resume work as a nurse, likely in MacKay hospital.

Miss Louise Gamble also lives at 2, Lane 100, Sung Chiang Road, Taipei. Louise finished her first year of Mandarin Chinese language study last June and is looking forward to her assignment from the Personnel Committee this year.

Miss Diane Petrie completed one year of Mandarin Chinese language study in December then had to return to Canada on emergency furlough because of illness in her family.

OUTSTANDING EVENTS DEVELOPMENTS IN 1966

1. Representative General Assembly

Last year's Assembly decided to discontinue the practice of having a general General Assembly. Under the new plan, effective 1967, it will be a representative Assembly with one-third of all eligible ministers and representative elders serving as commissioners. Presbyteries are not necessarily using a rotation scheme for choosing their commissioners and it remains to be seen whether this new practice will make Assembly more efficient or will decrease general interest in matters affecting the church as a whole.

2. Dedication of Tam Kang Middle School Chapel

For the first time in years, the whole school (1,320 boys and girls) can assemble under one roof. The chapel was built with money from the sale of the old mission compound in Taipei plus gifts from the Church here and in Canada.

3. New Presbytery

Kaohsiung Presbytery, having about 90 congregations, received Assembly permission to divide in two, forming a new Tingtung Presbytery. There are now nine presbyteries in the Plains Church and three presbyteries in the tribal churches.

4. New Principal

The Rev. David Tan (Chen) was appointed principal of the Taiwan Theological College, succeeding Dr. James Dickson who was made honorary principal. The Rev. James Sutherland was appointed vice-principal.

5. The New Century Mission Movement

The Tainan Theological College has taken considerable initiative in calling together men with imagination and initiative in the church. The plan they have drawn up sees 1967 as a year of training and mobilization of the church for its mission. In the succeeding four years it plans to focus energy and concern first on Mountain Work, then on rural and aid-receiving congregations, then on the Urban-Industrial frontier, then on the church overseas.

6. Christian Council of Churches

The government approved Christian Council of Churches has been reactivated. It arranged and encouraged participation by churches and church groups in the celebration of President Chiang Kai Shek's eightieth birthday.

7. Resignation of Hsinchu Bible School Principal

The General Assembly decided to redefine the function of the Hsinchu Bible School. Enrollment has dropped from 80 to less than 40 students and the principal has resigned.

8. MacKay Memorial Hospital

The Taipei City government has asked MacKay Memorial Hospital to tear down six of its eleven buildings in accord with a new city development plan. Some of these buildings date from 1912. The Superintendent of the hospital, Dr. Sam Noordhoff, and the Board, are making plans for new buildings.

9. Turmoil on the Mainland

Reports and rumours of the tremendous political upheavals in Red China are on the front page of every newspaper every day. We are beginning to wonder if the

doors which have been so tightly shut to the Gospel may not open sooner than we dared to imagine less than a year ago. Will we be ready?

MACKAY MEMORIAL HOSPITAL

MacKay Memorial Hospital is facing a crisis. The government has asked that six of the existing eleven buildings be torn down. The removal of these original buildings will greatly reduce the bed capacity of the hospital. The Medical Committee of the Presbyterian Church in Formosa is asking that a study be done by the W.C.C. Medical Committee, of the medical work done by all churches on the Island. This will be used to evaluate future plans.

Despite all this, work at the hospital goes on. In the past year over 200 people have accepted Christ. The out-patients' department has served 89,000 patients and 1,470 babies were born in the hospital. The Polio Rehabilitation Unit, the only one of its kind on the Island, gives hope and concrete help to youngsters crippled by this disease. Many patients were helped through the charity programme of the hospital.

The hospital is affiliated with the Taipei Medical College in a training programme for interns and student nurses. These are plans for a united School of Nursing for the two church hospitals, MacKay and Changhua Christian Hospital. At present, MacKay is training nurses aids to assist the nursing staff in giving fuller nursing care.

What are the needs of the hospital?

The newborn nursery desperately needs premature incubators. The hospital officials have submitted a plan for a building programme to the W.C.C. for its approval. The cost of the proposed plan is U.S. \$2,500,000. The Canadian Presbyterian Church has a rich heritage of service given through this institution. May God lay it on your hearts to enable MacKay to continue this service and to continue to be a leader in the medical field in Taiwan.

THEOLOGICAL EDUCATION

1. Taiwan Theological College.

Taiwan Theological College was founded as Oxford College by George Leslie MacKay in 1882 for the training of young men for the ministry of the young Formosan Church. Originally in Tamsui, it later moved to Taipei, and in 1956 to its present site on a hillside in the suburbs of Taipei.

From a very small beginning it has grown to its present size with a total of 187 students registered for the year 1966-67. Of these, a number are serving their term in the armed forces and at present there are 149 students in the school, 96 of these are men, most of whom take the six-year course in theology; a very few are college graduates and take a three-year course. All of these on graduation can receive the B.D. (South-East Asia) on the authority of the Association of Theological Schools in South-East Asia (ATSSEA) of which this college is an accredited member. Over one-third of the students are girls taking the four-year course in Christian Education, with some also taking a special course in music. All Presbyteries and several mountain tribes are represented in the student body. There are also students from Thailand, and from the Methodist, Lutheran, and Mennonite Churches in Taiwan.

In February, 1966, the North Synod, on the recommendation of the College Board, appointed the Rev. David Chen as Principal and the Rev. James Sutherland as Vice-Principal. This was a rather extraordinary act since both were out of the country at the time, Mr. Chen doing post-graduate work in the U.S.A., and Mr. Sutherland on furlough in Canada. In September, Mr. Sutherland was installed as Vice-Principal (the first in the College's history), and as Acting-Principal, the third in a year and a half. This latter fact reflects the somewhat unstable history the college has had since the former Principal, Dr. Dickson, suddenly resigned in 1965. Dr. Dickson returned to Taiwan on a visit in late 1966 and he was named as Honorary Principal of the College, and the newest building was named "Dickson Hall" in his honour. The other main building is named after another former Principal, the William Gould Memorial Building.

The Canadian Presbyterian Church still has a close link with this college in that

James Sutherland, Bernard Embree, and Georgine Caldwell have all been appointed as teachers. The Canadian Church also makes an annual grant of Canadian \$5,000. There are also missionaries of the United Presbyterian and the Southern Presbyterian Churches on the staff, and these churches and the Methodist all make annual grants. Of the full time teachers listed this year, six are foreigners, seven are Taiwanese, and one is a mainlander.

2. Other aspects of Theological Education

The 1966 General Assembly appointed a Commission to study the whole question of theological education in the Presbyterian Church, and more particularly the relation of the Taiwan Theological College, the Tainan Theological College, the Presbyterian Bible School, and the Yu-Shan Theological Institute. Does a church of some 60,000 members need so many institutions of this nature, and can it support them? The school in Tainan is larger than the one in Taipei. Founded by Dr. Barclay of the English Presbyterian Mission, it celebrated its 90th anniversary in 1966. Possible areas of joint action are under study.

The future of the Bible School was supposed to have been settled by the decisions of the 1966 General Assembly. The Principal submitted his resignation in the Fall, and it was accepted, to take effect the end of January, 1967. In the Fall a consultation to discuss the future of the Yu-Shan Theological Institute was held and the consensus seems to be that it will be needed in its present capacity for the next ten years at least for the training of tribal ministers.

In the past history of the church two attempts to unite the two theological colleges have been made, and failed. There are some today who favour such a move, with a united college on the Tunghai University campus, with entrance standards requiring a B.A. degree. Even those who have such a dream see it as something in the distant future, and generally there is a feeling that for the present we should move to closer understanding and to seek ways of co-operation and joint action. Joint faculty meetings with discussion of entrance requirements, curriculum, ways of joint-action, etc., are planned for 1967.

In 1967 the Taiwan Theological College looks forward to the return of its Principal Elect and the new leadership he will bring. There are many matters to be taken up, such as the re-organization of the buildings so as to make most effective use of the space available, study and revision of the curriculum, study of the aim and purpose of the Christian Education department. Then there is the longer range planning in the area of building up the national faculty and providing for a greater measure of local support for the College which will take up the energies of the faculty and the Board.

TAM KANG MIDDLE SCHOOL

— Tamsui, Taiwan.

This year has been a year of tremendous progress in the Middle School. It was particularly so in improvements made to the equipment and the plant. School Day, March 9th, was a great occasion when friends from all parts of the Island participated in the opening of the new 2,000 seat chapel-auditorium. Built around the theme of the Twenty-third Psalm with its still waters and the cup running over, the new building is one of the largest worship centres in this part of the world. The chapel is an imposing reinforced concrete building in a mixture of Eastern and Western styles of architecture, designed by the Tamkang school artist, Mr. Ch'en Chin-hui. The red roof and the tower topped with a cross can be seen for miles around. Total cost of construction was about \$70,277, of which \$59,050 has been raised. Of this total, the Canadian Church had a great share, as above forty-eight thousand dollars were given to the school from the sale of the old mission property in Taipei. A picture of the chapel, which is used for worship and assemblies, was published in the May, 1966, *Presbyterian Record*.

The Presbyterian Church in Canada shared in the work of the school in many other ways during the year. For many years the school has hoped to strengthen the dormitory work by having all out-of-town students live in. This was finally made possible by a grant of \$10,000 from the church for the completion of the third storey on the boys' dormitory. This raised the dormitory capacity to 480 boys. The Canadian

gift was part of the centenary celebration. Another much appreciated gift was the donation of an electric organ for the chapel. It was donated by Mrs. James Mitchell, Medicine Hat, Alberta. The new English Laboratory was opened in December, and it was also made possible by a private gift, a bequest from Chesley, Ontario. Many churches and individuals have contributed to the scholarship plan, both for aborigines and plains students. Through the generous support received, 75 boys and girls from the mountain tribes were able to study in the school.

There were 1,320 students in the school in December, 1966; 671 seniors and 649 juniors. The boys outnumber the girls 783-537, and in the dormitory 460-316. That made a total of 776 in the dormitories, more than half the student body. As mentioned above, this was a part of the plan of the school in order to strengthen her witness and the guidance of the students into Christian life.

The principal of the school is Mr. Su-ti Tan, well-known to many in the home church from his year of study in Toronto. On the staff of the school are three Canadian missionaries — Miss Isabel Taylor, and Mr. and Mrs. Geddes.

REPORT OF THE WORK OF THE MOUNTAIN CHURCH

There are approximately 240,000 aborigines of Malaysian extraction in Taiwan. That is about 1/50 of the total population of the island. Today they are called "mountain people". In the Japanese period they were called the "Takasago tribe" ("high sand" tribe) and were given special treatment. Because of their head hunting they were feared by the Chinese, and the Japanese government looked upon them as barbarians and ruled them very severely. Their freedom was restricted in all areas. This was true in the matter of religion. They were not allowed to hear or believe the Christian Gospel until the end of the Japanese period. But the light began to shine among the mountain people after the close of World War II. At that time the Gospel was preached widely and churches multiplied like mushrooms after the rain. In the past 20 years about 2/3 of their people have come into the church. This was indeed the 20th century miracle of evangelism. In the following report, I shall limit myself to the Presbyterian Church.

DECEMBER, 1965 STATISTICS

Number of Churches—400	Licentiates—7
Believers and Inquiries—72,566	Preachers—100
Households—14,060	Lay Preachers—133
Evangelists—312	Elders—1,083
Pastors—72	Deacons—1,340
Average attendance, morning and evening worship—74,699	Choir members—4,581
Prayer Service—19,090	Women's meeting—10,866
Home worship—15,123	Kindergarten children—5,942
Sunday School—12,412	Kindergarten teachers—272
Sunday School Teachers—982	
Young People—6,040	

Explanation of the above statistics:

1. There was the addition of three churches over the previous year and a total of 1,960 new members added to the church. The number of churches grew as a result of colonization rather than pioneer work. The threat of the Roman Catholic Church has lessened. They appear to be reflecting upon their former way of evangelism — the use of relief goods. In the Shinju and Taitung areas the priests have become very friendly toward our churches.

But within the Protestant churches are some which have caused great trouble to our church. An example of this is the SDA church in Taitung. One of our former evangelists, So Goro, has become their leader, and more recently a lay evangelist has gone over. Their purpose seems to be to lure our evangelists and then to use their influence to pull other church members away. There have been conversations between representatives of their church and ours upon three occasions, but I cannot help but

feel that there is a lesser possibility of establishing friendly understanding with them than with the Catholics.

2. There was an increase of 18 evangelists over last year. Two of these are graduates of Taiwan Theological Seminary, the first seminary graduates from the tribes. They are both from the Ami Tribe. One of them is now the Educational Secretary of the Ami Presbytery and the other is a teacher in Yu-shan Theological Institute, where mountain ministers are trained. He also serves as pastor of the nearby church. There are 312 evangelists serving 400 churches, with 88 vacant churches.

GUYANA

Rev. David Murphy reports:

My assignment during this term is to direct the Christian stewardship programme of the Guyana Presbyterian Church.

My aim in 1966 was to develop further the stewardship plan which has been introduced to the churches. To do this I carried out stewardship seminars in the parishes and congregations during weekends and on week-nights. The Biblical background of stewardship was studied in group discussions along with the practical aspects of the church's stewardship. In July a seminar for ministers was conducted at St. Columba's House. Detailed instruction has been continued in the techniques of the Every Person Visitation, and this year most of our congregations carried out a visitation. I also wrote and published the materials which were used in the visitations, and helped to edit our new church magazine, "NEWS AND VIEWS of the Guyana Presbyterian Church".

There were good opportunities in 1966 for wider ecumenical service. In April I visited Trinidad and Grenada on the invitation of the Synod of the Presbyterian Church in Trinidad and Grenada, and in September I returned to Trinidad to assist the church again in its stewardship development. During the year I have served on ecumenical councils, as secretary of the Guyana Council of Evangelical Churches, and as Chairman of the Stewardship Committee of the same Council. I have served, and am serving, as Chairman of the Mackenzie Oversight Committee and Chairman of the Board of Evangelism, Mission and Stewardship of the Caribbean Assembly of Reformed Churches.

My stewardship seminars have kept me close to the parishes and during the past few years I have visited every congregation in our church, either to hold seminars or to see the work and location of the congregations.

The growth of stewardship in our church shows a steady increase, and though there is still a tremendous need for education and improvement, yet we must thank God for what He has done. At the beginning of the sixties there were no self-supporting parishes in our church; now there are three, with the possibility of another becoming self-supporting in 1967. Since 1964 our churches have increased their support to the work of Presbytery by 25%, and if allocations are met in 1967, there should be another substantial increase. The Presbytery has been able to increase some stipends, and it has before it now a plan to raise stipends by means of yearly increments. Presbytery has taken on new financial commitments in supporting the work of the Caribbean Assembly of Reformed Churches and Union Theological Seminary in Jamaica, and there is a more outward-looking spirit among our members.

If Presbytery can maintain the stewardship impetus there is every indication that growth will continue and that the Church will become more willing to undertake not only its own responsibilities but the needs of others. However, there are still many pockets of indifference and resistance to the claims of Christian stewardship in our Church, and a continuing programme of education is essential if we are not to lose the ground we have already gained, and are to go on to even higher levels of obedience.

The Church in Canada could help strengthen the Guyana Church by a wise use of short-term stewardship ministries. Since it is unlikely that there will be a full-time stewardship director after this year, the Church could benefit greatly from occasional short-term visits of a stewardship expert. I feel that he could be best used to continue to train pastors and lay leaders, and to present fresh ideas and approaches in the

stewardship field. Even within the comparatively short period of four weeks each year the impetus already begun could be continued, and even speeded up.

We thank God for His faithfulness and goodness in the year which has gone.

Rev. Joseph Muchan reports:

The report falls, geographically, within three countries — Trinidad, Guyana and Canada. We were one month in Trinidad, seven months in Guyana, and four months in Canada. The four months in Canada were outside the realm of human planning. Had we known at the beginning of the year how the last four months were to end, we would probably have had many anxious moments. However, our steps, starts and stops are all ordered by the One whom we serve and we are content to have it so.

January found us in Trinidad completing the Caribbean assignment which had started a year previously. Then we were in Surinam, Trinidad and Grenada. The month was spent in a Teaching Mission in Susumachar (Hindi for good news) Presbyterian Church, San Fernando. During the eight services held there was a total attendance of 1,625. The minister of the congregation made two appeals to his people for rededication and commitment. A total of 160 walked up to the front of the Church in an act of solemn dedication. There had been prayer and preparation for the meetings and many were in a spirit of expectancy looking to God to visit them and to do for them a new thing. He did in response to their faith.

The final meetings in Trinidad were in the nature of an United Evangelistic Campaign. This was sponsored by the Ministerial Association and most of the churches co-operated. The venue of the meetings was in the Guaico area, situated in the north-east of the Island.

We met for fourteen nights. I had the privilege of speaking each night to an average attendance of 230. A total number of 3,325 were present at the meetings. One hundred and thirty-eight dollars of Christian literature was sold; one hundred and two registered for a Bible Correspondence Course and eighty-four remained behind for advice and instruction. The offerings exceeded the total campaign expenses. For us, the first month of the year was a unique experience.

Two important events took place during the first half of the year which will have far reaching results. One was the royal visit of Queen Elizabeth and Prince Phillip. Their visit was well-timed and helped to allay the fears of the Guyanese people which had been built-up during the recent racial strife. The other highlight was the celebrations before and after Independence Day, May 26th. Dr. Jagan's followers welcomed Independence but refused to celebrate. Whereas, the followers of Mr. Burnham did not spare themselves in going all-out to celebrate.

Final Remarks:

- Man proposes but God disposes.
- Our disappointments are His appointments.
- Missionaries come and missionaries go, but the local brethren continue as ever.
- There is a slow but steady progress in Guyana for which we should be thankful.

INDIA — GENERAL

Our work in India is chiefly related to two Presbyteries of the United Church of North India; the Vindhya-Satpura Church Council (Bhil) and the Bundelkhand Church Council (Jhansi). These are the two areas which were pioneered by Drs. Buchanan and Wilkie and then in recent times were recognized as Presbyteries when the need for an Indian base and centre of the Church life became essential, and the work of eleven missions from Europe and North America were formed into the United Church of North India.

It is now both desirable and imperative that this India focus and centre of the Church be strengthened and reinforced. The General Assembly of the U.C.N.I., however, has not yet the acceptance, resources, administrative staff which would allow us to direct our full assistance through the General Assembly to these two Presbyteries and other areas of Church life. But it must be given every encouragement.

The N.C.C. of India is another place where the Christian community in India finds

co-ordination and common planning helpful. We make a small grant (\$175) as a token of our support.

The N.C.C. Committee on Relief and Gift Supplies has done a monumental and efficient job of co-ordinating and managing most of the foreign response to the drought and famine situation which has cruelly gripped large parts of India in the past two years. Wheat from the U.S. government, finances from the churches of the world through the W.C.C., assistance from Canada and a great many other countries and international organizations was effectively channeled into constructive programmes and toward the needs of people by this Committee. Our people in Bhil and Jhansi were appointed by CORAGS to organize the programme and distribute supplies in their areas.

We are of course interested in the development of *theological education* in India and have made grants from time to time in support of seminaries like Serampore and Bareilly.

Two outstanding *Christian medical colleges* in India have gained reputation nationally and internationally for setting the standards of medical practice, training doctors and nurses for healing ministries in India, demonstrating the meaning of Christian service to both individuals and communities. They are Vellore Christian Medical College in the South, and Ludhiana Christian Medical College in the North. We are fortunate to have Mrs. Mildred Gehman on the staff of Vellore Christian Medical College. She teaches nursing.

In 1966 the Presbyterians of Canada contributed \$1,500 toward the operating expenses of Ludhiana and \$1,100 to Vellore. We also make capital grants for the improvement of their facilities of \$5,500.

Another institution in India which we support with a fascinating tradition of service is Woodstock School. This is the school reached by a tortuous road high on a mountain top, which provides a North American curriculum for English-speaking children. This is where the children of missionaries, as well as diplomats and business people in India, not only receive a good solid education which prepares them for further education in the high schools or universities of North America, but does this in an international context. The social life of the school and the friendships formed here make it highly regarded by the young people who attend. In 1966 we contributed \$2,000 toward the development of their facilities.

January, 1966 — Tashkent, and the hope of peace between India and Pakistan. Then suddenly came the death of Shastri-ji. This land of contrasts showed its nature by choosing a woman to be Prime Minister and everyone rejoiced to see Nehru's daughter, Indira, at the head of the government. She has not been having an easy time as there is a spirit of division, coercion, violence abroad and this has been reflected even in our off the track area. No doubt the temper of famine conditions has aggravated this, but it has been hurting and disturbing to see some of our own young people sentenced to goal, then to have non-Christian neighbours become involved in murder, rape and robbery. Have we failed in proclaiming the Gospel and showing a saving power of Christ? We have known agony of soul this year and have had to be reminded that sometimes healing and strength comes when we WAIT on the Lord.

CHURCH DEVELOPMENT

General: In 1966 Rev. F. C. Knox and Rev. J. W. Milne were appointed full time and Rev. J. D. Howard was studying the Hindi language. Miss Margaret Kennedy and Miss Agnes Hislop were doing full time evangelistic work amongst the women and children.

Rev. F. C. Knox reports that in the Barwani area six evangelists worked in thirty-eight villages. In addition to their evangelistic work they helped in the famine relief. Nevertheless, they concentrated on preaching the Gospel believing that "faith cometh by hearing and hearing by the Word of God".

Rev. J. W. Milne reports that in the Amkhut area regular services were held in Puniyawat, three miles from Amkhut, in Sardi four miles from Amkhut and in Kathiwar, ten miles from Amkhut. After Padre Musa died in 1965, Mr. Milne has given leadership in the parish and has been assisted by four elders. In Puniyawat there are thirty-five Christian families. After ten years of strenuous efforts, an acre of land has been bought but as yet there is no permission to build a Church.

In Alirajpur there is no pastor but an evangelist takes the weekly services. In 1966 there were twenty-five members and during the year there was one baptism and four became new members.

Rev. J. D. Howard reports on the frustrations of language study. Now that he has delivered his first sermon in Hindi, he is making plans for a Work-Study centre at Toran Mal, for High School and College students.

Work Among Women and Children

Work amongst women and children in the southern area of the field was headed up by Miss Kennedy with headquarters in Barwani and in the northern area of the field by Miss Hislop with headquarters in Jobat.

A hot weather camp was held in Toran Mal for young women. This camp was led by Miss Bertha Tezlo, who had just previous to this held a camp for children in the Amkhut hills. Mrs. Shanti Solomon, Chairman of the General Assembly Women's Fellowship Committee visited our field telling of her contacts in the East Asia Women's Conference in Japan and of Christian women she had met in Thailand.

The women evangelists have again showed their ability to arrange and carry out some group classes on their own and there has been an increase in the number of children's Bible classes held for five days and even up to four weeks in places where the children go to government schools and thus get a minimum of Bible teaching. The young women continued their teaching of illiterate women around Balkar. The women evangelists shared in the three week Rural Leadership course for people in Malwa and our Church Council. The women evangelists also took part in the Lay-Centre course in Jobat in December.

Youth Work

Mr. Salatiel Ezra, Assistant Youth Director for the area reports that there are nine youth groups in the area. Each youth group meets four times a month. He also mentions:

1. Week end camps, 2. Farmer's camp, 3. Junior camp, 4. Youth Camp, 5. Youth Sunday, 6. Youth conferences, 7. Leaders' meeting, 8. Magazine — a first attempt has been made to produce a magazine for our youth groups. The paper is called "Message to Youth".

We feel that our youth of today will, we hope be the leaders of tomorrow. Our prayers and gifts for this work among youth should produce rich dividends in Christian character and achievements.

Famine Relief

In all of 1966's activities we were consciously or unconsciously aware of the overhanging shadow of famine in "Bhililand" and beyond. Since July much time and effort was engaged in relief work mainly in the grain distribution work project plan under the Committee on Relief and Gift Supplies of Church World Service. This has caused many changes in our programmes as with this help plus the generous help from Canada, we were enabled to help many. Each of us involved in the programme has had to learn many things especially where knowledgeable people were not at hand to direct activities. First there was the free feeding with cooked grains and milk to feeding mothers, children and old people. In Amkhut area this was done through the schools and dispensaries. In Barwani area it was not only confined to school. The work has been done by volunteers called distributors. Many of the distributors in Amkhut area have been teachers or nurses. In the Nimar area padres and evangelists have been responsible, but there was also a Hindu gentleman, a young Rajpur, a Muslim storekeeper and an outcaste community Hindu.

Over the distributors is a Contact person. In the Nimar area, Miss Kennedy, and in the Amkhut, Jobat and Mendha areas Miss Stringer are the respective contact persons. They are the link persons between government and Church World Service office in Delhi.

The famine conditions have been responsible for patients being brought to our Jobat hospital daily suffering from malnutrition, starvation and serious complications resulting from these conditions. It is pitiable and not an uncommon sight to see patients being admitted with haemoglobins of less than 10% and children up to two years of age, weighing less than ten pounds. This is always a depressing and disturbing sight, but what a thrill of satisfaction it is to see the majority leave the hospital smiling and happy and in a much improved physical condition, even though the best are much below our Canadian standards.

EDUCATION

Amkhut School

Although more children are attending government schools, enrollment in the Amkhut School increased this year. Of 309 pupils registered, 46 were from non-Christian homes.

A day's retreat for teachers before the school year began has continued on a monthly basis. Teachers continue to carry responsibility for some of the Principal's jobs, i.e. records, sale of supplies, library, garden and sewing. Several have given much time to famine relief work.

Annual medical examinations were again completed on all children. Four children with orthopedic deformities had surgery for correction. The library was equipped with a table, chairs and one hundred and forty-seven books from special gifts. Some new text books have been introduced although the curriculum is the same.

Higher Education

Two girls continue in College, one in Arts and one in Pre-Med. In Jhansi two girls in 9th class have gone on into 10th. All who were in 10th class passed their

matriculation. Four are now in Nurses' Training, one in Higher Secondary and two in Teachers' College. Four entered 9th class in July, and one 8th class pass has gone for Auxiliary Nurse — Midwifery training.

This year there were fewer boys on scholarship in both High School and College. Two boys passed Higher Secondary examinations. One of these boys began College but stopped after a few months, the other is taking Male Nurses' Training in Jobat. Johnny Chacko passed his third year examinations at Vellore Christian Medical College.

Village Schools

Attendance in Village Schools has continued to increase. The same staff has continued work all year and results have been good. During the year milk from Church World Service has been given daily to scholars in all the schools. During the year 18 pupils passed the highest classes in village schools and registered in Amkhut or Jobat for 4th grade work.

When Dr. Daniel and his team came to Amkhut for yearly medical examinations the scholars from Sardi, Puniyawat and Mandhar all came for the check up. Because of the food scarcity, the health of these children was not as good as those in boarding. We did see a difference after milk was given daily.

Amkhut Hostels

The number of boys and girls in the hostel remained very much the same as in 1965. At the end of the year we had 85 boys and 81 girls. The food given to day scholars each noon was cooked and served in the girls' hostel. An average of eighty pupils a day came for this help. In the Boys' Hostel, Mr. Calvin Jigio and his wife have done a good job as House Warden and House Mother.

Both boys and girls have been active in the Youth Groups of the Church and have given offerings to help others. The girls do their own cleaning and cooking in the hostel and the boys do cleaning and carry wood from the nearby forest. There is time in the evenings for games which is supervised once a week by the teachers.

M. G. Abey Memorial Childrens' Home

Miss Ruth Guman is the senior member of staff there and the happy atmosphere is due in no small part to her work. In her quiet efficient way, Ji-Ji (big sister) as they call her, helps keep everyone on an even keel and sees that the children are properly cared for. She also runs the Nursery School which meets five days a week and is attended by many of the pre-schoolers of the community as well as our own. Lily Ram Singh, one of the Abey old girls has been back with us for one and a half years now as a member of staff. The home has been filled to licensed capacity all year. We have applied to have the government license increased to 60 children. This of course will mean an increase in budget.

Because we believe that even the best institution cannot compare with the secure happy atmosphere of a good home, we encourage families to adopt the babies. Unfortunately, so far only two have been adopted. The members of the "Abey family" have a strong sense of family. As usual during the Christmas season all the Abey brothers and sisters who can, come to Amkhut for a family reunion. Fifty people, grown up and children gathered together for dinner and games. Musa Abey the first baby in the home, now the hospital chaplain was the master of ceremonies and a wonderful big brother he is to everyone.

ECONOMIC DEVELOPMENT

Mr. Roger Horrell reports that 1966 has been a year of scarcity so there has been no poultry extension work though the flock of laying birds has been maintained. Irrigation too has been weak because of lack of water. However the idea of irrigation is growing and in one area an irrigation co-operative has been started. A merchant has taken over and expanded work in another area, having bought his own equipment for renting to farmers on credit. To ensure the continuation of Economic Development, the aim is to arrange affairs towards full self support by March 1968.

NURSING EDUCATION

In the ten years the School has been open, students have come from twenty different Missions. There have been sixty-one graduates, fifty-one of whom are working in Christian institutions. In July a new class of ten students was admitted and also graduation was held for thirteen students. In April all thirty-two students passed either in first or second division. The Christian Youth Fellowship has continued each Sunday. The work of the School continues under the direction of Mrs. C. Fazal, Assistant Director, and Mrs. Daniel, and now Mr. James who just completed the nursing education course this year. Miss Tezlo, Mr. Abey and Mr. Wilson are part time teachers.

Miss Pauline Brown reports from the M.I.B.E. Graduate School in Indore — "The six months spent at the Graduate School in Indore were happy and interesting ones as well as being very instructive. I had never dreamed of getting into the teaching business, but must admit to having acquired a liking for it! Let me also hasten to add that I am positive much more information was imbibed by me than dispensed!"

MEDICAL WORK

Nursing Service, Jobat Christian Hospital

Miss Audrey Prendergast reports "We go into this New Year having experienced this past year the great faithfulness of our God and knowing that He is able to meet every need as long as we are willing to let Him work in our individual lives.

We are grateful for the visit of Dr. and Mrs. John MacIntyre from Uxbridge, Ontario. Dr. MacIntyre is a surgeon and his wife an operating room nurse. They gave much encouragement to Dr. Daniel, the staff and students and myself. When they went away we felt as if members of our family had left us. Their enthusiasm for the work is continuing since their return to Canada.

Dr. Bryans, a gynecologist from Vancouver visited us for a few days this summer. He was impressed by the kindness and concern of the nurses for the patients and the quality of their work.

Dr. Moorthy, Hindu professor at the government Medical College Indore graciously gave his services during the summer to help at Jobat.

In 1967, two of our male nurses are planning to marry two of our female nurses and this brings up the question of housing for them. Staff housing has been on our list of Mission projects for several years but still is way down on the list. There are no houses available near the hospital.

Mobile Units

Miss Doreen Morrison reports from Barwani that conditions in India with a great increase in illness and malnutrition has made medical work much heavier. The number of clinics has had to be increased with a double day programme carried out two days a week raising the number of clinics from eleven to thirteen. Besides regular medical work, fifty villages have been covered with milk and vitamins. Added personnel and famine relief funds have increased home demonstrations. Together with biblewomen and evangelists, team work has been started and villages are visited on a rotation plan once every seven to eight weeks.

No. of patients	3973	Postnatal	45
Clinics	457	Newborns	51
T.B.	48	Well baby	77
Prenatal	48	Health Teaching	566
Taken to hospital	22	Home visits	777
Hospital follow up	40	Communicable	575

Permission has not been granted yet to build on Jhalhan land and to buy land in Balkhar area so as to advance the clinic work there.

Miss Brown reports from Amkhut area — A school health programme was carried out, with regular check ups, immunization and the annual physical examination of all students and most of the staff, made by Dr. Daniel of Jobat Hospital. This examination is essential in order to catch any frank as well as incipient disorders in the students and others.

Prenatal and child clinics were held regularly with some home visiting. These of course include public health teaching.

Dispensaries

Our two dispensaries, one in Amkhut and one in Mendha have been doing a very useful service to the community. We have a good staff: A graduate nurse and nurse aide in Mendha and a married couple in Amkhut. The man, a graduate male nurse with 6½ years experience. His wife is a graduate nurse-midwife with her Public Health Diploma. She is paid part time by G.B.M. and part time by the Mobile Units.

The work in both dispensaries has increased considerably. In Amkhut the nurses give assistance to medical care and health of the students as well as the Abey Memorial Home for Children. Our village Public Health Nurses assist in Amkhut mostly for the weekly special clinic. More home visiting and assistance is given in Mendha and from the statistics we can see it bears much fruit.

Dispensary statistics for 1966 are as follows:

	Outdoor Patients	Admitted Patients	Referred to Hospital	Sent for Checking	Total
Amkhut	4,811	95		185	5,051
Mendha	10,780	757	22	61	12,620
					17,661
Total Income — Mendha	Rs. 4,149.84				
Amkhut	Rs. 2,751.09				
	Rs. 6,900.93				

In Mendha the nurses live in the Residence kept up by the W.M.S. Mobile Unit Fund.

In Amkhut the dispensary building is made up of 4 small rooms each about 9 feet by 10 feet. In one room only we have a cement floor. One room is used for maternity cases and medical and even infectious cases if necessary.

Our married couple with 3 children live in 2 small rooms at the back.

VISITORS TO THE FIELD

We are indebted to the members of the Board, Dr. E. H. Johnson and Rev. C. Rodger Talbot for the encouragement given to our work during their all too short visit to our field this year. Colonel Anderson, senior chaplain in the Canadian forces brought new breath from Canada.

Among our visitors were Mr. and Mrs. Sargeant from Orillia, Canada; Mrs. Polson from Oshawa; Mrs. Jackson (Mrs. Horrell's mother), from England; Mr. Bob Goebell (Mrs. Milne's brother) and Mrs. J. White (Miss Ida White's mother).

BARWANI AREA

The staff of Indian Evangelists on the Barwani Field is the same as it was last year and their area of work has, for the most part, remained as before. Dan Versingh and Bhawala Khumsingh were in the Khalghat-Jalkhan area with some twenty villages in their circuit; Vijaisingh John and Samuel Bharna were in Bandriya Phaliya and in Junapani Phaliya respectively with six villages each. Because of the need of a famine relief worker in the Pati area, Paul Lalsingh was sent to help in that work there in the hope that he could do evangelistic work in that area which he was so well acquainted.

The Evangelists in the Barwani area have been preaching the Gospel, distributing Christian literature and in some cases, conducting adult literacy classes. This year on account of the drought and consequent food scarcity, they shared in the effort of distributing famine relief funds, supervising the clearing of fields, the building of terraces, the deepening of wells, the distribution of seed grain and fertilizer in their respective areas.

In the Jobat area, Nehemiah Guman is Evangelist in Kuksi and district while

Issac Mohanlal serves in the same capacity in Agar and district. They came together to do some camping some ten miles from Kuksi on the way to Alirajpur. There is no report of fruit from that effort though they got a good hearing and were very well treated especially by the leaders there.

The Jobat Mission Hospital workers regularly witness for and preach about Christ, but, according to the Padre there, they know better how to preach the Gospel to the patients and are doing it with a new zeal since the Lay classes for men and women were held in Jobat. On this account too, the Church members in Jobat have expressed their readiness to go out to witness in the villages round about.

Mr. Salathiel Ezra, the Assistant Youth Director reports that there are nine Youth Groups in the area. Each group meets four times in a month. The members take turns in leading the meetings. Each group has four main committees, viz: Programme Committee, Games Committee, Evangelistic Committee and Social Committee. As time and opportunity is given, the members do evangelistic work. At other times they put on dramas, skits, etc. When the Assistant Youth Director visits the group, which he does usually once a month, there is a special service of worship.

Our expectation is that the Youth of today will be the leaders of tomorrow. Therefore, pray for them. Your prayers and gifts for the work among young people should produce rich dividends in Christian character and achievement.

The hope is entertained that besides the usual activities, there will be a combined camp of Bhil Field Youth and Jhansi Field Youth in Toran Mal during 1967.

INDIA — JHANSI

Rev. Angus MacKay reports:

My main assignment for 1966 was that of administration.

In addition there were various ministries connected with the life and work of the national church. A limited amount of time was also given to direct evangelism. In the month of April, on account of an emergency, the Education Work Board of the Synod of North India prevailed upon me to accept once more the Managership of the Christian-Inter College, Jhansi, which I had relinquished in 1962.

Mrs. MacKay has continued as Treasurer of both G.B.M. and W.M.S. accounts and has had a busy time in charge of the Christian Education Office at Jhansi and in doing promotional work for the Christian Educational programme of the Evangelical Fellowship of India.

Administration-Secretarial Work. As Secretary of the Jhansi Canadian Presbyterian Missionary Committee, there was correspondence of various kinds to attend to both foreign and Indian, as well as Minutes of meetings.

Property. Plenty of care and time and the services of a lawyer were required to withstand the efforts of encroachers in several places. These are becoming bolder and more difficult to deal with as the years go by.

During the year settlement was made with a non-Christian land owner who had been claiming ownership to an irregular piece of land of 2½ acres in the midst of our large Jhansi mission compound, although this land had been in our complete possession for over 50 years. It was argued that our old rights were more in the form of a lease than in that of a regular sale deed. Rather than fight a lengthy and costly court case of which there would be only a 50-50 chance of winning, we agreed to pay the large sum of Rs. 3,000 (about \$475.00) for a new permanent lease which is almost as good as a sale deed.

Famine Relief. Since the early summer of 1966, Famine Relief projects have been under way. A little grain, but not much has been distributed to poor, helpless people in this area. Some roadways have been repaired and new ones levelled off giving work to needy people. Two new wells have been dug and built up, two others have been deepened and cleaned and one of these lined with bricks. Besides giving work to a good number of people, this is proving a great help in the present acute water scarcity and will continue to be a blessing. Unfortunately none of the three local sets of officials approached were helpful or co-operative in our relief efforts.

However, by supervising the work ourselves and with the help of trustworthy nationals, the famine relief money can be used much more economically anyway.

Church Ministries in which I have shared during the year have been many and varied. In January a Conference on Christian Education, held at our Youth Centre, was well attended with representatives of 7 Hindi-speaking States present.

Church Council Responsibilities. At the Bundelkhund Church Council meeting held early in February, I was elected Moderator of the year which brought added responsibilities.

Thailand Ladies. In the early Spring some of our Churches were visited by a team of three leading lay women from the Church in Thailand. Their attractive native costumes, their message in song and their interesting reports from Thailand made a great impression on the hearts and minds of all.

Vacation Bible Schools. A busy nine days were spent during the last of May while the Jhansi Vacation Bible School was in session. Results were most gratifying.

Youth Camp. A five day Youth camp was held at Isagarh village early in June at which I was booked for an hour each day but managed only two days as the excessive heat of 118 degrees began to get me down. I had to hasten away on vacation to the cooler climate of Landour hill station.

Retreats. It was my privilege to take part in several Youth Retreats during the year. At the request of the Bundelkhund Church Council we arranged a Retreat of one day for elders also, which was held in Christ Prakash Church with a good attendance. An outside Presbyterian minister gave three fine Bible-centred studies on 'The Eldership' with long discussion periods following. Those attending were greatly helped and requested that more such retreats be held.

Jhansi Crusade. In August we began preparations for a Jhansi Crusade with prayer meetings, counselling classes and special choir practices. Then for 19 days in October, five outside leaders engaged in a very full programme, frequently conducting four meetings in one day. Night meetings especially were well attended and kept increasing in size until, on the final night, over 1500 were present. Altogether 301 decision cards were filed in by those who were counselled, most of them being children and young people. Three of the number were Hindus.

I have been encouraged by the response from the children and young people although I must confess that I am disappointed in the spiritual state of the older members of our churches, many of whom just don't seem to care. Nevertheless, communicant classes throughout the year were well-attended, resulting in the communicant membership of churches being increased by about 5%.

Evangelism. It has been good to get out to rural areas from time to time to engage in village evangelism along with the three evangelists employed by the Bundelkhund Church Council, who are stationed in widely-scattered areas. Sometimes I have been accompanied by several keen young men and also by Rev. Eric Lall, our Youth Director. In such work the Scriptures and Christian tracts are offered for sale or in special cases given free. Short preaching meetings are held with plenty of singing. Questions are carefully answered, personal work is done and registration cards for Bible Correspondence courses are offered.

Incident in Village Evangelism. In one large village I myself had an exciting experience while standing alone selling plenty of literature from the open trunk of the car which I had parked in a strategic location. The attitude of those who stopped to look or to buy or to ask questions was most friendly until a man suddenly appeared who took violent exception to my book-selling and even to my very presence there. For a while the crowd paid little attention to him as I kept up a running conversation with them and a commentary on the literature I was selling. He however stood there in front of the car wildly gesticulating and shouting louder and louder as he kept ordering me to back up and clear out, a thing which was impossible because my position was such that I could move only forward. As he hurled abuse at me, he began to accuse me before the crowd of also being a spy from Pakistan and then some of them began to become rowdy, opening the car windows, and opening and

slamming the doors, while swarming around, etc. For a while it appeared as if anything might happen.

Then an important looking man came along and I appealed to him for order and decency. He argued with the trouble-maker for some time to no avail until he was joined by another such person as himself and then they made it so hot for my tormentor that he soon slunk away. An hour later while parked in another part of the town waiting for some of our party to return, my rescuer again appeared beside the car. When I thanked him for helping me out he said, "Yes, that fellow is a local leader of communally-minded, nationalistic political party". "But, you see," said he, "we soon settled him, we are the communists".

Book-Selling. In our limited efforts in 1966, we were able to sell 52 Bibles, 43 New Testaments, 3626 gospels and also either sell or distribute freely about 5000 tracts. In addition to this several of our young men by themselves have sold perhaps an equal amount.

Managership, Christian Inter-College, Jhansi. I would rather not have had this responsibility thrust upon me as I have not had sufficient time to devote to it. There have been difficulties with the clerical staff, with some members of the teaching staff and with certain students, however by careful handling and the Grace of God, we avoided most of the student unrest, strikes and destructive rowdiness so prevalent in North India in 1966 although we could not escape some of it.

In November we were happy to have the Rev. C. Rodger Talbot, assistant Secretary of Overseas Missions with us for a few days, which afforded a splendid opportunity of becoming acquainted with the people, with some of the problems, and with the entire work of the Kingdom here. It was my privilege to accompany Mr. Talbot to Landour where our Canadian Presbyterian Church has interests in Woodstock School and Landour Community Hospital; then on to Ludhiana to visit the large Mission Hospital and Medical School, where several young people from Jhansi and from the Bhil area have secured a medical degree.

Again on December 4th and 5th, Dr. E. H. Johnson and Rev. C. R. Talbot were with us in Jhansi.

While thanking God for all that He has brought in 1966, let us look forward to greater things in 1967.

JAPAN

A Word from the Moderator

At the 22nd General Assembly I was elected to carry the heavy responsibility of Moderator. Even though I am unworthy and lack confidence as to my qualifications for this position, my only thought is to obey the call of the Lord.

If you were to ask why the Korean Church is working as a Church for Koreans in Japan and not as a Japanese church, my response is simply that the Lord Himself is here working among the Koreans in this land and we are called to share in this mission with Him.

During the past 40 years the Presbyterian Church in Canada, beginning with Dr. L. L. Young, has sent us fine missionaries, has been a great help and encouragement to us in all our works, and has offered us warm friendship. For all of these things we want to express our heartfelt appreciation.

1968 marks our 60th Anniversary and the next 12 years will be an active period in which we plan to mobilize all our resources and carry on special programmes in preparation for the celebration of our 70th Anniversary in 1978. As particular projects we are aiming for the self-support of all present churches and are initiating a "Double-the-Church" Movement. In all this we are uniting our strength to work as one with the missionaries whom you have sent to us in recent years.

Our hope is that with even warmer love and concern you will pray for the salvation of the 600,000 Koreans in Japan and that you will continue to give us your unsparing support. Our Korean Christian Church, even though it is tiny, desires to become not as a big stone without value in this society, but as a small, shining diamond, faithful and ever going forward in spite of our small resources.

With a prayer for Christ's peace and for fruitful progress for all the churches

and members of the Presbyterian Church in Canada, I send you very warm regards as I greet you on behalf of the Korean Christian Church in Japan.

Young Bok Chun.

From the 1966 "Diary"

January 19th. Today the Executive Committee of the General Assembly approved a recommendation of the Evangelism Department to initiate a "Double-the-Church Movement" as one of the 60th Anniversary Projects, calling upon all church members, congregations, departments and committees of the General Assembly to give themselves whole heartedly to the realization of this goal by the 70th Anniversary in 1978.

February 13th. This morning the K.C.C.J. was represented by Rev. In Ha Lee on national television in a discussion on the problems of discrimination. The Programme was called "All Men Are Brothers".

May 5th. Today the K.C.C.J. was remembered in prayer around the world via the W.C.C. Prayer Calendar. This helped to make even more meaningful the opening of a two-day prayer retreat this morning for people of both the Kanto and Chubu Presbyteries.

October 13th p.m. The 22nd General Assembly has just been declared closed here in Kyoto and it has been an exciting time. If one were to choose one phrase to describe this Assembly, it could well be "expectant planning". Time and again the Assembly's discussions have centered around plans for major outreach during the next 12 years as part of the Anniversary observations already noted above.

Message from the General Secretary of the K.C.C.J.

The K.C.C.J. is planning special projects in evangelistic outreach as part of its 60th Anniversary observations in 1968. While anniversaries are occasions for looking back in history and giving thanks for the road we have travelled thus far, they are also opportunities to move on over the untrodden roads ahead with hearts and minds full of expectant excitement over what God is about to do. This latter aspect is the one we have chosen to emphasize for our coming Anniversary, with confidence that He who does not leave nor forsake His people will do great things in our midst.

I cannot let this opportunity go by without a word about the missionaries sent to us from Canada. They are playing a very creative role in the work of the K.C.C.J., both within the presbyteries and on the General Assembly level. This fact was brought home more sharply after some of them left for furlough in 1966. Immediately they were missed very keenly, not only in the community but also in the areas of service in which they had been most active. This indicates to us that a unique contribution is being made by these colleagues from Canada who are living letters of your prayerful concern and support. We especially rejoiced in 1966 upon hearing the news of Rev. Robert K. Anderson's appointment and then upon the arrival of the Andersons to join hands with us in the K.C.C.J.

We believe that God is calling us forward in this day; that He is calling us in Japan and you in Canada to participate together in the joyful adventure called Mission. We are God's people; the mission is God's mission; and the world to which we are sent is God's world.

NIGERIA

FROM THE GENERAL SECRETARY OF THE PRESBYTERIAN CHURCH OF NIGERIA

This is a general report on the work of the year of the Presbyterian Church of Nigeria.

As is natural, there has been a considerable slackening off of interest in Church Union, since the disastrous postponement of December 1965, and, though the Churches are in the process of setting up joint action committees and though there have been intermittent contacts between the Churches to discuss e.g. Women's work, and occasional meetings of Diocesan Consultative Committees, in general our contacts with our sister uniting Churches this year have been less than for some years. Disappointment has been felt throughout the nation at the failure even of the Churches to reach a union which overrides tribal differences, and the coups and counter-coups, which have followed this year, have been the inevitable result of such deep-rooted animosities. An all-Nigeria Church, or an Eastern Nigerian union in a smaller geographical area, is now bound to have political implications, and December 1965 can now be seen as the last moment when union might have been accomplished without its having political overtones and repercussions. This fact is going to make our task in the future of finding a way to union even harder.

One of the root causes of our failure was internal disagreement in the Methodist Church, and our hope was that at its January Conference in 1967 the Methodist Church, Nigeria, would resolve its differences, select new leaders and prepare itself for union once more. This meeting is due to take place in Port Harcourt, but it is unlikely that those from the West and North will be allowed to travel to Port Harcourt, and few from there would want to enter the East anyway. The Easterners feel that they do not want to travel elsewhere, and are prepared to hold an 'Eastern Conference' if a national one is not held. Such a conference would not be in a position to make the changes necessary to pave the way for union, and we will then be no further forward. The future is thus as uncertain as ever.

In the wake of the coups and massacres have come the problems for our Churches which are all too well known. Refugees in their tens of thousands have come packing into this region, swelling the numbers of unemployed and straining the resources of those who live and work in the East. There is hardly a family not supporting a refugee and not a single home not feeling the impact. Heads of

Churches (including the Roman Catholic Church) met and inaugurated the Christian Churches Refugee Fund, and this has been widely supported. Delegations were sent to all Military Governors and to the Head of the Military Government to urge them to meet to resolve the common problems, but so far as you know nothing has come of this. The Rural Work Sub-Committee of the Eastern Regional Committee of the Christian Council of Nigeria has been formulating plans for promoting rehabilitation, but it is a long and slow process.

The Church has continued to play a leading part in the Government of the country. Sir Francis Ibiem, as Advisor to the Military Government in Eastern Nigeria, has had the responsibility placed on him of resolving problems which the Eastern Military Government has been unable to solve, particularly among the minority peoples, and at the time that the Constitutional Conferences were being held in Lagos, two out of the three delegates from the East were Presbyterian members: Dr. Eni Njoku, the Vice-Chancellor of the University of Nigeria, Nsukka, and Mr. N. U. Akpan. The latter has since been appointed Head of the Civil Service in Eastern Nigeria and Chief Secretary to the Military Government.

Not content with facing up to our own refugee problems, our Church has taken on responsibility for some refugees from the Sudan, including one of Presbyterian origin, who is now studying at Trinity College, and Sir Francis has recently been a member of a delegation sent from the All Africa Conference of Churches to the Government of the Sudan to intercede on behalf of Christians being persecuted in the Sudan.

About the general work of the Church, it has been a hard year for us all. Due to decentralization of finances in order to fit into the expected Diocesan system, Presbyteries have now assumed financial responsibility and at the same time make contributions to the central expenses, but most Presbyteries have fallen so far short in their payments for central expenditure that Synod workers have not been paid for three months in some cases. We shall have to revise our Budget drastically next year. There have been some points of encouragement. The Youth Fellowship movement is growing in a big way. Able young indigenous leaders have come forward to give a strong impetus to the Y.F. work and the movement has shown itself to have a strong appeal to young men and women, whose attachment to the Church has hitherto been tenuous. In addition we learn that Aba Boys Brigade Company has been awarded the Grading A.1 for its overall efficiency and its high standards of support for the Church and its social service. It thus ranks as the best company in Eastern Nigeria and the only one with that kind of grading. Two out of the six boys, who because of their excellence, are grouped together and awarded open scholarships to the University by the Government of Eastern Nigeria, have come from Hope Waddell, one being from the arts side and another doing science. All these things are signs that the body of the Church is far from sick, and we move into the New Year with confidence.

Please convey to all the staff at Wynford Drive and to the Presbyterian Church as a whole, our sincere thanks for their untiring efforts on our behalf — we greatly appreciate all that is done to support and help the Church here in Nigeria.

With best wishes for the New Year and greetings to all your staff.
Respectfully submitted.

REV. NWACHUKU EME,
(Synod Clerk).

OVERSEAS STUDENTS AND LAYMEN ABROAD

Rev. Donald H. Powell

OVERSEAS STUDENTS

In the providence of God, of those who heard Peter's message on the day of Pentecost there were many representatives from every country in the world (Acts 2:5). Many of them returned to their own homelands to spread the Good News. There is no doubt that they prepared the ground for the ministry of Paul and the other apostles in succeeding years.

Today we have more than 17,000 overseas students and trainees temporarily in Canada on educational assignments. Many nations of the world are represented, well over 100 as far as can be determined from the latest statistics.

There are many who are in Canada on study and training programmes today who in a few years will be the leaders in their own countries, holding positions of considerable influence and strategic importance.

Some of these students come from areas to which the entry of missionaries in the traditional sense is now prohibited.

On their return these students and trainees may exercise a very great influence which could have a profound effect on their countries' relationships to Canada in the future, and of perhaps even greater significance for us, a determining effect on the spread of the gospel in the countries they represent.

Many overseas students in Canada have no significant contact with practicing Christians, and they are not always favourably impressed by certain aspects of nominal Christianity. Frequently these students become cynical, bitter and disillusioned.

There are students in almost every country of the world today who have studied in the West and who are now alienated from the gospel of our Saviour, sometimes as a result of unfortunate experiences during their study years in Europe or North America.

On the positive side there are students who during their stay in Canada have been met by friendly and understanding Christian men and women of our churches. These temporary visitors, often on government educational exchange programmes, have seen practical examples of the love of Christ and have themselves returned to their homelands as witnesses to their faith in Him who is the Lord of life. It is stimulating to see how some are now giving needed leadership to the church in their homelands.

There are many who have been in Canada during their study programme who have been impressed with what they have seen in their contacts with Christian homes and families where barriers of prejudice have been broken down and lasting friendships formed.

The objectives of the Service for Overseas Students under the direction of D. H. Powell is to assist presbyteries, congregations, ministers, sessions, church organizations and all other interested individuals and groups in making personal contact with overseas students and trainees who are in every academic and industrial centre across Canada.

In December 1966, there was set up by action of the Overseas Executive of the General Board of Missions an Advisory Committee for Overseas Students to advise and assist D. H. Powell in his work as Director of the Service for Overseas Students.

This Committee is made up of members selected for their experience in overseas student's affairs and who themselves have empathy and understanding of the problems faced by international students in Canada.

LAYMEN ABROAD

The year 1966 has seen a marked expansion of the Service for Laymen Abroad. This has perhaps been due to the fact that the Church has become increasingly aware of the need for re-examining traditional patterns of missionary life in today's rapidly changing world.

Greater opportunities now exist than ever before for new types of Christian involvement in this dynamic world situation.

It is natural to look with particular interest at the growing number of Christian laymen who are travelling or living abroad engaged in secular employment. These professionally competent men and women have great potential missionary value if they make their Christian faith an integrated part of their daily work.

It is regrettable that too many Asians and Africans have seen in the lives of those who come from the West no compelling reason why they should give up their own moral and spiritual values for those of what they consider to be Christianity.

There is evidence of a swelling tidal movement among Christian men and women

to vitally relate their faith to their secular vocations. In the Service for Laymen Abroad we have been seeking to be responsive to this situation in which the Holy Spirit is calling lay people of the Church to witness in their lives and in their daily work to love of Jesus Christ for all men.

Good relationships have been established and strengthened with national and international organizations, including Canadian University Service Overseas (CUSO), the External Aid Office of the Department of External Affairs, the Overseas Institute of Canada (in which we as a Church now hold membership), the World Health Organization (WHO), and the Food and Agriculture Organization (FAO).

Assistance in making travel arrangements and laying out itineraries has been given to an increasing number of Church men and women going abroad as tourists or on business. Guidance has been given to help travellers gain important insights into programmes of relief and rehabilitation overseas conducted by the W.C.C. Division of Inter-Church Aid, and which are supported in a number of important cases by our Committee on Inter-Church Aid, Refugee and World Service.

Information has been provided in response to an increasing number of inquiries regarding the cultural, economic, historical and religious backgrounds of overseas countries to which our lay people are going in connection with their professional service.

The Director of the Service for Laymen Abroad values the assistance and counsel now available from the Advisory Committee for Laymen Abroad, appointed by the Overseas Executive in December 1966, and composed of men and women with knowledge and experience relating to overseas travel, living conditions and professional service.

IV. HOME MISSIONS FIELD REPORTS

SYNOD OF ATLANTIC PROVINCES

The following is a resume of Mission Work in the above and related areas for the year 1966. A review of the work by Presbyteries follows, which will be followed by some observations and information of a particular and general nature.

NEWFOUNDLAND

St. Aidan's, St. John's, was vacant at the beginning of the year but was supplied by the Rev. Allister Riach. Rev. E. Faust, a graduate of Union Seminary, was appointed to this work in March and began services on August 7th. The Fall was spent in getting acquainted with the people and building plans, as well as the site situation. After considerable delay and long negotiations, the matter of Church site relocation was successfully negotiated. The preliminary church plans have been approved, and it is hoped to undertake construction in 1967. The Rev. J. M. Laird of Toronto supplied between May 20th and the arrival of Mr. Faust, and his service was much appreciated.

The work at St. David's continues to grow under the capable leadership of Rev. J. S. S. Armour. The new church hall and facilities was completed and dedicated on June 19th with Rev. Dr. H. A. Doig, Home Missions Secretary, taking part in this important service. The additional facilities for Christian Education and other congregational activities will facilitate the development and growth of this congregation.

The Rev. P. Scott resigned, and left St. Paul's at the end of his O.M. year and this congregation became vacant at the end of August. Services were maintained by Ministers in the Presbytery, and the Supt. of Missions, till the arrival of a student, Mr. R. J. Beverley, who arrived in the first week of December to work till the arrival of the Rev. C. R. J. Brown in the New Year. Mr. Beverley's services and work has been well received.

The Rev. Wm. Moncrieff continues to minister in St. Matthew's, Grand Falls, and has general oversight over the Central and Northern Newfoundland area conducting services and keeping in touch with Presbyterian people.

The Wabush work is developing under the capable leadership of the Rev. Blake Walker. Services are held in the Recreation Centre. The Church site has been resolved, the congregation accepting an adequate site offered by the mining company. Planning for a church building was laid during the year and it is hoped that construction will begin early enough in 1967 for coverage before the quick change in the weather in early Fall. The congregation was successful in a tender for purchase of a large quantity of building material used for temporary housing for parts of the mill following the fire in February. This material is now stored on the church site and will be available for building purposes.

CAPE BRETON

The Presbytery Convener reports a good year as far as missions was concerned. All summer fields were filled with good quality workers.

The Rev. D. L. Mawhinney was appointed in March and began his O.M. year in the Lake Ainslie-Orangedale, etc., territorial field the first of September.

Miss Shirley Cayley, who was appointed as Presbytery Deaconess, arrived and began work early in June and is doing an acceptable work. She was active in Camp work during the Summer. She has responsibilities at Tobin Road Mission, North Sydney, institutional visitation, leadership training and mission work generally.

At the March meeting of the Board, students were appointed as follows: Kenneth MacLeod — Birch Grove, R. Lindholm — Cape North and Neils Harbour, and B. Hefferon — Grand River, etc., Mr. A. Caldwell — Orangedale. Subsequently R. Pope was appointed and worked for the Summer at Lake Ainslie and Strathlorne. The large

Mira Ferry-Marion Bridge field became vacant when the Rev. J. Lockwood, O.M., received a call to Campbellton. St. Giles, North Sydney, continues in protracted vacancy. North Sydney and Marion Bridge have agreed to work together if a minister can be secured; the Interim Moderator is hopeful that he will be able to secure a minister.

In September Mr. John St. Croix, who was working as student in the Boulardarie charge, was appointed to Grand River, and was working in that large field at the end of the year. Respecting Boulardarie, the convener reports, "Boulardarie was once again disappointed when a call approved by the Presbytery was rejected by the person called. It would seem now that an appointment by the Board of Missions is the only recourse."

Miss Anna MacDonald, deaconess, was active during the Summer organizing and directing D.V.B. Schools.

PICTOU

In Pictou Presbytery the two catechists, Mr. E. Dewar at River John, etc., and Mr. F. Canning at Sherbrooke, etc., served throughout the year and maintained regular services.

Two students, J. C. Bigelow, Pictou Island, and H. F. Connolly, Caledonias, served as Summer students. Both of the above are regular student mission fields.

During the latter part of the year the whole matter of ministry and the work of the Church in the Presbytery was under study and review by the Mission Committee of Presbytery. The Supt. of Missions shared in this study and proposals were made at the end of the year to Presbytery who decided to postpone action till the matter was further studied and reported on at the February (1967) meeting.

At present there is no Presbytery deaconess, Mrs. Florence Stewart having resigned and married, leaving a vacancy in this work. The Westville Road work was discontinued on the departure of Mrs. Stewart, now Mrs. David Watt. Miss Shirley Jeffrey, student deaconess, worked at Camp Geddie (Synod Camps) during the Summer.

The overall situation in this Presbytery is much improved. At the present time St. Andrew's, Pictou, is vacant; other churches, with the exception of the Mission Fields, are receiving regular supply.

HALIFAX AND LUNENBURG

Iona congregation, Dartmouth. The O.M. is Rev. W. Sayers. The rather static condition in respect to the development of the work and the difficulty in finalizing the purchase of the proposed Church site, has been of some concern to this Presbytery. At the end of the year agreement seemed near respecting the site. The planning committee was reactivated and it would seem at the end of the year that greater progress will be made in 1967. However, the development of the congregation, in respect to growth in numbers and liberality will determine the future of the church building project.

In November the Rev. J. Lattimore, the Rev. J. C. Cooper, and the Supt. of Missions, visited Iona and met with the Session and Board to review the work and offer suggestions for the development of the work.

The Rev. C. A. MacDonald, O.M., served in the Windsor-Noel Road charge till April when he took a leave of absence. Since that time Windsor has been receiving regular supply but not Noel Road. The geographical location of Noel Road makes supply a problem.

Mr. Joseph Delgatto, a graduate student and Board appointee, served in Elmsdale, etc., from January 1st till Spring when he returned to the U.S.A. The Rev. C. A. MacDonald was Presbytery supply during the Summer months and began his service under O.M. appointment on Sept. 1st and so served for the remainder of the year. The Windsor, etc., Elmsdale, etc., fields are difficult to serve under present regulations governing stipend, etc. This is of concern to the Presbytery.

Knox, Halifax — The Rev. R. D. MacLean, who was under appointment as O.M., was called and inducted on April 19th. Plans for the relocation of Knox Church are going forward, the site of city owned property was not completed at the end of the year but preliminary plans for a church with facilities has been drawn up.

The vacancy in the large Rose Bay, etc., field was filled at the end of the year when Rev. W. Morrison was inducted into that charge.

Miss E. Lee, who has been working among the Chinese people in the main centers of the Atlantic area, is spending time in the Halifax area. The Presbytery is supporting the W.M.S. (E.D.) in extending Miss Lee's services if this is possible. The Presbytery will request the G.B.M. to arrange for a visit of a Chinese minister to evaluate this work and suggest methods to improve the work.

The Rev. R. K. Anderson family. Of great interest and significance was the appointment of R. K. and Mrs. Anderson to work in the Korean Christian Church in Japan. R. K. and Mrs. Anderson were designated at an impressive service held under the Presbytery in St. James' Church, Truro, on May 18th. Those taking part included the Moderator of Synod, Rev. E. H. Bean, Rev. Dr. E. J. O. Fraser, and Rev. Dr. A. E. Morrison, Supt. of Missions. Tributes were paid to the Andersons and gifts presented on behalf of the Presbytery, St. James', Eastern Division (W.M.S.) by the President, Miss Margaret Sylvester, and St. Paul's, Truro.

SAINT JOHN

One student, R. A. Perrin, filled the Hanwell-Prince William Mission Field and did good work.

Mr. K. B. Weeks continues to do good work in the Stanley-Williamsburg field.

The Rev. R. D. Sandford, O.M., resigned at the end of the year, leaving the West Riverview, Moncton, work without a leader. The Presbytery have requested the Board to make an appointment. The congregation are looking forward to a building project so that they can enter the next phase of development. The causeway joining Moncton and West Riverview is adjacent to the church site. This has materially affected (favourably) property values in the area and it is expected that there will be a more rapid development of the residential area when the causeway is completed. A change was made when a new Manse was purchased by the G.B.M.

The Rev. L. Orr, the minister at St. Andrew's, is the only Presbyterian Minister in South East, N.B., and is providing services at St. Stephen, Bocabec, St. George, and Penfield. St. Stephen has been vacant since the end of 1964 when the minister was removed by call.

St. Columba, Lancaster, was reclassified as a Church Extension Charge in July and is well advanced with plans for the building of a new church with Christian Education facilities. Rev. G. Blackwell, O.M., is the minister.

St. Matthews. In November during a visit by Rev. J. Lattimore, Rev. J. C. Cooper and the Supt. of Missions, it was decided that a property on University Ave., Millidgeville, be secured as a site for the relocation of this church. Subsequently, it was decided by the congregation in regular meeting that they relocate. It would seem that the first positive step to resolve the dilemma of this congregation has been taken.

MIRAMICHI

The convener reports, "A crisis situation seemed to be in the making toward the end of 1966 in the Miramichi Valley, which would have seen three of the four charges and nine of the twelve congregations without a minister." This was averted by the unexpected availability of Rev. H. C. Martin and his appointment by Presbytery to the Sunny Corner charge. He is also regularly supplying the church in Newcastle.

Newcastle, etc., became vacant by the death of the Minister, Rev. T. T. Cunningham in May. This was a great loss to the Presbytery as well as the Synod. Mr. Cunningham was convener of Missionary Education for the Synod.

The Rev. Keith Boyer (Union) O.M. was appointed in March to Dalhousie and New Mills and is providing an effective and stable ministry.

Richard Downing, an American student, served the Tabusintac field during the Summer. R. Fourny, student, served during the Summer in Dalhousie prior to the arrival of Mr. Boyer.

Rev. M. Graham continues to minister effectively in the church at Bathurst, near

a developing mining area resulting in a steady though small growth in that congregation. This is a self-supporting congregation though made up of approximately fifty families.

The large Bass River field continues to be served by Rev. W. Parks. This year an important step was taken when the congregation purchased a recently built house at Rexton for a manse.

After some years of excellent service at New Carlisle, P.Q., Mr. J. Mullin, catechist, accepted a new appointment and the church there has been vacant since mid-summer. It is expected that a catechist or student will be requested for this church. An O.M. will be needed for Newcastle, etc., and a catechist or summer student for Tabusintac. In summary there are nine charges, six self-supporting, two augmented and one mission field. Three workers will be required.

PRINCE EDWARD ISLAND

The convener reports, "The year 1966 was an eventful one for this Presbytery. A new congregation of forty-nine members was erected on Nov. 27th in Sherwood-Parkdale, Charlottetown." The Rev. I. Glass was appointed in March to this newest extension work in the Synod and has done a good work in the initial development of the congregation. The new Manse was completed, and the Glass family moved in for Christmas. There is a spacious finished room in the basement for congregational group activities, as well as a study-office. There is a separate outside entrance to this area.

A student, Mr. R. S. Hill (Scotland) did an exceptional work in the Richmond Bay charge, especially in the pastoral and visitation field.

Mr. Clair MacLeod (Student at Prince of Wales College) served through the year and did good work in the Hunter River charge.

Miss Margaret Taylor, student deaconess, worked as Summer student deaconess, conducting Vacation Church Schools, directing the Girls' Camps at Camp Keir, and doing leadership training in connection with the Christian Faith and Life curriculum.

Mr. Archie Murray, catechist, is located at Alberton, and served most acceptably during the year in this charge.

Mr. Hugh Lowry, catechist, who was located in the Marshfield charge since 1960, left at the end of the year to work in Zion Church, Charlottetown.

Rev. G. R. Tannahill, for family reasons, resigned from the Kensington charge in August, to accept an appointment as O.M. of the North Tryon, etc., churches. Due to special circumstances the Tannahills are residing in Charlottetown for the present.

PATH-MILLER VISIT

One hundred and eighteen years after John Geddie began his work in Aneityum, New Hebrides, the Rev. Titus Path, a native minister of the Church at Hog Harbour, Santo, New Hebrides, with Rev. Graham Miller, who had also served as a missionary there, landed in Halifax on Nov. 9th for a short visit to Nova Scotia. The visitors were entertained at Government House, Halifax, with members of Presbytery; spoke to Presbytery and a rally meeting held in St. David's Church, also at St. James, Truro. Later in the week they visited historic First Church, Pictou, and spoke to a large rally held in St. Andrew's, New Glasgow.

The meetings held in Halifax, Truro and New Glasgow were moving and inspirational and will be long remembered. On Nov. 10th the visitors left for their homes by way of Halifax, Toronto, and San Francisco.

CHURCH EXTENSION WORKSHOP

Ministers attending this workshop held in Knox College, Toronto, Dec. 28 and 29, were: Rev. E. Faust, Rev. B. Walker, Rev. G. Blackwell, Rev. L. Files, Rev. R. D. MacLean, Rev. I. Glass, Rev. W. Sayers, and Mr. D. MacIntyre, and the Supt. of Missions, Dr. A. E. Morrison.

This "workshop" proved to be an important means of sharing in the total outreach and extension of the church, and was stimulating and helpful.

MISSION TEAM

In November, the Chairman of the Board, Rev. J. K. Lattimore with the Director of Church Extension, Rev. J. C. Cooper, visited important points in the Synod: Halifax, Dartmouth, Charlottetown, Sackville, Moncton, St. John and Lancaster. Mr. Lattimore also visited the work in Newfoundland, St. John's, Grand Falls, and Corner Brook. The visits were helpful and appreciated.

DEACONESSES

The deaconesses and Miss E. Lee referred to in this report are supported by the W.M.S. (E.D.) as a contribution to Mission Work in the Synod.

SOCIAL SERVICE HOMES

MARITIME HOME FOR GIRLS

After a long and intensive study on the part of the Board of Governors of the Home, it was decided at Board meetings in 1966 "to transfer title, as of April 1, 1967, to such lands and the buildings thereon, as the Department of Welfare shall require to insure the continuous operation of a Home for girls on the premises of our present Home; this transfer to be made for the consideration of the payment of the sum of \$1.00."

It was decided and agreed that a special committee be set up to study and report with recommendation on the use or disposal of the other assets of the Home — the remainder of the lands and the endowments.

As of April 1, 1967, this Home will no longer be the responsibility of the churches or co-operating communions, but will become the sole responsibility of the Government of Nova Scotia. It is proposed that the institution be named "The Nova Scotia School for Girls" and that it be administered by an advisory board of nine members appointed by the Government.

After fifty years of continuous operation by the Church, and with growing problems and difficulties involving working in buildings inadequate and unsuited to any kind of a reasonable treatment program, hampered by lack of finances and adequate and competent trained staff, the Board of Governors in its judgment saw no alternative but that which it took — to pass the operation over to Government.

The operation of the Interprovincial Home at Coverdale (Moncton) was carried on as usual in 1966.

SYNOD (1966) ACTIONS

The Synod of the Maritime Provinces met on the 4th day of October in Calvin Church, Chatham, N.B., and was adjourned as the Synod of the Atlantic Provinces, to meet on the first Tuesday of October, 1967, in St. Andrew's Church, St. John's, Nfld.

Mr. Howard MacKinley, Elder, on behalf of Calvin Church, presented a cheque for \$300.00 to Dr. G. D. Johnston, Moderator of the General Assembly, for the purpose of building a church for the Hill Tribes of Formosa.

OVERTURE RE MISSION ADMINISTRATION

An overture to the G.A. of 1967, and sponsored by the Supt. of Missions, Dr. A. E. Morrison, was given to the Mission Committee for study and reports. On recommendation of the Mission Committee, the overture was presented to Synod and after comments

and debate it was agreed to send the same forward as the overture of the Synod. The prayer is that "The General Assembly take immediate steps to integrate and unify the administration of the mission work of the church under one General Board of Missions, composed of both men and women, representing all mission interests, for the further extension of the Kingdom of God."

ATLANTIC REPORT

The above is the title of a booklet released by APEC in January (1967) and dealing with matters such as population, labor, production, manufacturing, construction, income and expenditures, etc., etc.

It goes without repeating that a region or nation's greatest asset is its people. In 1966 the regional populations passed the two million mark. This was an increase of 0.6% over the year 1965.

The only major regional indicator to accelerate in 1966 was wages and salaries which grew by 12.3% in the first three-quarters compared to 10.8% between 1964 and 1965.

After ten months the value of manufacturing shipments was up 3.9% to \$1.0 billion (up 8.6% in all Canada). In the same period retail trade rose 4.6% to \$1.5 billion, new motor vehicle sales rose 7.7% to \$188.6 million in the same period.

Construction contracts were awarded to the value of \$315.8 million, 44.3% higher than in 1965. Nationally, there was a decline of 5.6% from 1965's record level.

There was a slower growth in the size of the labor force compared with 1965, while labor income was growing at a more rapid rate. The number employed increased by 3.5% (all Canada increased by 4.2%).

Regional wages and salaries reached a total of \$1,367 million in the first three-quarters of 1966, up as we have noticed 12.8% over the previous year.

Regional performance in fish landings, pulpwood, sawn lumber, iron ore shipments — all showed increases. Coal, farm cash receipts, showed a decline.

The information above is brought forward to indicate something of the possible potential in mission in terms of church membership, stewardship and etc.

Headline news on major projects in the area include I. E. L. projects in N.S.; Anil Canada Limited, Chester, a hardboard plant — the largest in Canada; Deuterium of Canada Ltd., heavy water plant at Glace Bay, in October it was announced that the capacity of this plant would be doubled; the building of a second heavy water plant by Canadian General Electric on the Strait of Canso, makes N.S. without doubt the "Heavy Water Capital of the World." The Scott Paper Co. Mill in Pictou County is nearing completion; Clairtone Sound Corp., at Stellarton was opened in July in a 270,000 square foot one-storey building.

Arrangements for the development of the mammoth power development on the Churchill Falls in Labrador was finalized in 1966 and a start made on the project.

Mining and mill developments in Northern N.B. headline the industrial expansion in that province while Prince Edward Island will be joined to N.B. by a multi-million dollar crossing project of causeway, bridge and tunnel.

The Synod of the Atlantic Provinces looks to the future with confidence and hope. It is our prayer that we may be faithful in witness and work in the new day and be able to do "new things" for Him who said, "Behold I make all things new."

CONCERNS

A number of matters affecting the mission and work of the church are of concern in the Synod.

One is the protracted vacancy which in some cases extends into years. Interim-Moderators cannot be expected to do the work necessary for maintaining and developing the numerical and spiritual growth of the church. Vacancy and lack of numerical ordained leadership seems to have developed a philosophy that stated services of worship is all that is needed to do the work. Illustrations of this in the Synod at the

end of 1966 are: St. Stephen, N.B., North Sydney and Boulardarie, N.S., other places could be mentioned.

A further concern is the short term O.M. ministry. One convener reports, "A new 'on again, off again' appointment will not give any stability to the area. An annual increment must be considered by the G.B.M. if we are to strengthen, or stabilize, the life and work of the church in deficit receiving congregations."

The long term use of untrained leadership is another concern. Persons without theological or academic training, because of the vacancy, are used to "man the pulpit" and meet the need. In some instances we have "the cart before the horse" — ministry, before training for the ministry.

It would seem timely that a clearer line be drawn between work or ministry, and the matter of training or education for that work. This is particularly important in the light of the emphasis of the church on Christian Teaching and on preaching so as to interpret the Word of God, and the Spirit of Jesus Christ as truly as possible.

SYNOD OF MONTREAL-OTTAWA

The Synod of Montreal and Ottawa, including as it does two Presbyteries in the Province of Quebec and four in Eastern Ontario, is responsible for Christian witness and outreach in a strategic part of Canada. The impact of political pressures, economic policies, educational changes and language demands is felt in the church as well as in all other sectors of society. The direction which the dissatisfaction with the status quo, especially strong and vocal in the Province of Quebec, will take remains to be seen. However, whatever changes take place in the political climate or the social environment, the responsibility of the Church to minister in Christ's name remains. Indeed the challenge is greater in times of dynamic change than in the more static periods of history.

Although the pace of Church Extension has slowed down from that of recent years, full-time ordained appointments have been made to Fabreville and Chambly in the Presbytery of Montreal and to Parkwood in the Presbytery of Ottawa. During the past year the National Church Extension Committee purchased a site in Sainte Foy, a suburb of Quebec City. Historic First Presbyterian Church, Montreal, was selected as the Expo '67 Project Church and was assisted in part by a grant from the Robert Fund.

The work in the French language was strengthened by the appointment of the Rev. Gerald Doran to L'Eglise des Cantons de L'Est in Melbourne, P.Q., and by the erection of a Chapel in Sainte Foy for Eglise St. Marc. Unfortunately, Dr. Andre Poulain, the minister of Eglise St. Luc, our self-supporting French congregation in Montreal, was injured in a motor accident in France during the past summer. The Rev. Yves Cruvelier, Director of French Christian Education, has been assigned responsibility for the services and work at Eglise St. Luc until Dr. Poulain recovers.

Tyndale House in Montreal finds itself on the threshold of an Urban Renewal project in the area known as "Little Burgundy" which it serves. The staff was increased by the appointment last summer of Miss Lois Cooke and Miss Ann Drummond as deaconesses succeeding Miss Catherine Watson.

Beckwith Memorial Italian Church, Montreal shared its minister with St. Michel Church and jointly they are self-supporting. The Chinese Church continued its important ministry to the local Chinese community and the many Chinese students from overseas studying at Montreal Universities.

Calvin Hungarian Church in Ottawa, continued in existence by action of the General Assembly, acquired a house in downtown Ottawa and renovated it to serve as a chapel and base for their operations.

The Petawawa Territorial Mission Field in the Presbytery of Lanark and Renfrew was reviewed and the number of congregations for which the minister, the Rev. W. P. Janssen, is responsible was reduced to the congregations in the North-West sector along the Ottawa River.

Co-operative work with other denominations continued in the Leggatt's Point and

Inverness areas, with the United Church providing lay supply for both United and Presbyterian congregations in these places. The minister at Port Cartier, the Rev. Floyd McPhee, exchanged pulpits periodically with Anglican and United Church ministers, in that region. The Anglican Church of St. Andrew and St. George in Baie Comeau, P.Q., contributed \$500 to the Presbyterian Mission Board.

Nine married students, studying at the Presbyterian College, served pastoral charges in the Presbyteries of Quebec, Montreal, Glengarry and Brockville.

Besides Mission Committees in all the Presbyteries, there are active Extension Committees in the Presbyteries of Ottawa and Montreal. The latter also has an Inner City Committee studying the problems of Inner City work.

The Synod Missions Committee has a sub-committee on French work which is endeavouring to develop a policy statement and guidelines for mission outreach in the French language. It also recently appointed a sub-committee on Rural Churches to study the problems of such churches within its bounds.

The Presbyterian Church has deep roots in this part of Canada and its members continue to exercise leadership and Christian influence not only within the Church itself but in every walk of life where they serve.

SYNOD OF TORONTO-KINGSTON

Despite a continuing serious shortage of ordained ministers, work within the Synod of Toronto and Kingston has not only been maintained, but progress is reported in many areas.

The past year has been one that has brought numerous changes in the ministry of aid-receiving charges, due mainly to the transfer of ordained missionaries. Nine vacancies occurred through the resignation of ministers, but this loss was offset by eight new ordained missionary appointments.

The following ministers resigned their appointments during the year:

- The Rev. N. Hutchinson — St. Columba, Belleville
- The Rev. C. A. Dunn — Amherstview
- The Rev. G. Matheson — Kawartha Lakes Mission
- The Rev. A. Houston — Wick, Cresswell, Sonya
- The Rev. D. R. Sinclair — St. Luke's, Oshawa
- The Rev. M. D. Summers — Westminster, Barrie
- The Rev. D. Stewart — Port Carling
- The Rev. D. Hill — Calvin, Sudbury
- The Rev. V. Ford — St. Giles, Sault Ste. Marie

Four ministers serving in self-sustaining charges volunteered for appointments in the Synod under the Board of Missions. The Rev. S. Gentle, formerly of Hespeler, was appointed to St. Columba, Belleville. The Rev. E. Heron came from Wyoming, Ontario, to accept an appointment to St. Timothy's, Ajax. The Rev. L. McIntyre transferred from West Vancouver to the Kawartha Lakes Mission. The Rev. R. MacKenzie resigned from the Duntroon charge to accept an appointment to Westminster, Barrie.

Two 1966 graduates from Knox College were appointed to serve in the Synod: The Rev. G. Bell commenced his ministry at Calvin, Sudbury, and the Rev. V. Turner was appointed to St. Stephen's, Weston.

The Rev. P. McKague moved to St. Giles, Sault Ste. Marie, following four years as ordained missionary at Estevan, Sask. The Rev. T. Gemmell accepted an appointment to St. Luke's, Oshawa, on his return to Canada following post-graduate study in the U.S.

Although these new appointments have served to maintain our work in the various fields, the need for additional ordained missionaries remains critical. Within the Synod there are 15 charges awaiting the appointment of ministers. The following vacancies are listed at the end of February, 1967:

Kingston Presbytery —

Amherstview, Camden East
Foxboro, Roslin, Fuller

Peterborough Presbytery —

Lindsay Presbytery —

Barrie Presbytery —

Algoma-North Bay Presbytery —

Warkworth, Hastings
Colborne, Lakeport, Brighton
Norwood, Havelock, Westwood
Millbrook, Centreville
Wick, Cresswell, Sonya
Leaskdale, Zephyr
Tottenham, Schomberg, Beeton
Hillsdale, Craighurst, Fergusonvale
Guthrie, Oro Central, Oro Station
Port Carling, Torrance
Uptergrove, East Oro, Jarrett Willis
Burk's Falls, Sundridge, Magnetawan
Elliot Lake, Massey

Seven of these charges receive Sunday supply only; five are supporting married students; two are served by Catechists; and one field is provided with resident lay supply. Immediate appointments are required for Foxboro, Amherstview, Tottenham, Port Carling, and Wick. It would be noted that Foxboro charge has not had a settled ordained ministry for a period of twenty years.

Four Catechists are serving within the Synod and continue to render acceptable service. During the year Mr. J. Mullin was appointed to the Amherst Island charge, and Mr. D. McLaren was transferred from Hillside, Sudbury, to Cochrane. Mr. J. M. Stone is located at Uptergrove, and Mr. C. Burrage continues at Elliot Lake.

The work of the Synod was assisted by the appointment of four students for the ministry during the summer: Mr. L. Brice of the University of Toronto served in the Kawartha Lakes Mission; the Nestleton-Ballyduff field was supplied by Mr. L. Fourney of the Presbyterian College, Montreal; Mr. Paul Brown of Gordon Divinity School was appointed to the Presbytery of Temiskaming; and Mr. T. Penfold of Waterloo University was in charge of the Sowerby field.

We acknowledge with gratitude the continuing service of sixteen ordained missionaries who accepted re-appointment under the Board of Missions and remained with their fields for another year:

- D. G. Morton — Strathcona Park, Kingston
- K. Wilcox — St. Stephen's, Peterborough
- F. Slavik — St. Stephen's, Scarborough
- D. L. Crocker — Iona, Willowdale
- H. McAvoy — Grace, West Rouge
- H. McIlveen — Evangel Hall, Toronto
- J. A. Thomson — University Church, Toronto
- F. Parsons — Erindale
- B. Short — Creemore
- J. J. Urquhart — Kapuskasing
- B. A. Nevin — Parkside, Sudbury
- A. B. Embree — St. Giles, Galt
- L. S. Van Mossel — Calvin, Kitchener
- E. Seress — Oshawa, Hungarian
- J. Jacenty — Oshawa, Ukrainian
- M. Fesenko — Toronto, Ukrainian

Within the Presbytery of Barrie a committee on the realignment of fields has been at work and has effected some important changes with a view to reducing the number of ministers required in the Presbytery. The Ventry and Dundalk congregations have been amalgamated and have become part of the Markdale charge with the Rev. H. Colvin as minister. The Maple Valley congregation has been added to the Creemore field to make a self-sustaining charge and this charge has called the Rev. Ben Short. The East Nottawasaga congregation has become part of the Stayner charge. The Presbytery has authorized consultations with other congregations for the purpose of consolidating fields and increasing the effectiveness of the work.

The resignation of the Rev. M. D. Summers as minister of Westminster, Barrie, and as convener of the Synod's Missions Committee is noted with regret and also with

recognition of the excellent leadership he gave both as pastor and convener. On withdrawing from the active ministry Mr. Summers assumed secular employment with the Children's Aid Society; but he continues to be closely involved in the work of the Presbytery of Barrie.

In response to a request from the Synod of Toronto and Kingston for the appointment of a Synod Director of Church Extension, the Rev. Calvin Elder was appointed to this position during the year. Mr. Elder succeeds Mr. L. V. Carter who served as Director of Church Extension in the Presbyteries of East and West Toronto. In addition Mr. Elder has the responsibility for planning and supervising church extension throughout the Synod, and he will be available to assist in church extension in other Synods as requested and as time permits.

Fifteen congregations within the Synod are classified as Church Extension charges, including four — St. Columba, Belleville; St. Stephen's, Weston; St. Giles, Galt; and Calvin, Kitchener — which were reclassified to this category during the year. The complete list of Extension Charges at the end of February is as follows:

Trinity, Amherstview	Erindale
St. Columba, Belleville	St. Giles, Galt
St. Stephen's, Peterborough	Calvin, Kitchener
St. Luke's, Oshawa	Parkside, Sudbury
Iona, Don Mills Village	Hillside, Sudbury
St. Timothy's, Ajax	St. Giles, Sault Ste. Marie
St. Stephen's, Weston	St. John's, Kapuskasing
University Church	

In most of these charges, progress has been recorded during the year, and we look forward to the opening of distinctly new work in certain areas in the near future.

The congregation of Trinity, Amherstview, was unable to proceed with building plans in 1966 because of problems of cost. However, revised plans have been prepared and it is hoped that construction may commence during the coming summer. The Presbytery has requested the appointment of the Rev. F. McPhee, effective May 1st, and Mr. McPhee has signified his willingness to accept the appointment. He will succeed the Rev. C. A. Dunn who volunteered for appointment to the Overseas Guyana field.

With the appointment of the Rev. S. Gentle to St. Columba, Belleville, we look forward to a rapid development of this charge. It is expected that the congregation may become self-supporting in a period of three years.

Under the leadership of the Rev. Keith Wilcox, St. Stephen's, Peterborough, continues to make good progress. The construction of a church building is the immediate objective of the congregation.

A new manse has been purchased at a cost of \$19,500.00 for the congregation of St. Luke's, Oshawa. The Rev. T. Gemmell began his ministry there on February 1, 1967 succeeding the Rev. D. Sinclair who served the congregation faithfully for the past four years.

The congregation of Iona Church is drawn mainly from Don Mills Village. Although the work has shown fine progress under the leadership of the Rev. D. L. Crocker, development has been delayed by the lack of a church site. A number of sites are being investigated and the Presbytery of East Toronto has promised \$30,000 as a gift toward the purchase of property.

University Church, in West Toronto Presbytery, is located in an area with a population of 85,000. A two-acre site was purchased at a cost of \$100,000 which involved the congregation in a position of major debt. A property study has demonstrated that one acre is sufficient to provide for an adequate church building and parking space for 84 cars. Investigations have also revealed that the second acre could be subdivided to allow eight building lots representing a value of \$78,000 to \$80,000. This course of action has been approved by the congregation, the Presbytery, and the National Committee of Church Extension. If negotiations are successful and the subdivision is approved by North York, the University Church should be able to proceed with building plans in 1968. In the meantime, the organizations and development of the congregation is proceeding under the ministry of the Rev. J. A. Thomson.

St. Giles, Galt, was classified on January 1st, 1964 as one of five "pilot projects"

authorized by the General Assembly of 1963. "Pilot Project" congregations were so designated for a period of three years. On the completion of the three-year term for St. Giles, the Presbytery of Guelph and Saugeen determined that the congregation had shown sufficient progress to justify the continuation of the classification for a further year. Application to this effect was made to the Home Missions Executive and was approved. Under the ministry of the Rev. A. B. Embree many of the problems of St. Giles have been overcome, and it is now expected that this congregation will progress to self-support in the next few years.

Toward the end of 1966 the congregation of St. Giles, Sault Ste. Marie, occupied the former premises of St. Jerome's Roman Catholic Church, and thus obtained a new church home. Having failed in their efforts to obtain suitable property for re-location, the St. Giles congregation determined that they should purchase the St. Jerome's property, located in an area adjacent to St. Giles and offered for sale at a cost of \$45,000. With the approval of the Presbytery of Algoma and North Bay, and the National Committee of Church Extension, and with the assistance of a loan of \$25,000 from the Lending Funds of The Presbyterian Church in Canada, the purchase was completed. This property includes a basement church building and a dwelling that served formerly as a priest's residence. A total of 9,000 square feet of floor space is provided for the congregation's use. The congregation has agreed to employ an architect to prepare plans for a suitable sanctuary to be erected as a superstructure on the existing basement or as an entirely new separate building. St. Giles now enters upon a new chapter in a new location and with a new minister, the Rev. P. McKague, who has replaced the Rev. V. Ford.

The congregation of St. John's, Kapuskasing, is proceeding with plans for the erection of a church building. This congregation has received the furnishings of St. Paul's Church, Val D'Or, for use in their new building. Efforts to dispose of the Val D'Or church property, at the appraised value of \$45,000, were unsuccessful and the Presbytery of Temiskaming determined that the furnishings and equipment should be transferred to Kapuskasing.

Continued progress is reported from St. Timothy's, Ajax; St. Stephen's, Weston; Erindale; and Calvin, Kitchener. Lack of growth in the Parkside and Hillside areas of Sudbury has limited the development of these congregations. Serious study has been undertaken by the Missions Committee of the Presbytery of Algoma and North Bay with a view to re-organizing our work in Sudbury.

New work is proposed by two Presbyteries of the Synod. The Presbytery of Brampton has decided to establish a congregation in the Bramalea development. The present population of the area stands at 12,000 and it is expected that this will increase to 80,000. The Presbytery is negotiating to purchase a site for \$26,700, which contains 2.67 acres. The Presbytery has agreed to make a gift of \$10,000 towards this purchase. In addition \$500 will be contributed toward the down payment on a manse. The Presbytery has applied for the appointment of an Ordained Missionary so that services may be commenced immediately.

At the request of the Presbytery of East Toronto negotiations are being conducted with a view to purchasing a site for church purpose in the Flemingdon Park area of Toronto. The Presbytery has requested the appointment of an Ordained Missionary who will be trained to minister in a community of apartment dwellers.

A new area for Home Mission activity has developed in our midst in the ever-increasing enrolment in our Universities and Colleges of students from overseas. The Rev. Donald Powell is engaged in this work as "Missionary for Overseas Students and Laymen Abroad". Now that Universities and Colleges have been established, or are being established in most of our Presbyteries in this Synod it is believed that we can do much to make these students feel at home and that we seek to acquaint them with the Christian Gospel. Who could be as effective in evangelizing their own people as they? We commend to the Congregations of our Synod in University and College centres especially to avail themselves of the information and material Mr. Powell has available on how best to meet and help these folk.

SYNOD OF HAMILTON AND LONDON

In 1966 the two top priority aid-receiving vacancies in the Synod, the Scottlea, St. Catharines and St. David's charge and Greenbrier Church, Brantford, were filled. Grants were approved for 18 ordained charges and one student mission field, but two of these have not yet been used. This year the General Board of Missions is being asked for the reappointment of nine ordained missionaries and for three new appointments. Four aid-receiving charges have inducted ministers. Three summer students are needed also.

The Synod last year defined the boundary between the Presbyteries of Chatham and Sarnia, and as a result it is understood that any church extension along the St. Clair River between Sarnia and Port Lambton will be the responsibility of the Presbytery of Sarnia. Prior to the Synod meeting in October the Rev. R. M. Ransom led the members of the Synod Missions Committee in a workshop on Missionary Education. Towards the end of the meeting of Synod, when the attendance was small, the Synod defeated a recommendation from its Missions Committee that it request the General Board of Missions to share the service of the Church Extension Director of the Synod of Toronto and Kingston with this Synod. Therefore, any requests for help from the Rev. J. Calvin Elder will be made at a Presbytery level. Mr. Elder's meeting with the Missions Committee of the Presbytery of London in November was an instance of this. The Synod Missions Committee recognizes the need for future church extension in growing communities in the Presbyteries of Hamilton, Niagara, Paris, London, Chatham and Sarnia.

PRESBYTERY OF HAMILTON

Burlington — The *Pineland* Congregation continues to grow under the leadership of the Rev. A. J. Morrison. Negotiations are underway with the United Church to buy their site and for our Church to minister in the *Pineland* area for both Churches. A Session and a Board of Managers have been elected and the Building Committee is working on plans for a church building. The Rev. Howard D. Smith has asked not to be reappointed to *Strathcona* Church. Many new homes are in the process of construction in the area just north of the church. Presbytery is recommending that *Strathcona* be classified as an extension charge, and a new minister is urgently needed for this expanding suburban area.

Hamilton — The *Roxborough Park* Church is in good spirits under the ministry of the Rev. William H. McLennan. Over 30 members of the congregation are engaged in a project of supervised pastoral visitation at the Ontario Mental Hospital.

Ukrainian Church — This congregation is growing under the leadership of the Rev. Walter Kutcher, and the week-day activities have increased, including a weekly prayer service. St. Enoch Church will continue its financial assistance (\$1,600), will relieve Mr. Kutcher of this part-time work in St. Enoch Congregation so that he can devote full time to the mission, and it is offering him lay help as well. Mr. Kutcher has been appointed to the executive of the Canadian Ukrainian Committee and Mrs. Kutcher has been made Secretary of the Women's Section. This is quite unusual and indicates the regard in which Mr. and Mrs. Kutcher are held in the Ukrainian community. Mr. Kutcher publishes a quarterly periodical in Ukrainian.

Italian Church — The Italian Congregation finds the location of its church in the north end industrial area a disadvantage. The Rev. Everardo Finnocchiaro has resigned as pastor of the congregation to go into secular work. He continues to supply the pulpit and do some visiting during the vacancy. Presbytery is requesting the appointment of a bilingual minister to be a missionary to the Italian community as well as a pastor to the present small congregation.

Church Extension — The Home Missions Committee has done some survey work with a view to finding lots in strategic locations in the south and southeastern parts of the city as sites for future congregations before land values become prohibitive. Presbytery is asking that the National Church Extension Committee send the Rev. J. C. Elder to do a survey in the Hamilton area.

North Grimsby — The Sunday School, under the direction of the Session of St. John's Church, Grimsby, continues. Miss Sheila Stephens is still helping on Sundays. Presbytery is hoping for enlarged work here in the near future.

Presbytery has applied for the reappointment of Miss Sheila Stephens as Presbytery Deaconess.

PRESBYTERY OF NIAGARA

During 1966 Knox Congregation, Welland, sold its basement property and is now holding services in a rented church building near its new site. The members are continuing with plans to build in 1967 and are conducting a bond sale. The Rev. Gerald E. Graham is minister of Knox Church, Welland and Crowland. In October the Rev. Fred H. Rennie, a Knox graduate who had been doing postgraduate studies, began his first pastorate at Scottlea Church, St. Catharines and First Church, St. David's, and both congregations are grateful for his ministry. Scottlea Congregation is growing in numbers and enthusiasm. This has been classified as a church extension charge and Presbytery is requesting Mr. Rennie's reappointment.

PRESBYTERY OF PARIS

After the Rev. Douglas B. Lowry completed his five months' appointment in Greenbrier Church, Brantford, the Rev. Douglas Black of Sarnia was inducted into that pastorate early in September, and good reports have been received of the work there. The Rev. George Telcs is resigning from Pleasant Ridge Church, Brantford, effective July 31st, and Presbytery will be requesting the appointment of another minister speaking Hungarian and English in his place. The attendance at the English services continues to be small. Knox Church, Woodstock, is proceeding with the purchase of a church site in the north-eastern part of Woodstock, with the help of a \$5,000 loan.

PRESBYTERY OF LONDON

Chalmers Congregation in South London has been progressing under the ministry of the Rev. George Anderson, and has met all its commitments. St. Lawrence Congregation in the north end of London continues to grow slowly in spite of its being too close to New St. James and Knollwood Park Churches, and in spite of the unsuitable church building. It now has 90 members, which is double the membership at the time of the appointment of the Rev. G. A. Gordier to this mission in 1959. The financial reports are also encouraging. The number of people attending the Hungarian Congregation's services in Mount Brydges is not growing, but the congregation has been contributing more to the stipend of the minister, the Rev. Attila Csizsar.

Presbytery's Missions Committee, since it received some valuable counsel from the Rev. J. Calvin Elder last November, has been seeking suitable sites for church extension charges in the suburbs of the growing city of London. Mr. Elder visited a number of these suburbs and then met with the committee.

PRESBYTERY OF CHATHAM

Presbytery has commended the Rev. James Ko for the excellent service he has been rendering as a missionary to the Chinese in Windsor. He just began on April 1st, 1965, but already last year there was an average attendance of about 40 at the Chinese services held on Sunday afternoons in St. Andrew's Church, and 10 adults were baptized and received as members of St. Andrew's Church at its regular morning services. While the Chinese mission has been recognized by Presbytery as a preaching place, there is no intention that it be organized as a separate congregation. The Chinese children attend St. Andrew's Sunday School. Presbytery held a Service of Recognition for Mr. Ko on Sunday evening April 24th. The Chinese Mission raised \$1,989 during the year, of which \$400 was for the Budget. In addition, there was a Chinese language school for children twice a week, the fees

from which paid the assistant teacher and other expenses. Mr. Ko has been visiting in many Chinese homes, visiting in the hospitals, and conducting Chinese funerals. Other contacts with the Chinese community were made through monthly Chinese films with an average attendance of 180 and a bi-weekly Chinese church bulletin. The marriage of Mr. Ko and his bride from Hong Kong took place in St. Andrew's Church on December 28th.

Presbytery has reappointed the Rev. Donald MacInnes to give supply and pastoral over-sight to St. James Church, Chatham and New St. Andrew's Church, Dover, for another year from March, 1967. St. James congregation is planning to build a manse before an ordained missionary is appointed, and the Session will hold a friendship visitation in this growing residential north end of Chatham.

Presbytery is applying for the appointment of a married student to Valetta and Blenheim.

Last June Presbytery requested the General Board of Missions to appoint an ordained missionary to the vacant charge of Bridgen, Bear Creek and Knox Church, Dawn, and applied for a travel grant. But when no minister was available, Presbytery appointed a married student for one year.

PRESBYTERY OF BRUCE

The Burgoyne and Dunblane charge consists of two rural congregations situated almost midway between Port Elgin and Tara. The Rev. Douglas E. W. Lennox has exercised a fruitful ministry in this charge for three years. Although the charge had to return to aid-receiving status when travel allowances were increased, only a small travel grant has been necessary. Burgoyne Church has 125 members and Dunblane has 19. Presbytery is applying for the reappointment of Mr. Lennox and is also requesting a married student for the vacant charge of Chatsworth, Dornoch and Williamsford.

Stokes Bay, located on the Lake Huron shoreline thirty miles north-west of Wiarton, serves as a place of worship in a rapidly expanding tourist area. There are about 15 local Presbyterian families as well, most of whom are loyal in support of the church. For a number of years student missionaries, Canadian, Scottish and Irish, have ministered most acceptably. Last summer Mr. Robert K. Hardie from New College, Edinburgh, was in charge of the field for the months of July and August.

SYNOD OF MANITOBA AND NORTH WESTERN ONTARIO

A striking feature of work in this Synod is the great distances involved. In Superior Presbytery the distance between the two boundary congregations is 310 miles. In the Presbytery of Brandon it is longer. Combine that factor with the rapid trend to an increased urbanization of the Canadian population and the problems of the Synod come into focus. Congregations are scattered, many have little possibility of growth. Yet they persevere, and in and through them our people are able to worship and serve our Lord. This Synod receives the second highest sum of the grant payments to Canadian Synods, due in large part to distances, and to work among the Canadian Indians.

We have not been spared the shortage of personnel. Re-assessment, re-alignment, amalgamation are the constant concern of Presbyteries. But again the distances involved often make a burdensome demand upon men and machines.

The ministry to our Indian population is constantly being reviewed in the light of changing government policy. Paternalism is an unconscionably long time dying, but dying it is. Our church is responding to the challenge of the changing pattern involved.

A new church was opened this past year in the iron mining town of Atikokan. The mining communities of Flin Flon, Thompson and Geraldton have building pro-

grams. Property has been secured for a new extension charge in Winnipeg. The Lakehead cities are making plans to meet the growth of population projected in the next ten years. Institutional work, both ethnic and inner city needs expansion, in quarters and programs. The need is there and the money is potentially available. The Church awaits those who will answer the Call.

SYNOD OF SASKATCHEWAN

It has been reported that the men in Saskatchewan do not have enough to do. This is not true. Where ministers have imagination and creative ability and are not content to minister to a chosen few Presbyterians there is ample opportunity for real mission work similar to that of the pioneers. Our Presbyterian constituency is small but there are thousands of unchurched people living on farms on the windswept prairies or enjoying the comforts of urban life in the larger centres. They need the gospel and the ministry of Christ's church.

Changing patterns of mission activity are taking place within the Synod. A number of rural areas are decreasing in population in favor of the urban setting, nevertheless the Synod's Mission Committee does not feel we can abandon sections of the rural ministry. In years past an impressive number of young men and women came from such areas into the fulltime work of the church. Instead new arrangements and new methods must be explored to continue the rural ministry. In the southern part such a study is being undertaken to serve better ordained mission charges of long standing such as Assiniboia, Estevan, Stoughton and Briercrest. Some consolidation of mission charges within the city of Regina is being planned. The Presbytery of Saskatoon launched out to provide the ministry of our church in Kindersley and Kerrobert, and is watching extension possibilities. In the northern Presbytery of Prince Albert all the Indian ministry is under the care of Rev. Stephen How following the retirement of Rev. Dr. W. W. Moore. An eye is being kept on the awakening northland with a view to placing a territorial missionary there.

Church extension in Saskatchewan is not similar to that in the heavily populated and industrialized areas of the nation. The larger cities in the province have mainly light industries without the need of much supporting industry, hence there is not a heavy employment demand and urban expansion is at a much slower rate. A change is taking place from an agricultural economy to an industrial one but to date it is not startling. Extension work in this Synod must be viewed in long terms as costly with slow progression.

Many of the charges in Saskatchewan are manned by Ordained Missionaries some of whom, for a number of reasons do not give long service. This constant change, sometimes with unavoidable vacancies, is not conducive to a developing work. The increase in basic stipend and allowances should assist in encouraging the men to remain longer in these charges. It also appears however, that a missionary vision of outreach to people is required among some of the new breed of graduates. These are able, intelligent men with good wives, but a zeal for missions facing some hard slugging and discomforts needs to be engendered in the years of academic training. While making such a statement tribute must be paid to the O. M.'s who have continued to give a faithful ministry in difficult circumstances for a number of years.

Tribute also is paid to the long service as minister and teacher, friend and counsellor, of Rev. Dr. W. W. Moore who was born on the Mistawasis Reserve and later served Christ there for thirty years. Then he served the Sioux Indians of the Round Plain Reserve and a mixture of Indians, Metis and white people at Crutwell for ten years. His retirement becomes effective May 31, 1967, but due to ill health he withdrew from the work at the end of December, 1966. His name will be remembered for a long time in connection with the Indian ministry of The Presbyterian Church in Canada.

There is much for which to thank God in the ministry in the Synod of Saskatche-

wan. There is a challenge for hard work to anyone who wants to come west and dig in.

SYNOD OF ALBERTA

PRESBYTERY OF PEACE RIVER

This Presbytery covers a very large area and extends into B.C. and the Yukon. There are few charges (six in all) with 7 full time workers when all the fields are manned. It is little wonder that a feeling of loneliness exists. There is a desire to work together as a team. Rural congregations are losing their numbers to the urban communities and there is no possibility of reversing the trend. Congregations in Urban areas need consistent nurture in order to reach out within the growing community with rural background.

Whitehorse — A change of ministry in July 1966 when Mr. Allen Aicken was appointed — he is serving a second point 'Destruction Bay'. There are encouraging signs in both places.

Ft. St. John — Mr. Larry Paul has been instrumental in experimentation to make the the church serve the community through the use of its building and in providing leadership. An informal group meets regularly for dialogue. Services are held also at a rural point Erin Lea, monthly.

Dawson Creek Territorial Mission — This experiment of team ministry has shown signs of success. Growth is encouraging in Dawson Creek under the direction of Rev. R. Hill who has been using the TV medium to proclaim the faith. Mr. Morrison, as Catechist has been responsible for Chetwynd and improvement is noted.

Wanham, Blueberry Mountain — Is a four point charge, requires 180 miles of Sunday travel. The Rev. Harold Grove is giving faithful service in all areas of the Church's life. However, the movement of people into the urban areas is affecting these congregations and the numbers are decreasing.

Brownvale-Dixonville — Shows some progress in church attendance and children's work.

Grande Prairie — Is vacant with the departure of the Rev. H. Morris. Services are conducted regularly but an appointment is urgently required.

PRESBYTERY OF EDMONTON

The emphasis is on extension. St. Albert congregation under the leadership of the Rev. W. Jarvis is making plans for the first unit of its building program.

Melmar Plains — Under the Session of Rupert Street has purchased a 1½ acre property with the assistance of the National Extension Committee. Sunday School is now being conducted in the school. Considerable growth is anticipated in this area. The Presbytery has no vacancies in its mission charges.

Ganton — Will again request a summer student.

Calvin Hungarian — Under the able ministry of the Rev. Gabor Dezse continues to make progress, reducing both the deficit grants and mortgage on the building.

PRESBYTERY OF RED DEER

There are certain changes which are worthy of note. The Presbytery has been extended to include Three Hills and Orkney, in order to realign the charge, of Lousana, Trenville, Three Hills and Orkney. The only hope for a sustained rural ministry in this area is in a realignment.

Eckville, Hespero — The mortgage on the Manse has been paid and the loans on the Church building are receiving attention.

Westpark — Vacancy has been filled with the appointment of the Rev. J. G. Duff and a good spirit in the congregation is evident.

Willowdale, etc. — Is a marginal rural 3 point charge on the minimum stipend which has been vacant for more than a year. While it is self-sustaining the presbytery has applied for an appointment.

PRESBYTERY OF CALGARY

Varsity Acres extension has received the appointment of the Rev. C. Scott beginning 1967. The Presbytery began work in this area in November 1966, with the first service held on November 27 and local ministers supplying until the arrival of Mr. Scott. Miss Ruby Walker was in charge of the Sunday School for the initial period. Work is progressing satisfactorily and about 35 adults greeted their minister January 22.

Valleyview — Continues under the Session of Knox Church. A closer relationship is developing with Knox and the Young people are involved in the Knox Young People's organization.

PRESBYTERY OF MACLEOD

Riverside, Medicine Hat has been vacant since the beginning of the year. Retired United Church Minister has been serving the congregation most acceptably in spite of his four score years. There is an urgency to fill this vacancy.

Bethlen Hungarian-Lethbridge — Is on the decline for several reasons. It is a problem of language. There are no replacements of the first generation immigrants. More than 50% of the membership is beyond the city limits — they are farmers and their children, in some instances, are attending the nearest English speaking church. This congregation could disappear in less than 15 years reports the Minister, the Rev. L. Vietorisz. There is an attempt to evaluate the situation and to take specific action. The Minister had continued as publisher for New Life periodical and Upper Room in the Hungarian language.

IN SUMMARY

1. The change in Presbytery bounds of Red Deer to include Three Hills Orkney.
2. The launching of Varsity Acres Church Extension with the appointment of the Rev. C. A. Scott.
3. The resignation of the Rev. J. H. Morris as Superintendent of Missions for the Peace River Presbytery and Minister of Grande Prairie.
4. The change in policy of the Synod of Alberta and the request for the appointment of a Superintendent of Home Missions for the Synod.

SYNOD OF BRITISH COLUMBIA

The Synod of British Columbia has much for which to be thankful. We would like to think that we are "the dynamic church" in the dynamic province. We realize that our denomination needs a dynamic extension program in this centennial year in British Columbia.

We are pleased to note that the Synod of British Columbia is the one Synod in which all the presbyteries increased their givings over the last year to the budget of the General Assembly.

In *Victoria Presbytery* Knox Church, Port Alberni, has had a new sanctuary and Christian Education building completed and dedicated under the ministry of Dr. D. C. Smith. This congregation is to be congratulated on the progress it has made in the last few years in the Alberni valley. St. Andrew's Church, Nanaimo has become self-supporting again. The Reverend D. J. Gillies is the new minister at

wan. There is a challenge for hard work to anyone who wants to come west and dig in.

Dawson Creek Territorial Mission — This experiment of team ministry has shown signs of success. Growth is encouraging in Dawson Creek under the direction of Rev. R. Hill who has been using the TV medium to proclaim the faith. Mr. Morrison, as Catechist has been responsible for Chetwynd and improvement is noted.

Wanham, Blueberry Mountain — Is a four point charge, requires 180 miles of Sunday travel. The Rev. Harold Grove is giving faithful service in all areas of the Church's life. However, the movement of people into the urban areas is affecting these congregations and the numbers are decreasing.

Brownvale-Dixonville — Shows some progress in church attendance and children's work.

Grande Prairie — Is vacant with the departure of the Rev. H. Morris. Services are conducted regularly but an appointment is urgently required.

PRESBYTERY OF EDMONTON

The emphasis is on extension. St. Albert congregation under the leadership of the Rev. W. Jarvis is making plans for the first unit of its building program.

Melmar Plains — Under the Session of Rupert Street has purchased a 1½ acre property with the assistance of the National Extension Committee. Sunday School is now being conducted in the school. Considerable growth is anticipated in this area. The Presbytery has no vacancies in its mission charges.

Ganton — Will again request a summer student.

Calvin Hungarian — Under the able ministry of the Rev. Gabor Dezse continues to make progress, reducing both the deficit grants and mortgage on the building.

PRESBYTERY OF RED DEER

There are certain changes which are worthy of note. The Presbytery has been extended to include Three Hills and Orkney, in order to realign the charge, of Lousana, Trenville, Three Hills and Orkney. The only hope for a sustained rural ministry in this area is in a realignment.

Eckville, Hespero — The mortgage on the Manse has been paid and the loans on the Church building are receiving attention.

Westpark — Vacancy has been filled with the appointment of the Rev. J. G. Duff and a good spirit in the congregation is evident.

Willowdale, etc. — Is a marginal rural 3 point charge on the minimum stipend which has been vacant for more than a year. While it is self-sustaining the presbytery has applied for an appointment.

PRESBYTERY OF CALGARY

Varsity Acres extension has received the appointment of the Rev. C. Scott beginning 1967. The Presbytery began work in this area in November 1966, with the first service held on November 27 and local ministers supplying until the arrival of Mr. Scott. Miss Ruby Walker was in charge of the Sunday School for the initial period. Work is progressing satisfactorily and about 35 adults greeted their minister January 22.

Valleyview — Continues under the Session of Knox Church. A closer relationship is developing with Knox and the Young people are involved in the Knox Young People's organization.

PRESBYTERY OF MACLEOD

Riverside, Medicine Hat has been vacant since the beginning of the year. Retired United Church Minister has been serving the congregation most acceptably in spite of his four score years. There is an urgency to fill this vacancy.

Bethlen Hungarian-Lethbridge — Is on the decline for several reasons. It is a problem of language. There are no replacements of the first generation immigrants. More than 50% of the membership is beyond the city limits — they are farmers and their children, in some instances, are attending the nearest English speaking church. This congregation could disappear in less than 15 years reports the Minister, the Rev. L. Viatorisz. There is an attempt to evaluate the situation and to take specific action. The Minister had continued as publisher for New Life periodical and Upper Room in the Hungarian language.

IN SUMMARY

1. The change in Presbytery bounds of Red Deer to include Three Hills Orkney.
2. The launching of Varsity Acres Church Extension with the appointment of the Rev. C. A. Scott.
3. The resignation of the Rev. J. H. Morris as Superintendent of Missions for the Peace River Presbytery and Minister of Grande Prairie.
4. The change in policy of the Synod of Alberta and the request for the appointment of a Superintendent of Home Missions for the Synod.

SYNOD OF BRITISH COLUMBIA

The Synod of British Columbia has much for which to be thankful. We would like to think that we are "the dynamic church" in the dynamic province. We realize that our denomination needs a dynamic extension program in this centennial year in British Columbia.

We are pleased to note that the Synod of British Columbia is the one Synod in which all the presbyteries increased their givings over the last year to the budget of the General Assembly.

In *Victoria Presbytery* Knox Church, Port Alberni, has had a new sanctuary and Christian Education building completed and dedicated under the ministry of Dr. D. C. Smith. This congregation is to be congratulated on the progress it has made in the last few years in the Alberni valley. St. Andrew's Church, Nanaimo has become self-supporting again. The Reverend D. J. Gillies is the new minister at

Knox Church, Sooke, and Mr. Edward Ling has been appointed and recognized as the minister in the Chinese Church in Victoria. Dr. David Chan has left the presbytery to be the minister of the Chinese Church in Toronto. Victoria Presbytery after long study and discussion with the three congregations have amalgamated Erskine, St. Paul's, and Gorge Churches into one new congregation, now called Trinity Presbyterian Church. At present the pulpit is vacant but the new congregation hopes to call a minister in the near future.

In the *Presbytery of Kootenay* we find First Church, Nelson in a position in which they should be able to make the final payment on the Christian Education Wing that was built some four or five years ago. St. Stephen's Church, Creston, is vacant and is the only congregation in the Synod that is asking for a new appointment of an ordained missionary. The Reverend Jack Wiseman, a graduate of Knox College this year, is now the ordained missionary of Grace Church, Kinnaird, Slokan Village, and Knox Church, New Denver.

In the *Presbytery of Kamloops*, we find that property has been purchased in North Kamloops. The congregation of St. Andrew's Church, Salmon Arm has been strengthened in the last year or two under the ministry of the minister of St. Andrew's Church, Kamloops who conducts services for the people in Salmon Arm every other Sunday.

Knox Church, Vernon is making plans to build a new sanctuary. The Rev. John Paterson (Ian) Morrison, a graduate this year of the Presbyterian College, Montreal, is the new minister in St. Giles Church, Prince George.

The Kamloops Presbytery is also doing some survey towards the possibility of starting new work in the northwest section around Terrace and north of Prince Rupert, especially in the Alice Arm area; a coffee house experiment was carried on in Prince Rupert during the year and from all reports proved to be quite successful in reaching individuals outside of the organized church. Miss Annabelle Wallace was the student deaconess for the summer of 1966. The Reverend Howard S. Kerr is now the minister of St. Andrew's Church, Armstrong and Knox Church, Vernon.

In the *Presbytery of Westminster*, an extensive study of eleven churches in the Vancouver area was completed, at the request of the Presbytery, by the Reverend J. C. Cooper, director of National Extension. The Presbytery will now study his recommendations which include amalgamations and relocations, including the forming of three congregations out of seven congregations or pastoral charges. The Presbytery is indebted to the Board of Missions and to Mr. Cooper for this excellent report which will help the Extension and Missions Committees in planning their extension work in the next four or five years. The Presbytery has several vacant pulpits, including St. Johns Church, White Rock, St. Andrew's-Newton, and West Vancouver, but these congregations are making steps to call ministers. Mr. Hamish Harvey, a Christian Education Worker at First Church, Regina, for the last several years, took up his appointment on March 1st, 1967 as the catechist in St. Paul's Church, Mission City, Bradner and Mount Lehman. Westminster Presbytery has received several new ministers in the last year: — the Reverend George Philps, a graduate of the Presbyterian College, 1966, in Gordon Church, Burnaby, the Reverend Victor MacKenzie Ford in Brentwood-Parkcrest Church, the Reverend Dr. James Dunn in Garden Village, and the Reverend Ross Manthorpe, a graduate of Knox College, 1966, minister now of the new extension work in Coquitlam. Mr. Clare Martin has served as student minister at Marpole Presbyterian Church during the past year, and Miss June Pratt was the student Presbytery deaconess for the summer.

Miss Ellen Douglas, Presbytery Deaconess, has resigned and the presbytery is asking for a presbytery deaconess to replace Miss Douglas.

Richmond Presbyterian Church, under the ministry of the Reverend Gordon Bastedo has paid off its loan on its original building and will now take steps to add much needed facilities to the amount of \$40,000.

The Synod of B.C. is thankful to God for the assistance of The Presbyterian Church in Canada through its Board of Missions for the appointment of Missionaries and the financial help it has received. Reports on the Chinese and Hungarian work should reach you via individuals reports from the missionaries in these areas.

CHURCH EXTENSION REPORT

At present there are about 40 Extension Charges, the most recent of which is Varsity Acres, where the Rev. C. Scott took up his duties in January of this year. There will probably be about 50 by the end of 1967, the extra ten being made up of relocations, reclassifications, and including three or four new charges.

Of the 40, half are in schools or other rented accommodation, one-quarter are in temporary buildings, such as portables, basements, old buildings, and are facing a building programme; and the other ten have built recently (four in 1966).

Of the 40 Extension Ministers, two are students, and the rest are ordained Ministers. About half of these are recent graduates, and half are experienced Ministers. Thirty were born in Canada. There are two Americans, and the rest were born in Britain, but most of these were educated in Canada.

The long-term post-war population trend reveals an increase in Presbyterian Church membership of 1.3% annually, whereas the adult Protestant population of the country has been growing by 2.3% annually. This gap can be closed within the next ten years if Church Extension, i.e. outreach to the community, becomes the concern of all congregations and not just new congregations. New work in strategic areas under competent leaders will also be essential during this period. Both of these forms of outreach should be the concern of the Church Extension Committee.

The policy of purchasing land in advance of community development is being implemented in cooperation with Presbyteries, and as funds will allow. Presbyteries are showing a greater interest in helping new congregations with sizeable grants, usually for the purchase of the site.

A two-day workshop for ministers in Extension and similar Charges was attended by about sixty men between Christmas and New Year. Ministers who have been through extension projects shared their experiences with those facing similar projects; and specialists in various fields spoke and answered questions.

A happy arrangement has been worked out by the Home Missions Executive whereby the Church Extension Executive is able to act on its behalf in Church Extension matters.

A report to the Presbytery of Westminster on eleven congregations has been completed and submitted to the Presbytery for consideration.

REPORT OF THE WOMAN'S MISSIONARY SOCIETY (Eastern Division)

To the Venerable the 93rd General Assembly:

The Board of Management of the Woman's Missionary Society, E.D., respectfully submits the report of the society's work for the year September 1965 to September 1966:—

The ninetieth annual meeting of the society was held in St. Davids Church, Halifax, on September 21 and 22, 1966. As we looked back over the year just finished, we were impelled to pause and give thanks for the way in which God had cared for, guided, and helped us. Mountains ahead of us loom high, but when we approach them in faith, following His leading, we find them flattening before us. But faith, real faith, is needed to remove these mountains, to make them a plain before us.

On the evening of September 20, the missionary studies for the year were introduced by workshops, and actual classes conducted for all age groups. This was largely attended and appreciated by those attending.

Our special guest this year was Miss Mary Whale, Overseas Director of the Women's Missionary Society, W.D. In reviewing her visit to all our mission fields during the previous year, she gave a most thought-provoking and challenging message in a public meeting held on Wednesday evening, and conducted by the minister of the church, Rev. Donald B. MacKay. Miss Whale spoke of her journey as a "soul-searching trip"! On all sides was STARVATION. Not only physical, but spiritual. What will relieve the world except the good news that Jesus Christ has died to save all men, regardless of color? "If we truly believe that Jesus Christ is the Son of God, the burden is on us to make this known to the world." Do we Presbyterians lack the love for our fellow men that we need—can they see the love of Christ, Christ Himself in us? The general motto of the W.M.S. is "The World for Christ", and the theme chosen for the 1966 annual meeting of the Eastern Division was "Looking unto Jesus". The challenge presented—"Are we sincere, all of us, in the belief that, looking unto Jesus, we can really accomplish the task set before us in the motto?"

The reports given by the various secretaries were both illuminating and challenging. We give grateful thanks as we report an increase both in the number of auxiliaries and members. Four new auxiliaries in Prince Edward Island, and two in Cape Breton brought the number to 211. Membership is now 3346. Among the thirty-three members removed by death during the year, were two honorary presidents, and a former missionary of our church, Miss Ethel G. MacDonald, who served her Master in Japan and in British Guiana, now Guyana.

The treasurer's report was also encouraging, showing that the givings from our nine presbyteries had also increased. The number of auxiliaries using the recommended study has increased greatly, with the majority using "The Message" and "The Record" as supplementary material. The report of the Girls' Work showed an increase in both the number of girls and of groups. Almost all reported using the recommended studies. The secretary for Children's work reported an increase in number of groups, with a corresponding increase in givings. A survey had been conducted, which served to stress the fact that the greatest difficulty in getting new groups started, is leadership. Workshops for leadership training have been carried on in several of the presbyteries, help for present, and prospective leaders being given by the regional secretary, the presbytery deaconesses and certain W.M.S. officers.

Two centennial projects have been undertaken by the society, viz., a Training Centre to be held at Mount Allison University, Sackville, N.B., August 7-11, when we hope to have representatives of auxiliary, girls' and children's leaders and prospective leaders, and Church School teachers. The program will include Bible study, mission study, workshops. We are indebted to the Western Division, experienced in conducting such training centres, for help in advising, in giving leadership in this,

for us, new venture. The second project, undertaken earlier, but to be ready for our annual meeting in 1967, is a Book of Remembrance. Because of the excellent response to this project, we were able to answer a plea for help which had come to us from the Korean Christian Church in Japan for help in their literature program, and to send \$1,000.00 to Japan, in loving memory of Miss Ethel G. MacDonald.

Two committees were appointed at this meeting, whose purposes are of general interest. One, to meet with representatives of the General Board of Missions and the Western Division to discuss possible means of integrating all overseas work; the other, "to explore the possibilities of future amalgamation with the Women's Missionary Society, Western Division, in an effort to strengthen the work and witness of the women in The Presbyterian Church in Canada."

On the national field we employed three presbytery deaconesses, one in Pictou presbytery until August 1966, when Mrs. Stewart resigned to become the wife of a Baptist minister, one in Prince Edward Island Presbytery, where Miss Mary MacKenzie continues to make a great contribution to the work of spreading the Gospel, and one in Cape Breton, where Miss Shirley, Cayley, a 1966 graduate of Ewart College, began work in June. We regretted not only being unable to replace Mrs. Stewart in 1966, but also unable to fulfill a request for another deaconess. But we hope to have at least one new worker in 1967. Other commitments in our national work were—two student deaconesses for summer work, a graduate worker for DVBS, a part-time hospital visitor in Halifax, and, of course, the work among the Chinese continues. Grants were, as usual, given to the Maritime Home for Girls; The Interprovincial Home for Young Women; Camp Geddie; the School of Missions, Toronto; and a special grant to Miss Comfort Ejere, Ewart College, Toronto.

OVERSEAS

Guyana: Here we continue to support the native deaconesses, one of whom, Miss Eileen Budhoo, we hope to have with us for our 1967 annual meeting in May. Grants have been sent for educational purposes, presbytery travel, and the Carribean Assembly.

Japan: The grant for women's work and the support for the family of a pastor studying in Canada continue as usual. With the designation of the Rev. R. K. and Mrs. Anderson, personal interest in the K.C.C.J. increased, because of the place Mr. and Mrs. Anderson and their family hold in the affections of Maritimers, especially Nova Scotians, where they are best known.

India: Miss Mary Nichol, R.N., writes most appreciatively of the many gifts of food sent for the School of Nursing in Jobat, as well as for the generous amount of money contributed by our church. We continue our grant to the Isabel McConnell School of Nursing.

Formosa: Our missionary in Formosa has gone through deep waters during this year. In January, 1966, her mother passed away in Sydney Mines, N.S., and Miss Caldwell herself spent time, at least twice, in MacKay Memorial Hospital, undergoing surgery. We give thanks that the Lord had been with her throughout all her trials, strengthening and helping her, so that she is now reported to have fully regained her health. She began her work of Christian Education in the Taiwan Theological College, Taipei, in September 1966.

Nigeria: We were glad to be able to assist Miss Comfort Ejere with a grant during her term at Ewart College.

New Hebrides: A small gift, given annually for many years serves to keep us in touch with pioneer missionary work, that of Dr. John Geddie. The gift, sent to Tangoa Training Institute, South Santo, brought a thrilling reward this fall, when we received two visitors, Rev. Titus Path, a graduate of the Institute, and Rev. Graham Miller, former principal of the Institute.

As we started our new year with requests for more deaconesses than could be provided, without the finances needed to meet additional expenses, we felt that our only solution was to go forward, taking full cognizance of our motto "Looking unto Jesus, the Author and Finisher of our faith." If we go forward on our knees, He

WILL provide for our every need, whether the need be for money or personnel. One pressing need for consideration is the Chinese work. Miss Elsie Lee, who has reached retirement age, has expressed her willingness to continue for the present with us, but what is the plan for future work? God alone has the answer, and may we all be ready to listen for His command and guidance, knowing that "He is faithful Who has promised."

REPORT OF THE WOMEN'S MISSIONARY SOCIETY, W.D.

To the Venerable the 93rd General Assembly:

The Council Executive of the Women's Missionary Society, W.D. respectfully submits the following report of the Society's work for the year 1966:

Organization:

Throughout 1966 the Organization Department endeavoured to carry out its responsibilities through its Committees and Staff.

The early months of the year found the Age Group Secretaries — Children's, Girls' and Adult — with their Committees completing programme packets on the Canada Theme; the latter months beginning materials on the themes "Christ and the Faiths of Men" and "Japan" for 1967-68. The Committees also considered other materials and working policies related to their age groups.

The Director and National Secretaries for Children's, Girls' and Adult Work serve on many Presbyterian and Interdenominational Committees related to the work of their departments. In the Adult work there is participation in the Co-ordinating Committee on Adult Work which brings together staff of all programme Boards of the church, in an endeavour to avoid overlapping in the production of resource materials and to be of more assistance to congregations as they plan their programmes.

In all areas of the country there seems to be the problem of finding people willing to give time to the leadership of younger age groups and to the work of officers in Adult groups. One Children's Secretary reported — "The potential for more children in groups is present but groups have found it necessary to disband due to failure on the part of adults to give time for leading children's groups". While this is true we are thankful for the concerned women who give of their time and talents to working with children and youth from week to week. It is encouraging to note that in interviews with representative Explorers from across Canada, Mission Study and projects to help others were rated the highest in importance and interest. Across the Church Synodical and Presbyterian Secretaries have been diligent in providing workshops for Children's leaders. In some areas there has been co-operation with Presbytery Christian Education Committees in providing leadership in both Christian Education and Mission Education. Girls' groups have been involved in many worthwhile study and action projects. The new trend towards planning events for girls and leaders together is proving very successful.

In the Adult groups there is concern in regard to membership as recorded memberships show decreases and groups become discouraged. Nevertheless the size of a group is not always indicative of concern or of effective participation in the work for which the Society is responsible. There is encouragement in the fact that there is an increasing attempt on the part of the women to meet and come to know new members in their congregations and to share in worthwhile projects in their local communities.

The Regional Secretaries in the Synods had an active year as they worked in co-operation with Synod and Presbytery Committees of Christian Education and with Executives and Officers of Synodicals and Presbyteries. Assistance was given to leaders of weekday groups, Church School teachers and officers of adult groups at training sessions and through conversations and informal meetings with individuals.

In October 1966 a Conference of Presbytery Deaconesses and Regional Secretaries with members of Staff of the Board of Christian Education, Synod Conveners and the Directors of the National and Organization Departments of the W.M.S. was sponsored by the Board of Christian Education for the Western Synods and held at Fort Qu'Appelle, Sask. This proved to be a very helpful experience for all as ways were considered for more effective working together of all staff in the various Synods.

A W.M.S. Training Centre was held in Albert College, Belleville, Ontario in July

at which 85 participated. The general theme of the Centre — "Growing as Christians" was linked closely with the study theme for 1966-67 — "The Contribution of the Church to the Development of Canada".

The Council Meeting in May 1966 asked that a Committee be set up to "Re-assess" the Women's Missionary Society in regard to its work and organizational structure. This Committee is at work.

The Council also approved a Centennial Project of "Prayer, Programme and People" for the Centennial Year 1967. It is hoped that this specific emphasis related to the purpose of the Women's Missionary Society, W.D. will result in a better understanding of its purpose and involve many more in "prayer, study and service for the advancement of the Kingdom of God at home and abroad".

OVERSEAS MISSIONS REPORT — 1966

A year ago the Overseas Department report was written following field trips to Guyana, Formosa, India and Nigeria with a brief stop in Japan. In all five countries there were political and economic factors affecting the lives of all the people and deeply challenging the witness of Christians. Now as I read the reports of last year's work I realize that there is an intensity in each part of our work abroad. It seems, as I read, that God is allowing each person to proclaim His message at a maximum capacity. This does not mean there are no problems or frustrations. Problems have increased, both in volume and in intensity. What I am reading is that within the chaos of Asia, Africa and Caribbean life the love of Jesus Christ is shining forth.

In the new nation of Guyana the Guyana Presbyterian Church has been attempting to accept greater responsibility for the life of the nation. Three Canadian women missionaries have been deeply involved in the Christian education work of the Church. Miss McGowan is Associate Director of St. Columba's House, a lay training center sponsored by the Guyana Presbyterian Church. St. Columba's House is offering assistance in training and refresher courses for ministers, lay preachers, Sunday School teachers and elders. They are also working in discovering with groups of professional people and labouring people how they may share more fully in Christian witness. Miss Ramsay and Miss Read are also engaged in leadership training, particularly with women.

The work on both the India fields has been within the context of famine and political strife. This has meant that missionaries and Indian leaders have been deeply involved in relief programmes. While these programmes have taken a great deal of time, the women staff have continued to concentrate in both fields in leadership training programmes. These programmes have been aimed at the leaders of the Church and as well at lay leaders. The W.M.S. staff is deeply involved in educational work

and in medical work. The Amkhut School System has been serving an increasing number of students. Most of the graduates are going on to higher education. In Jhansi the W.M.S. work is concentrated in the Helen MacDonald School where too there is an increasing number of students preparing themselves for professional life.

The medical work in the Bhil country has branched out into a relief programme. Part of the famine programme has been an attempt to assist in the economic life of the nation. The unit workers became involved in agricultural pursuits and other economic life activities.

We continue to share in the Co-operative work of the Christian Church in India. Our particular emphasis is in the hospital and medical college in Vellore. We also share through grants in the work in Ludhiana.

The Rev. In Ha Lee, in writing about the Korean Christian Church in Japan says: "One may be inclined to feel that, by Canadian standards, the mission enterprise among the Koreans in Japan is indeed a very small one. And that would be an accurate impression, for in the number of its churches, in its congregational size, and in its total budget, the K.C.C.J. does not add up to much statistically. But that is not the whole picture. Most of the small churches referred to in these pages find themselves in the center of densely populated areas where the importance of Christian presence, be it ever so small, cannot be overestimated. If these small pockets of Christians, which are a minority both racially and religiously in this land, are alive to the vast opportunities to become a creative minority under the leading of the free Spirit of God, then we firmly believe that God can and will accomplish His mission in this part of His world."

The W.M.S. (W.D.) has one staff person in Japan, Miss Mavis Hyndman who has been serving as Secretary to Mr. Lee and as Mission Treasurer. As Miss Hyndman returns from furlough she anticipates serving more fully within the inter-denominational organizations in Japan and East Asia.

The work in Nigeria has also been within a context of revolution. At the beginning of the year the country was in the midst of a government change when military forces took over the federal government. By the end of the year the various sections of the country were showing signs of separating. The Ibo people with whom we work in Eastern Nigeria were bearing the brunt of another political upheaval.

The Church too suffered disillusionment in the breakdown at the last minute of negotiations for Church union. Reports from Nigeria though indicate that the Anglicans, Methodists and Presbyterians are working together as much as possible at the local level.

The Canadian women staff is involved in Christian education leadership and in medical work. Miss Agnes Gollan has been appointed Director of Christian Education for the Nigerian Church. Miss Bulmer continues to give leadership in Christian education using music as a medium of training. Miss Taylor is carrying a heavy burden of nursing services in Uburu Hospital.

The W.M.S. (W.D.) staff in Taiwan numbers four. Miss Isabel Taylor continues to serve in the educational work in the Tamkang Middle School and in the Church's Committee on Church Music. The other three staff people are still in language study. Their appointments to medical and Christian education work will be made in 1967.

Through 1966 the W.M.S. (W.D.) supported two students from overseas. Miss Sushila Patras continued in her work in the Master's programme in the Science of Nursing at the University of Western Ontario. Miss Patras is sponsored through the Bessie MacMurchy Memorial Scholarship Fund. Miss Comfort Ejere entered her third year of the Deaconess course in the autumn of 1966. She worked in the summer in Prince Albert Presbytery in Christian education leadership.

The W.M.S. (W.D.) staff was depleted in 1966 by five people: Mrs. Yashwant Barar (Ruth Bentley), Mrs. Ian Griffin (Anne Howson), Miss Hildur Hermanson, Miss Shirley Dredge, Mrs. Clarence McMullen (Catherine Polson).

We work to the future, conscious that we must be constantly open to meet the needs of the hour. Change is indicated in the way the work is done abroad; in the way it is done in the office. We ask your prayers for all staff in this department.

NATIONAL MISSIONS REPORT — 1966

To read the annual reports of our National missionaries is to be impressed once more with the wide range of Christian service which is being rendered from Montreal to Victoria to hundreds of persons of varying ages, of different racial origins and of a diversity of circumstances. In every situation, however, the common factor was the message and the motivation for the service rendered — the love of God in Jesus Christ, revealing itself in concern and action on behalf of others.

There were a number of changes in staff personnel during 1966. We were sorry to have to accept the resignations of several members, Miss Marilyn Duffield left us at the end of May to be married. Following sixteen years of service in a number of areas of our national work, Miss Winnifred Ripley resigned for health and family

reasons. Mr. H. B. Wallace withdrew from her hospital visitation work of some four years. Mr. and Mrs. S. T. Robinson resigned as Principal and Matron of the Cecilia Jeffrey Indian Residential School, positions which they had held since 1958, in order that Mr. Robinson might accept the Directorship of the Kenora Fellowship Centre. We also lost two members by retirement on June 30th — Mrs. G. P. Louie and Miss Susan Yeung. Mrs. Louie had served a total of thirty years among the Chinese peoples of Vancouver, Victoria and Montreal. Miss Yeung had rendered twenty-six years of service to the Chinese in Vancouver. We are grateful to these persons for their dedicated service over the years and we pray God's continued blessing upon them as they undertake other avenues of service or enjoy a well-earned retirement.

We were pleased to welcome to our staff two graduates of Ewart College who were embarking on their first appointments. Miss Ann Drummond, following a year of study in Kindergarten work at the Presbyterian School of Christian Education in Richmond, Virginia, was assigned to Tyndale House, Montreal, with responsibility for the week-day Kindergarten there. Miss Lois Cooke, a member of the 1966 graduating class, also was appointed to Tyndale House with responsibility in the area of youth and adult work.

Our hospital visitation staff was augmented by the appointments of Mrs. D. F. Hazell and Mrs. C. E. Reynolds, Reg.N. Mrs. Hazell took up her duties on a part-time basis within Riverdale Hospital, Toronto, on July 11th. Mrs. Reynolds undertook her visitation program within the City of Edmonton in mid-August.

Mrs. Angela Fong-Sang joined our staff of workers among the Chinese, taking up her appointment in Vancouver on September 15th. Mrs. Fong-Sang, a recent arrival in Canada from the far east, is a trained Kindergarten teacher.

Mr. and Mrs. Colin Wasacase were appointed Principal and Matron of the Cecilia Jeffrey Indian Residential School as of August 1st. The appointment of Mr. Wasacase is of some significance as it marks the first time that a person of Indian Canadian origin has served as Principal of the Residential Schools under our Church's jurisdiction. Mr. Wasacase is a graduate of the Birtle School and served as boys' supervisor at both Birtle and Cecilia Jeffrey Schools prior to taking his teacher training. He taught for two and a half years at Norway House Residential School and was a vocational counsellor with the Indian Affairs Branch for some eighteen months immediately prior to taking up his present appointment. Mrs. Wasacase, a native of Winnipeg where she was a member of St. John's Presbyterian Church, was a girls' supervisor at Cecilia Jeffrey School prior to her marriage.

Miss Dorothy Lukes completed her study furlough term in early March following which her request for leave of absence was granted, in order that she might pursue her studies in social work at McGill University. Miss Annie Wilson spent her study furlough from February to June in San Francisco, where she studied the Chinese language and audited a number of courses at the Theological Seminary in San Anselmo. Mrs. George Mitchell, who had been on leave of absence for some months for health reasons, returned to her hospital visitation duties on a part-time basis at the beginning of February, taking up the work in Vancouver relinquished at the end of 1965 by Miss Lily Simpson. Throughout 1966 Miss Elsie Lee continued to be on loan to our sister Society, the W.M.S. (E.D.), and carried on her ministry among the Chinese peoples in the Atlantic Provinces.

Fourteen deaconesses served within our National Department during the year, performing their duties as Presbytery deaconesses, inner city workers, with the Indian Canadians and in the area of immigration. During the summer months, seven students were appointed to assist in Vacation Schools and camps in various Presbyteries of the Church. Hospital Visitation was carried on by seven members of our staff, on a part-time or full-time basis; in addition several of the Presbytery deaconesses include some hospital visitation in their schedules. Eight staff persons were occupied in a ministry to the Chinese Canadians in Victoria, Vancouver, Toronto and Montreal.

A house, located at 768 Flora Avenue, was purchased in October, to serve as a base of operation for the inner city work being carried on by two of our deaconesses

in Winnipeg. This replaced the house formerly rented by the deaconesses for this Christian outreach venture which now has contact with some two hundred families in this inner city fringe district.

Our Presbyterian Fellowship Houses continued to meet a real need as they served as "homes away from home" and favourite gathering spots for many young people. Eighteen students and twenty transients were accommodated in the Prince Albert House, while thirty-one lived for various lengths of time at the Winnipeg House, a goodly number of the latter being overseas students studying in Winnipeg.

Our Indian Residential Schools at Birtle and Kenora continued to operate close to their authorized enrolments of 150 each. The Cecilia Jeffrey School now performs the services of a hostel, with all the students attending the integrated schools in the district. An additional non-integrated class was set up at Birtle to care for a group of ungraded or slow-learner students. This made for two classes at the Birtle School, the balance of the students attending the elementary and high schools in the town of Birtle. An interesting and highly successful venture was undertaken at Christmas when forty-five students from Cecilia Jeffrey were placed in the homes of our Presbyterian people in Winnipeg over the Christmas holidays. The enthusiasm of both students and Winnipeggers was so great that a similar undertaking was requested for the Easter Holidays.

PUBLICATION DEPARTMENT

In presenting the report of this department for the year 1966, one wishes that one did not need to mention the retirement of our beloved Leeta McCully Cherry, Editor of GLAD TIDINGS and Executive Director of the Publication's Department. It was with regret that we watched Mrs. Cherry move from the onerous duties she handled so graciously and with such ability to a pleasant life of leisure. Her contribution to the work of the Society is incalculable.

The GLAD TIDINGS continued to be a valuable organ of the Society. The reduction in subscriptions is a serious matter which demands the attention of all of us. Every effort must be made and every effective means employed, to interest and challenge the women of the Church to read and to use this magazine.

In recent years and again last year, the study material has been used more widely by our members. In addition, there would seem to be some increase in the establishment of auxiliary libraries. This is a very encouraging sign and one which

cannot help but be of benefit to the Society as well as to the individuals. Book displays, arranged by this department, no doubt have exercised some influence in continuing this trend.

To each member of this department, we wish to extend our sincere appreciation of her devoted service.

(MRS. I. G.) HELEN P. SINCLAIR,
Former Chairman.

CHRISTIAN LITERATURE REPORT FOR 1966

Christian Literature Secretary — Miss Olive G. Grant

Members of Committee — Mrs. J. M. Burnett and Mrs. A. H. McKague

In presenting this report, the members of the Committee are deeply conscious of the many challenges facing the Church of Jesus Christ today. One of the most urgent is the constant struggle for control of the minds of men, and this battle the church seems to be losing.

The population explosion has tremendous implications for the Church. With an additional 165,000 people in the world every day, with 19,000,000 people (the population of Canada) every four months and with the predicted doubling of world population by the year 2000, we are faced with the challenge of winning an ever increasing number of non-Christians for Christ. The Church, however, is only growing one-third as quickly as is world population, and the percentage of Christians is growing less.

The increase in literacy presents the Christian Church with an opportunity such as it has never had before. UNESCO is in the midst of a plan to teach 650,000,000 adults to read in five years. This and other literacy programmes and the growth of primary education promise to wipe out illiteracy in the foreseeable future. What will these people read? Will they have the Scriptures in their own tongue, or will they read the Communist literature which is being spread around the world at a cost to Communism of one-and-one-half billion dollars a year?

The Church is called upon today to show a concern for the world and unless we as Christians minister to the needs of men; meet the hunger of their minds and satisfy the hunger of their hearts for love, we fail to fulfil the task to which God is calling us.

During 1966 your Committee paid out the following grants:

Africa: The sum of \$500 was sent again to the All Africa Conference of Churches to assist in the publication of the A.A.C.C. Bulletin. The Conference, although organized for a short time, deserves great credit for the publication of this fine little magazine.

Word has come from the Africa Literature Centre at Kitwe, Zambia, that the \$500 grant sent to them is being used in two ways: (1) \$200 to the Christian Writers' Fellowship to help produce 'Write' magazine; (2) \$300 to provide a scholarship for a young Zambian in the art course who has shown much progress in his studies.

\$200 was sent to Nigeria, \$100 for the use of Miss Bulmer and Miss Gollan, and \$100 to assist in the publication of "The Nigerian Presbyterian" the official organ of the Presbyterian Church of Nigeria.

Caribbean: The regular \$400 grant was sent forward to continue the assistance we have been giving in the production of a Sunday School Curriculum and lesson helps in this area, which is becoming more important in the world picture.

Formosa: To the Presbyterian Church of Formosa, the grant was the same as in 1965, \$600 divided evenly among the Christian Literature needs of our missionary staff, the official magazine of the Presbyterian Church of Formosa and the Women's Committee of the General Assembly.

Guyana: Only a small grant, \$250, goes to Guyana to supply the Christian Literature needs — Bibles, hymn books, reference books — of our missionaries as well as of the Guyanese deaconesses.

Hong Kong: A grant of \$600 goes to the Council on Christian Literature for Overseas Chinese, which is attempting to supply Christian Literature in their own tongue for Chinese people living in other countries. Among other projects they have translated a series of books for 15-18 year olds, "Thinking Things Through".

India: The total grant to India in 1966 was \$1,450. Of this amount \$400 went to the National Christian Council of India to use as they saw fit; \$600 to The Christian Home Magazine; the usual \$50 to the Bhil Field for Christian Literature and Visual Aids; and \$200 for Christian Literature for non-Christian university students. This literature is produced particularly to appeal to the non-Christian student at university level.

Japan: To the Korean Christian Church in Japan the Society gives an annual grant of \$600 divided as follows: Women's work, \$250; Young People's work, \$150; Children's work, \$200. In Japan which is so literate, there is a tremendous opportunity for the use of Christian Literature.

Latin America: The Costa Rica Literacy Centre for Caribbean and South America again received a grant of \$300. This will be an on-going programme, as they are trying to produce materials for all age-groups, and this cannot be done in one or two years' time. Also for Latin America, a grant of \$500 was sent to the World Student Christian Federation to assist in the publication of their magazine "Testimonium", particularly for distribution in Latin America.

New York: The Committee on Christian Literature for Women and Children on Mission Fields, Inc., received a grant of \$300, which amount goes to them each year. This Committee prepares excellent illustrated booklets for children. A grant of \$75 was sent to the Missionary Research Library. It should be noted that the facilities of this very excellent library may be used by missionary staff and students in Canada as well as in the United States. The Committee on World Literacy and Christian Literature ('Lit-Lit') received a grant of \$1,000 to be used in helping Christian Literature projects all around the world. A comparatively new Fund, the Christian Literature Fund, received a grant of \$1,250. This Fund is assessing and studying Christian Literature projects in a great many countries in an attempt to see that duplication does not occur, and that help is given if it is needed. The askings for this Fund will, in all probability, increase.

South East Asia: In the Christian Literature report last year the hope was expressed that it might be possible to increase the grant to this project, which in 1965 received \$320. In 1966 \$400 was sent. This is not much of an increase when we consider what this project is attempting to do in the field of Sunday School curriculum, but it is a move in the right direction.

World Student Christian Federation: For the first time, and in response to a request from the Federation, an amount of \$350 was made available to permit the free distribution of 350 subscriptions to *Federation News* and *Student World*. Many students cannot afford to subscribe to these publications and many are not allowed to send money out of their countries.

GENERAL GRANTS

Canadian Bible Society: Once more it was possible to send the usual grant of \$1,500. In Asia, Africa and Latin America 95% of all Scripture distribution is linked with the work of the Bible Society. For most people in those areas the Bible Society is the sole source of the Scriptures.

Canadian Council of Churches: Through the Department of Overseas Missions a grant of \$500 was split among three projects: \$125 for Africa Sunday School Curriculum; \$200 for Study Centres and \$175 for World Christian Books.

French Work: The 1966 Christian Literature estimate showed an amount of \$750 for French work, and at the request of the Missions Committee of the Synod of Montreal and Ottawa, this amount was forwarded in order that they might produce some special literature for Expo '67. From the contingency \$100 was given toward *La Vie Chretienne*, published by Dr. André Poulain.

Hungarian: \$500 was sent to the Rev. L. Vietorisz to help with the publication of *New Life*. It is not possible for them to get any subscription fees from Europe, as most of those receiving it are in Old Age Homes or Refugee Camps.

Italian: \$100 was sent to Beckwith Memorial Italian Presbyterian Church in Montreal to be used to purchase needed books for a church library. For the first time the minister, the Rev. Mr. Iarerra, was able to procure books from the Waldensian Church in Italy and about half of this grant was used for these, and the balance for books purchased from Presbyterian Publications.

Ukrainian: The regular grant of \$1,500 went to the Rev. Michael Fesenko, to assist in the publication of *Evangelical Truth*, a magazine which has a wide distribution and even goes behind the Iron Curtain. Mr. Fesenko is planning a bi-lingual hymn-book (Ukrainian-English) because both languages are needed in the congregations. \$55.00 went to Denmark, for the paper produced for Kuban Kossack readers.

Special gifts and legacies made it possible to assist in some projects not included in the regular budget of the Committee: Bibles and commentaries for Camp Iona; small libraries overseas; assistance with the publication of the Ukrainian-English hymn book; hymn books for the Inner City Centre, Winnipeg; Miss Bulmer and Miss Gollan for additional needs; the library at the Tam Kang Middle School, Formosa; a contribution towards a 'revolving fund' to establish a Formosan Book Store; to purchase books for Formosan children.

We trust that this report will show in some small way to all who read it the doors that stand open today in the field of Christian Literature. The doors are open—are we ready to enter?

OLIVE G. GRANT,
Secretary for Christian Literature.

WELCOME AND WELFARE REPORT — 1966

The vision of the wide scope of the work which could be done in this department has been caught by many wonderful women throughout our Society. When every member—not only Welcome and Welfare Secretaries—realizes the tremendous opportunity for service which exists here, one believes that then will the strength of our Society and indeed of our beloved Church, be increased, for here is the place where we can welcome the newcomer, whether from another area or from across the seas. The closer our link with the Immigration Department together with our faithfulness in paying attention to removal forms—sending or receiving—the more secure is the framework which binds our Presbyterian family. Loving care and attention has been given to shut-ins, sick, needy and aged by means of cards, flowers, fruit, letters and especially by visits. Hospital visiting has been done by individuals and by groups who regularly plan programmes and other entertainment for these institutions. One group reports a well stocked cupboard of food and clothing which is distributed to any needy family. One gathers that no aged or sick person is left uncared for especially at Easter, Christmas and special occasions in their lives. This caring for others is to be highly commended and one feels it is being done faithfully throughout the Society.

Perhaps this year we could tighten the strings on the "Welcome" part of our name too. Could it be that by thus doing we might increase the number of 'lost' Presbyterians? This could be done by every member constituting herself a special emissary of the Church and the Society in visiting and extending to the newcomer the welcome they so ardently desire. 1967, an important year for our land. May it be equally important for our Church by each of us making the extra effort to be more in earnest about this work which has been committed to us.

(MRS. HAROLD) EDITH M. KEEFER,
Welcome and Welfare Secretary.

SUPPLY DEPARTMENT REPORT — 1966

The objective of the Supply Department is to provide all the supplies necessary for our work as economically and completely as possible.

For our Missions on Canadian Indian Reserves and at Kenora Fellowship Centre we provided, warm durable clothing for men and boys as parkas, windbreakers, etc., children's warm clothing, skirts, slacks, shorts, bathing suits and maternity clothes in good condition, layettes, baby clothes and crib blankets, quilts and hand-made socks, mitts, scarfs, caps, sweaters, etc., for Christmas gifts. For the remainder of our National Work, all Overseas Work, the Organization Department and the new Toronto Office the supplies can be purchased more economically at the place of need. The 1966 report shows a marked trend in this direction.

The money supply increased \$3,715.02 over 1965 income. Bale supply valued at approximately \$18,000.00 was sent to nine Indian Reserve Missions and Kenora Fellowship Centre.

In most Presbyterials the Supply Secretary has been successful in separating the groups that prefer to provide bale supply from those that prefer to give money and has requested bale needs from only handwork groups.

Having sufficient money in the Supply Fund during 1966 has made it convenient to provide: the much needed furnishings and supplies for the inner-city work of Flora House, Winnipeg; bed linens, clothes dryer, kitchen equipment, etc., for the Fellowship Houses; furnishings such as refrigerator and space heater for our Missionary's House in Formosa; medical supplies for the Medical Mobile Units in India; food and clothing for the children in the M. G. Abey Home; hostel necessities at Amkut; electric typewriters, filing cabinet and projectors for our office use.

REPORT OF THE COMMITTEE ON ARTICLES OF FAITH — 1967

To the Venerable the 93rd General Assembly:

The Committee on Articles of Faith reports as follows:

I. Re: OVERTURE No. 12, 1963

The prayer of Overture No. 12, 1963, asks that the General Assembly authorize Term Eldership. It was decided not to deal with this question until we have studied the general matter of Ordination.

Meanwhile Overture 14/65 on the same question was referred to the Clerks of Assembly. Their reply on p. 392 A. & P. '66 refers to the reply to Overture 36/52, which was dealt with by a special committee and reported on in 1953 (see A. & P. '53, p. 354-5). Reference is also made to a decision made by the Assembly of 1957.

In '53, '57 and '66 the recommendation was to reject term eldership, and in every case the Assembly approved. It would seem that since successive Assemblies have rejected the idea of term eldership, the prayer of the Overture should not be granted.

II. Re: OVERTURE No. 40, 1966

The prayer of Overture No. 40, 1966, asks that the Articles of Faith Committee be asked to prepare a statement which would more clearly define the role of the minister in a pastoral charge or mission field and also set down the responsibilities involved in an appointment as Stated Supply.

1. To answer the second part of prayer first, we would point out that the responsibilities involved in an appointment as Stated Supply are the same as in a pastoral charge or mission field. The only difference is that Stated Supply and mission field appointments are made by Presbytery for a limited period up to one year. Any arrangement which does not fall into one of these three categories has to be worked out by the Presbytery in the light of special circumstances. Responsibilities would have to be stipulated.
2. The question therefore is to 'define the role of the minister in a pastoral charge.'
 - A. The work to be done in a pastoral charge is bi-focal — (i) prophetic (evangelical) and (ii) priestly (liturgical)
 - (i) The prophetic (evangelical) work is to discern and proclaim the gospel of the forgiveness of sinners, both in private counselling and its many forms, and in public preaching and administration of the sacraments. In this work the minister is fulfilling God's call to him to go and say "Thus saith the Lord". The purpose of his work is not merely to soothe people, but to strengthen (edify) them in order that they may live as Christians in the world, i.e. that they too may say "Thus saith the Lord". There is a prophethood of all believers.
 - (ii) The priestly (liturgical) work is to speak for men and women to God, confessing, giving thanks, making intercession, offering. In this work, which is done with individuals and families, as well as in public services, the minister is fulfilling the call of the people to be their minister. Here too his purpose is to edify and enable the people in order that they may fulfill their priesthood. These two aspects of a minister's work are complementary to each other. There is a tension between them that is not easy to keep in balance. Unless this tension is maintained, however, both the prophetic and priestly work suffer. A minister in a pastoral charge has to arrange his time so that he has time apart (for study, general reading, sermon preparation, and preparation for public worship), and time to be out amongst people (visiting sick, shut-ins, the bereaved and the distressed; being available for consultation; attending church and community meetings; and being around town, or wherever people are).
 - B. Ministers should not burden themselves with trivia. Blessed is the minister who does not know how to operate the mimeograph machine, or the projector, for he will find volunteers for these tasks. Even in affluent parishes the volunteer principle should be strongly adhered to. In this connection, it may be pointed out that interim-moderators have the opportunity and responsibility of moderating in the area of the in-coming minister's use of his time, and what congregations should rightly expect. The result should be a more realistic mutual understanding, including the establishment of effective priorities. The courts of the church have their legitimate claims on a minister's time. Most ministers become involved voluntarily in sundry community affairs, some of which make extensive demands on time and energy.
 - C. In its preamble the overture raises the question whether ordination is fulfilled only

in terms of a pastoral ministry or recognized chaplaincy, or may it be fulfilled in conjunction with some other employment either full or part-time. This may mean that the Presbytery wants guidance in how to deal with ministers who have taken up some additional job, either to increase income, or to make use of surplus energy, gifts and time. It may however mean that the Presbytery is requesting elucidation of the meaning of ordination and its implications for the pastoral ministry in a changing social and economic situation.

We offer the following observations:-

- (i) Ordination to the pastoral ministry has a liberating rather than a restrictive purpose. It is meant to set men free for certain work in recognition that God has called them to that work. It does not necessarily confine them to that work exclusively.
- (ii) In a changing economic situation, the church has to consider that in some cases ministers may be encouraged to earn their living in a non-church occupation so that they can minister the gospel in their parishes without being financial burdens on the parishes. Paul propounded the doctrine that "they that preach the gospel shall live of the gospel", but he waived his rights, at least in Corinth. With the shortening work-week, many men are discovering that they have a large amount of spare time. Some of them are able to take on a second job. It may be in some cases that a pastoral ministry can be carried out effectively only by a man who earns part of his income by some other employment. Economic pressures are forcing the church to restudy the relation between ministry and the stipend principle. At a deeper level, theological considerations as well as concern for parish welfare exert increasing pressure on our traditional thinking about "full-time service". For example, a three point charge may be served better by three part-time ministers than by one full-time minister.
- (iii) While there is no difference, as far as time away from pastoral duties is concerned, between voluntary community service and part-time paid employment, there is this difference that a minister as a citizen does owe something to his community. On the other hand, if a man seems to be neglecting his pastoral duties, the Presbytery has the right and the duty to advise him about the proper priorities in his schedule. If he neglects the advice of the court, further disciplinary action may be taken.
- D. With the advent of special ministries, another question is coming before us: Does a man fall from his ordination when he takes a full-time job, which, while serving people, as in social work or teaching, is not under the discipline of the church? In some cases men request a letter of demit. In others, they request to be retained on the roll of Presbytery, and hold themselves ready for occasional pulpit supply. Presbyteries will have to become more sensitive in their governing, making careful investigation of each case on its own merits, and being concerned, not with whether regulations formed in other days are being preserved but only whether the gospel is being ministered.

III. Re: THE QUESTION OF CONFIRMATION

In consultation with representatives of the Board of Christian Education, the Committee has prepared the following study document:

Admission into the Communicant Membership of the Church

Section 110 of the Book of Forms informs us that the Session of a Congregation is responsible for admitting people into the Fellowship of the Church. This section and the one that follows it indicate that several things are involved in this admission to fellowship. The predominant idea is that this is Admission to the Lord's Table. Preparation is necessary for this step: the candidate must have "knowledge to discern the Lord's Body, faith to feed upon Him, repentance, love and new obedience." Profession of

faith is therefore requisite. To these two concepts of Admission and Profession of Faith our Church has usually added a third: The Confirmation of Baptismal vows. With regard to these matters, our Church believes the following things.

- (i) Membership in the Church includes those who have professed their faith in Jesus Christ together with their baptized children.
- (ii) It is necessary for a response to be made to the claims of Christ by the Baptized children of the faithful, and indeed, by all people to whom the Call of the gospel is addressed.
- (iii) The Church, through her ministries of worship, education and out-reach, must provide opportunities for her people to respond to these claims of Jesus Christ.
- (iv) Some responses will be of a corporate kind, undertaken by believers in fellowship; other responses will be of a private nature.
- (v) Admission into communicant membership must be seen in the context of the foregoing: it involves obedient response to the claims of Christ, as these claims are made throughout life, yet an act of admission remains necessary.
- (vi) Such act of admission involves Profession of Faith, Confirmation and Admission to the Lord's Table.

The following is appended by way of commentary and in order to raise certain questions the Church should debate.

1. *Membership in the Church includes those who have professed their faith in Jesus Christ together with their baptized children.*

While Baptism is commonly understood as the Act through which persons are admitted and incorporated into the Church of Jesus Christ, it is more than a symbol of status. The language used at the Administration of the Sacrament reflects a dynamic set of events and relationships. It refers to God's call and Covenant; our dying and rising with Christ and ingrafting into Him; remission, regeneration, adoption, resurrection and incorporation.

This is the heritage of the Baptized: it is a life of high potential. If these things are to become operative to any significant degree, the Baptized person must embark upon a pilgrimage.

2. *It is necessary for a response to be made to the claims of Christ by the Baptized children of the faithful, and indeed, by all people to whom the Call of the Gospel is addressed.*

The Baptized person, embarked on a pilgrimage, finds many points along his road where Christ is calling him to obey Him. The pilgrim must choose whether to obey or disobey. The situation that calls for this choice may be dramatic, but is more apt to be simply a part of the common routine of his daily life; the issue may be clear-cut, but more often it is difficult to know what the right decision is. The pilgrim finds himself in constant need of the guidance of God and His Strength as these are provided through the means of grace.

Sometimes we claim too much for Baptism; we assume too much if we think that every baptized person really seeks the guidance and strength of God or takes the claims of Christ seriously. In our time we witness the fact that many people neglect to "improve their Baptism". Parents and congregations have sometimes been responsible for frustrating in the lives of their children the great purposes of God, by being inattentive to their duties of nurturing and strengthening their children.

On the other hand we also witness the concern to know and trust God that is born in the hearts of many people who have been strangers to the Church for years or generations. If the belief and practice of the Church is geared only to the nurture of baptized children then her doctrine and practice are too narrow. Not only does the Church miss the opportunity of winning the unchurched, she has also been unfaithful to the great commission which calls us not only to teach but to Evangelize. (Matthew 28:19, 20)

3. *The Church, through her ministries of worship, education and out-reach, must provide opportunities for her people to respond to these claims of Jesus Christ.*

A child and an adult hear the claims of Christ in different ways, and they must respond in ways that are appropriate to their own situations and capabilities. The objective for Christian Education has been stated in this way: "that all persons be aware of God through His self disclosure, especially His redeeming Love that is revealed in Jesus Christ, and that they respond in faith and love — to the end that they may know who they are and what their human situation means, grow as sons of God rooted in the Christian community, live in the Spirit of God in every relationship, fulfil their common discipleship in the world, and abide in the Christian hope." We believe that these objects must be undertaken at every stage of life, whether in the life of the enthusiastic primary or in the long-time Communicant Member.

4. *Some of these responses are private and others are corporate.*

Congregations would do well to plan deliberately for those occasions when they can perform a common act of obedience to the claim and Will of Christ. Such a thing takes place at the Lord's Table, in the presenting of tithes and offerings, in the commissioning of Officers, teachers, congregational visitors.

Many other responses are of a private nature, in the sense that they are called for as a Christian, acting alone or in a small group, is called on to obey Christ in some life situation. The Church has responsibility toward that Christian; to have so trained him in the ways of God, and to have prayed for him and encouraged him that he may be equipped to discern God's Will and to do it with thanksgiving and in the strength that God supplies.

5. *Admission into communicant membership must be seen within the context of the foregoing.*

Admission into communicant membership involves obedient response to the claims of Jesus Christ. But these claims occur again and again all through life.

It is therefore wrong to think of admission into communicant membership as the end of a period of tuition. Tuition in things of God will continue as long as life lasts. It is also a wrong view that suggests that the responsibilities of faithful attendance to the ministries of worship, education and outreach will somehow be less now that the candidate has qualified for Communicant Membership. We claim too much for any Act of Admission if we regard it as having achieved some plateau of knowledge or involvement.

An Act of Admission into communicant membership remains necessary, however. Ancient Israel had a strong notion of the valid place which children of the Covenant had in the people of God. Children participated in the rites of Israel, and yet Israel developed the Bar Mitzvah, a ceremony in which the manhood of the son of the Covenant was acknowledged. There is a similar need for us to acknowledge the manhood or womanhood of a Christian.

6. *Such Act of Admission involves the following things:*

- (i) *Profession of Faith*

We believe that a Profession of Faith is necessary in order that a candidate may testify to himself, to the Church, to the World and to his Lord that he knows and acknowledges Jesus Christ to be his Saviour and Lord. Here it is made explicit that all these events of his life in which God has claimed his obedience in this or that situation really do mean in sum total that Jesus Christ is Lord.

We believe it is necessary that this be done in the case of Baptized children who have attained the age of responsibility, in order that it may be explicit that the faith in which they were nurtured they personally avow and share. They testify that the conditions of John 1:12, 13 have been fulfilled in them: "That as many as received Him, to them gave He power to become the Sons

of God, even to them that believe on His name: which were born, not of blood, nor of the will of the flesh, nor of the will of man, but of God."

We believe that such an act is necessary on the part of those who seek Christ and have not been nurtured within the Christian Faith, that it may be explicit that they have turned from the world to Christ.

We believe it is necessary for Christians to profess their faith on a high occasion of joy and praise, not because they have never done so before and expect never to do so again, but so that from this day forward it may be said that this pilgrim has now identified himself with the company of those in earth and heaven who confess and proclaim that Jesus is Lord.

(ii) Confirmation

We believe that confirmation takes place on the occasion of a Profession of faith and that this is to be understood in two ways.

In the first place, a candidate here ratifies what was done on his behalf at his baptism. He confirms the fact that the Holy Spirit has been at work to bring to pass, in part at least, those things which Baptism signifies.

On the other hand, the Church itself undertakes a work of Confirmation. The Session must be satisfied that the candidate exhibits those qualifications: "knowledge to discern the Lord's body" etc. which are required of candidates for Admission to the Lord's Table, and must be satisfied that the candidate lives a life in outward conformity with such profession. The Church thus confirms the fact that these conditions have been fulfilled. But the Church does more. It is her task to fulfil the ministry of which we hear in the New Testament. In such texts as Acts 14:22; 15:32, 41 and 18:23 Paul strengthened the faith of his children in the faith with prayer and instruction and the presence of his person. Other New Testament passages speak of the work God carries on in the lives of His people creating a stable faith, and an unchanging relationship and a steadfast hope (Mark 16:10; Romans 4:16; 1 Cor. 1:8). It is the duty of the Church to mediate the fulfilment of these things in the lives of her people. This is not done in a solitary act, but the act should make it explicit.

The Act of Confirmation should be an occasion of strengthening in itself, as the candidate becomes the focus of the Church's prayer, blessing and greeting, and as he is solemnly charged to fulfill his life-long call to be Christ's student and proclaimer, pilgrim and friend, soldier and servant.

We believe the Act of Laying on of hands to be a suitable symbol of these things. Although the Laying on of hands sometimes was accompanied by the impartation of the Holy Spirit to those who had never before received Him and that therefore does not match the situation where we believe that the Holy Spirit has been the life-long companion of the baptized, the Laying on of hands was also used as an Act of Benediction (Luke 18:15) a sign of healing (Mark 5:23; Acts 9:12, 17) and the appointing of men to special tasks (Acts 6:6; 13:3; I Timothy 4:14; II Timothy 1:6). Laying hands on a candidate for Admission to the Church Fellowship speaks of God's continuing work of healing the whole life and all the relationships of men, their appointment to the company of those who profess the Faith and the special tasks to which God may call them, and speaks also of the Blessing which the people of God call down upon the Confirmed.

(iii) Admission to the Lord's Table.

Our Church has always held the view that Admission into the full life of the Church is to be identified with Admission to the Lord's Table. The Book of Forms, section 110, suggests that the true object of Professing Faith is to establish the fact that a candidate is prepared worthily to receive the Lord's Supper.

We believe that the Church is in need of re-considering this matter. The question we raise is whether we are right in excluding baptized children from the

Table until they are old enough to profess their faith in the way envisioned in our Book of Common Order. Profession of Faith and Confirmation, in the way these terms have been used, are a mark of maturity. They imply that the candidate is now prepared to undertake wider responsibilities: to have voting rights or to take office as examples. But ought the Lord's Supper to be regarded in that way?

We rightly insist that those who come to the Lord's Table ought to have "knowledge to discern the Lord's Body" etc. The Westminster Confession of Faith excludes "all ignorant and ungodly persons." The larger Catechism (question 177) says that the table is open "only to such as are of years and ability to examine themselves" and refers to I Cor. 11:28, 29. But is the exhortation "Let a man examine himself" a matter of complete knowledge of the meaning of the Sacrament? Is it not rather a humble readiness to feed upon the Lord? If the latter is Paul's meaning, a baptized child should qualify. An early Christian tradition makes Baptism the sole requirement: "Let none eat or drink of your Eucharist save those who are baptized in the name of the Lord" (Didache 9:5).

Israel included children in the Passover. The Lord's Supper is not merely a continuity of Passover. Something happened to change its character and meaning. Jesus Christ became the centre of this new meaning. The Lord's Supper became more inclusive than Passover in that it was now a festival for all the world not for Judaism only. It also became more exclusive. It became the festival of true believers, not of everyone who happened to be members of one nation. But is it legitimate to think that this exclusiveness means that children of the Covenant are barred? If anything, the Lord's Supper should be even more expressive of the grace of God than was the Passover, yet not only did the Jewish child participate in the Passover, he had a part to play. He asked the question about the meaning of this night. He was taught and then he ate.

The Church should therefore consider the following:

- (a) The fact should be taken into account that there are young children of the Covenant whose devotion to Christ is real although they are not sufficiently advanced to understand the Apostle's Creed or the three questions which appear in our Book of Common Order. Ought we not to elicit from them a profession of a simple kind (such as the New Testament's "Jesus is Lord") and admit them to the Lord's Table? This could be followed at a later time with an affirmation using the questions presently found in the Book of Common Order.
- (b) The Church should prepare some new orders of worship to be placed alongside of the existing orders of confirmation, baptism and confirmation of adults and reception of members from other Churches namely (i) a profession of faith for younger children, (ii) an affirmation of faith in wider and more mature terms for those who have come of age and are now eligible to have a vote, hold office and assume mature responsibility in the Church's life.

CONCLUSION

The Act of Profession of Faith has a meaningful place in the Church. It is an occasion for receiving, strengthening and commissioning to wider service the people of God. It is made a dangerous thing, however, when it is deemed as a graduation and release from nurture, a plateau of experience or a discharge from service. We use it rightly when we see it within the context of lifelong discipleship.

IV. Re: THE CHURCH'S RELATION TO HER STANDARDS

In the light of Presbytery comments in this field, the Committee is working on a thorough revision of the terms of subscription to the Church's standards. In the interests of brevity and conciseness, for which many Presbyteries have expressed esire, it appears essential that the ordination questions and a preamble must be com-

prehended in a single integrated document. The draft document which follows incorporates a short form of preamble (A. & P. 1963, p. 300), and might alternatively incorporate the fuller form of preamble on which the short form is based (A. & P. 1962, p. 280). Both forms of preamble are readily available in the Book of Common Order, pages 351-354.

The following draft is submitted as a progress report; and the comments of Presbyteries are requested, to assist the Committee in the objective of preparing a definitive document for 1968 or 1969.

Terms of Subscription to Standards

All ministries of the church proceed from and are sustained by the ministry of the Lord Jesus Christ. He is our Prophet, Priest and King, the Minister of the covenant of grace. By the operation of God's Word and Spirit the church is gathered, equipped, and sent out to participate in this ministry. It is the calling of all her members to share the gospel with the whole world, and through Christ the only Mediator to represent the world before the Father in worship and service, until Christ comes again. That the church may be continually renewed and nurtured for her ministry, Christ furnishes her with pastors and teachers. He requires and enables her to discern and to confirm by ordination those whom He calls to this pastoral and teaching office. The standards of His church he entrusts in a special degree of responsibility to their care.

The Presbyterian Church in Canada is bound only to Jesus Christ. The Scriptures of the Old and New Testaments, as testimony to Him are the canon of all doctrine, by which He rules our faith and life. We acknowledge our historic continuity with the Holy Catholic Church Reformed, and her doctrinal heritage. Our subordinate standards are the Westminster Confession of Faith, as adopted in 1875 and 1889, the Declaration of Faith concerning Church and Nation of 1954, and such further doctrine as the church may from time to time confess in obedience to Jesus Christ.

These things which lie at the root of the church's very life, and which we have here heard anew, you have examined and weighed. You desire to take part with us in this ministry, this great freedom and this great responsibility, to teach and to govern in the church of God. This presbytery, having knowledge of your convictions and your attitude toward God and toward people, is prepared to receive you as a fellow presbyter, in the name of Christ Jesus our only head and loving judge. That your faith, your hope, your integrity of purpose may be heard now in the presence of God and the people, we ask you the questions appointed:

1. Do you believe that God addresses us here and now through Jesus Christ his Son, His authoritative and unique revelation, to whom His Holy Spirit witnesses in the scriptures of the Old Testament and New?
2. Do you accept the doctrine set forth in the confessions adopted by this church, and do you promise to be diligent in interpreting and promoting it among God's people?
3. Do you, believing in the government of this church by sessions, presbyteries, synods and general assemblies, promise to submit yourself to all lawful oversight therein, to follow no divisive course, but to seek the peace and unity of this church and of its sister communions?
4. Do you promise in the strength and grace of the Lord Jesus Christ to live as becomes his gospel, with due discipline in your home, and do you give yourself with all your heart, mind and strength to the service of Christ's ministry, for the furtherance of his reconciling mission in the world?

V. Re: MATTERS UNDER CONTINUING STUDY

- (a) The Committee is continuing its work, arising out of Overture No. 7, 1965, on a revised statement on Election and Predestination.
- (b) In the light of Presbytery comments the Committee is engaged in further revision of the statement on the doctrine of The Lord's Day, and also in the cognate matter of preparing an answer to Overture No. 5, 1964.

RECOMMENDATIONS

1. That the prayer of Overture No. 12, 1963, be not granted.
2. That the prayer of Overture No. 40, 1966, be answered in terms of Part II of this report.
3. That the study document on Admission into the Communicant Membership of the Church (Part III of this report) be sent to Presbyteries for study, and for report to the Committee on Articles of Faith by January 31st, 1968.
4. That the attention of Presbyteries be directed to the progress report on Terms of Subscription to Standards (Part IV of this report), and that they be requested to forward their comments to the Committee on Articles of Faith by January 31st, 1968.

All of which is respectfully submitted.

JOINT REPORT OF THE COMMITTEE ON ARTICLES OF FAITH AND THE COMMITTEE ON INTER-CHURCH RELATIONS

To the Venerable the 93rd General Assembly:

Last year the Committee on Articles of Faith presented to the 92nd General Assembly a draft statement of faith for consideration by the church. This statement was sent down to the Presbyteries for study and comment, and thirty-four out of forty-nine Presbyteries have replied. Comments have also been received from four Kirk-Sessions, two groups of lay people and two individuals.

The committees on Articles of Faith and Inter-Church Relations, who have been working together on this matter, feel that it is very necessary in our contemporary situation to set forth a statement of the basic faith of the church. They do so with the conviction that the church must speak today, as in all other ages, to an unbelieving world but a world to which Christ has brought salvation. Yet while the faith from which we speak is that of our fathers, we may not speak simply with their voice or in their terms, because the issues that confront us today are not identical with those that confronted them. The general culture of our day is no longer Christian either in moral standard or accepted beliefs, as indicated by the 'God-is-dead' theology, now popular in certain quarters. For this reason the church must take special pains to confront the world with the Gospel, not in language fashioned by our fathers, but in terms comprehensible in and applicable to, our present situation.

Coupled with the problems of belief and unbelief, both inside and outside the church, over the past few decades, particularly as a result of scientific achievements, man has raised for himself problems in the social, economic, political and intellectual spheres; and it is the responsibility of the church to address itself from a Christian position to these problems. The development of automation, new technologies in science and industry and the resulting increase of leisure, have all given rise to situations which man has never faced before. If the church, therefore, is to make its impact on the present world, it must be prepared to demonstrate that the Gospel of Jesus Christ speaks to these problems in society.

The variety of theological views expressed in the returns from Presbyteries, however, makes the task of preparing a statement of faith very difficult. For this reason the committees on Articles of Faith and Inter-Church Relations are, at the present time, working on a provisional statement as an expression of the church's faith in broad terms. If the church desires to set forth in detail its theological position, much

more time and much more study will have to be given to this matter. But at the present time and in fulfilment of the request of the overture of the Presbytery of Barrie, the Committees feel that they should prepare this general statement in the hope that it will give an indication of the church's faith in the latter part of the twentieth century, and stimulate the church to self-examination.

Appended herewith is a revised preamble which is presented to the Assembly for information only, and the committees hope that meeting jointly during the present year they will be able to prepare a complete statement for next year's meeting of the court.

Meanwhile, to help the joint committees in their task, and acting in the belief that we may be found, all of us, standing very close together in doctrine, we ask that individuals throughout the whole church, and the courts of the church, present statements of faith to the joint committees. In this request we give no direction as to the scope of the statements, either that they be comprehensive of the total faith or confined to aspects of the immediate needs as seen in the world. We ask that all assume with us responsibility in bearing witness to the Gospel in our day.

Revised Preface

The primary responsibility of the Church is to bear witness to the Christian faith, but it must always do this in terms relevant to its contemporary situation in the world. In so doing it does not proclaim man's wisdom, but seeks to declare that which God has revealed. The revelation of God to man is through Jesus Christ, His Son, His authoritative and unique living Word, to whom His Holy Spirit testifies in the Scriptures of the Old and New Testaments, His written Word and through which He speaks to us men where we are.

Sharing in the faith of our fathers who made their confession in the early centuries of the church and in the Reformation era, we believe that we should, like them, declare what we hear God saying to our times.

Therefore, without attempting to give a full exposition of the Church's doctrine, such as that formulated in the Westminster Confession of Faith, we make this statement of faith in our contemporary situation in order that the world may know what we believe.

II. The committees on Articles of Faith and Inter-Church Relations have begun work on the preparation of study materials re the proposed contemporary statement of faith and the new ordination vows. Bibliographies are to be sent out to Synods during the year and it is hoped that papers will be prepared for Synods to enable them to devote time at their 1968 meetings and/or conferences to the study of the whole question of confessional revision.

The following is a suggested outline for the proposed study material.

REPORT OF THE MRS. MARY MORGAN BENEVOLENCE FUND

To the Venerable the 93rd General Assembly:

Morgan Memorial House and the surrounding grounds in Markham, Ontario were devised by Mrs. Mary Morgan on January 10, 1930 to The Presbyterian Church in Canada as a home or hospital for sick, infirm or aged ministers and missionaries of the Church. Accompanying the devise was also a bequest which was invested and the income derived used to keep the house and grounds in repair. As of the end of 1965 the amount in this Maintenance Fund was \$17,241.00.

For many years Morgan House served a very useful purpose in the life of the Church but as time went on the cost of repairs increased beyond the capacity of the Fund to maintain the premises and when the municipality rezoned the area it made it no longer practicable to use the property for the purposes specified in Mrs. Morgan's will.

The 89th General Assembly (1963) granted the Administrative Council authority to sell the property provided the proceeds of sale together with the invested capital be used for the purpose of contributing toward the living expenses of sick, infirm or aged ministers and missionaries belonging to or connected with our Church.

Under the variation of Trusts Act R.S.O. 1960, Chapter 413, as amended by S.O.

1961-1962, Chapter 141, on Wednesday, April 22, 1964, the necessary Court order was issued (see Acts and Proceedings 92nd General Assembly — 1966 — pp. 272, 273).

The capital of the Fund is \$54,230.56 and this is invested by the Trustee Board in accordance with the terms of the Trust; the income to be used toward the living expenses of sick, infirm or aged ministers and missionaries belonging to or connected with The Presbyterian Church in Canada.

The Fund is administered by the Committee on Benevolences appointed by the Administrative Council as per authority of the last Assembly.

This is the first report of the Mrs. Mary Morgan Benevolence Fund made to a General Assembly.

All of which is respectfully submitted.

Chairman.

REPORT OF ST. ANDREW'S HALL, VANCOUVER, B.C.

The audited Statement of Accounts for our fiscal year ending August 31, 1966 is hereby attached. It clearly shows that we operated at a deficit of \$766.08 and to this of course must be added depreciation. We estimate an operational deficit for 1967 of \$8,125.00; resulting from, salary increases, (we now have full responsibility for the Matron's salary), pension plans, much overdue maintenance and repairs some of which has been accomplished, including a major repair to a broken steam line (\$1,000.00) and rise in prices of provisions. We would point out income from rates is at the maximum and decrease in revenue from summer conventions is to be expected, due to more facilities available around the campus, also the annual Summer Session is to be shorter this year.

As we noted in last year's report, the need of an increased grant for operation of St. Andrew's Hall is evident and our estimate of \$8,500.00 for 1968 while inadequate is necessary. The liquidation of investments has an end, and some of our investments are 'specific' for future Building Extension.

The Dean has continued his fine service of administering the operations of the Hall and his many and varied activities as Presbyterian Chaplain at the University. St. Andrew's Hall rates high on the Campus and throughout the Synod of British Columbia and is a source of prospective students for the Ministry.

We would be remiss if we failed to note the most valuable services of the Matron, Mrs. H. D. Carson, of Mr. Carson, and of Mr. Harold Johnston a member of the Board. Together they do so much, often far beyond the call of duty, to keep costs in hand and facilitate the whole operation.

We continue to give thought to the need of a Sabbatical Year for the Dean but must again note the situation financially.

HARRY LENNOX,
Chairman.

Secretary.

REPORT by Buttar and Chiene, Chartered Accountants, Vancouver, B.C.,
upon the accounts of

ST. ANDREW'S HALL

As at 31st August 1966

We have examined the Balance Sheet of St. Andrew's Hall as at 31st August 1966 and the Statement of Operations for the year ended on that date. Our examination

included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

No provision has been made in the accounts for depreciation on the Dean's Residence or on the Chapel and Dormitory.

In our opinion, the accompanying Balance Sheet and Statement of Operations present fairly the financial position of the Hall as at 31st August 1966 and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

THE COMMITTEE ON HOME RELIGION

To the Venerable the 93rd General Assembly:

Your Committee on Home Religion have continued to publish EVERY DAY as an aid to family worship and private devotions. We acknowledge with gratitude the cooperation of over fifty of our Ministers who during 1966 contributed material for EVERY DAY. Thorn Press and Presbyterian Publications receive a special vote of thanks; ever since inception they have printed, bound and distributed EVERY DAY without financial gain to themselves.

The Committee are grateful to Dr. H. F. Davidson and Mrs. R. Lezaki for assigning a stewardship calendar for a message on Home Religion and to Dr. D. H. Rayner, Editor of The Presbyterian Record, for including in the Record the lists of scripture passages used in EVERY DAY.

From time to time during the year the Committee have been encouraged by letters received from those who find EVERY DAY helpful in their devotional life. The Committee would thank these ladies and gentlemen for their kindness in going to the trouble to write. Further the Committee would acknowledge with gratitude the pertinent criticisms received from Presbyteries and individuals. These have been most useful and, within the limits of possibilities, the Committee are endeavouring to profit by these frank expressions of opinion.

During 1966, the cover pictures of EVERY DAY were as follows: January-March, a young man and a young woman greeting the New Year with upstretched hands; April-June, Little girl with her teddy bear, kneeling in prayer at bedtime; July-September, Boy with baseball bat and glove; October-December, Father, Mother and three children with birthday cake.

During 1966, the circulation of EVERY DAY was as follows: January-March, 13,257; April-June, 12,916; July-September, 12,762; October-December, 13,143, an average of 13,019 per quarter compared with an average of 13,145 per quarter in 1965.

The Committee express their heartfelt thanks to Almighty God for any success attained through the use of EVERY DAY. They pray that His continued blessing may rest upon every effort to serve Him.

RECOMMENDATIONS

The Committee crave leave to present five recommendations as follows:

1. That in view of the concern for the welfare of the Home, the Church and the Nation in these times and the need for deepening the Spiritual Life of our people, each Kirk-Session of the Church which has not already done so be urged to appoint one of its members or other interested person to promote the use of EVERY DAY within the congregation.
2. That the congregations and presbyteries of the Church be asked to consider placing copies of EVERY DAY in hospitals, homes and other institutions within the community they serve for the use of patients and others.
3. That Kirk-Sessions be requested to present a copy of EVERY DAY to each person

uniting with the Church on profession of faith or by certificate; and on such other occasions as baptism (to the parents) and marriage (to the young couple about to establish a home) and to make copies available by way of a rack or otherwise in the vestibule of the Church for the members and adherents of the congregation.

4. That the Kirk-Session or some other body within the congregation be requested to provide the minister with sufficient copies of EVERY DAY to assist him in making Recommendation 3 effective and also for his use in his visitation of the congregation.
5. That the Assembly invite Presbyteries of the Church to set aside a period of time at one of their meetings during the year for the purpose of discussing and instituting methods of promoting the use of EVERY DAY as a devotional guide among the congregations within their bounds. All of which is respectfully submitted.

JOHN FORBES,
Chairman.

E. A. THOMSON,
Secretary.

COMMITTEE ON THE REVISION OF THE BOOK OF PRAISE

To the Venerable the 93rd General Assembly:

The committee on the Revision of the Book of Praise, being a sub-committee of the Church Worship Committee, begs leave to submit its third report.

The report is in two parts: first, a general review of the committee's work (Section A); and second, Dr. Fowler's report concerning presbytery communication (Section B).

(A) We have continued the practice of communicating all minutes of our committee with members of the Church Worship Committee and have received from its members considerable help and much valuable criticism.

In response to the request to committees of presbyteries specially appointed to work with us on matters arising concerning revision of the Book of Praise, there has been a very widespread correspondence. This has consisted largely of suggestions for new hymns and all these have been most carefully noted.

It has been our aim to keep presbyteries fully informed of all our deliberations and decisions and during the past year circulated all presbyteries with our recommendations concerning hymns for deletion from the new book and also some of the new hymns on which the committee had reached unanimous agreement for inclusion. Dr. Louis Fowler has been the chief agent in this area of communication and at the close of this report there is included his summary (Section B) of presbyteries' response and reaction. We shall certainly continue this inter-relationship between presbyteries and ourselves as it has already proved most helpful and should be even more so in the future.

The committee has been concerned about the choice of a National Anthem for Canada and has had correspondence with both the Prime Minister, the Right Honourable Lester B. Pearson and the Honourable Judy LaMarsh, Secretary of State. It has been evident for some time that "O Canada" would be the choice as anthem for the nation; but the wording of the lyrics was clearly a matter of great debate. The well-known words most commonly sung are in no real sense either a hymn or a prayer and the committee has requested that a second verse be included in the complete National Anthem and that this second verse be the second verse of Hymn 648 in our present book of praise — Lord of the Lands. The second verse reads as follows:

"Almighty Love, by Thy mysterious power,
In wisdom guide, with faith and freedom dower;
Be ours a nation evermore that no oppression blights,
Where justice rules from shore to shore,

From lakes to northern light.
 May love alone for wrong atone;
 Lord of the lands, make Canada Thine own:
 Lord of the lands, make Canada Thine own . . ."

The response to our request has been gracious but non-committal. We feel that this should be pressed strongly upon the committee responsible for the choice of lyrics for the National Anthem although the final decision will probably have been reached by July 1st of this year. Even if our suggestion be not accepted, and if the final proposal to the nation is for an anthem which cannot rightfully claim a place in our book of praise, the committee on revision would respectfully suggest that some form of agreement be secured between the National Government and The Presbyterian Church in Canada whereby it would be possible for us to include the verse suggested above immediately after the wording of Canada's anthem.

The children's hymn section has aroused strong comment in two quite diverse ways. On one side, we have many urging us to hold the present section almost intact; on the other hand, we are summoned to forget antiquated thought forms of childhood and Victorian ways of looking on this world as a dreary place through which we must pass with as much patience as possible but looking ever towards the better land. The committee is persuaded that there is a case for both points of view and are proceeding very carefully. We do feel, however, that rather than have a children's section exclusively at the end of the Book, the hymns which are suitable for children should be spaced throughout the Book and inserted in the appropriate subject section where they properly belong. We would value the Assembly's guidance here.

We have continued our revision of the Psalter and have this almost completed. Our study of the Psalter has convinced us more and more that in it we have an incomparable selection of hymnody from which singable material can be found for almost every church service or special occasion. We plan to include at the appropriate psalm number any version of the psalm which has been commonly regarded as a hymn. This was partially followed through by the compilers of our present Book; but we feel that the principle can be considerably extended. "The spacious firmament on high," for instance, we feel should be included under the 19th psalm versions; and similarly in other areas.

Very considerable research has been done on the Christmas hymns. Complete unanimity has been found with regard to the incorporation of tunes "Antioch" and "St. Louis" — every Presbytery reporting on this subject has made the same request; and of course with this the committee is in full agreement. Under the Christmas section, we feel it would be advisable to have three main sections: Advent, Nativity, and Epiphany. This should prove to be more useful than the present arrangement and is more logical. There have been many requests for inclusion of a great number of carols — but the committee has felt the necessity for restraint here. A considerable number of new numbers have none the less been introduced and while this section is by no means finalized, it already appears as one of the most complete Christmas sections of any hymn book the committee has studied. We are issuing our selection to all the Presbyteries and request a most careful review and detailed report from all.

Missionary hymns continue to be an area of great perplexity. The era of modern missions has not produced the wealth of hymns which the great missionary expansion of the 19th century generated. The result is we still have many hymns, which, while excellent in spirit, depict a missionary situation which is no more. Because of this, and in spite of many requests for the retention of the hymn "From Greenland's Icy Mountains," we feel it dates itself too radically. The spirit of nationalism which we see everywhere throughout the world today is coldly unresponsive to such Christian views of other lands. Yet hymns of mission are a MUST for the Book of Praise. We are looking everywhere for these but with little result as yet. Any help which the Church at large can give, will be greatly appreciated.

(B) REPORT ON THE RETIREMENT OF HYMNS FROM THE BOOK OF PRAISE

In March of 1966 the committee sent to all Presbyteries its "Report No. 1" in which was listed a total of 234 hymns that the committee proposed for deletion from

the Book of Praise. We asked the opinion of the presbyteries on the deletions, inquiring if they desired reconsideration of any of the numbers or had other numbers to propose for deletion. The date for replies, originally September 30, 1966, was extended to October 30, 1966.

Twenty presbyteries replied which is a gratifying number, and we think these reflect the mind of the Church. Some presbyteries, sending the list to congregations, screened the replies before sending them to us; others sent in the congregational replies without comment. A few, very few, presbyteries did not send the list to their congregations.

The procedure followed by the committee was to take the presbytery returns and tabulate those, as if they were in the nature of a return under the Barrier Act. The tabulation for the 234 hymns is as follows:

There were 33 hymns for which no reconsideration was asked.

Ten or more presbyteries agreed in asking reconsideration of twenty-seven hymns.

The committee has given most careful consideration to these twenty-seven. We still recommend the retirement of ten of them.

Bowing to the request of the presbyteries, we recommend that the following hymns be struck from the list sent out in March of 1966: 148, 180, 235, 400, 408, 409, 433, 493, 502, 505, 519, 521, 677, 717, 751, 752, 761. This is to say that these hymns will be in the new Book of Praise. Presbyteries may amend their list of retirement by striking these numbers from our Report No. 1, March 1966.

The net number of hymns to be retired from the present Book of Praise is 217, which will make way for the many new hymns under consideration.

Presbyteries were also asked if there were hymns they wished retired and not found on our list. To this there was a response from seven presbyteries in which 142 different hymns were recommended for retirement. The committee finds no large agreement among the presbyteries on these, and, believing that seven represent too few a number to merit a reference to all the presbyteries, recommends that none of the 142 be retired.

Recommendations:

1. That the committee be continued.
2. That the Assembly's thanks be extended to presbyteries for all the help that their special committees have been to the committee on revision.
3. That the Assembly approve the committee's suggestion that, if possible, the second verse of Lord of the Lands be included as second verse of our National Anthem.
4. That the Assembly approve in principle the spacing of children's hymns throughout the book and not in any separate section; and that the aid of the whole church be sought for children's hymns which are full of the true gospel of our Lord and written in the idiom of this century.
5. That the joint expense allocation, which this committee shares with the Church Worship Committee, be as formerly — \$1,000.
6. That the Section marked (B) be approved.
7. That the revision of the Book of Praise be not confined to a supplement. (A. & P., 1966, p. 107).

All of which is respectfully submitted.

WILLIAM FITCH,
 Convener.

THE JARDINE MEMORIAL FUND

To the Venerable the 93rd General Assembly:

The Fund was established under the will of the late Mr. James Jardine, a farmer residing near Schomberg, Ontario; who died January 31, 1960. The terms of the trust are as follows:

"To pay over to The Presbyterian Church in Canada the sum of Fifty Thousand Dollars (\$50,000) to set up a Fund to be known as 'The Jardine Memorial Fund'. This Fund to be subject to the control and administration of the Board of Administration of the said Presbyterian Church in Canada. The revenue of the Fund so constituted to be used by the said Board to relieve worthy cases of distress, and misfortune happening to ministers of the said Presbyterian Church in Canada, through ill health, age, infirmity, or other misfortune."

This Fund has been of very great assistance to many of our ministers who have fallen on days of misfortune. Careful investigation in each case has revealed a need for help which can be forthcoming without the embarrassment consequent upon publicity. This Fund is administered on the scriptural principle that the left hand is not to know what the right hand is doing. By reason of the generosity of the donor much good has been accomplished. We thank God and take courage.

All of which is respectfully submitted.

J. K. LATTIMORE,
Chairman.

E. A. THOMSON,
Secretary.

THE COMMITTEE ON HISTORY

To the Venerable the 93rd General Assembly:

Reports received from Synods and from individual congregations indicate that our Church is participating enthusiastically in activities planned to commemorate the centennial of Confederation in Canada. Special services have been held in many congregations, and others are planned for later in the year. In many localities our churches have participated in inter-faith services and some have sponsored centennial projects of their own. We are grateful for the help offered for centennial services by the publications of the Inter-Faith Commission, *Canadian Centennial Anthology of Prayer and Hymns for Congregations*.

In addition to being the hundredth anniversary of Confederation in Canada, 1967 marks the hundred and fiftieth anniversary of the formation of the Synod of Nova Scotia. The first meeting of that Synod was held on July 3, 1817. The Synod of the Atlantic Provinces has planned to hold special services to commemorate this landmark in the development of Presbyterianism in Canada. This Synod, too, has commended highly the work of the Rev. W. M. Moncrieff in writing a history of the Presbyterian Church in Newfoundland.

The Synod of Saskatchewan observed last year the hundredth anniversary of the beginning of Presbyterian work in that province. An excellent and well-researched account of the work of the church there has been written by Mr. R. D. Dunning, under the title, *A Century of Presbyterianism in Saskatchewan, 1866-1966*.

Two congregations within the Synod of British Columbia observed their centennials last year, St. Andrew's, Victoria, and St. Andrew's, Nanaimo. The Synod of British Columbia also reports the publication of an account of the development of the Church in West Vancouver, *A History of Presbyterianism in West Vancouver, Pioneer to Present Day, 1861-1965*.

Encouraging sales are reported for the Church's two centennial publications, *A Short History of the Presbyterian Church in Canada* and *Enkindled by the Word*. One further volume is planned, a representative collection of sermons, edited by Professor A. L. Farris, to be entitled, *The Face of the Church*. A brochure, *Presbyterianism in Canada* by Professor H. Keith Markell has been translated into French and German. It is hoped that this publication will be useful in giving some information about our church to visitors to Canada during Expo 67. For those visiting Montreal this summer a committee of the Presbytery of Montreal has published a brochure listing the Presbyterian congregations within the area of the city.

Three issues of the *Newsletter* were published last year under the editorship of the Rev. T. Melville Bailey. The annual history prize was awarded to the Rev. Wallace Whyte for his work on the history of the Presbyterian Church in Chatham, New Brunswick.

The Archives continues to receive materials of historic interest from congregations and welcomes additions to its collection. Items may be forwarded either to the Librarian of Knox College, or to the Librarian of the Presbyterian College, Montreal.

Members of our Hungarian congregations are interested in the fact that this year marks the four hundredth anniversary of the birth of the Reformed Church of Hungary at the Synod of Debreken. An article on the Reformation in Hungary by Professor A. L. Farris was carried by the *Presbyterian Record* in its May issue.

In October of this year attention will be directed to the 450th anniversary of the beginning of the Reformation in Germany. It will be appropriate for reference to be made to this in our congregations on Reformation Sunday.

Although there has been an increase of interest in local history and Canadian history in recent years the Committee noted that some of our older congregations could do a great deal more to publicize the dates of their founding. A marker in the church-yard or an addition to the sign-board would serve a useful purpose in drawing attention to the number of years that the church has maintained its witness in the community.

The Committee on History is most appreciative of the efforts put forth by ministers, kirk-sessions, and congregations in making the observance of the Centennial of Confederation in Canada a memorable year for our nation and for our church.

RECOMMENDATIONS

1. That Church libraries and Church-School libraries be encouraged to stock copies of the Centennial publications of our Church, the publications of the Canadian Council of Churches, and selections from the books recommended by the Inter-Faith Commission's "Library Shelf" project.
2. That our older congregations, and especially congregations more than one hundred years old, draw attention on their notice-boards or on special markers to the date of their founding.

All of which is respectfully submitted.

PENMARVIAN HOUSE COMMITTEE

To the Venerable the 93rd General Assembly:

Penmarvian is situated in the Town of Paris, Ontario. It consists of the Main Residence, the Coach House, the Cottage and other smaller buildings erected on twelve acres of land sloping down to the Grand River. It is the gift of the late

Mr. John Penman to The Presbyterian Church in Canada and is now open to receive any Presbyterian man or woman to the limit of its capacity. It derives its revenue from fees paid by the guests, interest from the Trust Fund, legacies devoted to the support of the home, gifts from congregations, groups and individuals and a small Authorized Expenditure from the Budget Funds of the Church.

In view of her approaching marriage to Dr. William Sharpe of London, Mrs. Kingsburgh tendered her resignation as Superintendent of Penmarvian. The Committee wish to express their thanks to Mrs. Sharpe for all she endeavoured to do for Penmarvian and to wish her much joy in the new life upon which she has entered.

The Committee were fortunate in obtaining a successor to Mrs. Sharpe. In November, Mrs. Rena Mitchell of Paris, Ontario, took over the duties of Superintendent. She has proved herself efficient in her work and has won the confidence and the support of our guests. She had experience in Penmarvian when Mrs. Sharpe was Superintendent. She was more recently in charge of a nursing home. To Mrs. Mitchell and her associates, the thanks of the Committee are extended.

During the year the Reverend W. A. Smith of Paris accepted a call to become Assistant Secretary of the Church's Board of Evangelism and Social Action. The Committee would put on record their gratitude to Mr. Smith who ministered so kindly to our guests at Penmarvian. The Committee would especially mention the weekly services which he so acceptably conducted at Penmarvian.

All of which is respectfully submitted.

F. G. STEWART,
Chairman.

Secretary.

THE DR. EPHRAIM SCOTT BENEVOLENT FUND

To the Venerable the 93rd General Assembly:

The Fund was established in 1932 in the form of a Trust under the Will of the late Dr. Ephraim Scott, Moderator of the 1925 General Assembly, "To be used to relieve cases of distress and misfortune happening to ministers of The Presbyterian Church in Canada or their families through ill-health or misfortunes especially in cases where the amounts available from other funds of the said Church are insufficient to provide adequate relief, or are not available."

The original Fund has been augmented by several bequests, among them being those from Mrs. Sara McCallum, Mrs. Maria Stewart and Mr. C. M. Pitts.

Each year the Administrative Council appoints a Committee to administer the Fund. The Committee endeavour to carry on their work on the scriptural principle that the left hand is not to know what the right hand is doing.

Amounts from this Fund are paid monthly to several beneficiaries. Though not large, these benefits have brought comfort and assistance to these faithful servants of the Church whose circumstances are quite straitened. We are grateful to those ladies and gentlemen who through their gifts in their life or through their wills have shown their interest in the great work of mercy which is continually being carried forward through the operation of this Fund.

The statement of receipts and expenditures will be found in the Auditors' Report.

All of which is respectfully submitted.

J. K. LATTIMORE,
Chairman.

E. A. THOMSON,
Secretary.

THE JOSEPH B. ROBERT AND DAME SARAH ROBERT FUND (BENEVOLENCE)

To the Venerable the 93rd General Assembly:

Mr. Joseph B. Robert was a French Canadian and his wife, a Scottish Presbyterian. They lived in Beauharnois where Mrs. Robert and their family were members of St. Edward's Church. The son and the daughter, Mr. W. H. Robert and Miss Sarah Robert, desiring to "perpetuate the memory" of their father and mother established in Church and charitable circles several funds to this end.

It is upon one of these funds that we now report:

The son, Mr. William Henry Robert, bequeathed the income from one half the residue of his estate to The Presbyterian Church in Canada; one-third of this one-half being "for assistance for needy ministers who have retired."

The daughter, Miss Sarah Mary Robert, set up a Donation in terms similar to those of her brother's last Will and Testament: one-half of the residue to the Church; one-third of this one-half being "for assistance for needy ministers who have retired."

Under the terms of Mr. Robert's last Will and Testament and Miss Robert's Donation, the Montreal Trust Company of Montreal, Quebec, was appointed trustee of both. Each quarter, the Trust Company remits to The Trustee Board of The Presbyterian Church in Canada the share of income falling to the Church. It is with this especial one-third of this share of income "for assistance to needy ministers who have retired" that this particular report deals.

It is to be noted that this especial one-third is "for assistance to needy ministers who have retired". The terms are therefore quite restrictive. No money from this Fund may be granted to ministers' dependents; it is solely "for assistance for needy ministers who have retired".

This Benevolence Fund has brought encouragement and a measure of comfort to a number of our ministers who have been compelled to retire by reason of the infirmities of years or because misfortune has early fallen upon them.

These ministers in particular and The Presbyterian Church in Canada in general express gratitude to God that it was put into the hearts of this son and daughter to remember His faithful servants who are in need or will find themselves in need.

Every year a small Committee is appointed to administer this benevolence Fund.

All of which is respectfully submitted.

J. K. LATTIMORE,
Chairman.

E. A. THOMSON,
Secretary.

THE COMMITTEE ON INSTITUTIONAL CHAPLAINCIES

To the Venerable the 93rd General Assembly:

The Committee on Institutional Chaplaincies begs leave to report in the following terms.

The Committee was appointed by the 91st General Assembly to give consideration to the specialized ministries involved in institutional chaplaincies. It reported to the 92nd General Assembly and was made a standing committee. During the past year the Committee has requested, received and examined the following materials:

1. The qualifications of candidates, salaries, and conditions of employment regarding institutional chaplaincies under provincial and federal auspices.

2. The qualifications of candidates, the courses offered, and the fees required for training under the Canadian Council for Clinical Pastoral Education.
 3. The qualifications of candidates, the courses involved, and the fees charged with reference to the Canadian Urban Training Project for Christian Service.
- The Committee has also received and dealt with requests from provincial government departments for the endorsement of ministers of The Presbyterian Church in Canada desiring employment in penal institution chaplaincies.
- All of which is respectfully submitted.

Convener.

THE CLARENCE MACLEOD PITTS GENERAL BENEVOLENCE FUND

To the Venerable the 93rd General Assembly:

The General Benevolence Fund of The Presbyterian Church in Canada was established by the 89th General Assembly. In recognition of great service rendered the Church especially in the field of benevolence, the 91st General Assembly renamed the Fund, The Clarence MacLeod Pitts General Benevolence Fund. The word "general" denotes its purpose to come to the help of Church workers especially those whose needs do not fall within the regulations governing other benevolence funds.

In his will Mr. Pitts bequeathed \$150,000.00 to the Capital of this Fund. The Trustee Board have invested the money and the interest is being used according to the trust.

The Committee cannot speak too highly of the generosity of Glenview Church Toronto who donated \$5,000.00 to the Fund, thus enabling the Committee immediately to embark upon their work of compassion in the interim before the Capital of the Fund should begin to bear sufficient interest.

In these years many have been helped, the burdens of men and women have been eased and encouragement and hope have been restored to their lives. Such is the beneficence of a Fund upon the expenditure of which few restrictions are placed.

All of which is respectfully submitted.

J. K. LATTIMORE,
Chairman.

Secretary.

REPORT OF COMMITTEE RE RESOLUTION A & P, G.A. 1965, p.101, and 1966 p.459

To the Venerable the 93rd General Assembly:

The Special Committee appointed by the 92nd General Assembly (A & P 1965, p. 120) re Resolution A & P 1965, p. 459 begs leave to submit the following report:

The Resolution referred to this Committee called for an analysis of housing, stipends and allowances which would permit an evaluation of the idea of graded stipends and increments relative to years of service for pastors. Such an analysis is a task beyond the competence of a Committee of the General Assembly and could only be carried out by a professional service engaged in this field.

The Resolution further requested a study of the matter of position evaluations

in Committees and Boards of the Church. It is the considered opinion of this Committee that the recommendations of the Administrative Council in re the categories of "professors and secretaries" and salary scales and increments for such personnel meet the need in this area.

The Committee would therefore recommend:

1. That, due to the cost involved, no further study of the idea of graded stipends and increments relative to years of service in the pastorate be undertaken.
2. That the action of the Administrative Council with regard to professors, secretaries and assistant secretaries be considered as meeting the intention of previous Assemblies regarding graded stipends and increments relative to years of service and the matter of position evaluations in Committees and Boards of the Church.
3. That this Committee be discharged.

All of which is respectfully submitted.

WM. LAWSON,
Convener.

REPORT OF THE CLERKS OF ASSEMBLY: OVERTURE 3, 1966, PRESBYTERY OF KAMLOOPS, RE CUT-OFF DATE FOR RECKONING PRESBYTERY'S REPRESENTATION AT ASSEMBLY

To the Venerable the 93rd General Assembly:

The Prayer of Overture 3, Presbytery of Kamloops, 1966 (A & P 1966, p. 403), is that the General Assembly establish a "cut-off" date for reckoning a Presbytery's representation to Assembly as being ten days before the General Assembly convenes, or such other advance date as may be considered reasonable.

The Book of Forms, Section 278, sub-section (3) reads, "Each Presbytery shall elect its representatives at an ordinary meeting, held at least twenty-one days before the meeting of the General Assembly. If any one thus elected resigns his commission, the Presbytery may, at a subsequent meeting, held not less than eight days before the meeting of the General Assembly, appoint another in his stead."

The footnote to this sub-section reads, "This is not to be understood as interfering with the Presbytery's right, if it see cause, to appoint a list of alternate commissioners and to empower its clerk to fill up from this list any vacancies that may occur. The Presbytery clerk is enjoined to report the corrected list of commissioners to the Clerks of the General Assembly not less than eight days before the meeting of the Assembly."

Sub-section (7) of Section 278 reads, "The roll to be called at the opening of Assembly shall be made up from the rolls of the several Presbyteries, as transmitted to the Clerk of Assembly, containing the names of the commissioners appointed at least twenty-one days before. At its first session the Assembly shall appoint a "Committee on Commissions", to which shall be referred the reports of Presbyteries regarding commissions issued at a later date and all matters affecting the roll. On the report of this committee the Assembly shall order such changes to be made in the roll as may be required. The roll thus amended shall be the permanent roll of the General Assembly."

The Clerks of Assembly have taken full cognizance of the reasons given by the Presbytery as a prelude to its prayer for a "cut-off" date ten days before the opening of the Assembly. The difficulty arises if a Presbytery having seven, thirteen, nineteen, etc., names on its roll, in the last few days before Assembly opens is reduced to six, twelve, eighteen, etc., and thereby suffers the loss of one, two, three, etc., ministers and elders. Or, the situation may be an increase of six to seven, etc. The

Clerks submit it is the Presbytery's responsibility to know what its roll will be on the eve of Assembly, and the Clerks have for years beyond memory made the "cut-off" date the eve of Assembly that the Presbytery may have its exact representation. Changes are authorized over the signature of the Presbytery's Clerk or by telegram or telephone message from him, immediately to be confirmed by letter.

The exception that can arise comes from the death of a minister on the constituent roll of Presbytery occurring a few days before Assembly opens. This affects the roll only when it makes a reduction from seven to six, thirteen to twelve, etc., and is very rare, indeed. The practice of the clerks herein has been to recommend the payment of travelling costs to the commissioners affected who are already on the way to Assembly.

A "cut-off" date as suggested, ten days before the opening of Assembly, would remove this hazard. The Clerks, however, weighing this against the long practice of taking the exact representation of Presbytery on the eve of Assembly, and believing such representation should prevail, are unwilling to recommend changes under the Barrier Act. The setting of a tenth or other day will cause confusion in time of sending and receiving commissions now largely obviated by the present practice. The Clerks therefore recommend that the prayer be not granted.

Respectfully submitted.

E. A. THOMSON, L. H. FOWLER,
Joint Clerks of Assembly.

REPORT OF THE CLERKS OF ASSEMBLY: OVERTURE 16, 1966, PRESBYTERY OF PEACE RIVER, RE, PARITY OF MINISTRY AND STIPEND

To the Venerable the 93rd General Assembly:

The Presbytery of Peace River, stating there is confusion and difference of interpretation in the present use of the term "stipend" asks that its real meaning be defined.

The Clerks of Assembly appreciate the confusion in the use of the term "stipend", a confusion which was found for years even in the terminology of Boards and Committees of Assembly, and which still lingers.

The General Assembly of 1960 (see A & P, 1960, pages 27, 90, 91, 291 and 292) directed that on page 2 of the annual statistical form the following particulars be given by all congregations: "(a) Basic amount paid, (b) Car and travel allowance, (c) Fuel allowance, (d) Telephone allowance, (e) Electrical and other household allowance, (f) Other emoluments provided by the congregation (specify) not including marriage honoraria, (g) Total stipend. The total of these shall be entered under the item "Stipend paid by Congregation" 26(a) by the person completing the report, and the same shall be checked by the Clerk of Presbytery (by inquiry if necessary) and any necessary corrections made."

This total is automatically a definition of stipend in that congregation. But one congregation may pay only (a) and (b), and the neighboring congregation may also pay (c), (d) and (e). This is doubtless the source of much of the confusion. How can the word 'stipend' be used for each when the component particulars are not the same? The answer is, if we are going to use the word 'stipend' we must use it as the Church has always used it, or abandon it and get into the swamp of "fringe benefits", etc., etc.

The Clerks of Assembly, who prepared the Regulation of 1960, hold to the historical definition of "stipend", which may be stated in these terms: "Stipend is the amount received from a congregation from which the recipient supports himself and his family and pays the necessary expenses, in his discretion and judgment, of

carrying out his duties." This definition, historically, covers the usage of the word also in civil affairs, *mutatis mutandis*, and indeed today, in such phrases as "stipendiary magistrate" is reasonably accurate.

The key phrase in the definition is "paid by the congregation". Thus, one notes that marriage honoraria are excluded. The congregation that represents to a candidate for a vacant pulpit that he will have many weddings and therefore a larger stipend betrays its own mind on what stipend is, to say nothing of its own unbecoming frugality.

It may be noted that the Clerks of Assembly have taken into consideration Income Tax Regulations so that there is no conflict.

Under Section 109 (a) of the Book of Forms the minister is stated to be responsible for the supply of his pulpit. The Clerks of Assembly have uniformly held that under 109 (a) the minister is responsible for the cost of pulpit supply in illness that may come to him. It is an act of grace on the part of a congregation to pay for such supply: the Presbytery cannot compel a congregation to do so. In the "Guarantee to Presbytery for Minister's Stipend" the statement of holidays with the congregation paying for the supply is also consistent with the definition of "stipend" saying in effect, in a contractual obligation, that he is relieved from duties during the holiday period. The free use of manse and glebe is historically consistent with the definition given.

The Clerks recommend that this Report be the answer to Overture 16, 1966.

Respectfully submitted.

E. A. THOMSON, L. H. FOWLER,
Joint Clerks of Assembly.

REPORT OF THE CLERKS OF ASSEMBLY ON REPORT OF THE COMMITTEE ON SYNOD CORPORATIONS TO THE 92nd GENERAL ASSEMBLY RECOMMENDATION 2 Re BOOK OF FORMS SECTION 151 and SECTION 200 SUB-SECTION (h)

To the Venerable the 93rd General Assembly:

In their report to the 92nd General Assembly, the Committee on Synod Corporations said in part:

"The major cause of default is borrowing beyond the ability of the congregation to repay, which (1) results from over-estimating potential both in members and financial ability of the people and (2) over-building, which frequently leads to borrowing from several sources. Of the 62 congregations presently having loans from the Corporations three have six loans, eight have five loans, 22 have four loans, 11 have three loans, 16 have two loans and two have only one loan each. The congregations that have a multiplicity of loans usually have the greatest difficulty in meeting their financial obligations. We are not at all sure that all our Presbyteries are aware that congregations within their bounds have borrowed from several sources because the congregation, according to the Book of Forms, requires Presbytery approval to borrow only when its property is to be used as security. It is our considered opinion that Presbyteries should exercise the controls they now have but in addition should be given authority to control congregations in borrowing funds for capital purposes from any source whether or not it involves placing the congregation's property as security. In fact, due to our experience during the last two years, it is the mind of the Committee that unless Presbyteries are given such authority and exercise such authority, some central body will have to be given power to control all capital borrowing in order to preserve the good name and credit of the Church. We are recommending that this matter of Presbytery control of borrowing be referred,

in the terms of our recommendation, to the Clerks of Assembly for study and report". — See A & P G.A. 1966, pp. 308 and 309.

To this end the 92nd General Assembly adopted Recommendation 2 of the Committee which reads as follows:

"2. That the Clerks of Assembly be asked to study and report on the possibility of amending Section 151 of the Book of Forms in such a fashion as to achieve Presbytery Control over all borrowing on the part of congregations for capital purposes with or without property security".

The Clerks, having duly considered the matter, present an amendment to the effect that the Book of Forms, Section 151, read as follows:

"No debt shall be contracted with security on Church property and no loan for capital purposes be negotiated by any congregation, unless the Presbytery at the instance of the congregation, shall have given its sanction, and only after minute inquiry into the circumstances of the case, the Presbytery realizing its grave responsibility in the matter".

And that Book of Forms Section 200 Sub-Section (h) be accordingly amended to read as follows:

"No congregation may sell, mortgage or otherwise contract debt upon the security of church property or negotiate a loan for capital purposes, without first obtaining the sanction of Presbytery. The Presbytery is enjoined to make minute inquiry into the circumstances of each case, the Presbytery realizing its grave responsibility in the matter".

The Clerks recommend that the above amendments to Book of Forms Section 151 and Section 200, Sub-Section (h) be sent down to Presbyteries under the Barrier Act, the Presbyteries to report their judgment to the Clerks of Assembly by April 1, 1968.

All of which is respectfully submitted.

E. A. THOMSON, L. H. FOWLER,
Joint Clerks of Assembly.

REPORT OF SPECIAL COMMITTEE RE: RECOMMENDATION 3, PRESBYTERIAN COLLEGE, MONTREAL, A & P, 1966, pages 356, 357

To the Venerable the 93rd General Assembly:

The Special Committee appointed by the 92nd General Assembly to consider Recommendation 3 of the Board of the Presbyterian College, Montreal (A & P, 1966, pages 356, 357) consists of Mr. H. D. Stewart, Convener, Dr. D. C. Hill, Dr. L. H. Fowler, Ministers; Mr. Robin Ross and Mr. Allen Gordon, Elders. (See A & P, 1966, pages 38 and 100).

The terms of reference are, "... that a study be made of the feasibility and desirability of making appointments in future of Professors to the Colleges for fixed but renewable terms, rather than permanent, and to report with recommendations to the General Assembly of 1967..."

Your Committee's Report is divided as follows:

"A". A consideration of the ideas involved in the phrase, "fixed but renewable".

"B". The three possibilities of action.

"A": The phrase, "fixed, but renewable".

To bring about fixed but renewable terms for professors (and, one might expect a similar request could come later for pastors and executives) requires changes under the Barrier Act, changes in the regulations governing appointments, and makes a complete break with centuries-old practices. It may be that our times require such a break, but a break should be made only with the greatest deliberation.

Attention is called to the Regulation presently appearing in the Book of Forms, page 160, under "1. Appointments to Official Positions". The second, the final paragraph reads, "It is put on record as understood that appointees of the General Assembly hold office at the will of the Assembly. (Minutes, 1945.)" The page in Acts and Proceedings, 1945, is Minutes, 30, and was the Assembly's settlement in part of a long and involved Recommendation of the Board of Administration, which will be found on pages 161-163 of the Appendices, 1945. For more understanding of this Regulation on holding office at the will of the Assembly one must turn to Acts and Proceedings, 1944, where Reasons for Dissent are found in Minutes, page 54. The Dissent reads, "We dissent from any vote of this Assembly that is tied to the action of the Assembly of 1943 pertaining to the dismissal of professors on the ground that such action was *ultra vires*, having been based upon a non-existing retiring age and having ignored the centuries-old canonical rights of induction of a professor and minister." The Dissent was signed by the late Judge A. Gray Farrell, and by Louis H. Fowler, by coincidence a member of this present Committee.

The Regulation that an appointee of the General Assembly holds office at the will of Assembly has never been invoked for the dismissal of an official. It is true that clerks of any court hold office under this principle, but their appointment or election is not in the same category at all of an executive or a professor. Our Canadian Church does provide for an appointment *ad vitam aut culpam* (for life without fault), Section 18, Book of Forms, but this must be stated explicitly in the appointment. The Committee is not aware that any Clerk of a Court in Canada is so appointed, or that any take the 'oath of office' as in Scotland.

The issue raised here is a basic one. Your Committee must respectfully contend that the Regulation is potentially troublesome. If it is to be enforced, it should be amplified to give appointees the rights given to pastors as found in the Sections on Discipline in the Book of Forms, namely, informal conference, formal investigation if necessary, documents served, etc. As the Regulation stands, any appointee, professor or executive, can be dismissed under Notice of Motion and consequent action, and with no reason given for the dismissal.

This Regulation is denial of the meaning of induction. Your Committee respectfully contends that admission "to all the rights and privileges thereto pertaining", or the implications of "to have been inducted", are the conveyance of legal rights. It is a guarantee that no man shall be removed unless cause is shown, and that cause must be within the terms of the Book of Forms. If the Regulation stands, then all inductions of professors and executives since 1945 must be held not to be inductions but recognitions of an office. Only in a loose sense could the term "installation" be used.

This Regulation relates pertinently to Recommendation 3 of the Board of The Presbyterian College, Montreal, 1966, thusly:

1. The real tenure of office is tissue-thin at the present time.

2. If "fixed but renewable terms" are set, the Regulation of 1945 should be amended to say, "except as provided concerning fixed terms for professors". In comment upon this, the Committee wishes to ask, that as no other College to its knowledge has fixed but renewable terms what type of professor will be attracted to an appointment of this nature?

In conclusion for this Section "A", the Committee respectfully submits that either the Regulation should be struck out (and, being a regulation, it can easily be struck out) or so amplified and interpreted to be in conformity to the related sections of the Book of Forms — or the Book of Forms changed under the Barrier Act to provide for this type of dismissal.

"B": The three possibilities of action.

There are three possibilities of action. These are:

1. Keep the present system whereby a College Board nominates, the Assembly accept the nomination if they so please or send the nomination back to the Board for reconsideration; a professor becomes appointed technically without limit of tenure. He may resign, or be persuaded to resign, or be appointed elsewhere, but his tenure of

office is comparable to that of the pastor. If the present system is retained, it may be thought wise by Assembly to define the meaning of "induction".

2. Make all appointments of professors for a fixed term, as mentioned in the Recommendation of the Board, say, for three or five years, such a term to be renewed at the pleasure of the professor and his Board. This will require, as outlined above, clarification of the related regulations and of the canon law. Such clarification will need much thought.
3. The adoption of the principle outlined in Overture 1, Presbytery of Saugeen, A & P, 1960, pages 29, 38, 54 and 444. The Committee of 1960 regarded this with favour, but the Administrative Council, in 1961, having consulted with the Boards and Senates of the two Colleges, and finding them all opposed to the plan, recommended that the prayer be not granted. The Assembly of 1961 so ordered (A & P, 1961, pages 81, 352, 357) and the plan was not taken up again.

Your Committee as an alternative to the Recommendation of the Board of The Presbyterian College, Montreal, takes it up now.

The principle is that a man is appointed for a term as a lecturer, then as an assistant professor, then as an associate professor, then as a full professor. Allowances would be made for men coming from other Churches or positions that they would suffer no disadvantage in the change. It may be assumed that at each step there would be induction, and, apart from defining "induction" and clarifying the Regulation concerning holding office at the will of the Assembly, there would be little difficulty in adopting the principle.

It is assumed here that a stipend scale would be worked out for each classification, that the length of terms in each step would be set, that the move from one classification to another would depend on the mutual satisfaction of the appointee and his Board, that the Assembly would make the appointment each time, etc.

In general comment, it may be said that this principle would bring our theological colleges into line with appointments to professorial posts in secular universities. The corollary to this is the necessity of an increasing scale of income, as would be determined by Assembly, but whether or not the Church can compete with the salaries paid to full professors in secular universities, which we understand is generally at a minimum of \$15,000, is a question to be considered carefully as part and parcel of the scheme. Moreover, the income of secretaries would have to be considered in relation to professional incomes.

The principle might be found to be more satisfactory to both the appointees and the Boards. The possibility in this principle is that there may be considerable incentive to the appointee to obtain advancement.

Recommendations: The Committee recommends:

1. That Assembly adopt the principle outlined in 3. immediately above, revising regulations of the Church to permit.
2. That the Committee be discharged.

Respectfully submitted,

H. DOUGLAS STEWART,
Convener.

**REPORT OF SPECIAL COMMITTEE: OVERTURE 28, 1966,
PRESBYTERY OF LONDON RE, PUBLIC PRONOUNCEMENTS
UNPRINTED OVERTURE 1, 1966, PRESBYTERY OF ALGOMA
AND NORTH BAY RE, TERMS OF REFERENCE TO THE
INTERNATIONAL AFFAIRS COMMITTEE
PETITION 2, 1966, PRESBYTERY OF PRINCE EDWARD
ISLAND RE, INTERNATIONAL AFFAIRS COMMITTEE
CIRCULAR LETTER**

To the Venerable the 93rd General Assembly:

The Special Committee appointed to consider the above Overtures and Petition No. 2 consists of Mr. John Forbes, Convener, Dr. L. H. Fowler, Dr. S. W. Vance, Ministers, and Mr. W. I. Hetherington, Elder. (See A & P, 1966, pages 114 and 120).

The text of Overture 28, 1966, is on pages 414 and 415 of A & P, 1966. Unprinted Overture 1 is on page 609 of A & P, 1966. Petition 2, 1966, is in Assembly files, and is in these words:

"The Presbytery of Prince Edward Island petition the General Assembly, expressing concern with regard to the circularization of all congregations by the committee on International Affairs regarding their Resolution re: Vietnam.

"We feel it is against the normal processes of our church that any official committee should urge upon our members view points which are not the expressed position of one of the courts of the church."

The terms of reference for the Special Committee are, "to consider matters arising from these documents and report to the General Assembly of 1967." (A & P, 1966, page 114).

Under date of April 13th, 1966, the Committee on International Affairs circulated to all Sessions and Ministers a statement on the Vietnam War with suggestions for using the circular. This action of the Committee led to the documents named in this Report, above.

It is evident that the Committee on International Affairs followed Recommendation I (5), A & P, 1963, page 397. This Recommendation reads, in reference to one of the functions of the International Affairs Committee, "To provide for appropriate public pronouncements on International Affairs either by the General Assembly on recommendation of the Committee, or by the Committee itself acting in its own name in cases of emergency."

This Recommendation I (5) was debated in the 1963 Assembly, and referred to the Administrative Council to consult with all Boards and Committees affected and to report to Assembly, 1964. In 1964 the Administrative Council recommended approval of the Recommendations and Assembly gave approval. (See A & P, 1964, pages 460, 467, 124).

In this background of actions by Assembly, by the International Affairs Committee and by the presbyteries of the documents named above, your Special Committee desires to state:

A. The International Affairs Committee was within its rights in deeming the matter one of emergency, and of making the public pronouncement that it did. Although the word "public" is usually assumed to mean through the press, your Special Committee must consider that the circularization of Sessions and Ministers, where accuracy and fullness of explanation are ensured, falls within the definition. The action of the International Affairs Committee may be challenged in proper forms, as it has been in these documents, on the points of "emergency" and content.

B. The Sessions and Ministers declining to have this circular read were within their rights in declining. There is no mandate within Recommendation I (5) requiring reading of it, nor general procedure within the Church compelling reading of it. This "B" answers the first part of the prayer of Overture 28, 1966.

C. It is evident that the Assembly of 1964 took its action from dissatisfaction with previous procedure in controversial subjects, namely, that an official of the Church restrict himself to previous Assembly pronouncements on the subject, or, in making any other statement, take great care it is given only as his personal opinion. Recommendation I (5) provides for a more weighty statement if the need arises, but only through the Committee on International Affairs.

D. Some of the risks involved in this procedure based on Recommendation I (5) have been illustrated in these Overtures and the Petition.

E. This Special Committee believes, notwithstanding the length and heat of the debate of 1966, that Recommendation I (5) should not be struck out or amended by action of this Assembly. The need for an official or semi-official statement in emergency matters remains. The risks of making such statements are many, but your Special Committee believes the risks should be taken. The procedure of the Church provides for protest at Assembly level, even for admonition and correction if such should be necessary.

This Recommendation I (5) refers only to the Committee on International Affairs. The second part of the prayer of Overture 28 and the prayer of Unprinted Overture 1 are answered in this paragraph "E". The Petition No. 2 is implicitly answered in the body of this Report. The public pronouncements referred to in Recommendation I (5) can be made only by the Committee on International Affairs. Other Committees and Boards must follow the traditional procedure as in our foregoing "C".

The Special Committee recommends:

1. That this Report be approved and taken as a fulfilment of the terms of reference, A & P, 1966, page 114.
2. That the Special Committee be discharged.

Respectfully submitted,

JOHN FORBES,
Convener.

THE COMMITTEE ON THE ORDER OF DEACONESSES

To the Venerable the 93rd General Assembly:

The Committee on the Order of Deaconesses composed of Dr. Ross K. Cameron, (Convener), Rev. George Hopton, Mr. T. P. Geggie, Mr. W. B. Teasdale, Mrs. K. D. Taylor, Mrs. James Brisbin, (Secretary), Miss Isabel Scott, Miss Ruth Botelho, Miss Margaret Webster, and by correspondence Miss Christine Shaw, Miss Tamiko Nakamura, Miss Agnes Gollan, begs leave to report as follows:

The Committee met three times during the past year and reviewed the status of the deaconess in the Church. In general the Committee is concerned with the welfare of Deaconesses working anywhere in the Church, at home and overseas.

At one meeting representatives of the Women's Missionary Society (Eastern and Western Divisions) and the congregations of St. Andrew's, Sarnia and St. John's, Cornwall were present. The purpose of the meeting was to discuss the new regulations, pensions, job opportunities, plans for the 1968 meeting of the Order of Deaconesses, and studies which have been made of the congregational analysis of deaconess work and salaries.

This Committee is responsible for liaison regarding the employment of deaconesses in congregations. Congregations are asked to apply to the Committee before December 31 of the preceding year if they require the services of a Deaconess.

The Committee has set a definite date for the first Deaconess Council meeting, namely June 14 and 15 of 1968. This precedes a refresher course which the four Church Training Colleges are holding from June 16 to 28.

The General Assembly, having approved in principle the recommendations on the organization of and regulations re The Order of Deaconesses and having instructed the Committee to refer these to the Presbyteries for study, the Committee reports as follows:

During the year, following the instructions of the last General Assembly, the regulations concerning the Order of Deaconesses presented at that Assembly were submitted to the Presbyteries of the Church. Twenty-eight Presbyteries replied, with constructive criticism from eleven and seventeen agreed with the regulations as set forth in the Acts and Proceedings of the last General Assembly.

The Committee submits the following regulations in the light of the suggestions from the Presbyteries:

THE ARMED FORCES CHAPLAINCY SERVICE COMMITTEE

To the Venerable the 93rd General Assembly:

Your committee held one regular meeting during the year. The usual arrangements for the publishing of Sunday Bulletins on the work of the Chaplains in the Armed Forces and on Remembrance Day were prepared by your committee.

During the year, Dr. DeC. H. Rayner relinquished duties as Secretary of this Committee after many years of service. The Committee expresses its deep appreciation of the long and devoted service of Dr. Rayner to the work of the Forces Chaplains.

Through the efforts of a small group of loyal friends of the Armed Forces the Presbyterian Record is made available to the Services Colleges in St. Jean, Quebec, Kingston, Ontario and Victoria, B.C. Through your Committee the Presbyterian Record is also sent out to Chapels and Chaplains across Canada and Overseas.

THE RETIREMENT FUND FOR CHURCH EMPLOYEES

To the Venerable the 93rd General Assembly:

By action of the 78th General Assembly (1952) The Retirement Fund for Church Employees of The Presbyterian Church in Canada was established. In consultation with the General Counsel of the Church, Mr. Hamilton Cassels, Sr., Q.C., regulations governing the Fund were drawn up. These regulations have been amended by Assemblies

five times since 1952. The 93rd General Assembly (1966) named the members of the Pension Board of the Church as Trustees of the Fund. In dealing with matters pertaining to the Fund the members of the Pension Board sit as trustees.

The Fund has been approved by the Department of Revenue of Canada — Taxation Division — as an employees' or pension fund or plan for the purpose of the Income Tax Act effective as of January 15, 1953. Because of this approval, contributors may deduct the sum of their annual contributions to the Fund from their salaries before calculating their income tax for the year.

On January 1, 1966 the Fund was integrated with the Canada Pension Plan. Of the 5% of the salary contributed by the contributor 1.8% minus is paid into the Canada Pension Fund and 3.2% plus remains in the Retirement Fund for Church Employees. In each case the body deemed the employer contributes a like amount. The "plus" and "minus" factors enter into the calculation because the first \$600.00 of the salary is exempt from the 1.8% assessment under the Canada Pension Plan and it does not apply to anything over \$5,000.00 of the salary.

At the end of 1966, contributors to the Fund were classified as follows: Church Offices — 40; Armagh Board — 2; catechists — 4; others serving with the General Board of Missions — 4; Woman's Missionary Society (E.D.) — 5; Knox College — 6; Ewart College — 4; Board of St. Andrew's Hall, Vancouver — 1; Board of Saskatoon Residence — 1; Penmarvian Committee — 1; congregational deaconesses — 6; a total of 74 compared with 72 in 1965.

It is a source of considerable satisfaction to the Committee that during the year two more congregations agreed to make provision for their deaconesses to join the Fund. Following her marriage, one deaconess ceased to serve a congregation and retired from the Fund. At the end of 1966 the deaconesses of six congregations of the Church were enrolled — a net increase of one.

During the year, Mr. Hamilton Cassels, Jr., Q.C., and the Chairman and Secretary of the Trustees have been engaged, in the light of actions taken by various assemblies of the Church, in re-drafting the Regulations. We believe that the re-drafted Regulations are much clearer and more comprehensive. Copies have been sent to all contributors, to the Clerks of Synods and Presbyteries and to the Clerks of Presbyteries a copy for each congregation within the bounds. The whole Church has thus been made aware of the possibilities of the Fund.

Elsewhere in the Acts and Proceedings the financial statement of the Fund will be found.

All of which is respectfully submitted.

J. E. SMART,
Chairman.

E. A. THOMSON,
Secretary.

THE AUDIO-VISUAL COMMITTEE

LIBRARY SERVICES

To the Venerable the 93rd General Assembly:

In 1966 there were 3,310 orders for materials in our Audio-Visual library. These were shown to a total audience of over 60,000 individuals in cities, towns and hamlets from Port Alberni, B.C. to Sydney, N.S. This audience was made up of groups representing every area of our church life and ranged in age from kindergarten to senior citizen. In fact we note with satisfaction the mature and effective way in which our materials are being used. The information returned on the cards provided with each order shows that the films and filmstrips are filling a vital place in the process of disseminating information. They have been valuable aids in education and used effectively as basic materials for discussion. These replies also indicate the general approval

of the materials in the library and an enthusiastic response to our own productions.

PRODUCTION SERVICES

Several of the major boards and committees of our church have added new films and filmstrips to the library this year. Two of these, "I AM HERE" and "TWO STRANGERS" were produced under the supervision of the Audio-Visual Department.

We express gratitude to our office staff which maintained its efficiency even through the confusing days of moving and in spite of the inconvenience experienced while waiting for the complete furnishing of their new office quarters. The A-V staff is very delighted with their new spacious and well-equipped office and express gratitude to all those who shared in meeting the particular needs in a specialized area.

The Audio-Visual Committee lost the services of their Production Director during the year and are presently operating with a part-time Secretary. This accounts for the amount that this committee's budget was underspent during 1966.

BROADCASTING SERVICES

While there is nothing new to report in the area of broadcasting the committee has not lost sight of the possibility of finding some way in which The Presbyterian Church in Canada can make effective use of the broadcast media.

We have several projects in production, the most important of these is a filmstrip on the work of The Presbyterian Church in Canada. We are anticipating a busy year ahead.

E. F. SMITH,
Chairman.

G. B. CUNNINGHAM,
Secretary.

THE ANNIE THOMPSON BINGHAM MEMORIAL FUND

To the Venerable the 93rd General Assembly:

One application was received and approved in 1966. This was from St. Columba, Lancaster, N.B. in the amount of \$7,500.00.

The financial statement for 1966 is as follows:

REPORT OF THE LENDING FUND COMMITTEE TO THE 93RD GENERAL ASSEMBLY

To the Venerable the 93rd General Assembly:

During the year the following thirteen congregations paid off their loans completely: Parkdale, Sherwood; Ephraim Scott, Montreal; St. Laurent, Quebec; Beaches, Toronto; Melrose Park, Toronto; Erindale, Toronto; Hillview, Toronto; St. Columba, Hamilton; Laurel Lea, Sarnia; St. Andrew's, Kimberley; Central, Vancouver; Fairview, Vancouver; and Hungarian, Delhi. New loans were made to five congregations: St. Columba, Lancaster; Knox, Port Alberni; Dunleath, Sask.; First, Montreal and St. Giles, Sault Ste. Marie. During the year a total of \$129,576 was repaid on loans and \$109,978 advanced on loans.

The Committee would report that it is somewhat encouraged by the efforts being made by many congregations to pay off very old loans which are outstanding. On the other hand, there are a number of congregations, some with fairly large membership, which appear to be unable to make any payments of either principal or interest on old loans. The committee reports that it is continuing to follow up on all old loans and is exerting its best efforts to arrange for their repayment.

As in previous years the Committee reports that it is experiencing difficulty in getting answers from congregations to letters regarding loans. Many congregations do not send in copies of annual financial statements as required by General Assembly regulations and the difficulty of obtaining mortgages and insurance policies continues. Following up by correspondence for all these matters affecting loans imposes considerable additional work on the administrative staff charged with the responsibility of maintaining the Lending Fund records.

The 92nd General Assembly referred back to the Administrative Council the matter of giving authority to the Lending Fund Committee to borrow so that it might meet some of the requests being made for loans for new buildings. The Committee reports that the Administrative Council gave the Committee authority to borrow up to \$150,000 provided that annual interest charges on the bank loan may not exceed interest received from congregations on outstanding loans. This latter provision is designed to prevent diminution of the capital of the Lending Fund.

A number of applications were received for loans to enable congregations to refinance. While recognizing that assistance in this way would be of tremendous help to the congregations, thereby relieving them of heavy interest charges, nevertheless the Committee felt that because the requirements for new buildings in the foreseeable future would be very heavy, it was not possible for the Lending Fund Committee to make available funds for refinancing at the present time. Accordingly the Committee has adopted the policy of not approving loans for this purpose.

All of which is respectfully submitted.

Acting Chairman

BASIL E. HOWELL,
Secretary.

REPORT OF THE TRUSTEE BOARD

To the Venerable the 93rd General Assembly:

The 91st General Assembly gave authority for increasing the membership of The Trustee Board from seven to nine following the passage of the amending legislation. The amending Act to The Trustee Board Act was given Royal Assent on June 2nd, 1966. Accordingly, the Administrative Council, with the concurrence of The Trustee Board, is recommending to this General Assembly that Dr. H. E. Elborn and the Rev. Dr. A. Lorne Mackay be added to The Trustee Board. Dr. H. E. Elborn, prior to his retirement, was a prominent educationalist in the Province of Ontario and Dr. A. Lorne Mackay is one of the outstanding ministers of The Presbyterian Church in Canada. Both these gentlemen will bring to the Board great gifts and extensive experience in administrative problems. Both have contributed greatly to the life and work of The Presbyterian Church in Canada. These gentlemen have been acting as members of the Board for some time and their contributions to the work of the Board have been of great assistance.

Some time ago the Board received the resignation of Dr. Barclay, but deferred acting on it. He has now made clear his desire that the resignation be accepted as he feels that he is unable to attend to the duties of the office and that in the interests of the Church the position should be filled by one able to undertake such duties. Accordingly, the resignation of Dr. William Barclay as a member of this Trustee Board was accepted with the greatest regret and the Board takes this opportunity to place on the record the following:

Dr. Barclay was a member of the first Board and has continued to serve since the creation of the Board in 1939. He was a founding member of The Trustee Board with John Forbes Michie, Gilbert Laurie Sutherland, Ernest William McNeill, John Andrew McLeod, James Wilson and John Gibson Inkster, and he alone of the founders now survives. His wise counsel and faithful attendance at the Board meetings have proved of the utmost value in the operation of the Board. We, his fellow members, express our profound respect and warm regard for Dr. William Barclay.

This resolution of appreciation of the services of Dr. Barclay has been forwarded to the Administrative Council with the recommendation that suitable recognition of Dr. Barclay's services be made at this General Assembly and that a scroll be prepared for presentation to Dr. Barclay at an appropriate time.

The Board reported to the 92nd General Assembly the formation of an Investment Advisory Committee. The membership of that Committee remains unchanged and the Board desires to record its gratitude to the members of this Committee, and particularly to the Chairman, Mr. E. C. Gill, for the very excellent service which they are giving to the Church in the supervision of its investments. Their advice has been invaluable and has been acted upon with sincere appreciation.

As noted above, the amending Act to The Trustee Board Act was given Royal Assent on June 2nd, 1966. A very careful analysis of the instruments creating the various funds of the Church was made and, where necessary, the Church Counsel was consulted. In addition to the Ministerial Assistance Fund and the Knox College Fund, which are of a special character, it was found that investments for only five continuing funds needed to be segregated. Also, because of the unusual circumstances, investments of the Walter Gow Fund were segregated but this is for an interim period only. Investments for all other funds were consolidated into one portfolio as of July 1st, 1966.

The advantages of a consolidated portfolio are (i) much more flexibility in the purchase and sale of securities as the Investment Advisory Committee recommends these transactions and (ii) a great reduction in record-keeping both for the investments and for the income therefrom.

During the year the question was raised whether property should be held in the name of trustees of Synods and Presbyteries or whether properties should be held in the name of The Trustee Board of The Presbyterian Church in Canada. This matter was referred to the Church Counsel for an opinion. Mr. Cassel's opinion is as follows:

"Section 6 of An Act to Incorporate The Trustee Board of The Presbyterian Church in Canada (federal) and similar sections in the ancillary acts of the provinces provide that all gifts, devises, deeds, conveyances, transfers or leases of any real property or of any interest therein which have been or are thereafter made to or intended for The Presbyterian Church in Canada or any of the trusts in connection with it or any of the institutions, organizations, schemes or funds of the Church shall vest in The Trustee Board as fully and effectually as if they had been made to The Trustee Board, and shall be held and administered by the Board for the general benefit of the Church unless intended for the specific benefit of any trust, institution, organization, scheme or fund of the Church when the same shall be held and administered by the Board for such specific benefit, but nothing in the Act shall vest in the Board any real property which The Trustee Board decides not to accept.

"In our opinion, therefore, except for particular properties which The Trustee Board decides not to accept, and except as hereinafter mentioned, the effect of The Trustee Board Act is to vest all such real property in The Trustee Board.

"In our view it is not contemplated by The Presbyterian Church in Canada or by relevant legislation that real property (other than the real property of congregations and real property held by Synod corporations or other special corporations) shall be held by institutions, organizations, schemes or funds of The Presbyterian Church in Canada by means of trustees other than The Trustee Board."

Section 13 of The Trustee Board Act provides that the proceeds from properties of congregations which have ceased to exist shall vest in the Board and be held for disposition "as may be determined from time to time by the General Assembly of the said Church." It has been a practice for some years to disburse these funds on the joint agreement of the Administrative Council and The Trustee Board.

The Church Counsel, Mr. Hamilton Cassels, Q.C., has advised as follows:

"In my opinion the manner in which the proceeds of sale of assets vested in the Board under this section are to be administered is a matter for the General Assembly to determine. Unless the Assembly has delegated its authority in this regard to the Administrative Council or the Executive thereof, I think the Board

should keep these funds invested pending instruction from the Assembly as to how they are to be distributed. If the Assembly delegates its authority in this regard to the Council or the Executive thereof, it would seem to me that the same procedure should be followed pending instructions from one of these bodies."

The Board referred this matter to the Administrative Council with the suggestion that a recommendation be made to this General Assembly that it delegate General Assembly authority for the disposition of these funds to the Administrative Council in consultation with The Trustee Board as has been the practice.

Necessary discharges, postponements, leases, title deeds, releases and similar documents were executed under seal of the Board in behalf of the various departments of the Church's work. The Treasurer's report showing that \$614,702.51 was received from bequests and the purposes for which they were received will be found elsewhere within the Acts and Proceedings.

In accordance with the Act of Incorporation, the Board presents herewith lists of securities

- (i) which have been purchased or received during the year:
- (ii) which have matured or have been sold during the year and
- (iii) held by The Trustee Board at December 31, 1966, in behalf of the several funds of the Church.

These lists are available for any commissioner desiring to examine the same.
All of which is respectfully submitted.

G. A. MCGILLIVRAY,
Acting Chairman.

BASIL E. HOWELL,
Secretary.

THE COMMITTEE ON INTER-CHURCH RELATIONS

To the Venerable the 93rd General Assembly:

Your committee has met five times during the year, and has conducted correspondence with a number of inter-church bodies and denominations.

We have also held joint meetings with the Committee on the Articles of Faith, which will report on the draft statement of faith which has been under study.

Our convener was elected moderator of the last General Assembly, and in his necessary absence on occasion the meetings were chaired by Mr. Harold M. Jackson.

CANADIAN COUNCIL OF CHURCHES

The year 1966 was important in the history of the Canadian Council of Churches, and our church was fully represented at the biennial meeting at Geneva Park in November. A provisional constitution and a new structure were approved by all member churches.

In future the Council itself will meet every three years, beginning in 1969. Its affairs will be administered and its program planned in the interval by a central committee, on which there are five Presbyterian representatives.

Your committee has under study the possibility of consolidating the grants from the various boards of our church to the Canadian Council and to the Ecumenical Institute of Canada.

WORLD PRESBYTERIAN ALLIANCE

The executive of the World Presbyterian Alliance will meet in Toronto from July 27 to August 1, 1967. We are acting as joint hosts with the other Canadian member of the Alliance, the United Church of Canada. Some members of this committee have been active on a local planning committee.

In January our church was well represented at the North American Area Council meeting of the World Presbyterian Alliance, held in Memphis, Tennessee.

WORLD COUNCIL OF CHURCHES

The next assembly of the World Council of Churches will be held in Uppsala, Sweden, July 4-20, 1968. Our church is entitled to two official delegates, and your committee has given careful consideration to the recommendation that we offer concerning these appointments. We feel that as Dr. L. H. Fowler assumes a larger responsibility as secretary of the Administrative Council as well as joint clerk of the General Assembly, he should have the opportunity of becoming more familiar with World Council proceedings. Dr. G. Deane Johnston is nominated because he is convener of this Committee on Inter-Church Relations.

A limited quantity of pre-Assembly study booklets has been ordered, and copies of these may be obtained upon request to the secretary of this committee.

FIXED DATE FOR EASTER

For some years now various church bodies have had under study the possibility of fixing a date for Easter. At present it is observed on the first Sunday after the calendar full moon which occurs on or after March 21. We have been asked by the World Council of Churches to give an opinion as a church on fixing a date, and a recommendation to that effect will be put before this General Assembly.

OTHER MATTERS

The sub-committee of seven has had no occasion to meet with the committee of seven of the United Church of Canada since the last report was given to the 1966 Assembly.

As this is written we hope to have an observer at the annual Consultation on Church Union in Cambridge, Mass., in May as authorized by Assembly.

We have had under study Overtures 18, 19, and 20 re the United Church of North India, referred to our committee by the 92nd General Assembly and expect to report on them at this Assembly.

RECOMMENDATIONS

1. That Rev. Dr. L. H. Fowler and Rev. Dr. G. Deane Johnston be the delegates of The Presbyterian Church in Canada to the fourth assembly of World Council of Churches.
2. That we agree as a church to a fixed date for Easter, providing that general concurrence is obtained from other church bodies.

G. DEANE JOHNSTON,
Convener.

DECOURCY H. RAYNER,
Secretary.

REPORT OF THE RECORD COMMITTEE

To the Venerable the 93rd General Assembly:

In 1966 The Presbyterian Record achieved its highest circulation in terms of paid subscriptions, and maintained it well during the year. However, at March 31, 1967, the date at which we make an annual comparison for the purpose of this report, subscriptions had declined to 91,501, a loss of 1,496 from the same date last year.

This is accounted for by the fact that 27 congregations dropped the Every Home

Plan at the end of 1966. Some of these had large subscription lists, while the 19 congregations that were added to the Plan were average in size.

Total circulation, which includes complimentary copies, exchanges and advertisers, was 92,449 on March 31.

The new plan for providing student subscriptions through the college year at a special price proved popular, and will be continued.

The increase in advertising made it necessary to enlarge five issues in 1966 by four pages each. The revenue from advertising reached a new high of \$35,121, while the sum of \$98,231 was received from subscriptions.

To attempt to meet the rising costs of publishing the magazine your committee has decided to increase the price of individual subscriptions from \$1.50 to \$2.00, effective January 1, 1968. For the time being the Every Home Plan rate will remain at \$1.00. The saving should give congregations an added incentive to participate in the Every Home Plan.

Your committee would emphasize that The Record is the official monthly magazine of The Presbyterian Church in Canada. It offers a medium of communication that is unexcelled. As such it should be promoted in the church courts, particularly in the presbytery and kirk-session.

RECOMMENDATIONS

1. That the Every Home Plan be heartily endorsed by this 93rd General Assembly as the best means of taking The Presbyterian Record into the homes of our people.
2. That this General Assembly recommend to each Presbytery that the Every Home Plan be presented by Presbytery's Convener for The Presbyterian Record, or his appointee, to each congregation not already enrolled on the plan, and that the Convener report the results through Presbytery to the secretary of The Record Committee.

Convener.

Secretary.

REPORT OF SPECIAL COMMITTEE OF GENERAL ASSEMBLY: RECOMMENDATION NO. 10, ADMINISTRATIVE COUNCIL, 1965

To the Venerable the 93rd General Assembly:
Introduction

Your Special Committee has met five times since presenting our first report to the 92nd General Assembly in June, 1966. During that time four papers have been prepared and presented for the purpose of clarifying some of the issues before us, and to facilitate discussion: (i) "Comments on the Vocation and Mission of the Church in Canada", by Scarth Macdonnell and Neil G. Smith; (ii) "A Preliminary Study of the Vocation of the Church as a Mature Minority", by J. S. Clarke; (iii) an abbreviation of the same study by Mr. Macdonnell and the Convener; and (iv) "Stipends, Allowances, and Pensions", by the Convener.

In addition, correspondence addressed to the Special Committee regarding (a) matters touching on the financing of the church, and (b) aspects of usage and custom governing General Assembly procedures, has been received. In the first instance your Committee has directed questions to their proper quarter for the desired information. With regard to the second matter, we note the appointment by General Assembly (A. & P. 1966; p. 104) of a Special Committee on Assembly Procedures, thus relieving the present committee of responsibility in that area.

Terms of Reference

In our first report to General Assembly we called attention to the comprehensive nature of the concerns referred to us for consideration. At that time (after three meetings) we were willing to define our terms of reference more precisely, and to consider how best to meet the needs which gave rise to the original recommendation. Our deliberations during the past year strongly suggest that the first part of our assignment — (a) "a thorough study of the vocation, work, and mission of The Presbyterian Church in Canada" — may properly be regarded as within the competence of this Special Committee. We are persuaded, however, that the second and third areas of concern — (b) "the changing life of Canada and of other nations", and (c) "the resources of The Presbyterian Church in Canada in personnel, finances and institu-

tions" — are of a different order. They are not, we believe, properly the work of a committee, the personnel of which is otherwise wholly engaged in full time employment. The nature and magnitude of the research necessary to the accomplishment of the tasks are such as to forbid their being undertaken as a spare-time job. A study of the changing life of Canada and of other nations is essentially a sociological enterprise requiring surveys, samplings, collation, analyses and appraisals, all of which presuppose a degree of competence in specialized skills. The same comment may be made regarding a study of the resources of the Church in personnel, finances, and institutions. Your committee believes that neither assignment can be discharged by a group of part-time non-professionals lacking in essential disciplines. When other institutions — universities, labour unions, and governments — require information of comparable scope and depth as a basis for the establishment of policy, they assign professionally trained personnel on a full time basis, complete with adequate staff, equipment, secretarial assistance, salary and expenses to make the prescribed study. Though the Church's needs are somewhat more modest, the resultant findings should be no less accurate and comprehensive.

Overture No. 34, *Presbytery of Paris: A & P 1966; p. 418*

In the light of the foregoing remarks, this Special Committee reports progress in considering Overture No. 34, 1966, re Programs of research, and asks further time, hoping to present a recommendation to the Assembly in 1968.

The Need for Research

In pursuance of the progress report given immediately above, your committee begs to state its conviction that provision for competent research is needed to enable the Church to test and evaluate certain aspects of its work, and to conduct experiments.

In the Church's task of providing a faithful and relevant ministry of the Gospel and in carrying forward its work of mission and evangelism in the contemporary world there is urgent need to be informed about the radical changes which are taking place in society, and the impact and effect of these changes upon the life of people.

Population changes, urbanization, automation and cybernation, secularization, mobility of people — to mention only some of the forces at work which are bringing about profound changes in the life of people — are creating an entirely new cultural context for the mission of the Church today. The Church must take full account of this new cultural context and these changes in the life of contemporary society. While there are available to the Church the findings of research studies on the impact of social change, the Church needs competent persons and resources for interpreting the meaning of such studies for its ministry and mission, its social action, its educational policies, and the training of its professional workers. There is also need for the Church to initiate and carry out its own research in those areas in which it is qualified to do so.

Concern for the Ordained Ministers

The attention of your committee has been drawn to an evident and growing restlessness among ministers in our own communion and in sister communions. Statistics bearing upon the number of men who have left "the ministry of Word and Sacraments" in recent years to serve society in other capacities give evidence of a deep sense of dissatisfaction, which is probably not confined to those who have already withdrawn from the pastorate. Your committee has as yet done no research in this field and for that reason cannot with confidence prescribe ways of coping with the situation. We report it as an undeniable fact of present-day church life which demands the serious and prayerful attention of our entire constituency.

Survey of Congregational Life

In pursuance of instructions from General Assembly, and in fulfilment of part (c) of the terms of reference (A. & P. 1966, p. 398), your committee conducted a

survey designed to provide a comprehensive picture of congregational life. This was done within the limits of our competence. A questionnaire was sent to each congregation. At the time of writing this report 322 had been answered and returned. We wish to acknowledge gratefully the receipt of so large a proportion of the total number of questionnaires mailed, and the care with which they have been answered. When this report was compiled the work of collating, analysis, and appraisal was not yet complete, so that no firm conclusions could be reached, and no assured recommendations offered.

RECOMMENDATIONS

Your committee begs to make the following recommendations:

1. That the statement in the body of the report re Overture No. 34, 1966, be taken as a progress report.
2. That the Special Committee be continued for a further period of one year; and
 - (a) that the Special Committee pursue, within the limits of its competence, research in "the changing life of Canada and other nations".
 - (b) that the Special Committee be directed to pursue its study of the vocation, work, and mission of The Presbyterian Church in Canada with a view to making a final report in 1968.
 - (c) that the Special Committee be authorized to study the possible causes of discontent in the ministry, and, if deemed advisable to conduct a survey in this connection in which all ministers would be encouraged to participate whole-heartedly; and to report findings and recommendations to the General Assembly in 1968.
 - (d) that the Special Committee be instructed to continue its study of the results of the survey of congregational life within our Church, and to make such recommendations as it may deem advisable in 1968.

Respectfully submitted.

CHARLES C. COCHRANE,
Convener.

COMMITTEE ON CHURCH WORSHIP

To the Venerable the 93rd General Assembly:

The Church Worship Committee begs leave to submit its report to the 93rd General Assembly. From our general meeting held in March the Committee wishes to report on the following matters:

- A. Our Relationship with the Committee on Revision of the Book of Praise.
- B. On recommendations submitted by the 91st Assembly.
- C. On Public Worship.
- D. On a proposed Order of Service for the Installation of Deaconesses.

A. Relations with the Committee on Revision

At the regular meeting of our Committee a report on the work of our sub-Committee, the Committee on Revision of the Book of Praise, was presented. Our Committee expressed full concurrence with the work of the Revision Committee and recorded our commendation for the conscientious and thorough-going manner in which it continues to undertake its heavy responsibilities.

We are also pleased to report that the existing relationship between our two Committees, as outlined on previous occasions to the General Assembly, is working out satisfactorily to both Committees.

B. On Recommendations from the 91st Assembly, (see 1965 A and P, page 362)

After a great deal of correspondence with Churches overseas and in the U.S.A. the Committee has to report that its efforts to implement recommendation 2 (in the section noted above) — to learn of possible new forms of worship with which those Churches are experimenting — have proven to be unproductive.

The same observation can be made of recommendation 3 (in the section noted above), in that the replies we received from our own churches — re "special services" worship forms — did not reveal any new worship-approaches, but were in the main merely variations of existing forms.

Perhaps we had been wrong or overly-enthusiastic in our expectations. The Committee had hoped that the results of our investigations, on being distributed among our churches, might eventually serve to enrich our offerings of worship to God. However, we are now obliged to report that our anticipated objectives have not been realized; and we are therefore recommending that no further attempts be made to implement the above recommendations.

The Committee further feels that on the matter of new forms of worship, ministers should not consider themselves under any obligation to seek for originality for the sake of being new or original; but that, in the use of all forms, new or otherwise, they should exercise caution lest they (the forms used) become dull or dead, thus failing to be effective means in the worship and praise of Almighty God.

C. On Public Worship

Re the use of *prayers* in public worship, the Committee wishes to observe that prayers of adoration, confession, thanksgiving, intercession, in whatever order they are used, should not be given without thoughtful preparation beforehand, but should be made as meaningful and as reverent as possible. Frequently our extemporaneous prayers are less than the best we can offer, insulting to the intelligence of the congregation, and probably offensive to our Heavenly Father.

On the matter of the use of various *versions* of *Holy Scripture* in public worship, we feel there is no particular counsel we can offer, except to refer to Chapter 1, paragraph 8 of the Westminster Confession of Faith: "... they are to be read in the best approved translations in the vulgar tongue. ..."

Then, re a request from one of our presbyteries for guidance in the use of *drama* in public worship, the Committee, after due consideration, decided to ask the Canadian Council of Churches, who have been doing some work in this area, for help and material.

On some of these worship-matters we have recommendations to present at the end of the report.

D. Order of Service for the Installation of Deaconesses.

This request was made of our Committee through the Assembly last year from the report of the Committee on the Order of Deaconesses. Specifically the recommendation reads: "That the Committee on Church Worship be requested to prepare a service of installation for the use of presbyteries when a deaconess, previously designated, is being installed in a new position."

Dr. Murdo Nicolson, of the Church Worship Committee, has prepared such an installation service, and we are here presenting it for Assembly's approval. It is as follows:

ORDER FOR THE INSTALLATION OF A DEACONESS

(Whether the person to be installed is to serve as a Presbytery Deaconess, A Regional Deaconess, A Congregational Deaconess, or a Deaconess appointed to some executive office within our Church, the Service of Installation should be conducted by the Presbytery within whose bounds she will reside.)

The Moderator shall read one or more Scripture sentences and offer prayer as follows:

Jesus said, "I am among you as one who serves. Whosoever will be great among you, let him be your minister; and whosoever will be chief among you, let him be your

servant; even as the Son of Man came not to be ministered unto but to minister, and to give his life a ransom for many."

The disciple is not above his master, nor the servant above his lord. It is enough for the disciple that he be as his master, and the servant as his lord.

Whoever therefore shall confess me before men him will I also confess before my Father which is in heaven.

But Whoever shall deny me before men him will I also deny before my Father which is in heaven."

Let us pray

Our God and Father, Who hast called us by Thy grace in Christ Jesus that we should be Thy children and citizens of Thy kingdom, accept us in our thanksgiving as we gratefully acknowledge Thy many mercies so freely bestowed. For the exceeding grace of the Gospel, for the wonder of Thy redeeming love, and for the privileges of our high and heavenly calling we bless and magnify Thy holy name.

O Thou Who hast also called us to be co-workers with Thee in the Kingdom of Christ's grace, may we ever be sensitive to Thy leading and obedient to Thy call. Willingly subject to Thy sovereign claims upon us for whom Christ died, help us to glorify Thee in our bodies and in our spirits which are Thine, and cheerfully to rededicate ourselves to Thy service. To this end, acknowledging our dependence upon Thee and knowing that our sufficiency must be of God, we humbly ask for all necessary gifts of faith and love and devotion that thus equipped we may serve Thee unto all well pleasing.

Accept, O Lord, our sacrifice of praise and thanksgiving. Hear us in our prayers and answer us in the desires of our heart. Bring to us Thy word in the renewed power of the gracious Spirit of all truth. And unto Thee, O eternal God, be glory in the Church by Christ Jesus throughout all ages, world without end. AMEN.

A Psalm or Hymn shall now be sung.

Then shall be read a Lesson from the Old Testament or the Epistles, e.g. Psalm 148; Isaiah 6:1-8; Romans 16:1-7, 25-27; and from the Gospels, e.g. St. Matthew 16:13-18; 24:28; St. John 13:1-17.

Then shall be sung a Hymn of the Holy Spirit.

A Sermon may now be preached.

Announcements may be made, and offering gathered and presented with Prayers of Dedication.

The Deaconess to be installed shall now stand forth and the Moderator shall say: Dearly Beloved, we shall now proceed with the formal installation of Miss A. B. into her office.

Our beloved sister in Christ, we rejoice that you have heard and obeyed the Call of Jesus Christ and of His Church to enter upon the service for which you are now to be set apart. In His Name we welcome you prayerfully commending you to His grace and guidance that you may ever serve so as to show yourself approved unto God. But first you are required to give answer to the questions I must now put to you. The congregation shall rise and the Moderator, addressing the Deaconess, shall say:

Do you reaffirm your belief in the Word of God as contained in the Scriptures of the Old and New Testaments as the only infallible rule of faith and practice?

Answer: I do.

Do you humbly engage, in the strength and grace of the Lord Jesus Christ, faithfully and zealously to discharge the duties of your office?

Answer: I do.

Do you reaffirm your promise as a Deaconess of The Presbyterian Church in Canada to be subject to its Courts and loyally to obey the same?

Answer: I do.

In the name of the Lord Jesus Christ and by the authority of the Presbytery of _____, I do now set you apart and install you as Deaconess of The Presbyterian Church in Canada for the service to which God has now called you. Now our Lord Jesus Christ Himself, and God, even our Father, which hath loved

us, and hath given us everlasting consolation and good hope through grace, comfort your heart, and establish you in every good word and work.

Let us pray

Ever gracious God, whose we are and whom we would endeavour to serve, we thank Thee for the devotion of that goodly company of women who have in every age shared in the many ministries of Thy Church by their work of faith and labour of love and patience of hope in our Lord Jesus Christ in the sight of God, our Father.

We render thanks in particular for her who now stands before Thee whom in Thy grace and providence Thou hast led to this moment of high and solemn dedication. As we would render thanks for her service within Thy Church hitherto, now as she enters upon a new sphere of endeavour we ask that Thy grace may be upon her and that in the spirit of re-consecration, responsive to Christ's love, she may say with full heart, Behold the handmaid of the Lord, be it unto me according to Thy Word.

Ever lead her in Thy truth, guide her with Thy counsel and sustain her by Thy grace for the work Thou hast for her to do. Constrained by the love of Christ, may she find strength for her task, deep and joyful satisfaction in the doing of Thy will, and the comfort and encouragement that proceed from the assurance that her labour shall not be in vain in the Lord.

So keep her and us within Thy holy care that we may at all times gladly and faithfully serve Thee as our Lord and Saviour. Then, when the shadows lengthen and the evening of life's day is come and our labours ended, may we be numbered among those who, having finished their course and kept the faith, shall be counted worthy to receive from Thee that Crown of Glory that shall never fade away; through that same Lord Jesus Christ, Who alone is our hope and our joy, Who is forever worshipped and adored with Thee, O Father, and with the Holy Spirit, one God, world without end. AMEN.

Our Father *****

The Moderator, taking her by the right hand, shall say: "In the name of the Presbytery..... I welcome you to your appointment to this office".

The congregation shall be seated; and the Moderator or a person appointed by Presbytery shall address the Deaconess with reference to her new service, concluding with such ascription as this:

Now the God of Peace, that brought again from the dead our Lord Jesus, that great Shepherd of the Sheep, through the blood of the Everlasting Covenant, make you perfect in every good work to do His will, working in you that which is well pleasing in His sight, through Jesus Christ; to whom be glory for ever and ever. AMEN.

An hymn appropriate to the occasion shall be sung and the Moderator shall dismiss the congregation with the Benediction.

RECOMMENDATIONS

1. (a) That General Assembly approve the above Order of Service for the Installation of Deaconesses for use within our Presbyteries;
- (b) That, in effecting the distribution of this Order of Service to the Church, in addition to its permanent form in the Acts and Proceedings of the General Assembly, it be printed separately and sent to all ministers, including Presbytery Clerks and Conveners of Presbyteries' Committees on Students and Colleges, and further distributed through the publication media of the Women's Missionary Society to all W. M. auxiliaries.
2. That ministers and sessions be encouraged to explore new ways of worshipping Almighty God; and be cautioned not to use gimmicks or bizarre forms for their own sake.
3. (a) That, while we believe no authoritative pronouncement can be made confining ministers to use any particular version of the Holy Scriptures when con-

ducting public worship, we would urge them to exercise sound judgment and good taste at all times and on all occasions, both in their choice of Scripture readings and in the versions they use;

- (b) We would further recommend that, when conducting public worship, great care should be taken and emphasis laid on the systematic, clear, and reverent reading of the Holy Scriptures of both the Old and the New Testaments.
4. (a) That every minister prepare both himself and his thought forms in public prayer in such a way as to have greater confidence of allowing freer access to the Holy Spirit to bless effectually the assembled congregation;
- (b) That each minister, availing himself of the best aids to worship, but bound to none, be ever conscious of the need of communicating the Gospel of God's redeeming love in Christ in all aspects of the public worship of God.
5. That the joint expense allocation of \$1,000.00 which this Committee shares with the Committee on the Revision of the Book of Praise be continued for this year.

Convener.

SPECIAL COMMITTEE RE OVERTURE No. 28, RE CAPITAL PUNISHMENT, PRESBYTERY OF VICTORIA, ACTS AND PROCEEDINGS, 91st GENERAL ASSEMBLY, 1965, P. 124

To the Venerable the 93rd General Assembly:

This is the report of a special committee appointed by the 91st General Assembly to deal with an overture from the Presbytery of Victoria calling for an immediate expression of opposition to capital punishment to be sent to the federal government, together with a re-examination of our Church's position with a view to preparing a new statement on this matter (A. & P. 1965, P. 518).

The immediate reference is of course to the position adopted by our Church at the 80th General Assembly affirming the right of the State to inflict capital punishment (A. & P. 1960, Pp. 302-3).

The Presbytery of Victoria's objection to this statement of the Church's position was not the first. The Presbytery of Hamilton submitted an overture with a similar prayer in 1956 (A. & P. 1956, pp. 332, 333). The result was the appointment of a special committee under the Chairmanship of Prof. D. V. Wade, which committee presented an interim report to the General Assembly in 1957 (A. & P. 1957, pp. 222-225). That General Assembly then dismissed the special committee, for reasons disclosed in the minutes, and handed the problem back to the Board of Evangelism and Social Action. There it resided until the appointment of yet another special committee, namely this one. This committee has met, and the following extract from its minutes constitutes its recommendation.

"That the committee has met and discussed in detail the question of capital punishment referred to it and in view of the divergence of opinion existing among the members of the committee, we are recommending that no change be made in the statement on capital punishment as adopted by the 80th General Assembly in 1954." All of which is respectfully submitted.

Convener.

REPORT OF THE BOARD OF EVANGELISM AND SOCIAL ACTION

To the Venerable the 93rd General Assembly:

There is a recent book that has been widely read and studied in discussion groups in some of our congregations about what happened to an old church as it began to discover the secret of new life. The book is "From Tradition to Mission" by Wallace E. Fisher, and a reviewer in the Presbyterian Record (February 1966) said that it should be read by all ministers and elders, but not if they cannot be changed.

The book describes how a congregation went through a dozen harrowing years as it strove to learn how to present a faith that was alive and relevant to the lives of men. Many in the congregation strenuously resisted the idea that the Word of God spoke directly to their private or public lives, or that they themselves should use their lives and vocations to proclaim that Word to other people. Clergy and congregation thought many times that it would have been much easier to be benignly irrelevant.

But one by one, and then in increasing numbers, men and women awoke to the necessity of taking personal action to help solve the vexing problems of their neighbour and their world, and very deliberately they began to invite other people to acknowledge that Christ is Lord and Saviour.

It involved courage in facing issues; it meant losing disgusted members; but the soldiers who stayed on the field discovered to their delight the willingness of the Holy Spirit to enter their situation with His power and grace — and they began to embody in their lives the twin thrusts of evangelism and social action.

The book was not written about a Presbyterian congregation. Perhaps some of our congregations could tell a similar story, even though nobody has written a book about them. The point we make is that *what happened in one congregation can happen in many others*, because that Lutheran congregation before its time of renewal began was, in the author's description, a "stately dowager" basking in the reflected glory of a great tradition, whose slogan had come to be "touch nothing, disturb nothing, change nothing".

Not all our churches match the description of that congregation either in its "tradition" or "mission" stage; not all have the same resources or will go about things in the same way. But the experience of that church is a pattern. To deny that this kind of renewal is possible for our churches is either to deny the power of God or that we are any longer truly the Church in any Biblical understanding of that word. Daniel T. Jenkins said, "the strange thing about the Church is not that it grows old, but that it seems to have discovered the secret of being born again". ("The Strangeness of the Church", p. 14)

The role of the Board of Evangelism and Social Action is that of an instrument, a servant, sometimes a catalyst, in that renewal which we prayerfully trust will be the lot of our Church as a whole.

THE BOARD'S ACTIVITIES

The General Assembly has made the Board of Evangelism and Social Action responsible for Evangelism, Christian Social Action, Eldership Training, and the national Committee of Presbyterian Men is a Committee of this Board.

These four main areas represent many smaller areas of concern, and in seeking to be faithful in the stewardship committed to us by the Church, our Board is involved in the study of a wide range of concerns.

Since both evangelism and social action are concerned with the communication of the Gospel to persons in a changing society, it is imperative that the Board be alert to and conversant with new methods of confronting the people of our communities with the Living Christ and the Good News of what God has done for us in and through Him. This entails the study of what others have done and are doing, and in some in-

stances the undertaking of new research projects. Some of the studies of the Board during the past year are in the nature of continuing studies, while others were started this year.

Christian Social Action Questions: Committees of the Board have given consideration to a number of topics: the Church and aging, the Church and alcohol, automation and its impact on persons, bilingualism and biculturalism, how to cope with obscene literature and pictures, our church's views on gambling and lotteries, the view of The Presbyterian Church in Canada on national health services, the Church and the ministry of healing, the abolition of capital punishment, the elimination of sub-standard housing, justice for Canada's Indians, the observance of the Lord's Day in modern society, the impact of continuous industrial operation on families and individuals, the Church and narcotic addiction, the war in Vietnam, the Church and organized labour, the Church and management, labour-management relations, the preparation of a brief for the Canadian Committee on Corrections, racial and ethnic discrimination, anti-semitism, smoking and health, tobacco and liquor advertising, the sale and use of L.S.D., the misuse of credit, the use of leisure, Christian burial and the practice of cremation, suicide—its causes and prevention.

The Committee on Economic and Social Justice concerned itself with: penal reform, halfway houses, the rehabilitation of ex-prisoners, juvenile delinquency, the federal penitentiary building programme, Christian responsibility and poverty, the guaranteed annual income, the deletion of section 27 (2) from the Federal Income Tax Act, the Canada Pension Plan and members of religious orders, the amendment of the Canada Pension Plan to include housewives, the moral aspects of the artificial prolongation of life (euthanasia), the theology of punishment, corporal punishment, bonanza merchandizing, government regulations and the Church.

Family Life Questions: Christian marriage and universal marriage, the preparation of a Brief on Divorce for the federal government, remarriage, the adoption of children by Christians and non-Christians, regulations with regard to the adoption of children, conception control and family planning, inter-racial marriage, a Christian perspective towards sex for older youth, talking with our children about sex, and legalized abortion.

Evangelism Studies: The Board has continued its discussion of new methods of evangelism, namely: evangelism in resort areas, apartment evangelism, religion in the National Parks, and newspaper evangelism. They also studied some new documents on the evangelism of children, the meaning of conversion, and evangelism where the ski-run ends.

The Production and Sale of Literature

The production and sale of literature has come to be a major feature of the work of the Board. In addition to the training manuals for evangelism, social action and eldership training, the Board stocks pamphlets and mimeographed study papers on practically all the topics listed in the preceding paragraphs. The titles of new materials produced since the 92nd General Assembly are: *The Manual on Christian Social Action*; *What About Adoptions?* (pamphlet); *The Festival of Death* (pamphlet); *Freedom and Responsibility* (booklet); *The Elder and His District* (booklet); *Talking With Our Children About Sex* (booklet); *A Christian Perspective Towards Sex for Older Youth* (pamphlet); *How You Begin the Christian Life* (pamphlet); 25,000 *Fathers, Mothers, and Children* (a mimeographed sermon).

Field Work by the Secretaries

Field work entails the holding of workshops by the Secretaries at the congregational, presbytery and synod levels to help ministers train their lay people in the various methods of evangelism; to discuss how to involve church people at the congregational level in Christian social action; to explain the training courses for elders; and to assist with pre-marital and marital counselling workshops for ministers.

Conferences

The Board of Evangelism and Social Action co-sponsored Institutes on the Church and Industry at Cornerbrook, Newfoundland; Winnipeg, Manitoba; and Sarnia, On-

tario; held joint Conferences on Evangelism in the Synods of Montreal-Ottawa, October 17-18, 1966, and British Columbia, April 4-6, 1967; and jointly sponsored a Conference on Pre-Marital Counselling in the Synod of Saskatchewan, April 24-May 1st, 1967.

The Secretaries, and in some instances, the members of the Board, attended and/or served as leaders and resource persons at Conferences sponsored by other organizations: The World Conference on Church and Society, Geneva, Switzerland, July 12-26, 1966; Conference on Adult Resources, Toronto, Ontario, June 20-22, 1966; Second North American Conference on Church and Family, McMaster University, May 30-June 3, 1966; Conference on the Family and Sexuality, November 4-5, 1966; The Minister's Conference on Recreation, November 10-12, 1966; Conference on Corrections, Aurora, Ontario, October 21-22, 1966; The Convention of the Canadian Federation on Alcohol Problems, Halifax, N.S., November 27-29, 1966; The Convention of the Religion-Labour Council, Toronto, Ontario, January 17-18, 1967; Conference on the Changing World and the Church, January 21, 1967; Churchmen's Seminar on International Affairs, Ottawa, Ontario, January 25-27, 1967; Consultation on Planning for Mission, New York, N.Y., February 13-16, 1967; Conference on Housing, Toronto, Ontario, February 10, 1967; International Convocation, McMaster University, Hamilton, Ontario, May 9-11, 1967; Seminar on the Church and Industry, Waterloo, Ontario, May 15-26, 1967.

Representation on Inter-Board Committees

The Board is represented on the General Assembly's Audio-Visual Committee, the Committee on Missionary Education, the Committee on International Affairs, the Committee on Higher Learning, the Committee on Institutional Chaplaincies, the Committee on Inter-Church Aid, Refugee and World Service, and the Co-ordinating Committee on Adult Education.

Outside Organizations

Another important area of our work is that of representing The Presbyterian Church in Canada on the outside organizations that carry on work related to the work of our Board: The Departments of Evangelism and Social Relations, Canadian Council of Churches; The Canadian Federation on Alcohol Problems; the Lord's Day Alliance of Canada; The Inter-Church Committee on Protestant-Roman Catholic Relations; The Religion-Labour Council of Canada; The Canadian Welfare Council; The Canadian Council for Supervised Pastoral Education; The Canadian Urban Training Project; The National Committee on the Church and Industrial Society; The Church-Management Consultative Committee; and the Advisory Committee of the Minister of Reform Institutions for Ontario.

Until March, 1967 the work of this Board was supervised by one full-time Secretary. In view of the importance and scope of the Board's work, the Board of Evangelism and Social Action wishes to express its sincere thanks and appreciation to the 92nd General Assembly for permission to appoint an Assistant Secretary. The Board is happy to announce the appointment of the Rev. Wayne A. Smith, B.A., B.D., formerly minister of the Presbyterian Church, Paris, Ontario, as Assistant Secretary, who assumed his duties on March 1st, 1967.

Resignation of Mr. W. B. Cross from National Committee of Presbyterian Men

In February, 1956 this Board appointed Mr. W. B. Cross as Chairman of a committee to develop a program to help bring men into a closer relationship to Christ and His Church.

Under Mr. Cross's leadership this committee has become well established as the National Committee of Presbyterian Men. Its influence has been felt in all parts of the Church through the National Men's Conferences, the PM Training Program, and through synod, presbytery and congregational gatherings of men which are now being held regularly in many parts of the Church.

As Mr. Cross was called to serve as Vice-Chairman of the Administrative Council in 1966, he has resigned as Chairman of the National Committee.

In recognition of the great service which Mr. Cross has rendered the Church

through his leadership in the PM movement for eleven years, the Board of Evangelism and Social Action has named him Honourary Chairman of the National Committee of Presbyterian Men.

EVANGELISM

Is evangelism happening? Readers of this Board's reports to succeeding Assemblies sometimes wonder when they see how much more space is given to social action than to Evangelism. Newspaper readers wonder when they see how often the Churches speak out on social action topics, but find few reports about evangelism unless an evangelist is in town. Members of your Board also wonder when they hear how few congregations report undertaking any activities of an evangelistic nature.

Evangelism goes on all the time. Ministers of the Word preach it with faithfulness. Men and women give consistent evidence of the faith that is in them. It may not be a bad thing that there have been few recent bold innovations in evangelism methods, or that there are few headlines about those intensely personal moments (or successive steps) when people put their trust in Christ. The work of the Church in reaching out into the lives of people goes quietly on, even though the statistics would scarcely bear this out.

Evangelism goes on all the time, but not everywhere. Quite possibly evangelism isn't happening at all in many places, even where there is plenty of activity. For instance, is it really evangelism if a congregation does a little friendly visiting with the sole purpose of interesting some people to join the church because their givings are needed to help pay the bills? Is it evangelism when a church attracts people to itself and not to Christ? Is it evangelism when someone has been led to put their trust in Christ, but finds that a church congregation has no idea of how to nourish them, warm them or equip them for service?

There is a need in the Church to become more consciously aware that the proper content of the evangel is Jesus Christ. There is also the need for the Church to be as deliberately purposeful in its outreach as were those early (and inexperienced) evangelists of whom we read in John 1:35-51. It would sometimes seem that outreach in the name of Christ is intermittent, incidental and even accidental, as if the Church had more important things to do.

But many contemporary problems arise. The most pressing is the question of the validity of evangelism in the face of the urgent needs of men to be freed from poverty and the many tyrannies of this world. In facing this question, your Board has begun to study a document entitled, "Conversion to God and His Kingdom", by Paul Löffler, in order to consider the relevance of this doctrine for our time and situation. We believe that the Church as a whole might well undertake some similar study.

Whose Responsibility is Evangelism?

Much of the apparent indifference to evangelism stems from a misunderstanding of who is responsible for evangelism. Lay people seem to have taken for granted that evangelism is the task of the minister of the Word and Sacraments. Of course, they are right in assuming that this is an integral part of this ministry for every minister is called to be an evangelist. However, evangelism is also the responsibility of the laity. Paul in his letter to the Ephesians says that the clergy are given "for the equipment of the saints" so that they might carry out their ministry. This is not to minimize the ministry of the Word and Sacraments, but it does point to a division of responsibility. The ministry of the professional clergyman is primarily in and to the Church, while the ministry of the laity has to do largely with the ministry of the Church in and to the world.

Great things could happen if lay people were to take seriously their responsibility as ambassadors of Jesus Christ. It is for this reason that we are urging congregations to undertake a Centennial Project, the objective of which is to share the Good News of God's redeeming love in Christ with the people in their neighbourhood, and to witness to the Lordship of Christ in the affairs of their community and the world.

Methods of Evangelism

Since evangelism is concerned with many kinds of people from all walks of life, and since all people do not respond to the same approach, your Board recognizes that many methods are required, and would urge congregations to use the method or methods best suited to their situation. The following methods have been used by congregations during the past year:

Preaching Evangelism

Preaching evangelism continues to be an effective method of evangelism. Since every minister is called to be an evangelist, more emphasis needs to be placed on the Sunday by Sunday preaching of the Word as evangelism. This harmonizes with the view that evangelism is not an occasional feature but an essential part of the Church's life and work.

The special preaching mission is also being blessed by God, but we would warn against the view that evangelistic preaching belongs exclusively to the preaching mission. The preaching mission has its place, and it is an important one, but it must be seen as but one phase of preaching evangelism, which requires the faithful, ongoing preaching of the Word to insure that its benefits be lasting.

Lay Visitation Evangelism

In Canada as in other countries of the world increasing numbers of people are not only absenting themselves from the regular worship services of the Church but also from special services. Yet these are people for whom Christ died, who have a right to hear of their inheritance in Christ. If they are to hear the Good News of God's redeeming love in Christ, Christians will have to take the Good News to them. This is being done in a number of ways, namely, Friendship Evangelism Visiting, Person to Person Evangelism, and Friendly Visiting to Older Persons. Some congregations have found a combined Preaching Mission and Friendship Evangelism Visitation to be an effective way of reaching people.

In addition to reaching people for Christ and the Church, lay visitation evangelism has done much to renew the Church and bring blessing to God's people.

Occupational and Industrial Evangelism

Much effective evangelism is taking place as a result of the witness of dedicated Christians in their place of work. This is a great field for evangelism, which requires the witness of life as well as word.

While our Board continues to develop this method of evangelism independently, it has proved to be a very effective area for ecumenical witness. Every year at least three Institutes on Church and Industry are sponsored by the National Committee on the Church and Industrial Society, of which the Board of Evangelism and Social Action of the Presbyterian Church is a charter member. Also, from May 15-16, 1967 the first two weeks' Seminar on Church and Industry was held at Waterloo, Ontario.

At these Institutes the delegates not only hear lectures, they also visit factories and industrial plants in the area to see the working conditions first hand, and to discuss with management and labour what the Gospel means in their situation.

Evangelism Through Church Groups

Lay Visitation Evangelism and Occupational Evangelism are designed to establish lines of communication between the Church and the home, and the Church and those in the world of work, but the value of vital Christian groups for evangelism must not be overlooked. One of the greatest evangelizing agents is the Christian community itself.

The Evangelism and Social Action Council

It is our view that evangelism and social action have not received the attention at the congregational level that they should because there has been no structure to focus the attention on them that they deserve. We would recommend the establishment of an Evangelism and Social Action Council in every congregation. Its purpose is to

provide lay people with the training and fellowship which are so essential for the effective carrying out of the Church's mission in and to the world.

World Congress on Evangelism, Berlin, Germany, October 26-November 4th, 1966

The Board was represented through its chairman at the World Congress on Evangelism in Berlin, October 26th to November 4th, 1966. This world gathering of concerned people sought to provide a new thrust for Christian outreach in fulfilment of The Great Commission. The Congress theme, "One Race, One Gospel, One Task", led the delegates to address themselves to some of the most important issues confronting the Christian Church in our time. The closing statement sought to sum up the findings of the gathering under each of the three parts of the theme:

One Race — "In the name of Scripture and of Jesus Christ we condemn all racialism wherever it appears. We ask forgiveness for our past sins in refusing to recognize the clear command of God to love our fellow men with a love that transcends every human barrier and prejudice."

One Gospel — "We reject all modern theology and criticism that refuses to bring itself under the divine authority of holy scripture, and all traditionalism which weakens that authority by adding to the Word of God."

One Task — "We must face the reality that not everyone who hears the gospel will respond to it, but we accept it as our responsibility to see that everyone is given the opportunity to decide for Christ in our time."

The concept of evangelism-in-depth, which has been used with such outstanding results in Latin America, is worthy of our close attention and study in the Canadian churches. By a carefully planned program it has been possible to involve virtually every member of the church in the task of evangelism and thus reach every home in a given community with the gospel of Jesus Christ. As a result, the increase in the number of Protestant Christians in Latin America now outnumbers the population growth by a rate of three to one! One must ask whether what is working so well for them will not work equally as well on the Canadian Scene.

CHRISTIAN SOCIAL ACTION

The Presbyterian Church has always recognized the validity and importance of Christian Social Action. Of course, it couldn't be otherwise with the emphasis that our theology puts on the Sovereignty of God and the Lordship of Jesus Christ, and the consequent accountability of all persons and groups of persons to God, whether those persons be private individuals or government leaders.

When God blessed man and gave him "dominion over the fish of the sea, and over the fowl of the air, and over every living thing that moveth upon the earth" (Genesis 1:28), He didn't thereby give man the right to do what he pleased with His creation. It was simply another way of saying that He appointed us as the stewards of that which He created, with the obligation to "keep" and use His creation for His glory and the well-being of our fellow human beings.

To the State He entrusted the administration of His world, but to the Church He committed the responsibility of proclaiming His Word and interpreting His will with regard to the world. In other words, though the Church and the State have distinct functions, they are joint stewards of God's world, because while the Church must depend on the State to enact legislation to promote the well-being of all citizens and to use its power to prevent the exploitation of the weak by the strong, without the Word of God which the Church has the privilege and responsibility to proclaim, the State cannot be a good steward of God's world. For the Church of Jesus Christ to be concerned about conditions in the world today is, therefore, not interference in something that is not her business, but is simply being a good steward of the Word of God, which is concerned with the whole man and the whole world.

"Georgia Harkness, Andre Bieler, H. Henry Meeter and Ernest Troeltsch, among others, have combed from out of the Registres of Geneva's city council the social legislation which Calvin came to the city hall to get. He came as a minister of the gospel;

other status had he none. He succeeded in getting regulation hours and conditions of labour; restriction of the task imposed upon women and children; control of inflationary prices of bread, meat and wine; the right to organize for unskilled, non-guild labour; public investment in business enterprise to relieve unemployment; subsidization of the work of the diaconate from public funds, adoption of orphans as wards of the city; and the like. What he fought for and did not get is nowhere recorded. But so strenuously did he thrust the pulpit into politics, economics and social affairs that Eugene Choisy speaks of Calvin's 'theocracy', and Emile Doumergue and Ernest Troeltsch of his 'Christian Socialism'." (Copyright 1967 Christian Century Foundation. Reprinted by permission from the March 29, 1967 issue of the Christian Century.)

It was this same concern for the whole man and the whole world that loomed so largely in the deliberations of the World Conference on Church and Society, which was held at Geneva, Switzerland, July 12-26. In the opening address of that Conference Rev. Dr. W. A. Visser's Hooft had this to say: "... From the days of Amos to those of John the Baptist the prophets have insisted that repentance is not merely a change of mind, but a total revolution of life. That is why John the Baptist challenges his hearers, 'Bring forth fruits worthy of repentance', or as the New English Bible translates, 'prove your repentance by the fruit it bears'. And when Jesus comes to proclaim: 'The Kingdom is upon you. Repent and believe the Gospel', it becomes completely clear that repentance means nothing less than to follow the way of the Kingdom, a way which has not merely, not even in the first place, to do with this or that religious practice, but with our daily life, with our relationships in society. So let us not be ashamed to deal with most terrestrial problems. It is true that conversion means first of all turning to God and liberation from the world. We must protest against any attempts to suppress the vertical dimension of conversion and the element of sacrifice within it. But it is equally true that it is in our day to day decisions, in our social life that the reality of our turning to God is constantly tested. We will never be able to convince the modern world of the truth of the Gospel unless we offer it in its fullness; that is with its radical critique of our social attitudes and our social structures confirmed by our personal and corporate obedience."

The final section of the Conference message states: "In keeping with the spirit of the Conference, our final word to the Churches must be a call to repentance and to the recognition of God's judgment upon us; and of the reality of the new humanity in Jesus Christ offered to us all. It is also an urgent appeal for more effective and vigorous action, as an expression of our witness to the Gospel in the world in which we are living. We realize that this is a difficult task and requires a long and arduous struggle. But we pray for strength, sustained by the promise of Our Lord: 'Be of good cheer; I have overcome the world'."

We are most grateful to God that in Canada we have leaders who not only do not object to suggestions from the Churches, but who in fact invite the Churches to share with them their thinking on the urgent social issues of the day. Believing that Christian Social Action is an integral part of the witness of The Presbyterian Church in Canada to the Lordship of Jesus Christ over all life, we would submit the following topics and recommendations for the consideration of this 93rd General Assembly:

Family Life

Our Board, in conjunction with the Board of Christian Education, maintains a Committee on Family Life. The Committee has been assigned a number of responsibilities involving the study of issues and problems related to marriage, the family and sex education. It attempts to be a direct service to the Church by providing information about available literature and audio-visual materials in the areas of its concern, by reporting on developments in the Church and society, and by speaking for our Church on these matters when authorized to do so.

Several specific matters are respectfully drawn to the attention of the Assembly:

(1) *The Commentary on Marriage, Divorce and Remarriage*

The Commentary was presented to the 90th General Assembly and has since received wide distribution and study. Certain additions are to be made in the document,

and it is commended once again to the Church as a study document. The Committee has been directed to prepare a succinct statement on marriage, divorce and remarriage with a view to its presentation to the 94th General Assembly.

(2) *Workshops for Ministers on Pre-Marital Counselling*

The Board has assisted several synods and presbyteries in holding workshops on pre-marital counselling and desires to assist other church courts in doing so. It also plans to broaden the scope to include the subjects of marriage and family counselling.

(3) Work continues on the preparation of a statement regarding "Adoption of Children by People of Non-Christian Faiths and People Who Profess no Religious Faith".

(4) *Legalized Abortion*

This subject is dealt with in the following sections of the Criminal Code of Canada: Sections 150 (2c), (3), (4), (5), Section 209 (1), (2), Sections 237 and 238. The issue before the Church is whether, within the context of the sanctity of human life, there are circumstances where abortion is permissible. If such exist, the law must be clear in safeguarding those who are involved in the decision and the action. With regard to these matters, a recommendation is respectfully offered to the General Assembly.

Christian Responsibility and Poverty

Canada is acclaimed everywhere as one of the affluent nations of the world, yet research by governmental and voluntary agencies reveals that in the very midst of our affluence there is widespread poverty ranging from privation to outright destitution. On the basis of the Census definition of "family", in 1961 23% of Canadian families had an income of less than \$3,000.00, with many of this group receiving less than \$2,000.00. However, in spite of this widespread need, the public is not generally aware of the plight of the poor.

What can be done to convince Canadians that a real emergency exists, and that the war on poverty needs stepping up? Certainly much more can be done by way of acquainting people with the facts of the situation, but it is also imperative that we understand the truth about poverty and develop right attitudes to the poor themselves.

Poverty is much more than simply being short of money. The Scriptures depict poverty as a state of deprivation that results in people being bowed down and afflicted. It is an insidious thing that not only causes suffering but also robs people of the opportunity for personal fulfilment and of making effective use of their lives in the service of God and Man. In other words, poverty is an unmitigated evil. Robert Burns speaks thus of poverty: "thou half-sister of vice, thou cousin-germaine of hell, when shall I find force of execration equal to the amplitude of thy demerits?"

"Profile of Poverty in Canada", one of a series of documents under the general title of Meeting Poverty issued by the Special Planning Secretariat, describes how poverty is blighting the lives of individuals, families and communities in Canada today.

The poor are robbed of freedom by being forced to live in sub-standard housing. This in turn is an additional threat to the marriage relationship, and is a veritable breeding ground for juvenile delinquency.

In a day when education is essential if young people are to be able to compete in the labour market, poverty deprives them of both the possibility and incentive to take advantage of educational opportunities.

Higher income groups receive better health care than low income groups, although the low income groups have greater health problems and their illnesses tend to be more severe.

Poverty results in less participation in community affairs. Poor people not only have very little say in the decisions which affect their lives, but also the community is robbed of the contribution that this group of people should be able to make.

One of the most serious effects of poverty is the attitude of the "well-to-do" to the poor people of the community. There are those who blame the poor people for their condition. They believe that anyone can succeed if he wants to, so they tend to think of the poor as lazy, shiftless and undeserving. In fact, by way of justifying their atti-

tude to the poor, they give the impression that God is the God of the "well-to-do". This attitude leads to a feeling of inferiority on the part of the poor and also an alienation from the society which rejects them. "Because the poor lack access to those things which would make them more acceptable to the more affluent society, they tend to form a culture of their own which, in turn, discourages participation in the society around them."

The Church's responsibility in the war on poverty is, among other things, to provide the right attitude to the poor and the motivation that is born of God's redeeming love in Christ, and His concern for the needs of the whole man. It is important then to know God's attitude to the poor and poverty.

While in no way seeking to minimize the need for individual initiative and the necessity of doing all within one's power to help oneself, and while recognizing that the poverty of some people is their own fault, the Scriptures speak of a God who loves poor people as well as others, and who is genuinely concerned about their plight. Though poverty may be the result of the sin of the poor, the Scriptures are more inclined to attribute it to the sin of society. They suggest that their plight is due to the greed of the rich (Amos 8:6); to the low wages paid by employers (James 5:1-4); and the lack of genuine concern on the part of all of us for the total welfare of the people of our communities and the world (St. Matthew 25:31-46).

In both the Old and New Testaments God is described as the defender of the poor, the fatherless and the widow, and there are laws designed to insure their just treatment by society (Deut. 10:18; 14:28-29; 15:1-6; 15:7-11; Leviticus 19:9, 10; 23:22; Proverbs 14:31; Jeremiah 22:16; Zechariah 7:10; St. Matthew 5:3; 11:5; 25:31-46; St. Luke 4:18; Romans 15:26; James 2:5).

There is strong evidence that God judges individuals and nations for their neglect of the poor (Exodus 3:7; Amos 8:6; James 5:1-4).

On the other hand, there are many references to God's blessing those who help to relieve the needs of the poor (Proverbs 14:21; 22:9; 19:17; St. Matthew 25:31-46).

While the Scriptures speak much of God's love for the poor, there is nothing to suggest that He is happy about poverty, or that He permits it to help develop character. In fact, the exact opposite is the case. Since the earth is the Lord's and the fulness thereof, and since it is His will that all His people should enjoy His bounty, the cause of poverty is to be found in the greed and avarice of man and not in the will of God. His reason for delivering the Israelites out of the hand of the Egyptians was not simply to set them free but to "bring them up out of that land unto a good land and a large, unto a land flowing with milk and honey" (Exodus 3:8).

God's love and concern for the needy should be a constant reminder and challenge to His Church to join Him in His concern and action on behalf of the poor in Canada and the world. This concern will of necessity express itself in demanding adequate financial assistance for the poor, but it will also mean identifying ourselves with them, getting alongside of them, working with them to the end that they may assume their rightful place in society, and come to know God and the fulness of the blessing of the Gospel of Christ.

Bonanza Merchandising

During the past ten years in Canada there has been an alarming increase in the amount of advertising and sales promotion being carried on by means of large "give-aways", "sweepstakes" and "trading stamps", for example:

1. Certain gasoline companies give away millions in bonanza gifts to lucky winners in an attempt to attract customers to their products. It might otherwise be possible to lower their prices and/or give their operators and distributors a greater return for their effort, enabling them in turn to pay better wages to their mechanics and other employees.

2. Trading stamps are being used in a similar way to attract customers, with the result that prices must go up. They do not take the cost of the premiums out of profits, but add it on the cost of the commodity. The Government of Ontario has given consideration to outlawing trading stamps but appears to need some support from public opinion. One obvious way to curtail this method of merchandising would be for

the government to fix a limit on the amount spent in advertising and promotion which can be claimed as a tax deduction.

Let us consider the effect of Bonanza Merchandising on persons —

1. It forces the individual to support this kind of promotion through higher prices. 2. It tends to create an unnatural demand for goods and services beyond what can be afforded, and this in turn causes inflation. Here again it is individuals and families who suffer. 3. It promotes avarice and greed and leads the weak to expect they may (some day) win something for which they neither labour nor have to pay. 4. It results in a denial of faith in the goodness of God who provides for all our needs. It tends to encourage the worship of "Lady Luck" instead.

In this situation Christian love calls for action.

L.S.D.

Recent press reports speak of the increasing use of the drug LSD. There is evidence that under strictly controlled conditions the drug has important and beneficial uses. But it is also evident that the results of its unrestricted use are often harmful and sometimes tragic. Admittedly, a law restricting the drug's use may be hard to enforce, yet restrictions are necessary. To this end, a recommendation is submitted.

The Church and the Ministry of Healing

Commissioners to the 92nd General Assembly were given copies of a study document entitled "The Church's Ministry of Healing". This significant contribution to a subject too little considered in our Church and yet obviously relevant to many of our people is available from the office of the Board of Evangelism and Social Action at 25c per copy.

Sunday Employment

Christians in increasing numbers are having to make decisions about Sunday employment. Employers are being faced with a choice between satisfying the demands of a competitive market and loyalty to the Lord's Day. Employees are sometimes presented with the unpleasant options of working on Sundays or being dismissed. The Christian's choice in such matters is governed by many factors, and the will of God for the Christian in any particular case will be in keeping with certain responsibilities God has laid upon him. These factors may bear only a superficial resemblance to those that come into play in the experience of another individual. A recommendation with respect to this matter is submitted; it is in general terms for the reasons stated, but it is hoped that its principles may be found applicable to the situations in which our people find themselves.

ELDERSHIP TRAINING

"The session of a particular church carries an immense responsibility. Once having been elected, ordained, and installed, its members are not responsible primarily to the congregation, but to the presbytery and the Church at large. They do not run for office on a platform, but are chosen for their character, leadership, and judgment, and asked to use their abilities on behalf of the congregation. This does not mean that they should ever be insensitive to the wishes of the people, but that they are called upon to think and act for themselves under the guidance of the Holy Spirit, as together they seek to interpret the Word of God and its implications for the life of their part of the Church.

"To fulfill this responsibility requires a relationship of love and trust between the pastor and the ruling elders. It is a shared responsibility. 'Apart from the ruling elders, the pastor has very little authority of his own in a Presbyterian church; apart from the pastor . . . the ruling elders have practically no authority as a group or as individuals'. The pastor, then, must be very careful not to impose his ideas and opinions upon the ruling elders, but try in every way to lead them and challenge them to use every resource they possess in becoming more informed and able as officers and co-workers. Frequently a pastor unwittingly dominates his session, either by the force of his personality or because the elders do not understand the part they are to take in the Church's government. At the same time it must be said that a pastor who fails to

challenge his session vigorously, and insist upon responsible action on their part, through fear that they may take offense, it not fulfilling his function.

"Is it too much to ask busy laymen to accept this task? If they can be shown the vision of this great Christian enterprise, and the tremendous importance of their function as leaders in it, they are likely to respond with a zeal and intelligence surprising to the pastor and stimulating to the church. In the session lies the key to the Church's effectiveness."

(The Preceding was from the Church Officer Training Program, United Presbyterian Church in the U.S.A. Used by permission.)

It is because the session's task is so important that eldership training is being stressed. It is also one of the most encouraging aspects of our Church's life and work. Training is being undertaken in the following ways:

1. Elders' Rallies —

These rallies have proved valuable as a means of stimulating enthusiasm and providing the opportunity for the ruling elders of a Presbytery to meet and discuss their mutual interests and concerns.

2. Elders' Schools —

The Elders' School makes possible more intensive training and discussion at the Presbytery level. A number of Presbyteries have made an Elders' School a yearly event, with the interest increasing with each succeeding year. It is customary for the School to begin on Friday evening and conclude late Saturday afternoon.

3. Eldership Training in the local session —

While Elders' Rallies and Elders' Schools are invaluable, and are recommended at the Presbytery level, experience has shown that there is "no feasible way for adequate training to be accomplished except in the local session, under the leadership of the minister". Training must be a continuing process in the life of the session. Elders should be encouraged to continue to learn and grow "as they carry out their responsibilities".

It is recommended that Eldership Training should not be in the nature of a lecture by the minister, but rather a series of discussions led by him. "Just to tell a group has little meaning for them in terms of actually changing their opinion or, more important, their lives. What is desired is that each person's own opinion and experience shall be brought out, and he shall be encouraged to examine its adequacy in the light of the Scriptures, and to understand its meaning in every area of the Church's life. This is learning!"

THE NATIONAL COMMITTEE OF PRESBYTERIAN MEN

An outstanding feature of the work of Presbyterian Men during the year 1966 has been the response to an experiment in Men's Leadership Breakfasts. These were started in the East Toronto Presbytery under the leadership of our Vice-Chairman, Frank Whilsmith. The idea has proven to be very effective and is being extended into other presbyteries.

Our National Week-end Conferences, Presbytery Rallies and Leadership Training Courses have been the means of providing Christian fellowship, inspiration and instruction for hundreds of men each year. However, there are still many men in our Church to be reached. It has been our experience that some of these respond to the opportunity to meet occasionally for two hours on a Saturday morning at breakfast in a hotel setting. These programs have been planned to feature various ministers of our Church as speakers or panel members on topics of particular interest to business and professional men. From 100 to 200 men have attended these monthly gatherings. About 60% at each meeting have not had other contacts with the PM Movement. It is always our hope that from such fellowship gatherings men will be inspired to make similar opportunities available to other men in their congregations and presbyteries. It is good to see that a growing number of week-end retreats, discussion groups, prayer breakfasts, rallies and other gatherings are being held for men in many parts of Canada.

1966 National Conferences

The National Conference program was conducted at five locations in 1966, namely, Truro and London, and for the first time at Montreal, Brandon and Vancouver, with a total attendance of 549 plus the team. The format was changed from previous years, in that a panel was used in addition to the theme speaker, with a view to stimulating discussion of the theme "Channels of Power." The study was based on Matthew 28:18-19. The films "Strike in Town" and "A World on Fire" were also used as a basis for discussion. Our thanks are extended to the fine work of the theme speaker, Professor J. Charles Hay of Knox College and to the Rev. Stuart B. Coles, Penman H. Smith and Douglas Zimmerman, who formed the panel. This panel was supplemented by Allister MacLeod at Truro, by Paul Zimmerman at Montreal, by Reg. Gardiner at London and Brandon, and by John Munro at Vancouver, to whom we also express our sincere thanks. We are grateful to John Bears and Edward MacLaren who supplied the music at Truro, to Jim Laing who led the singing at London and Montreal, to John Laing who was pianist at London, and Cam Ready, the pianist at Montreal. Our versatile registrar, Herman McLean, provided the piano accompaniment at Brandon and Vancouver.

Field Work

Field work was carried out by the Director in the following presbyteries:—

Montreal	Brandon	London
Ottawa	Stratford	
Glengarry	Quebec	
Halifax-Lunenburg	Brockville	
Saint John	Niagara	
Prince Edward Island	West Toronto	
Westminster	East Toronto	

Synod Council meetings were attended in the Maritimes, Montreal-Ottawa, Toronto-Kingston and British Columbia.

The field work of the Assistant to the Director covered the following presbyteries:—

East Toronto	Brandon
West Toronto	Quebec
London	Niagara
Guelph	Bruce
Saskatchewan	Assiniboia

Synod Council meetings were attended in Hamilton-London, Saskatchewan, Manitoba and North Western Ontario.

Many speaking engagements were carried out by the Assistant to the Director, including a three-day mission at Port Cartier, Quebec, and anniversary services and Laymen's Sunday observances at Quebec City.

We are deeply indebted to our Vice-Chairman, Frank Whilsmith, who performed a great amount of field work during the year. In addition to numerous speaking engagements in Ontario and Quebec, including very significant week-end rallies at Brockville and Port Cartier, he spent a week in the Synod of Alberta, working in Calgary, Edmonton and Medicine Hat. He also was theme speaker at a Synod Rally in Rosetown, Saskatchewan, followed by other men's meetings in Saskatoon, Swift Current, Regina and Fort William. The men of Prince Albert planned a two-day series of meetings at which he spoke on another occasion. This was very efficiently

planned and concluded with a well attended laymen's service of witness in the Collegiate auditorium.

Our chairman and other members of the National Committee have also been called upon to speak at numerous Laymen's Sunday observances and men's meetings throughout the year.

Other Conferences

In addition to the PM Conferences we have been represented at other conferences in 1966, as follows:—

- The Church and Family Life Conference, at Hamilton, Ont.
- The North American Men's Work Secretaries' Conference, at Valley Forge, Penn.

PM Training Program

Several Presbytery Councils continue to be active in providing leadership training. The number engaged in the training program is 1,376, plus 297 ministers, making a total of 1,673.

PM Conference Account

A balance of \$1,255.31 remained in the conference account as of December 31st, 1966. A copy of the auditor's statement has been sent to the Comptroller's Office.

Conference expenditures — \$11,745

Conference receipts — 10,925

It is gratifying that the receipts are close to our cost of operation.

Laymen's Sunday

The suggested Laymen's Sunday theme was the same as that of the PM Conferences, namely, "Channels of Power." This was done with a view to following up the discussions at our conferences, which plan was well received by the participating congregations. The Laymen's Sunday Planning Guide was produced in a new booklet form with check sheets incorporated. A large majority of those who used the material rated it as an improvement over previous years.

Reports showed great interest in planning and participation by the laity. In quite a number of congregations the ladies participated and in some cases gave the address. It was good to note that in many cases the minister gave the address, using the Laymen's Sunday theme. Only a few conducted the discussion periods after

the message, which we have been trying to encourage. It was noticeable that many congregations found it more satisfactory to observe Laymen's Sunday on a day other than suggested. About 65,000 copies of the special Laymen's Sunday Bulletin have been used in congregations.

1967 PM Conference Plans

In view of the Presbyterian Congress being held at Queen's University, Kingston, Ontario, June 3rd to 6th, it has been decided not to hold our usual PM Conferences in June. Three National Conferences are planned, as follows:—

- | | |
|----------------|---|
| Eastern Region | — Nova Scotia Agricultural College, Truro, N.S. |
| | — May 5, 6, 7 |
| Central Region | — Canadian Keswick, Muskoka, Ont. |
| | — Sept. 15, 16, 17 |
| Western Region | — School for Continuing Education, Banff, Alta. |
| | — Sept. 22, 23, 24 |

The theme chosen is "Good News for a New Age." In this centennial year of Canada's history and the tenth year of the PM Movement, we are looking forward to an outstanding response. Our internationally known theme speakers are, Dr. Gwyn Walters of Wales, who is now a professor at Gordon Divinity School in Boston, who is speaking at the Eastern Conference, and speaking at the Central and Western Conferences is Dr. Louis H. Evans, former minister of First Presbyterian Church, Hollywood, California. The lay speaker at all the conferences will be Mr. W. B. Cross, who has led the PM Movement through its 11-year history as National Chairman.

Centennial Project

In support of the Board's program of Friendship Evangelism, the committee produced a centennial project folder. This was mailed to all men enrolled in the PM program, urging them to spearhead an evangelism emphasis in their congregations. A copy of the folder was sent to all ministers. The committee believes that it is vitally necessary for our Church to catch the vision of sharing the Gospel with those outside the Christian fellowship. It is our conviction that this can be done through individual members participating in the Friendship Evangelism Program of our Church.

W. B. CROSS,
Chairman.

ROY A. HAMILTON,
Director.

RECOMMENDATIONS

1. That the General Assembly augment the membership of the Board of Evangelism and Social Action to include two representatives to be named by the National Young People's Society.
2. That the General Assembly urge Sessions and Congregations to study the Official Report and/or the Report entitled "Christians in The Technical and Social Revolutions of Our Time" on the World Conference on Church and Society held in Geneva, Switzerland, July 12-26, 1966.
3. That the General Assembly approve the methods of evangelism listed in the special Centennial brochure, and urge that they be undertaken by congregations in this Centennial Year and continued in succeeding years as a means of sharing the Good News of God's redeeming love in Christ with the people of their communities and the world.
4. With respect to the Church's ministry to older persons:
 - (a) That sessions be urged to spearhead friendly visiting to older persons in their communities, e.g. through Councils of Evangelism and Social Action.

- (b) That ministers and elders give special attention to the spiritual well-being of the older person, encouraging him in scripture and devotional reading with a view to strengthening his faith in God and his fellowship with Jesus Christ.
5. That the General Assembly alert Sessions and Congregations to the insidious effects of poverty in Canada today, and urge them to do all within their powers at the congregational, community, provincial and national levels to eradicate this evil that is blighting the lives of so many individuals and families, and is robbing them of the opportunity and possibility of fulfilment and of making effective use of their lives and gifts in the service of God and man.
6. WHEREAS, an abortion involves a decision fraught with serious moral and spiritual implications, and,
WHEREAS, it is morally indefensible to legalize abortion in order to reduce the number of illegal abortions, or as a method of population control, and
WHEREAS, notwithstanding the foregoing we believe that the mother's life is a matter of even greater importance than the life of the foetus, and indeed that the physical and mental health of the mother, when these are most seriously threatened may be adjudged to be of such importance as not to preclude an abortion, and,
WHEREAS, the Criminal Code Section 209 (1), (2) provides for the preserving of "the life of the mother of a child that has not become a human being", but is ambiguous with regard to the legality of such an abortion, leaving medical doctors liable to prosecution even in such cases,
THEREFORE, be it resolved that the General Assembly ask Parliament to amend the law with regard to abortion to make therapeutic abortion lawful, when the continuance of a pregnancy endangers the mother's life or is likely seriously to impair her physical or mental health, when requested by the woman concerned, and when authorized by a panel of qualified medical authorities.
7. That the General Assembly ask Presbyteries and Kirk-Sessions to study the matter of bonanza merchandising with a view to seeking the enactment of appropriate legislation in every province to curtail it.
8. That the Government of Canada be informed that the General Assembly is in favour of legislation to control not only the sale, but also the use and possession of L.S.D.
9. That the General Assembly approve the following statement on Sunday employment as a general principle for the guidance of the church in industry:
We would affirm as a general rule the right of all persons to a day of rest for the worship of God and for spiritual and physical renewal, and in recognition of this right would urge employers to do all within their power to keep the Lord's day free from unnecessary work.
However, we recognize that certain industries must carry on continuous operation by their very nature, and that there are essential public services which must be maintained on a continuous basis. In such cases, persons employed by these industries and services should be prepared to accept their share of Sunday work. When a firm initiates a policy of continuous operation every consideration should be given to the convictions of employees regarding the observance of the Lord's Day so they may if possible be freed from responsibility for Sunday shift work.
10. That the General Assembly urge upon Sessions the use of the study booklet "The Elder and His District" by Rev. Dr. L. H. Fowler to assist them in carrying out more effectively their responsibilities as shepherds of God's people.
11. WHEREAS, the position of the Assistant to the National Director of Presbyterian Men was established by the Eighty-Sixth (1960) General Assembly, and
WHEREAS, the Board of Evangelism and Social Action was authorized to make a two-year appointment to this position, with salary and expenses to be

provided by the National Committee of Presbyterian Men without charge on the budget funds of the Church, and
WHEREAS, the whole matter was to be reviewed prior to the expiration of the two-year term, and

WHEREAS, this appointment was made in October 1964, and
WHEREAS, the 92nd General Assembly (1966) recognized that the field work of Presbyterian Men justified the continuance of this position, and gave its permission to extend the appointment for a further year on the same basis,
THEREFORE, be it resolved that the General Assembly approve that the salary and expenses of the Assistant to the National Director be met from the budget funds of the Church, beginning January 1, 1968 within the allocation to the National Committee of Presbyterian Men.

12. That the General Assembly designate the third Sunday in October as Laymen's Sunday, urging congregations to observe another date if this conflicts with local plans, and that the suggested theme be the same as for the 1967 Conferences, namely, "Good News for a New Age".

REPLY OF THE BOARD OF EVANGELISM AND SOCIAL ACTION TO OVERTURE NO. 14, 1966 PRESBYTERY OF SASKATOON RE PREPARATION AND PUBLICATION OF A BOOK OF SERMONS FOR ELDERS

To the Venerable the 93rd General Assembly:

The Board of Evangelism and Social Action would recommend that the prayer of the Overture be granted, namely, that the General Assembly "prepare and publish resource books of sermons treating of the great themes of the Christian Faith which would be used by elders when on occasion they are asked to lead a service of worship".

However, since the preparation and publication of such books will take time, the Board would recommend that in the meantime sermons by ministers of The Presbyterian Church in Canada be mimeographed and made available for the use of elders, and that a list of books which have been reviewed by the members of the Board of Evangelism and Social Action be available on request for the use of elders who may be called upon to lead a service of worship.

W. L. YOUNG,
Chairman,

A. J. GOWLAND,
Secretary.

THE REPORT OF THE COMMITTEE ON SYNOD CORPORATIONS

To the Venerable the 93rd General Assembly:

The Committee on Synod Corporations begs leave to report on its activities and those of the various Corporations during the year.

New Loans

Three new loans were guaranteed during 1966: two by the Presbyterian Extension Fund (Atlantic) Limited for \$40,000.00 and one by the Presbyterian Extension Fund (B.C.) Limited for \$45,000.00 for a total of \$85,000.00.

Two Corporations (Toronto and Kingston, Hamilton and London) approved loans for six congregations in 1965 amounting to \$604,000.00 but due to high interest rates no debentures were marketed to provide these loans. The chartered banks accommodated these congregations on the Corporations' letter of intent during this period and we are grateful to the banks for their assistance. It now appears that there

will be lower interest rates by the Fall of 1967, which will permit our companies to market debentures.

Existing Loans

As of December 31, 1966, the principal outstanding on debentures and guaranteed bank loans stood at \$3,219,974.00, which is a decrease of \$82,215.00 from the previous year. During the year \$121,000.00 was repaid on debenture principal and \$14,865.00 on the principal of the bank loans. Since the inception of the Corporations in 1957 \$4,498,717.00 has been loaned to 64 congregations.

We take this opportunity to commend the minister and congregation of Richmond Church in Richmond, B.C. for their excellent achievement in paying off the guaranteed bank loan of \$16,000.00 over a period of about five years. This is the first Corporation loan that has been liquidated.

Assets and Liabilities

As of December 31, 1966 the 63 congregations that now have loans through the Corporations had assets of \$10,558,832.00, liabilities of \$5,647,473.00 and an apparent asset surplus of \$4,911,359.00.

Multiplicity of Loans

There are 190 loans from several sources spread over the 63 congregations that have loans through the Corporations as follows—five have one loan each, 16 have two loans, 21 have three loans, 15 have four loans and 6 have five loans. This represents an average of three loans per congregation.

One of the major causes of default is over-building, which results in borrowing money from too many sources. It is the considered opinion of the Committee that many congregations borrow money without first realistically assessing their ability to repay their loans. It is not enough to have faith that somehow the loans will be repaid. The ability to repay must be demonstrated. Too frequently capital funds are sought by congregations and approved by Presbyteries on an emotional basis rather than on a business basis. All successful programs stem from a careful plan that was meticulously prepared and financing a church building, an extension to or renovation of its existing building should prepare a feasibility study that will take into consideration each aspect of the program. When congregations borrow money, they should be able to demonstrate their sincerity of purpose to repay and their ability to repay and evince their financial planning and policy that will guarantee repayment and the plan of repayment. In almost all cases defaults can be avoided by careful analysis and appraisal in the initial stages of the existing conditions in the community and foreseeable population movements and other long-term events which may be an influence on the life of the congregation. This is the function of financial planning. The Committee stands ready to give assistance in this matter. No congregation should attempt to borrow money unless its members are agreed to repay it and are trained in Christian stewardship.

Defaults

There are no Corporations in default but twelve congregations have defaulted to those Corporations that market debentures. An account of the default follows:

Congregation	Date of Loan	Amount of Loan	
		Yet to be Repaid	Amount of Default
		Dec. 31/66	Dec. 31/66
St. Timothy's, Ottawa	Sept. 1, 1960	\$128,500	\$57,985.08
St. David's, Ottawa	Sept. 1, 1960	44,000	29,546.28
St. Martin's, Ottawa	Sept. 1, 1960	75,500	2,000.00

Total for the Corporation of the Presbytery of Ottawa \$ 89,531.36

Elliot Lake	June 1, 1959	20,000	7,441.48
Westview, Toronto	June 1, 1959	83,000	1,200.00
Albion Gardens, Toronto	Feb. 1, 1961	62,750	1,806.25
St. Timothy's, Ajax	Dec. 1, 1962	32,000	2,090.62
Guildwood, Toronto	June 1, 1964	103,000	4,250.00
St. Stephen's, Weston	June 1, 1964	73,000	1,156.25

Total for the Corporation of the Synod of Toronto and Kingston			\$ 17,944.60
South Gate, Hamilton	Oct. 1, 1960	101,750	1,000.00
Kirk-on-the-Hill, Fonthill	Mar. 1, 1962	39,250	6,472.00

Total for the Corporation of the Synod of Hamilton and London			\$ 4,472.00
Elmwood, Winnipeg	Nov. 1, 1960	28,000	1,469.40
Total for the Corporation of the Synod of Manitoba			\$ 1,469.40

TOTAL FOR ALL DEFAULTS TO THE DEBENTURE CORPORATIONS \$113,417.36

It should be explained that the Presbytery of Ottawa guaranteed the Corporation mortgages and has been able to raise sufficient funds to cover the defaults to date but recently the Presbytery had to borrow funds from the bank in order to pay the semi-annual installments on the debentures. The other Corporations prevented default on the debentures by paying the installments on behalf of the congregations. All congregations receiving such assistance will be required to reimburse the Corporations in due course. Steps are being taken by the Corporations concerned to correct this rather serious situation.

Four congregations have paid little or no principal on their guaranteed bank loans although these are not technically in default obviously steps should be taken to insure larger and more regular repayments. These congregations are as follows:

Congregation	Date of Loan	Amount of Guarantee		Repaid
			Dec. 31/66	
Garden Village, Burnaby	Apr. 1959	\$44,800	\$44,800	Nil
Brentwood, Burnaby	May 1961	37,800	35,150	2,650
Whalley, Vancouver	Apr. 1959	32,000	27,979	4,021
St. Giles, Prince George	Dec. 1964	63,236	63,112	124

The Committee views with alarm the continuing serious problem of congregations over-extending themselves and contracting debt and reaffirms its concern that Section 151 of the Book of Forms be amended in such a fashion as to achieve Presbytery control over all borrowing on the part of congregations for capital purposes with or without property security. The Committee is aware that the Clerks of Assembly have studied this matter and will report to this Assembly.

Two congregations that were in default last year are no longer in that position; Wexford, Toronto through its own efforts and Knox, Calgary through outside assistance.

The Corporation of the Synod of Alberta received a bequest in the amount of \$40,000.00, which is known as the Brine Estate. \$15,000.00 of this amount was used to pay off the arrears of Knox, Calgary on the Corporation mortgage. The balance of \$25,000.00 is to redeem debentures that mature in 1979 and 1980, which will decrease the congregation's annual interest payments by \$1,937.50. Knox Church will give back a mortgage for the total amount of \$40,000.00 at 5% interest calling for repayment over the four year period from 1979 to 1982. One of the terms of this bequest is that it be used only in Alberta. The Committee hereby expresses its thanks to Mrs. Brine and to all who contributed to the solution of the problem of Knox Church, Calgary.

Reserve and Guarantee Funds

At December 31, 1966 the combined total of Capital Reserve and Guarantee Funds of the eight Corporations amounted to \$664,714.00, which is an increase of

\$12,207.00 over 1965. (See table attached.) Your Committee would again urge all Corporations to accelerate their efforts to increase their Capital Reserve and Guarantee Funds because there will be an increased demand for loans to construct church buildings for the new congregations started within the past three years.

Insurance

Your Committee calls attention to the fact that it is the responsibility of all congregations having loans from the Corporations to insure adequately their buildings and to make sure that the interests of the Corporations are clearly defined.

Title Deeds

All congregations should make certain that the title deeds and documents on their property are in safe keeping.

Statement on Defaults

During the year copies of the Committee's statement on "Typical Causes of Default" were distributed to all presbyteries for their guidance when considering an application for a loan. Additional copies are available upon request.

Appreciation for Assistance

The Committee records its appreciation to those congregations known to it which gave financial assistance over the past number of years to enable those that borrowed from the Corporations to meet their mortgage payments.

Armour Heights, Toronto to Calvin, Sudbury.

York Memorial to North Park, Toronto and Albion Gardens, Toronto.

Knox, Guelph and St. Andrew's, Guelph to Westminster St. Paul's, Guelph.

The congregations of the Presbytery of Ottawa to St. Timothy's, St. David's and St. Martin's all of Ottawa.

Overture Re National Corporation

Due to circumstances beyond the Committee's control, its recommendation in respect to the prayer of the Overture from the Synod of Alberta requesting the formation of a National Corporation cannot be included in this report but the Committee plans to submit a supplementary report to this Assembly, which will explain the Committee's position on the matter. (see pp. 598-601)

Again we record our thanks to the Corporations and their Boards of Directors for their co-operation during the year.

RECOMMENDATIONS

- 1 — That all Corporations be urged to increase their Capital Reserve and Guarantee Funds.
- 2 — That the Reverend B. E. Howell be appointed a member ex-officio of the Committee on Synod Corporations.
- 3 — That congregations having loans from the Corporations be advised that it is their responsibility to make sure that their property is insured adequately and that the interest of the Corporation is clearly defined.

H. W. HUNTER,
Chairman.

D. McCULLOUGH,
Business Administrator.

REPORT OF THE COMMITTEE ON THE STRUCTURE OF THEOLOGICAL EDUCATION

To the Venerable the 93rd General Assembly:

Two meetings of the committee were held during the year. The first took the form of a two-day conference at the Anglican Retreat Centre, Aurora, Ontario, February 1-2. The other was a meeting, March 13, devoted to the present report. Since the conference provided the basis of the thinking which entered into the report an outline of the program is herewith provided. There were three papers, each followed by discussion. The first was a paper on "The Modern Secular Man to Whom the Church Ministers", by Dr. Maurice Flint, Professor of Pastoral Theology at Wycliffe College and Directory of Chaplaincy Services, Department of Reform Institutions, Ontario Government. The second was a paper on "The Communication of the Gospel in the Contemporary Situation", by Dr. Charles Hay, Professor of Homiletics, Evangelism and Church Administration, Knox College. The third was a paper on "The Concept of the Church's Mission in Today's World", by Dr. E. H. Johnson, Secretary Overseas Department, Board of Missions. At the end of the conference the various important themes relevant to the task of the committee which had emerged from the discussions were summarized. These indicated that the task is much larger and more complicated than commonly assumed. At the same time they provided helpful guide lines for further study by the committee. These themes were as follows:

1. The necessity of examining the prerequisite courses in Arts preparatory to Theology: Is the present structure of three or four years of Arts followed by Theology adequate? Or should we consider, for example, one year of Theology before a student enters upon his course in Arts?
2. The revision of the present structure of courses in the theological curriculum. This would include a study of revisions made by other colleges.
3. The importance of an adequate knowledge and understanding of the emerging secular man in mass (urban, industrialized) society.
4. Conceptions of the ministry and ministeries which are emerging in the contemporary church.
5. Policy respecting the place of the biblical languages in the curriculum.
6. The necessity of better screening of candidates at all stages of their theological course.
7. The necessity of re-examining the method of certifying candidates for the ministry.
8. Need of orientation and counselling of theological students and their families, especially upon entering the theological course and again upon entering the ministry.
9. A study of the use made of students for Sunday Supply, and Mission Fields, with a view to improved supervision and integration of such experience into their educational program.
10. Adequate financial support of the work of the committee.

In the report of the committee last year (A. & P. 1966, p. 322) item 6, among the issues raised and discussed (1965-1966) read as follows: "It is necessary to review the requirements in biblical languages. The possibility of one biblical language for the diploma (core curriculum) and two biblical languages for the B.D. degree will be considered."

The committee was prepared to submit this item as a recommendation to the Assembly this year but decided first to secure the concurrence of the faculties of Knox and Presbyterian Colleges, before submitting it. The result was that one of the faculties approved of the recommendation, the other wished it deferred until the theological curriculum as a whole could be examined. It may be added that the com-

mittee had hoped to use the time ordinarily devoted to the second biblical language for the purpose of providing the kind of courses mentioned in Overture 5 from the Synod of Saskatchewan (1966) and Overture 37 from the Presbytery of Victoria (1966).

The following are the recommendations:

1. That the academic session in theology be lengthened by *two weeks* in the spring term to approximate the length of the academic session in the faculty of Arts in McGill and Toronto.
 2. That the colleges be given authority to require evidence of emotional as well as intellectual suitability for admission to any year of the theological course, it being understood that such evidence shall be substantiated by psychiatric or other professional sources.
 3. That the Senates of the Colleges be encouraged to establish courses (preferably at an advanced seminar level) on the relationship between theology and (a) the recent developments in science and the philosophy of science, and (b) the newly emerging secular man in urban, industrialized mass society.
 4. That the colleges be encouraged to use the additional time (or its equivalent) provided by item (1) above, to expand courses in Pastoral Theology and Counselling, Christian Education and Church Administration.
 5. That adequate finances be provided the committee to enable it to carry out its work.
- Report on Overtures referred to the committee:
1. Overture No. 5, Synod of Saskatchewan, re: Provision of full course in Christian Education in Knox and Presbyterian Colleges (A. & P. 1966, p. 404).
 2. Overture No. 37, Presbytery of Victoria, re: Specialized Training for Urban Ministry (A. & P. 1966, p. 419).

The committee reports that the prayers of both of these overtures are under consideration on the basis of its original terms of reference and that they are reflected in its recommendations.

BOARD OF CHRISTIAN EDUCATION

To the Venerable the 93rd General Assembly:

Once again the board presents a report of its stewardship in the educational ministry of the church. Your board undertakes its responsibility, in co-operation with all the boards and all the courts of the church, to fulfill a faithful ministry of the Gospel and to cultivate and nurture the manifold gifts which God has given to all His people. Your board understands itself and its task as servant of God's mission and purpose "that the universe, all in heaven and on earth, might be brought into a unity in Christ."

The services and responsibilities of the board embrace a wide spectrum of the church's life. There are many things which the board would like to report which give us cause for thankfulness and which gives promise of new and creative forms of ministry as the church attempts to grasp the opportunities which are open to it today. This report must of necessity be limited to most urgent matters and be the means by which the board shares its concerns with the whole church.

Structures for Service

The 92nd General Assembly approved a new definition of the functions, structure and deployment of staff of the board. This arose out of an extended study undertaken by the board. The study sought to discover ways by which the board could steward its

resources in order to render the maximum service to congregations, presbyteries and synods. It was also an attempt to respond to the needs for new educational ministries with youth and adults, and in the area of public education, especially in the rapidly expanding centres of higher learning. In addition it represented in a modest way the board's response to the demands for research in the face of the church's changing relationship with the world.

The board believes that this re-organization has enabled it to offer greater services to the whole church. Through the division of field services the staff has been able to work directly with a large number of voluntary workers, including synod and presbytery conveners, children's and girls' work secretaries, youth advisors, demonstration teachers and others who are giving leadership in specialized areas. They have developed and strengthened good working relationships with the growing number of employed workers, such as congregational and presbytery deaconesses, directors or ministers of Christian education, and regional secretaries. In co-operation with the Women's Missionary Society (W.D.) two conferences were held to enable presbytery deaconesses, regional secretaries and synod and presbytery conveners to study recent developments in Christian education and to explore ways and means by which they can undertake a team ministry.

Conferences of one to three days have been held with six synod committees of Christian education during the past year. Workshops in adult education have been held in three synods and two presbyteries. In co-operation with the Presbytery of Barrie and the staff of three other boards of the General Assembly an important conference was held on the theme of "The Changing World and the Church."

A limited amount of research and experimentation has been undertaken in the field of public education, curriculum study and youth ministry. One member of the board's staff has served as chairman and co-ordinator of a significant ecumenical project in sociological research in the city of Burlington.

The board will continue to examine its patterns of work, its structures and its priorities. It seeks to keep its structures flexible, and open to the future, so that it can serve the needs of the church and the demands which a rapidly changing world are making upon all Christians.

Continuing Study of Curriculum

1. The board informed the 92nd General Assembly of its participation in the development of the next stage of the Christian Faith and Life Curriculum. A special committee of the board was appointed to pursue this study, with Miss Ruth Low of Montreal as chairman. Documents on the biblical, theological and educational foundations related to this development were studied in depth. A further document setting forth basic principles, entitled "Foundations and Frontiers of Christian Faith and Action", was sent to all members of the board for study in preparation for the annual meeting. At this meeting three staff members of the Board of Christian Education of the United Presbyterian Church in the U.S.A. were present to share in an intensive study for a six-hour period. The board will continue to keep the General Assembly and the Church informed of these developments.

The board's special committee is aware of the changes which are taking place in education today and of the fact that the church's educational work will inevitably be affected by these changes.

2. The 92nd General Assembly referred to the Board of Christian Education the following recommendation:

"That the Board of Christian Education explore the possibility of recommending an alternative curriculum among those at present in use in our Church other than the Christian Faith and Life and to report back to the next General Assembly."

(Acts and Proceedings, p. 58.)

The board took the following action with respect to this recommendation. In order that the church at large might become engaged in this exploration and declare itself freely and fully upon this important matter, the board invited the committees of Christian education of all the synods of the church to undertake a study of the Covenant

Life Curriculum of the Presbyterian Church in the United States (South). Seven synods accepted the invitation and presented reports to the board, three of them with specific recommendations. Some of the synods involved a number of presbyteries in their study, thus enlarging the participation of the membership of the church in the undertaking.

In addition special committees in representative areas of the church were formed for the purpose of studying and evaluating other curricula now being used in some of our congregations. These included the Great Commission Publications, and the commercially published curricula of David C. Cook, Gospel Light and Scripture Press.

As a result of these studies and the evaluations and recommendations received from them, the board is presenting a recommendation in reply to the directive from the 92nd General Assembly.

The board wishes to point out that its recommendation leaves unchanged the policy of the General Assembly in 1953 and 1964 authorizing the Christian Faith and Life Curriculum as the recommended church school curriculum of The Presbyterian Church in Canada.

Support for Responsible Education in the Congregation

Everywhere today education has become one of the necessary disciplines of life. No longer can it be looked upon as an option of a luxury if people are to face the future in any kind of responsible way. Training and re-training are becoming essential requirements for living in our time. All levels of governments are called upon to make tremendous investments in education. Corporations are realizing that they cannot survive without a program of continuing education for their personnel. More than a million Canadian adults are going to school every week in night classes, extension courses and other forms of adult learning.

What about the church and the education of Christians? Does the church look upon its educational ministry with the same seriousness and with the same urgency? What kinds of investments are the congregations making in their educational programs? To what extent do Christians feel a need for continuing education in the church, for training and re-training?

The Board of Christian Education is committed to the task of developing every possible means of support for education in all of the congregations of the church. The board by itself cannot do this. A climate for support for responsible education in the congregation can be cultivated only through sessions, presbyteries and synods.

The board is continually seeking ways and means of assisting synod and presbytery committees. This assistance takes many forms — developing plans for teacher education, securing and training of leadership teams for observation schools, experimenting with new forms of ministry with youth, exploring new strategies in adult education, examining the resources and opportunities for a ministry in universities, evaluating curriculum materials and educational practices. Through financial grants made by the board, synod committees have been enabled to undertake a program of advanced training for persons who are willing to give leadership in the educational work of the church at many levels. In 1966 nearly sixty persons, selected by all the synods, received advanced training in laboratory schools, and at university centres.

The board wishes to bring to the attention of congregations the rich resources in leadership which are available to them everywhere in Canada today. In every synod there is now a core of persons who have received training and who have undertaken to serve in a voluntary capacity. In almost every community there are many persons who have gifts and training which could be used to enrich and support the educational work of the congregation. The church must learn how to draw upon the gifts and training of the people in every community, whether their training is in secular education or in Christian education.

The board is at present engaged in the development of new forms of teacher education for all who carry responsibilities for teaching in the congregations of our church. They will not be specifically related to any curriculum but will aim to cultivate a strong foundation in the Christian faith, a competency in theological reflection, and skills in teaching and communicating the Gospel from one generation to another.

Committee on Higher Learning

Since half the members of this committee are from the faculties of various universities across Canada, the committee has had direct contact with a number of campus situations. In the sharing of reports on the church's presence in the universities, certain patterns began to emerge. Students are less and less attracted to institutional and organizational activities. Attendance at chapel services has dropped. On the other hand many church workers report that informal contacts, such as coffee hours, are often characterized by a new sense of encounter, probing, and openness. Behind the readiness to question everything, which some students show, there is an evident desire to strip off masks and find what is real. Many of this new generation of students are rebelling against the past in order to find a firmer foundation. When the Christian community has acted as a catalyst to involve the larger university community in a genuine facing of issues and change, then its voice has been respected and heard. For instance, a small S.C.M. group at the University of New Brunswick involved a wide spectrum of university and community life in a conference in January on "Values, Change, and Action."

The flexible and ecumenical approach to student work, approved by the General Assembly in the last few years, is most suited to meet the needs of the university communities today. Many of the church courts have already developed ways of working effectively and co-operatively on the campus. Much more liaison is needed, however, to help some presbyteries and kirk-sessions understand the policies of the General Assembly in this matter. The Secretary of the Committee on Higher Learning, Dr. D. M. Warne, is willing to assist church courts in developing suitable policies for this co-operative work.

Church and Public Education

The General Assembly in 1965 asked that "the church's relationship to and involvement in public education be studied by synods and by the Board of Christian Education, severally and together." The guiding principles laid down by that Assembly were purposely broad. A concern was expressed for the whole of education, for "teachers, pupils, processes, philosophy, aims and objectives, as well as content".

During the past two years several synod and presbytery committees, as well as a special committee of the board, have engaged in some serious study, research, and discussion on this subject. The urgent need in certain regions to say something about religious instruction in the schools has shaped some of this work. For instance, briefs have been presented to a Special Committee of the Minister of Education in Ontario. Recently, however, some committees have ventured into the more complex area of the total curriculum of the public schools. The Board's special committee has received papers from professors of education and religion, and these in turn have been shared with the synod committees for comment and reaction. A full report of these discussions will be presented to the 94th General Assembly.

Participating in Change

It has become commonplace to speak of 'rapid change' and of how it is accelerating all the time. Everything around us is changing. Change is not new, yet what is happening today is a new kind of change. The change which we are now experiencing calls everything (or almost everything) into question — our knowledge of the world we live in, our self-understanding and our role in today's world, our patterns of life, our expectations for order and stability, the beliefs and views which have been long accepted and widely cherished. The radical nature of this kind of change gives rise to widespread feelings of insecurity, uncertainty, fear and sometimes anger. Because we believe that God is the Lord of history and is among us to make all things new, we must learn how to discern what He is doing in the midst of change and how to serve Him faithfully there.

Often it appears that change has become a greater threat to church leaders and members than to many other people. If this observation is at all accurate, it says something very significant about the way the church has taught its people. But whether it is accurate or not the reality and pressure of change all around us force some very urgent questions upon the educational policies and practices of the church.

—To what extent does education in the church prepare people to discern, reflect theologically upon, and meet change in the world with openness and hope?

—In what ways does it help people to understand change in the light of God's continuing participation in our history?

—To what degree has education in the church reinforced and indoctrinated people, in a tradition from the past which was itself historical but which we have tended to surround with a timeless and unchanging character?

During the past eighteen years the stance of the Board of Christian Education has changed greatly. It may be helpful to indicate what some of these changes have been.

1. The Board of Sabbath Schools and Young People's Societies became the Board of Christian Education, and the Sunday Schools became Church Schools. These changes provided a new perspective and a new context for education at every level of the church's life.
2. The scope of the board's work has been expanded (a) to embrace the total lay membership of the church, (b) to establish priorities in adult education, and (c) to give increasing attention to forms of Christian ministry in the centres of higher education everywhere in Canada.
3. From a day when we published curriculum for all age groups, except adults, we have moved to the point where we publish educational resources almost exclusively for adults.

This change reflects a number of significant developments which have taken place in the board, and hopefully in the church.

- (a) From a position of prescribing the content of educational resources, the board has moved to a practice of offering a spectrum of recommended resources.
 - (b) Integral to this change has been the concerted effort to cultivate support for the whole educational ministry at every level, and the training of those persons who carry specific responsibilities for education in the local congregation so that they may be able to use the recommended resources with greater competency in the teaching-learning process.
 - (c) This was a direct outcome of the curriculum study of 1963 and 1964 which indicated that the priority in education must be in the nurture of adults, both to prepare them for an educational ministry with children and youth, and to equip them for responsible participation in the total life and mission of the church.
 - (d) These changes have called for a redeployment of the board's staff so that a program of field services can be implemented, a variety of training opportunities for teachers, counsellors and adults undertaken, and experimentation in new forms of ministry with youth and adults attempted.
 - (e) The use of its financial resources also reflects the changing policies and priorities of the board. Increased proportions of its authorized expenditures are directed to field services, and larger amounts are made available to synods for the training of personnel and for schools and institutes to meet their own educational needs.
4. In 1966 the board established a department of research and development. Up to the present time this work has been directed largely towards new developments in church education and in the field of public education. One member of the staff has served as director of the Burlington Ecumenical Project which is attempting research and experimentation leading to the development of the life of the churches to enable them to confront the power structures of society and bring them into obedience to the mind of Christ. The staff of the board has prepared some descriptions of other areas of research which need to be undertaken if new educational ministries are to be informed by authentic data and experimentation.
 5. Over the years the board has sought increasingly to give support to Christian education committees in synods, presbyteries and congregations. The strengthening of the work of these committees has been gradual but of great significance. Almost

every synod committee of Christian education now has a budget of its own and many of them hold committee conferences of one to three days, in addition to regular meetings. Much greater efforts will be needed in the future to make our Presbyterian system function effectively.

6. Inter-board planning and co-ordination in education, especially at the adult level, have developed gradually as a result of policies adopted by the board in recognition of the unity and wholeness of the ministries of the church. Through the initiative of the staff members of the board there came into existence two significant inter-board groups — The Consultation on Christian Nurture for the Whole Church, and the Co-ordinating Committee on Adult Education. The board has expressed some confidence that new structures for the nurture and mission of the church will evolve through efforts to work together on the part of all the boards. Synod Advanced Leadership Training (SALT) was another inter-board project which was initiated by the board. The potential of this comprehensive and co-ordinated form of training was never fully tested, except in one synod.
7. Over the years our understanding of the purpose and objectives of Christian education has changed and matured. This is evident in the growing use of the words "mission" and "ministries" in our descriptions of the function of education and nurture in the church. Christian education is now understood in terms of its function to prepare Christians for their involvement in the mission of the church everywhere in the world and in the ministries of the church which embrace whatever the whole church engages in through all the expressions of its life and action. No longer can we think of Christian education in isolation from the total life of the church, or as having a purpose other than that of serving the vocation which God gives to the church in a new way in every age.

This brief review of the way in which the board has attempted to respond to the changing context of the church's ministry and mission underlines our need to be continually open to change. The greatest need, of course, is to be open to God so that we may know his will and discern what He is doing in the world today. We have an urgent educational responsibility to help Christians to have this openness, to learn how to identify themselves with what God is doing today, and to confess Christ in the midst of the movements of our history. The education of Christians must be developed and carried out in relation to their vocational settings in the world and their involvements in society.

RECOMMENDATIONS

1. That, in reply to the recommendation of the 92nd General Assembly (Acts and Proceedings, p. 53) the Covenant Life Curriculum be the recommended alternative curriculum.
2. That the General Assembly take note of the termination on June 30, 1967, of five years of service by the Rev. Dr. George Hopton in university life as the General Secretary of the Student Christian Movement of the University of Toronto, and express gratitude for the faithful service given by Dr. Hopton in this special ministry.
3. That young adults be drawn more fully into the life and work of the church, and that the courts of the church be asked to appoint capable young adults to boards and committees to share in planning and decision making.

Respectfully submitted,

Chairman.

N.B. Statistical Report (see pp. 603, 604)

REPORT ON OVERTURE 9—PRESBYTERY OF NEWFOUNDLAND (A. & P. 1965 p. 507) RE: KNOX COLLEGE AS AN ARTS AND DIVINITY COLLEGE

To the Venerable the 93rd General Assembly:

The Senate of Knox College to which the overture was referred appointed a committee of ten of its members to study the proposal in consultation with officials of the University of Toronto. The Senate is now in a position to report in the following terms:

1. It cannot be said that there is a crying need for another Arts College within the federation of the University as the overture alleges. There is a need, but it is not urgent. In addition to the four original Arts Colleges there are now four other colleges: Scarborough, Erindale, Innis and New College, the latter two of which are multi-faculty. In York University, Toronto, there are Atkinson and Glendon Colleges. The latter is a residential college with emphasis upon the social and political sciences.

In any case the University would not negotiate the establishment of another Arts College with the traditional seven departments (English, French, German, Classics, Near Eastern Studies, Ethics, Religious Knowledge). With the expansion of the natural and social sciences, all of which are taught by the University itself, the traditional college system is tending to become obsolete. The best alternative is not yet clear.

Whether or not it is desirable that students in Arts in preparation for theology should be enrolled in a church related college is open to question. The "unprotected" atmosphere of a secular university may be better for them.

2. Measurements were made of the space available for the erection of a north wing on the site known as 63 St. George St., and adjoining the present Knox College building. Estimates suggested by University authorities on the probable cost of erecting the wing in stone, of adequate size (three storeys plus basement) and architecture varied from \$2,355,000.00 to \$3,288,000.00. The likelihood is that it would be closer to the latter figure. This is based upon an estimate of \$40-\$55 per square foot for a total floor space of 58,880 square feet.

3. In addition to this amount there would be the cost of demolishing the present building on 63 St. George St., the cost of furnishing and equipping the new building, and the cost of providing an Arts library with a minimum of 30,000 volumes. In the case of the library the University would probably provide a grant covering half the cost of the books.

4. Since federal and provincial grants are not available to federated colleges for building purposes, nor grants for the same purpose from the Canada Council, the Presbyterian Church would have to provide the money for the erection and furnishing and equipping of the building and the cost of the library as indicated above.

5. The estimates of the probable enrolment of such an Arts College varied from 400 to 500 students with the latter figure the outside limit. These estimates took into consideration our present classroom space and other facilities.

6. The income from tuition estimated at \$466.00 per student per academic session for 500 students would be \$233,000. The government grant at \$250 per student would be \$125,000. But 60% of the latter would have to be refunded to the University for its provision of instruction in the natural and social sciences and history and other subjects. This would leave a net amount of \$50,000 from the grant. Thus the total estimated income would be \$283,000.

7. The amount of \$283,000 would be inadequate to provide the salaries of professors, lecturers, library, clerical and domestic staff. It would probably only provide about half the amount needed. Thus the Presbyterian Church would have to provide an additional amount of the same order annually to maintain the Arts College.

8. All appointments would be made by the federated College but subject to the

approval of the Dean of the Faculty of Arts and Science of the University of Toronto. Appointees would be expected to be capable of providing instruction in the Graduate School of the University.

9. Present developments in the Toronto Graduate School of Theological Study in which Knox College is a participant member along with four other colleges on the University campus provide an attractive and more financially feasible alternative to an Arts College. The possibility that the University of Toronto may establish a graduate M.A., Ph.D. program in religious studies emphasizes the desirability of this alternative, inasmuch as there would likely be some integration between the present Graduate School of Theology and the University Program. (Laskin Report 1964-1965, pp. 41-42, recommendation 13, p. 134). In other words, the possibilities of expanding post-graduate work in theology are much more realistic. The increasing extent to which the University of Toronto is becoming a centre for post-graduate study in other fields parallels this idea. With the completion of its \$42,000,000.00 library, especially equipped for advanced study and located on St. George Street, this alternative of post graduate study in theology becomes all the more imperative.

10. It is, therefore, recommended that no action be taken in the immediate future with respect to the prayer of the overture but that the matter be left open if and when changes occur in the total university situation that would warrant a reappraisal of it.

REPORT OF THE COMMITTEE ON INTERNATIONAL AFFAIRS

To the Venerable the 93rd General Assembly:

1966 was an active year in the life and work of your Committee on International Affairs. In February a Presbyterian delegation of ten members participated in the Ottawa Churchmen's Seminar held annually under the auspices of the Canadian Council of Churches. The theme was, "Affluence and Poverty — the Widening Gap". The seminar was one of the most relevant and challenging in recent years and clearly indicated the on-going responsibility of the Christian community in stimulating, encouraging and supporting increased Canadian involvement in the essential and basic task of striving to close the gap between the developed and underdeveloped areas of our world.

As the Assembly is aware, during 1966 your Committee in company with similar committees of the Churches in Canada and around the world, was actively concerned about the pressing problem of Vietnam. A statement and recommendations circulated through our Church and later presented and debated in the last General Assembly reflected and expressed this concern. The response which they called forth indicated a considerable diversity of opinion both in the Assembly and the Church generally regarding the whole question of Vietnam. It is likely that this diversity still exists but your Committee firmly believes that our Church along with other Churches in Canada and throughout the world must continue to express its Christian concern and make its influence felt that the Vietnam conflict be brought to an end as soon as possible and the task of rehabilitation and reconstruction in that torn and devastated land begin. Because of the fluid nature of the situation at the time this report was prepared no recommendations are included but we plan to bring several to the Assembly relevant to the circumstances as they will be when it meets. Meanwhile we have continued to study the matter in our Committee and as a member of the Committee on International Affairs of the Canadian Council of Churches. We were also represented at a consultation in New York last September arranged by the International Affairs Committee of the National Council of Churches of Christ in America to which members of the British and Canadian Committees were invited.

Because of our limited budget it was not possible last year to forward materials for information and study to the presbyteries of the Church other than the items referred to above. We believe that this is an essential part of our work within the terms of reference agreed upon by the General Assembly. Our present allocation now makes this possible and we hope to be of increasing service to the Church in this regard. We also plan to enlarge the Committee by including in its membership persons whose work gives them special competence in the field of International Affairs. With these facts in mind we trust that this Assembly will adopt our recommendation that the present allocation be maintained.

Finally, we would express the hope that the pressing problems facing our world will more and more be a matter of concern and discussion in all the courts of our Church that as part of the Christian community in this nation we may accept our responsibility of helping Canada to play an effective role in seeking their solution.

Recommendation:

That the present allocation of \$500 for the work of this Committee be continued.

Respectfully submitted.

EOIN S. MACKAY,
Convener.

E. H. JOHNSON,
Secretary.

COMMITTEE ON INTER-CHURCH AID, REFUGEE AND WORLD SERVICE

To the Venerable the 93rd General Assembly:

The past year was the most significant and fruitful one since the work of Inter-Church Aid, Refugee and World Service was begun in our Church. Because of the splendid response made by our people to the special appeal on behalf of India, a total of \$171,253 was contributed during the year.

Of this amount \$137,137 including the expenses of the special campaign was devoted to the needs of India and channelled for this purpose through the Bhil Field (\$92,000), the Jhansi Field (\$14,000), Ludhiana Hospital (\$7,000), Vellore Hospital (\$1,000) and the World Council of Churches (\$20,000). For the on-going work of Inter-Church Aid, Refugee and World Service a total of \$31,196 was disbursed including expenses, \$17,000 for the basic service programme of the World Council of Churches, \$5,000 for the relief and rehabilitation work of the Presbyterian World Alliance, \$6,000 for relief and rehabilitation work in Nigeria, and \$1,000 for the repair of typhoon damage in Japan. Early in this current year \$8,000 was forwarded out of 1966 receipts through the World Council of Churches for relief in South and North Vietnam (\$4,000 each). Thus, the generosity of our people in responding to the dual appeal of 1966 made possible, by far, the largest participation in the work of compassion in the history of our Church.

Your Committee earnestly hopes that the new high in the level of giving will at least be approximated and preferably be fully maintained in 1967. The situation in India remains acute and continues to have top priority on our list of needs. We have to face the grim fact that unless a massive effort is sustained the good effect of the work accomplished last year will be lost. Increasingly the needs of Vietnam must claim our attention and we must be ready to share in the tremendous task of rehabilitation and reconstruction which will be necessary when the conflict in that devastated country comes to an end. The unsettled conditions in Nigeria are going to mean a continuing responsibility in providing assistance and there is such a long list of emergent and on-going needs in so many parts of our world which we must do our share in helping to meet.

Because of the practical and psychological difficulties involved we hope that no additional appeal will be required this year other than the regular annual one

made during the pre-Easter season. However, if the response is not sufficient to meet what we must regard as the minimum requirements of our Christian responsibility as a Church in today's world then a special campaign will have to be considered. At the time this report was prepared it was too early to assess the situation but, if necessary, a special recommendation will be brought to the Assembly in this connection.

Because receipts for Inter-Church Aid, Refugee and World Service are not included in the Assembly's list of authorized expenditures it has been decided that, beginning this year, contributions will not be credited to congregational budget giving as has been the case in the past. This procedure was followed last year in regard to the special India appeal without any effect on the generosity of our people and it is hoped that this will also be true now that the principle is being applied to the whole operation.

One problem your Committee faces each year is the necessity of making necessary commitments for the on-going work before the results of the annual appeal are known. To guard against the possibility of being unable to meet these should receipts be below what is anticipated in any given year, we are recommending that a minimum basic amount of \$30,000 be guaranteed by the General Assembly from its authorized expenditures. The annual appeal would be made as usual with total givings devoted to the work of Inter-Church Aid, Refugee and World Service but supplemented from the General Assembly's budget should they fall short of the \$30,000 which we regard as a basic minimum. In the light of past experience it is highly unlikely that this action would ever be necessary but such a provision would greatly help the Committee in the responsible planning of its work.

It is fitting that we should include in this report a sincere tribute to the life and work of Dr. Leslie E. Cooke who gave such outstanding leadership for so many years as Director of the Division of Inter-Church Aid, Refugee and World Service of the World Council of Churches and who died in New York on February 22nd of this year. Dr. Cooke was well known to many of us as a good friend and a great leader. Our Church joins with all the member Churches of the World Council in thankful remembrance of him and the inspired and inspiring contribution he made to the work of Christian compassion to which he dedicated his many talents with such unreserved devotion.

Finally we would express our appreciation to the ministers and members of our Church for their co-operation in this important task, especially for the splendid response made last year, and would earnestly seek their continuing support.

RECOMMENDATIONS

- (1) That \$30,000 be included in the authorized expenditure for 1968 as a guaranteed amount for Inter-Church Aid, Refugee and World Service; that this sum be raised as at present by a special appeal with the understanding that if receipts should fall short of this amount they will be augmented from budget funds and that if they exceed it the total givings will be devoted to the work of Inter-Church Aid, Refugee and World Service.
- (2) That this General Assembly authorize an appeal for Inter-Church Aid, Refugee and World Service to be made during the pre-Easter season and request the co-operation of all ministers in bringing this to the attention of their congregations.

Respectfully submitted,
EOIN S. MACKAY,
Convener.

Secretary.

THE COMMITTEE ON RECRUITMENT AND VOCATION

To the Venerable the 93rd General Assembly:

Your Committee on Recruitment and Vocation begs leave to submit its report on its activities of the past year. In doing so we record our gratitude to the personnel from the participating boards who compose this committee and especially to those personnel loaned to us as assistants in our major effort of the past two years, the holding of Presbytery Rallies. The chairman of the sub-committee, the Rev. D. R. McKillican, has proved indispensable and indefatigable in his efforts.

The Task

Previous to 1965 this committee had little resources and its major effort was expended in College Choir Tours. Outside of these limited tours little or no recruiting was being done. The Church awakened to its need about this time for several reasons: a growing list of vacancies in all areas of the Church's work; declining enrollments in our colleges; and the growing number of men leaving the pastoral ministry for cognate or other work. The Committee was given specific terms of reference and an increased budget. Its immediate task was to recruit personnel for church employment. Its continuing work was first, to educate the membership of our Church about continuing personnel needs and their own calling as Christians; secondly, to undertake research into the nature of the ministry. We have been hampered in our work in several ways. Our members share in the confusion of the whole church concerning the ministry and ministries of the Church and the priorities involved in each. Is recruitment the securing of candidates for the pastoral ministry and deaconess order, or for specialized ministries exercised under the auspices of the Church, or making members of our Church aware of their vocations as Christians? Secondly, there has been organizational ambivalence. Who is to do recruiting? This committee as the agency of the Church? The Colleges for their own sake? The Board of Missions for its work sake, or is it the responsibility of a few individuals? Thirdly, there is the equivocal status given to recruitment of personnel. Time and again the Church has charged its ministerial personnel with being the key people in the securing of members, money to operate, and recruits for the ministry. The Church says these people are all important. Recruitment is important. In terms of dollars as a measure of importance and priority, however, \$10,000 out of a denominational budget of \$2 million, and a proportionately small amount spent on such personnel while they are in service as over against that spent on investments and property, both would indicate a low level of concern in the Church. Despite such difficulties, we have made a large start on the objectives we set ourselves.

Presbytery Rallies

In 1965 this program was undertaken and was planned to be completed in two years. All Presbyteries have now been covered with the exceptions of Guelph, Quebec, and Huron-Maitland. The basis was: (1) Personal confrontation which was found to be the best method of recruitment in other Churches among young people who had seemingly never been challenged to decision. (2) Young people 14-25 were asked to come. (3) All Presbyteries were invited to co-operate and make the local plans. (4) Team personnel came from Boards and Colleges on a voluntary basis and the fullest co-operation was received. (5) All expenses were paid by our committee.

The results were eye-opening to us and should be to our whole constituency. Positively speaking, the effort was met with much approval. (1) For the first time in a long time Church vocations became front-page news among Presbyteries and congregations. (2) For the first time many young people heard a call to church vocation. (3) Many ministers and Presbyteries were encouraged to embark on programs of their own, affirming that recruitment must be part of a congregation's program. (4) A number of young people are corresponding with our colleges and at least two have enrolled in the colleges; others are corresponding with the Board of Missions. (5) Many of the

laity have expressed understanding of the problems of recruiting and have offered not only encouragement but assistance to the committee. Negatively speaking, the effort was received in the following ways: (1) Some ministers did not show interest unless given executive responsibility. (2) Much interest was displayed by the young people in overseas work, less in deaconess work, little or none in the pastoral ministry. Girls outnumbered the boys three to one. Many said they were not interested in any of the ministries. The image of the ministry left much to be desired. None of the Church's ministries were a live option. (4) Some young people stayed away because they were afraid of moral coercion to go into the Church's ministries. Even on the part of many who did attend, there was felt to exist an attitude of concealed resistance. (5) Many young people said they had grown up in Churches in which there had been no reference on the part of anyone to Christian vocation or Church ministries. (6) Most felt they had learned a great deal about the Church and its needs, but did not feel prepared to commit themselves. In conclusion we report that of the hundreds of young people contacted, most of them were in the high school group, and statistical results will not prove how effective our work has been, until three or four years have elapsed.

Literature

We beg to report completion of our literature and film projects planned two years ago. Pamphlets on the colleges and the pastoral ministry have been sampled to congregations. The response to these has been excellent judging by the numbers issued. During the year a sound filmstrip for use in Presbyteries and congregations, entitled "I am Here", was released and has been well used since. Plans are underway for further issuance of a pamphlet on the other ministries of the Church, as well as revision of the Session study manual "Enlistment". Again we would draw the attention of the Presbyteries and Sessions to the questionnaires issued two years ago for the evaluation of candidates before they are certified.

Choir Tours

In 1966 The Ewart College group were on tour in Eastern Canada and made many valuable contacts. The Committee assisted in the preparation of the tour and received a report. The Committee has dropped these tours as its main interest for various reasons, but has agreed to finance them in part whenever the Colleges plan them, and also to assist in financing small groups from the Colleges when they go to individual congregations.

The Role of the Ministry

Plans for a conference of ministers at Ottawa last fall had to be cancelled because of lack of registration. The conference had as its purpose an examination of the image of the ministry. The sub-committee is continuing its research in this area of the Church's life.

Expo Hostel

The Board of Presbyterian College offered the facilities of the College to the church for use during the summer of 1967. Your committee decided to accept the offer and with the assistance of the Board of Missions has planned a method of use. Accommodation is offered for young people 18-25 years. The program consists of daily chapel, displays and an informal coffee hour. Counsellors will be present at all times for answering inquiries. At the time of writing 1,600 out of a possible 2,500 vacancies have been filled. It is expected the venture will be self-sustaining.

Conclusion

In view of the current confusion concerning the nature of the Church, her ministry, church vocations, and the consequential lack of recruits, our Church is faced with some crucial decisions within a short space of time. The Church must decide (a) whether we can and are to continue as a branch of the Christian Church in Canada without more attention to human resources, (b) whether the recruitment and care of those in vocations within the Church justify a large expenditure of money, (c) whether

General Assembly's Committee on Recruitment and Vocation is to be the recruiting agency of the Church. We make no recommendations, not because there are none, but in the belief that sometimes the passing of recommendations becomes a way quietening conscience and avoiding unpleasant realities.

Convener.

Secretary.

REPORT OF THE BOARD OF EWART COLLEGE TO THE GENERAL ASSEMBLY, 1967

To the Venerable the 93rd General Assembly:

The Board of Ewart College begs leave to submit the following report for the year 1966-67.

Report of the Academic Session

During the 1966-67 academic session, twenty-one students were enrolled in courses at the College — nine in third year, five in second year, four in first year, and three in the first year of a two-year course. These students came to the College from various Synods as follows: British Columbia, 0; Alberta, 5; Saskatchewan, 2; Manitoba, 0; Hamilton and London, 7; Toronto and Kingston, 2; Montreal and Ottawa, 1; Atlantic, 2. In addition there were one young woman from Scotland and one from Nigeria.

As reported to the last General Assembly, four alternative programmes of study have now been adopted by the College. During the 1966-67 year students were enrolled in three of these alternative programmes of study — one in the two-year diploma course for students entering with a university degree, two in the two-year diploma course for students entering with professional training (one teacher, one nurse), and eighteen in the three-year diploma course for students entering with Senior Matriculation standing. It would appear that, from the experience of this year, the new two-year programme of study will be a useful plan of training for persons entering with a degree and/or professional training.

Courses in the Biblical and theological subjects have once again been given by members of the faculty of Knox College, in some cases with separate classes at Ewart College for Ewart students, and in other cases in combined classes for Knox and Ewart students in the Knox College classrooms. The Board expresses its sincere gratitude to the Senate and Board of Knox College as well as to the members of the faculty of the College for giving such outstanding courses to our students, and also for the use of the facilities of classrooms and library at Knox College.

As a result of the curriculum study undertaken by the Board of Ewart College over the last number of years, several changes were incorporated into the curriculum during this last year. These have proven to be helpful both in the addition of some courses and in the re-arrangement of some previous Ewart courses. Miss Webster, Principal, and Miss Adams, Dean and Director of Field Work, have given courses in Human Growth and Behaviour and the various aspects of Christian Education. Miss Dickson, Special Lecturer and Administrative Assistant, has been responsible for courses in Introduction to the Bible, Worship, Counselling and Preparation of Addresses.

Some courses are provided on an inter-denominational basis — either through the Ecumenical Institute of Canada, or in a co-operative teaching plan of the Anglican Women's Training College, Covenant College (United Church) and Ewart College. In addition, the Board is grateful to several occasional lecturers, including the members of the staff of the General Board of Missions, the Board of Christian Education and the Women's Missionary Society (W.D.) for their participation in courses and lecture programmes.

The practical field work of students has been supervised by the faculty of the College together with Deaconesses and Ministers in the Toronto area. First-year students have been responsible for weekday programmes for children and teen-agers at Davenport Presbyterian Church. Second-year students have assisted in kindergarten and adult work in Rosedale, Glenview and the Chinese Presbyterian Churches. Third-year students have assisted in leadership education and Christian Education group and Church School programmes in nine Toronto churches and in some nearby presbyteries. A camp workshop was held on the first week-end of the autumn term at a camp in Muskoka, where there was opportunity for discussion of the philosophy of camping and the learning of camping skills.

In the belief that the summer work experience of students contributes to their training, arrangements were made for Miss Adams to visit seven students during the summer of 1966. Such visits gave opportunity for in-service training for the students and also helped the staff discover ways in which the most useful preparation at the College can be provided. It is planned to repeat this type of summer visitation whenever possible.

Students participated in several special events during the college year. During the autumn term and again during the spring term they shared in recruitment week-ends in the Presbytery of Barrie and the Presbytery of Paris respectively. The student choir also accepted two additional singing engagements and individual students spoke at a variety of meetings and church services. The members of the graduating class shared in an ecumenical week-end for the graduating classes of the four denominational training colleges.

In the autumn, Miss Dickson participated in a recruitment team which visited a number of Presbyteries in Western Canada and Ontario. She also has maintained correspondence with a large number of girls and young women who have inquired about possible study at the college.

The graduation service was held in Knox College Chapel on April 20. The Rev. J. Karl English, B.A., B.D., Minister of the Presbyterian Churches in Bracebridge and Gravenhurst, Ontario, addressed the graduates.

The following diplomas, certificates and scholarships were presented:

Report of Other Work During the Year

Throughout the year the staff has given supervision to the College residence which houses 57 young women. Both throughout the regular college year, and during the University of Toronto summer session, the residence has been completely filled. In between these academic sessions the facilities of the College were used for a number of residential conferences, and throughout the whole year the classrooms have been used for meetings of various Boards and Committees of the Church.

At the beginning of 1967, the College assumed responsibility for the maintenance of its own financial accounts. This work had previously been done in the Treasurer's Office of The Presbyterian Church in Canada, but, with the move of the latter office to Don Mills, it seemed wiser that the College should care for its own accounting. The transfer of this responsibility has proceeded without difficulty. Appreciation is expressed to the Comptroller of the Church and his assistants for the co-operation which had been given through the years and in regard to the transfer. On the advice of the Finance Committee of the Administrative Council, the Board is now requesting permission to

proceed with the incorporation of the College to facilitate the handling of financial matters.

The Board acknowledges with gratitude the special gifts which have been received.

Concerns of the Board

The chief concern of the Board of the College is that it might be able to provide for The Presbyterian Church for its work in Canada and overseas an adequate number of well trained, highly skilled, devoted young people to give leadership in the Christian Education, Church social work, and Missions aspects of the Church's life. At the present time this major concern has two aspects — one, the numbers of students being enlisted and enrolled, and two, the accreditation of the training provided.

There is acute concern regarding the numbers of students. The number of students enrolled (21) during the last academic year represents the smallest enrollment since 1953-54. This decrease in enrollment comes at a time when there is an increasing demand throughout the Church, both in Canada and overseas for well trained leaders in these specialized ministries.

Because of the concern of the Board in these matters, a special committee of the Board has been set up and given the responsibility of undertaking a study of possible factors involved, including the needs of the Church for leaders in the specialized ministries, and the most effective avenues of approach to our Church's young people, so that they may have information regarding these needs and be encouraged to respond.

The Board has for some time recognized its need to share in recruitment of young persons for training and subsequent work. It has made College staff and students available for participation in rallies planned by the Recruitment Committee of the

Church. The choir of the College has undertaken choir tours and week-end engagements. Miss Dickson in particular, as well as other members of the staff at times, has undertaken speaking and other engagements for the purpose of recruitment. Miss Dickson has consistently maintained correspondence with enquirers.

The Board is, however, convinced that, while the College staff will continue to undertake such projects and to share in recruitment gatherings of various kinds, the main task of recruitment must be carried out within individual congregations. It would therefore strongly urge that ministers and members of Presbyterian Churches across Canada recognize and take seriously the responsibilities which they have for placing the challenges and opportunities for leadership in Christian Education, Church social work and Missions before the young people of our Church, and for giving encouragement and support to these young people not only at the stage when they express an interest in these types of work, but also when studies are undertaken and completed at Ewart College.

Throughout the last number of years the Board of the College has consistently been working toward the improvement of the quality of education being offered through the College. The curriculum study which was undertaken has resulted in a number of curriculum changes which have strengthened the academic and field work programmes. These were reported in some detail to the General Assembly of 1966. This type of curriculum consideration and revision is continuously in process. The Board is aware of the role of the College in the preparation of students for the specialized ministries and believes that the College has special competence for the preparation of personnel to give leadership in the field of Christian Education. The Presbyterian Church in Canada may be increasingly proud of the quality of work being done by students enrolled in the various courses of the college.

During the last two years the academic programme has been strengthened by the interim appointment of a third person to the professional staff of the College. Miss Irene Dickson, who was appointed to the position of Special Lecturer and Administrative Assistant in July, 1965, has enabled the College to offer several additional courses to strengthen its programme. The Board is convinced of the need for at least three persons on the professional staff of the College.

The Board is aware of the fact that this interim appointment expires during the summer of 1968 and, therefore, brings a recommendation to the General Assembly requesting permission to make a permanent appointment of a third person to the professional staff of the College. At a time when the Church is calling for well trained leadership and the College is endeavouring to strengthen its work in order to meet this need, it is imperative that the professional staff of the college be strengthened by such a permanent appointment.

The General Assembly of 1966 gave authorization to the Board of Ewart College to proceed to explore the necessary steps for the granting of appropriate degrees. During the last year the Board of the College has proceeded with this exploration. Several ways in which degrees might be offered have been considered, such as: making application for a charter to establish the College as a degree-granting institution, offering a degree through a university, the granting of degrees in co-operation with the other denominational colleges, offering a degree through one of the theological colleges of the Church.

During these discussions the need for proceeding as expeditiously as possible toward the offering of degrees — possibly a Bachelor of Religious Education and a Master of Religious Education — has become increasingly evident. The Board believes that the Church would welcome into its service persons holding degrees in the field of Christian Education. In addition the Board believes that young people within our Church would respond to opportunities for degree-level study in this area. The Board is also convinced that the College has reached the place in its development at which the quality of work being done merits the granting of a degree to qualifying students.

While the whole matter of the best method of offering degrees is still under consideration, the avenue that appears to date to be the most possible solution in the near future is through the incorporation of the College with degree-granting powers in the field of Christian Education. Thus to avoid duplication of costs, in presenting a recom-

mendation regarding incorporation, the Board of the College is requesting that, at the same time, permission be sought for the privilege of granting degrees in Christian Education. The Board will, however, continue to explore all aspects of this matter of granting degrees to ensure that degrees that are offered are of a high academic standing and acceptability.

The Board, therefore, presents the following recommendations:

1. That all presbyteries and congregations be urged to place before their young people the needs of the Church for trained leaders in the specialized ministries of Christian Education, Church social work, and Missions, and to provide for them information concerning the training offered for these ministries at Ewart College.
2. That the Board of Ewart College be given permission to make a permanent appointment to the College's professional staff in the person of a Lecturer in the summer of 1968 when the present interim appointment is completed, and to request presbyteries to submit nominations for the position by January 31, 1968.
3. That the Board of Ewart College be given permission to apply for the incorporation of Ewart College through a private bill in the Ontario Legislature and to request at the same time for implementation, as soon as is feasible, permission to grant degrees in Christian Education.

Chairman.

KNOX COLLEGE
REPORT OF THE BOARD OF MANAGEMENT

To the Venerable the 93rd General Assembly:

The Board of Knox College begs leave to submit its 123rd annual report. Following the pattern of prior years, a deficit of \$6,798.12 was incurred on the operations of the College for the year ended 31st December 1966, with the result that the cumulative deficits which have been charged against the unspecified capital funds of the College during the past twenty-three years amount to a total of \$206,878.38, as at 31st December 1966. The Board endeavours to operate the College as efficiently and economically as possible, within the needs of a College such as ours. The Board endeavours to keep the College building in a good state of repair. It is imperative that sufficient funds be provided for this purpose. The continued erosion of the capital funds for current needs weakens the College's financial position and impairs the satisfactory operations and maintenance of the College.

The property at 63 St. George Street was turned over to the College in the Fall of 1966 and renovations are now being carried out on the building to provide facilities for some of our activities. The work being done is of necessity limited to the bare minimum required, and is to be financed by advance payments to a maximum of \$25,000.00 from the Church; such advance to be a first charge on any share of the National Development Fund made available to Knox College. We regret

that the 92nd General Assembly did not approve your Board's request for a sum of \$10,000.00 to cover the minimum of repairs and operating expenses of 63 St. George Street for 1967. We recommend that this matter be reconsidered, as a separate grant and not to be tied up with any share of the National Development Fund which may be allocated to Knox College.

The Board cannot be expected to make the proper use of these premises and carry out the necessary work of the College unless it is provided with the funds to do so. Furthermore, space has been provided in 63 St. George Street for the National Development Fund, in the front section of the building, and it is expected that this arrangement will carry on for the duration of the campaign.

It is planned that work with Presbyterian students at the University of Toronto will be developed commencing next September, and that a good portion of the building will be used for this purpose. Such work should be of much benefit to the Church at large. Some rooms are also being used as seminar rooms, and plans call for the utilization of other space for graduate students and for the Alumni. A special committee of Board and Senate has been appointed to assist the faculty in these plans.

The residence of the College was again fully occupied throughout the session. Although the rates charged for accommodation in the residence were last increased in the Fall of 1965, it would appear that this increase was not sufficient to meet our rising costs and keep our rates in line with those charged by other residences on the university campus. The rates presently charged are \$22.00 per week for non-church students, and \$17.00 per week for theological and church students, as compared with approximately \$24.00 to \$25.00 for most of the other residences. After giving consideration to these facts, your Board approved a further increase in rates to \$25.00 per week for non-church students, and \$19.00 per week for theological and church students, beginning in September 1967.

We are pleased to report that the investment portfolio of the College continues to be managed by Bolton, Tremblay & Co., a firm of investment consultants, and we believe that our investments are receiving their careful attention.

Your Board would express appreciation to the donors for gifts received during the past year which are gratefully acknowledged.

LIBRARY

A word must be said regarding the Caven Library. After five years of successful operation the Library Development Program sponsored by the American Theological Library Association closed officially on September 30, 1966. During this period the Board has received in matching funds the sum of \$14,597.29, provided by the Sealantic Foundation. More and more demands are being made on our Library's resources and staff, with the increase in graduate work and the stimulation provided by the addition of so much noteworthy material to our Library's holdings. Circulation has doubled in the last five years, and last year showed an increase over the year before, which indicates that the rise represents a continued trend.

Last June Professor Donald V. Wade resigned the Chair of the History and Philosophy of Religion and Christian Ethics after nineteen years of distinguished service to join the Faculty of Arts, Victoria University, Toronto. As a result, it was decided to hold a joint meeting of the Senate and Board in July to arrange for instruction in this department for the next academic session, and to request the Presbyteries to submit nominations. In this connection Dr. Wade kindly consented to provide a major portion of the instruction, with a minor portion provided by Professor R. H. L. Slater, guest lecturer at the Ecumenical Institute during the Autumn term. At the same meeting a joint committee of the Senate and Board was appointed to explore the field and submit a recommendation. This committee has met six times and considered more than thirty-five names of candidates gathered from British, European, American, Australian and Canadian sources. Some of these were obtained in response to advertisements in well-known journals. Since the Committee wishes as much time as possible to complete its work, the Board will submit a supplemental report containing its nomination to the Chair.

The Board testifies to the excellence of Dr. Wade's contribution to the life and work of the College during the nineteen years he served as a member of its faculty. He is an able scholar whose talents and achievements have been widely recognized. In his new appointment these will have a wider range of influence and will enrich the University as a whole. Although we regret his departure we are pleased to know that he will remain a member of The Presbyterian Church in Canada.

The Board of Knox College commends to the General Assembly the excellent work of the faculty under the direction of Principal J. Stanley Glen. We would also express our sincere appreciation to all members of the staff of Knox College for their continued loyalty during the year.

The Board congratulates the Librarian, the Rev. G. L. Douglas, on being elected to membership in the International Honour Library Science Fraternity and on the reception of the Degree of Doctor of Divinity from Presbyterian College, Montreal.

It also congratulates Principal J. S. Glen on the publication of his latest book — "ERICH FROMM: A PROTESTANT CRITIQUE".

Recommendation:

That a grant of \$10,000 be made available for 1968 to cover the minimum of repairs and operating expenses of 63 St. George St.

All of which is respectfully submitted.

A. W. R. ADAIR,
Chairman.

G. MALLION, Q.C.,
Secretary.

REPORT OF THE SENATE OF KNOX COLLEGE

To the Venerable the 93rd General Assembly:

The Senate of Knox College begs to submit its 123rd Annual Report. The total enrolment for undergraduate and graduate students for the academic session was 77, not including graduates of other colleges taking electives for credit in their own college. This number includes 35 undergraduates with 27 enrolled in the regular course, 5 in the Assembly course and 3 occasional students. It also includes 42 post graduate students of whom 4 were candidates for the Th.D. degree, 32 for the Th.M. degree and 6 for the B.D. degree. The latter figure does not include undergraduates enrolled for the B.D. degree.

It is evident from these statistics that the graduate enrolment continues at a high level but that the undergraduate enrolment has decreased. In the case of the latter there has been a decrease of enrolment in the regular course from 63 in 1965-66 to 27 in 1966-67. This is particularly noticeable in the first year where in common with the experience of a number of colleges in other denominations the enrolment is small. It is too soon to predict whether or not this represents a trend or a periodic fluctuation.

During the autumn term (Sept.-Dec.) Principal J. S. Glen was on sabbatical leave at Princeton University and Seminary, Princeton, New Jersey. Professor David W. Hay assumed the responsibility of Acting Principal and discharged his duties most acceptably. Professor Charles Hay provided the course in New Testament to the first year class. Gratitude is expressed to both of these members of the faculty for their kind cooperation. The sabbatical leave in Princeton was preceded by a study tour of the Middle East, Greece and Rome.

Shortly after the last General Assembly Professor Donald V. Wade submitted his resignation in order to join the Department of Religious Knowledge, Faculty of Arts, Victoria University, Toronto. A joint meeting of the Senate and Board was held in July to make arrangements for instruction in the History and Philosophy of Religion and Christian Ethics and to notify Presbyteries and to ask for nominations. Professor Wade continued with us during the academic session on a partial basis and provided a full course for second and third year students (senior class) and one hour (Christian Ethics) in the spring term for first year students.

His resignation terminated nineteen years of distinguished service to the College in the Chair of the History and Philosophy of Religion and Christian Ethics. Dr. Wade is a brilliant scholar, specialized in Philosophy, and an authority on Kierkegaard, widely experienced in and informed in ancient and modern religions—a field perhaps better known as Comparative Religions—with extensive travelling in Asia. While we deeply regret his departure we know his talents will have a much wider scope in the University where his understanding of World Religions is increasingly in demand. Out of recognition of his service the Senate prepared an appropriate testimony which was incorporated into its records.

The gratitude of the College is expressed to the following sessional lecturers: Rev. R. P. Carter, B.A., B.D., M.R.E. (Christian Education); Rev. James Jack, B.A. (New Testament Greek); Rev. B. L. M. Embree, M.A., B.D., Th.M. (Hebrew); Mr. H. Rosevear, F.C.C.O., F.T.C.L. (Church Music), and Professor R. H. L. Slater (History of Religions). Professor Slater who is now retired from the Harvard Divinity School was guest lecturer at the Ecumenical Institute, and provided the course for our first year students during the autumn term.

The Laidlaw Lectures were delivered on November 17-18 in the College Chapel by Professor Oscar Cullmann, of the University of Basle, Switzerland, one of the foremost New Testament scholars in the world today. The general subject of the four lectures was: "The Reform of the Second Vatican Council in the Light of Catholic History".

The Charles H. MacDonald Memorial Lecture was delivered on February 15,

by His Honour, Judge Robert Good of the Juvenile and Family Court, Ottawa. His subject was "The History, Function and Philosophy of the Juvenile and Family Court".

Caven Library has made notable advances in recent years, largely as a result of the Library Development Program sponsored by the American Theological Library Association. We have been able to acquire many works necessary for graduate research, including new reprints of theological classics long unobtainable. To bring the Library into a closer working relationship with the University Library, and to make material more readily available through improved cataloguing, we have adopted the Library of Congress classification system. We have now approximately 58,000 books in our collection, and circulation continues to increase, being virtually double that of six years ago.

During the past year two honours have come to our librarian, the Rev. G. L. Douglas. Last July he was elected a member of the Beta Phi Mu, the International Honour Library Science Fraternity and was inducted into membership by the Fraternity in New York City. This signifies high academic attainment in the field of library science along with acceptable service in the profession. The second honour has come from our sister college, Presbyterian College, Montreal, which has conferred on him the degree of Doctor of Divinity.

The names of those enrolled in the first year were: S. D. Estabrooks, B.A.; K. A. Kinnes, D. E. W. Kabush, B.A.; D. E. Oliver, B.A.; C. W. Simpson, R. B. Villars, B.A.; Miss I. A. Wightman, B.A.; Miss D. J. Innes, B.A. (Occasional); H. L. Schantz (Assembly).

The names of those enrolled in the second year were: D. J. C. Cooper, B.A.; R. J. G. Cowie, B.S.A.; A. L. Farthing, B.A.; J. B. Forsyth, B.A.; J. C. Henderson, B.A.; Miss S. M. Jeffery, B.A.; P. A. Penny, B.A.; L. E. Sivers, B.A.; J. H. Vanover, B.A. The following student registered as an occasional student in the regular course was given a certificate: D. P. Watt, B.Ed. The following student was given a certificate indicating that he had completed the course assigned him by the General Assembly: W. W. H. Baird.

The degree of Bachelor of Divinity was conferred on the following: D. M. Bowring, B.A.; G. C. Griggs, B.A.; Rev. M. L. Garvin, B.A.; P. G. D. Kerr, B.A.; Rev. D. R. Nicolson, B.A., B.Th.; B. P. Penny, B.A.; L. E. Sivers, B.A.; J. H. Vanover, B.A.; Rev. A. E. Young, B.A.

KNOX COLLEGE
FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 1966
AUDITORS' REPORT

To the Board of Management of
Knox College

We have examined the balance sheet of Knox College as at December 31, 1966, and the statements of revenue and expenditure and general and specific funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the aforementioned financial statements present fairly the financial position of the College as at December 31, 1966, and the results of its operations for the year then ended.

THE ADMINISTRATIVE COUNCIL

To the Venerable the 93rd General Assembly:

The Administrative Council beg leave to report on their activities during the past year.

Matters Referred to the Council by the 91st General Assembly

1. OVERTURE 16, RE PRIORITIES PRESBYTERY OF CALGARY, 1966, p. 510.

The prayer of this Overture is to the effect that Assembly instruct the Council to examine the whole question of priorities with a view to rectifying any imbalance and to recommend according to their best judgment the curtailment or elimination of less important programmes in order to provide necessary additional assistance to more important and strategic activities.

The request of the Council was granted, namely: to refer back the Overture for further study as the Council found the subject both difficult and complex.

To this Assembly the Council are now prepared to report as follows: The presentation and acceptance of Authorized Expenditures year by year indicate that there is no immediate escape. The figures also give allocations for additional work as funds are available. Certain grants or allocations are subject to change. These allocations for additional work, or changes in previous figures, are in themselves statements of priorities within the terms of the Overture.

The Administrative Council recommend that this be the answer to the Overture.

2. OVERTURE 21, RE PROMOTIONAL MATERIAL — PRESBYTERY OF EAST TORONTO, 1965, p. 513.

The prayer of this Overture is to the effect that no appointment of a Secretary of Missionary Education be made until there has been a full study of the areas of responsibility of the Missionary Education Committee and the Board of Stewardship and Budget for the communication of information about our Church's Work.

Much study during the year has been given to this Overture and the matter has been before both the Council and their Executive. Yet the Council have not reached the answer which they would wish to recommend to this Assembly.

The Council therefore ask Assembly to accept this report as one of progress and again refer the Overture back to the Council for further study and report to the 94th General Assembly.

Matters referred to the Council by the 92nd General Assembly.

3. OVERTURE 22, RE CHURCH TREASURER — PRESBYTERY OF EAST TORONTO, 1966, p. 412.

The prayer of this Overture is to the effect that the Treasurer of the Church be a salaried officer, that the offices of Treasurer and Comptroller be combined, that the Chairman of the Council's Finance Committee be someone other than the Treasurer, and that the Council nominate a candidate to the General Assembly.

This Overture was given long and careful study and the Council now recommend that the prayer of the Overture be not granted but that the position of "Comptroller" and/or "Treasurer" be under continuing study by the Administrative Council.

4. OVERTURE 23, RE BASIC STIPEND SYNOD OF TORONTO AND KINGSTON, 1966, p. 412.

The prayer of this Overture is to the effect that the stipend and allowances of ministers be as follows: Stipend — \$4,100.00 per annum; travel allowance — \$1,000.00 per annum; and Manse, or Rental Allowance \$1,000.00.

The Council gave considerable study to this problem. They are very sympathetic with the minister in the financial position in which he finds himself in these times of rising costs. While unable to advance as far as the Overture prays, the Council recommend that the prayer of the Overture be granted to this extent and in terms as follows: basic stipend — \$4,300 per annum effective January 1, 1968; and basic travel allowance \$500.00 per annum effective January 1, 1968; to a total of \$4,800.00, an increase from \$4,500.00 per annum.

Further, the Council support, in principle, Recommendation 1 of the Report of the General Board of Missions including that section which reads as follows: "That increments be paid for the first twelve years of service — \$200.00 each for the first and second years and \$100.00 each for the next ten years, for a total of \$1,400.00".

5. OVERTURE 26, RE THE RESERVING OF FUNDS, PRESBYTERY OF HALIFAX AND LUNenburg, 1966, p. 414.

The prayer of this Overture is to the effect that Assembly instruct the Administrative Council to draft a policy on the reserving of funds to meet the exigencies caused by fluctuations in contributions to the budget.

The Council refer this Assembly to their report to the 92nd General Assembly and to the caption "Re Operating Reserve" A & P, GA, 1966, p. 378, which reads in part as follows: "The Council . . . are advising this Assembly that the Council will continue to build up an operating reserve or stabilization fund to an amount of 50% of the annual expenditure of the Church as funds are available to do so".

The Council recommend that this Assembly accept this statement as the answer to the prayer of the Overture.

6. OVERTURE 27, RE BASIC STIPEND — PRESBYTERY OF BRAMPTON, 1966, p. 414.

The prayer of of this Overture is to the effect that Assembly raise the basic stipend of Ministers in keeping with the rise of the cost of living since 1962, to instruct all congregations to review the Ministers' stipends annually, to report the result to Presbytery who, if no increment be granted, inquire as to the reason.

The Council gave careful study to the prayer of this Overture and its implications. They are of the opinion that the action of the 93rd General Assembly in raising the basic stipend and the recommendations of the Council to this Assembly under the prayer of Overture 23 as above have answered the first part of the prayer of the Overture. The Council, however, would reject the cost of living index as a scale by which to gauge increases for ministers' stipends and, furthermore, the Council would reject any automatic scale which is determined by factors or authorities outside our Church's control. The Council are of opinion that an annual review of stipends might be recommended to the Presbyteries but do not believe that this would properly go as an instruction from Assembly.

The Council recommend that this Assembly accept this statement as the answer to the prayer of the Overture.

Other Matters

RE RESIGNATION OF SECRETARY OF THE COUNCIL

"The Moderator (of the 92nd General Assembly) drew the attention of the Assembly to the Constitution of The Administrative Council as set forth in the Acts and Proceedings of The General Assembly of 1960 (p. 427), Section 4, which reads as follows: 'The Secretary of the Council shall be one of the Clerks of the General Assembly and shall be appointed by the General Assembly'.

"The Moderator indicated in his ruling that there are two Clerks of Assembly — Dr. E. A. Thomson and Dr. L. H. Fowler — and as Dr. Thomson has submitted his resignation as Secretary of the Administrative Council, his successor in this office would be the other Clerk of Assembly — Dr. L. H. Fowler.

"On asking Assembly the Moderator's ruling was not challenged". A & P, GA, 1966, p. 91.

The Council studied the Moderator's ruling and recognized its validity.

Accordingly, the Council recommend to this Assembly that the resignation of Dr. E. A. Thomson as Secretary of the Administrative Council be accepted with regret, to be effective after August 31, 1967, that Dr. L. H. Fowler be the successor of Dr. Thomson as Secretary of the Council, his appointment to be effective September 1, 1967 and that Dr. Thomson be retained in a consultative capacity until the end of February, 1968 at the current salary of a General Secretary.

RE "ASSOCIATE SECRETARY" AND "ASSISTANCE SECRETARY"

The 90th General Assembly approved recommendations regarding salaries of Associate Secretaries and Assistant Secretaries but did not define the classifications. A & P, GA, 1964, pp. 102 and 461.

On September 17, 1964 The Council's Committee of Secretaries requested the Council to advise the boards of the Church not to take action at present as to "Assistant Secretary" and "Associate Secretary" so that the Council might have time to study the implications of the distinction between the two categories in order to remove the ambiguities which appeared to have risen. The request was granted and the Council endeavoured to remove the ambiguities. Subsequently the boards recommended that eight persons be classified as "Associate Secretary" leaving at the time only two classified as "Assistant Secretary". This produced for the Council a somewhat difficult and distressing situation.

As a consequence of a lengthy study, the Council are now placing four recommendations regarding this matter before this General Assembly as follows:

1. That the Council ask the 93rd General Assembly to revoke the category of "Associate Secretary".

2. That retroactive to July 1, 1966 the salary scale for Assistant Secretaries be established from \$5,500.00 to \$6,500.00 per annum in gradations of \$250.00 each plus \$1,800.00 for housing allowance.

3. That Council recommend to the 93rd General Assembly that, effective January 1, 1967, the salary scale for Assistant Secretaries be established at an annual rate from \$6,000.00 to \$7,000.00 in four gradations of \$250.00 each plus \$1,800.00 for housing allowance.

4. That the foregoing provisions will affect the salaries of only those persons classified as Assistant Secretaries, for salary purposes.

PROCEEDS OF CONGREGATIONAL PROPERTY

Section 13 of the Act incorporating The Trustee Board of The Presbyterian Church in Canada provides that proceeds of congregations which have ceased to exist shall vest in the Trustee Board and be held for disposition "As may be determined from time to time by the General Assembly of the said Church".

For many years it has been the custom to disburse these funds on the joint agreement of The Administrative Council and The Trustee Board. This custom grew out of an understanding that this authority had been granted by Assembly. The General Counsel of the Church, Mr. Hamilton Cassels, Sr., Q.C., pointed out the necessity of obtaining Assembly sanction to any such practice.

Accordingly, the Administrative Council recommend that this Assembly delegate authority to the Administrative Council in consultation with the Trustee Board for the disposition of the proceeds of congregational properties sold.

NEW CHURCH OFFICES

On August 11 and 12, 1966, the new Church Offices Building at 50 Wynford Drive, Don Mills, Ontario, was occupied by the various departments.

This was the culmination of over thirteen years of planning and effort for it was to the Assembly of 1963 that the report was made that the accommodation at 63 St. George Street, Toronto, had become inadequate. It was not until the bequest of Colonel Walter Gow made the erection of a building possible that definite plans could be made. The Church now enjoys the possession of a well-equipped building set in beautiful surroundings on an eminence overlooking the valley of the Don River. It is with gratitude to Almighty God that we begin a new era in the Church's life.

To the Chairman of the Building Committee, Rev. R. G. MacMillan, minister of Knox Church, Oakville, Ontario, the chief credit must go. His great gifts of conciliation, his infinite patience, his desire to meet, if possible, the desires of everyone, his willingness to listen to any suggestions which might be made brought the day when the plans of the years were fulfilled. To him, the members of the Staff and indeed the whole Church owe a word of profound gratitude.

REGULATIONS APPENDICES BOOK OF FORMS, PART 2, SECTION 1

The 86th General Assembly adopted the report of a Committee appointed by the 85th General Assembly to bring in a report re Regulations Appendices Book of Forms, Part 2, Section 1. This report is set forth in Acts and Proceedings General Assembly, 1960, pages 289 and 290. The Administrative Council directed that this report, and also the deliverance of the 87th General Assembly Acts and Proceedings, General Assembly, 1961, p. 84, be appended to this report for the information of the Courts, Boards and Committees of the Church who are invited to offer such comment as they desire, to be directed to the Secretary of the Council.

NATIONAL DEVELOPMENT FUND

The Management Committee of the National Development Fund will report separately to this Assembly.

EXPRESSION OF THANKS

On the occasion of this last report of the Council to Assembly for which he shall have any responsibility, the retiring Secretary of the Council would beg this means of expressing his thanks to Mrs. M. C. Broadbent and Miss M. G. Waterman who have been so closely associated with him in the work of the department. To them, their work is truly a calling and means of service to the Church. They bring to their vocation an intelligent grasp of affairs and a devotion to the Church's task that have helped so much in forwarding the work assigned. Through all the years they have never accepted any remuneration for overtime and have worked long hours after hours without thought of gain. They have willingly changed their plans and broken into their holidays in order that the work might go on. The Secretary would thank God for such understanding and unselfish co-operation.

In the field of pensions with which the Secretary has had to do, Miss I. T. Hunter has also been a tower of strength and has most courteously provided the assistance which has made it possible to pursue that part of the work of the Pension Board for which the Secretary as one of the Clerks of Assembly made himself responsible.

All three have worked unselfishly behind the scenes and much of what has been done has been largely due to their whole-hearted loyalty.

REPORT OF SPECIAL COMMITTEE RE REGULATIONS, APPENDICES OF THE BOOK OF FORMS, PART 2, SECTION 1. (A & P, 1960, PAGES 99, 100, 289, 290)

The Committee recognized the principle that all Boards and Committees should refer the matter of salaried representatives of the Church to the Presbyteries for consultation and advice, and in some instances the Committee recommends that such appointments should be made only after nominations have been received from the Presbyteries, and by the General Assembly. However, it must be further recognized that in the development of our Church, circumstances have presented themselves in which such a course of action is not desirable, lest the efficiency of the Church's operation should be impaired.

The Committee draws to the attention of the Assembly the present situation which is the result of a historical development and which would appear to be as follows:

There are three categories of salaried representatives:

I. Where the office has been established by Assembly and the appointment made by Assembly after nominations have been received from the Presbyteries; for example, the Secretary of the Board of Evangelism and Social Action and the Secretaries of the General Board of Missions.

II. Where the office has been established by Assembly and the appointment made by the Board or Committee concerned, for example, the Editor of Publications under the Board of Christian Education.

III. Where the office has been established by a Board or Committee and the appointment made by that Board or Committee, for example, the Assistants to the Secretary of the Stewardship and Budget Committee.

The Committee, after careful deliberation and in view of all the existing circumstances, would recommend that Appendices, Part Two, Regulations Governing Boards of the Church, Section 1, Appointments to Official Positions, be amended to read as follows:

(1) That salaried representatives (the office having been established by Assembly and the appointment made by Assembly after nominations have been received from Presbyteries), should continue to be appointed by Assembly after nominations have been received by Presbyteries, but in the event of the office falling vacant between Assemblies owing to death, resignation or any other circumstance, that the Board or Committee concerned be authorized to call for nominations from Presbyteries for action by the following Assembly.

(2) That where the office has been established by Assembly and the appointment made by the Board or Committee concerned, while recognizing the right of Boards and Committees to make such appointments, Presbyteries should be notified of the vacancy and given reasonable time to make nominations before the Board or Committee makes an appointment.

(3) When a Board or Committee desires to establish an office and to make a full-time appointment thereto, in the case of an emergency, other than as set forth in (1) and (2), authority for such office and appointment shall be obtained from the Board of Administration. Such an appointment shall not be for more than three years except by permission of Assembly.

(4) That no new position as set forth in (1) or (2) shall be recommended to Assembly by any Board or Committee until such an appointment has been approved by the Board of Administration.

It is put on record and understood that appointments of the General Assembly hold office at the will of the Assembly. (Minutes, 1945.)

Respectfully submitted,

A. LORNE MACKAY,
Convener.

OVERTURE 19 — 1961, PRESBYTERY OF KINGSTON — Re Appointments to Executive Offices. (A & P, 1961, pages 421 and 84.)

The prayer of the Overture is "that the General Assembly make no further appointment to any executive office except under stress of the most stringent necessity, and then only through the General Assembly". The prayer was granted — page 84.

THE COMMITTEE TO ADVISE WITH THE MODERATOR

To the Venerable the 93rd General Assembly:

The Reverend G. Deane Johnston, C.D., M.B.E., M.A., D.D., Minister of Central Church, Brantford, Ontario, was elected Moderator of the 92nd General Assembly of The Presbyterian Church in Canada meeting in St. Andrew's Church, Toronto, Ontario, in June, 1966.

Dr. Johnston has had a most arduous year of activity. He has visited synods, presbyteries and congregations of the Church from the Atlantic to the Pacific and has carried the Christian message to a great variety of folk. His intense interest in people, his firm and unswerving convictions, his humorous approach to matters, his wise counsel in so many difficult situations have led men and women to say in their hearts that it was good that the Moderator came their way.

The Moderator and the Committee greatly regret that, due to the pressures of a heavy itinerary and the necessity of maintaining prior commitments, the Moderator could not accept many kind invitations which had to be declined.

The death of the Governor General, General Georges P. Vanier, opened a new day in inter-communion relations. Madame Vanier insisted that all branches of the Christian Church should be officially represented at the funeral services in the Roman Catholic Cathedral, Ottawa. Dr. Johnston represented The Presbyterian Church in Canada on that occasion.

On Sunday, April 23rd, the Moderator preached in a national telecast from Knox Church, Ottawa. In the month of May he represented our Church at the Assemblies of the Church of Scotland in Edinburgh, The Presbyterian Church of England in Manchester and The Presbyterian Church in Ireland in Belfast. His visit to Ireland was of especial interest. His father and one brother have been ministers of The Presbyterian Church in Ireland. His sister, Lady MacDermott, the wife of the Lord Chief Justice of Northern Ireland, is a prominent laywoman in that Church.

Wherever Dr. Johnston went people were glad to meet him, were refreshed by his presence and his messages, and remember his visit with gratitude.

RECOMMENDATIONS

1. That the thanks of this Assembly be given the Kirk-Session and Congregation of Central Church, Brantford, for making it possible for the Moderator to perform so many duties during the year.
2. That the thanks of this Assembly be extended to the Clerks of Synods and Presbyteries, other ministers, elders and Church folk in general, who assisted the Committee in the detail of the Moderator's itinerary.
3. That the thanks of this Assembly be accorded all who extended courtesy, kindness and hospitality to the Moderator while in the performance of his arduous and exacting duties.

All of which is respectfully submitted.

J. ALAN MUNRO,
Chairman.

E. A. THOMSON,
Secretary.

BOARD OF STEWARDSHIP AND BUDGET

To the Venerable the 93rd General Assembly:

The Total Budget figure for 1966 was \$1,982,013, an increase of \$20,858, or 1%, over 1965. Presbyterian giving was apparently affected more by the stock market slump and the decrease in automobile sales, than by the dollar increases in agriculture, services, and beverage industries. Although the Budget total is a new high for our Church, a 1% increase is not enough to overtake the effect of inflation on the dollar.

Analysis of Givings

The Statistical Table attached to this report shows that

- 28 Presbyteries had a dollar increase over the 1965 total.
- 19 of these Presbyteries had also shown increases in 1965.
- Of the 20 Presbyteries which had a decrease from the 1965 totals six had also had a decrease in 1964.
- The per member rate for the whole church for Budget was \$9.90 compared with \$9.68 in 1965 (2.2% increase). The per member rate for all purposes was \$72.96 compared with \$69.14 for 1965 (5.5% increase). It should be noted that there was a decrease in membership of 2,378 in 1966. The decrease in membership had more effect on the per member rate increase than the increase in giving.
- 23 Presbyteries were above the whole church per member rate in Budget support. Four Synods were above this rate. In two Synods all Presbyteries were above the whole church rate.
- One Presbytery shows a per member rate which was more than enough to reach the \$2,500,000 objective. Some congregations are giving at a rate that would raise \$4,000,000 per year for the Budget, while others are giving at a rate that would raise less than \$1,000,000. It is evident that the \$2,500,000 objective is a realistic challenge.

Generosity Rate

Over the years, the ratio between what is raised for all purposes, and what is raised for the Budget has improved at a very slow rate. In 1916 the amount given for Budget was 16% of the amount raised for all purposes. In 1926, this percentage dropped to 11%. In 1936, it was down to 9.5%. In 1946, it was 9%. In 1956 it rose to 12.3%. In 1966 the figure rose to 13.7%. As a denomination we are a long way from giving as much to others as we spend on ourselves.

Sessions might compare their congregational rate with the above percentages. It should be noted that these percentages do not include amounts raised for "other missionary and benevolent purposes" which should be included in determining a congregation's generosity rate.

We have no record of a congregation in our denomination reaching the level of giving away an amount equal to or greater than it spends on itself, although we know of one congregation which has set itself this objective.

Sundry excuses are continually offered for failure to increase giving to others — lack of information, lack of confidence in administration, increased cost of living, prior claims of local needs, etc. The implication is that the spirit of generosity is there, but is not being given a chance to express itself. This is a false diagnosis, and we ought not to allow ourselves to be fooled by it. Failure of generosity is a symptom of the disease which is eroding our convictions and destroying our Christian hope. When the faith-attitude is lively, the generosity rate will rise. The money question requires a gospel solution.

The National Development Fund Appeal

The National Development Fund appeal is certain to have an effect on Budget support. It could be the means of lifting our giving level to a new height, if enthusiastic educational and promotional effort is made by Presbytery and congregational leaders. It would be ironical if the National Development Fund which is for the purpose of improving our work were to succeed at the expense of the Budget. It must be made clear that the National Development Fund is an over-and-above Fund and not an alternative to the Budget. We cannot expect significant increase in Budget giving during the National Development Fund campaign, but we cannot afford to have a decrease.

The National Development Fund is being reported through the Administrative Council, but our Board has been involved recently in the campaign program because the National Development Fund appeal is to be made in the congregations through the technique of the Every Person Visitation. Presbytery and Synod Stewardship and Budget Conveners have been briefed on the details of the campaign, and are ready to give assistance to congregations in organization and training.

The Partnership Program

A new set of materials on the theme "Partnership in Creation" has been developed and sampled to the congregations. It was thought that Canadian people, who will be viewing the wonders of "Man and His World" at Expo '67 this summer, should remind themselves that the marvellous achievements of the past, and the bold experiments for the future are the working out of a stewardship responsibility which the Creator-God has given to man. Moreover there is the need, the more imperative as he achieves greater power in the physical universe, for man to enter into the New Creation in Christ, for "what shall it profit a man if he gain the whole world and lose his soul?" Because the Partnership Program technique will be used to carry out the National Development Fund appeal, we think that the theme materials on "Partnership in Creation" are especially appropriate this year.

In connection with the Partnership Program, a new set of three filmstrips is being developed, to assist leaders in carrying out the full program. These will be available in July for use in September and October. The purpose of these filmstrips is to supply the "outside voice" which experience has proven to be needed in the planning and carrying out of an effective visitation.

Budget Promotion Materials

The major effort is being given to the weekly bulletin blanks. Through the co-operation of the several Boards and Committees of the General Assembly, almost every aspect of our church's work is touched on in these bulletins in the course of a year. Like any tool, these bulletin blanks don't accomplish anything by themselves. They have to be used. Congregations which have their own bulletins are welcome to "lift" our material. Some ministers use the blanks for pastoral letters. One Presbytery used the January Budget bulletin for a pastoral letter to every family in the Presbytery.

Congregational Program Guide

In co-operation with the representatives of the Boards who comprise the Committee on Co-Ordination of Adult Education, we have participated in producing the Program Guide which not only contains a catalogue of materials, but a planning guide for their effective use. Along with the other Boards, we commend this tool to Sessions so that the congregational program may be balanced as well as enriched.

Money Management

Kirk Sessions concerned with giving some help to people who are being troubled by the shrinkage of the purchasing power of the dollar should examine the program of materials called "The Christian Family and Money Management".

The program is not aimed at securing more money for the church, but rather with management of the total family income. Where the program has been tried, it has proven helpful. See the Rev. H. J. Berger's report in the 1967 edition of Stewardship Facts. We should like to see more of our congregations using these materials.

Stewardship of Accumulated Resources

The responsibility for distributing one's estate in a responsible manner is as important as the accumulation and management of his estate. Unless a will is made, the state has to take over the task. Even when a will is made, there can be difficulty. And even when a will is properly drawn by a lawyer it can be selfish. The making of a Christian will requires some study and perhaps consultation. Our Board has some materials available for those who are interested.

RECOMMENDATIONS

1. That the Assembly approve a Budget Objective of \$2,500,000 for 1968.
2. That the Stewardship and Budget Board be authorized to prepare allocations to Synods on the basis of the approved 1968 objective, and that the data used to compute Synod Allocations be supplied to the Presbyteries as Suggested Allocations for guidance in making congregational allocations.
3. That Synods be requested to allocate to Presbyteries the total amount of their respective allocations, and that Presbyteries be requested to allocate similarly to congregations, so that the total challenge of the Assembly's objective may be fairly presented to the church.
4. That Sessions be requested to assure that Suggested 1968 Budget Allocations and suggested objectives for the National Development Fund, as received from the Presbytery be included in the study of the congregational budget for the coming year.
5. That Sessions be requested to report to Presbytery Stewardship and Budget and National Development Fund Chairmen, the Accepted Allocations for both Budget and National Development Fund after the congregational meetings.
6. That Sessions be urged to secure support for the Suggested Allocation; that congregations which are now giving more than the Suggested Allocation, be encouraged to set their own allocation at a figure which calls for an increase; and that congregations which have not yet been able to reach the Suggested Allocation be asked to aim at at least a 10% increase.
7. That the Assembly commend the Partnership Program with its theme materials on "Partnership in Creation" as the preferred plan for securing renewed commitment from the members, and for securing support for the Budget and the National Development Fund, as well as congregational work.
8. That Assembly be asked to enjoin congregations to engage in an Every Person Visitation and that Presbyteries be instructed to see that Assembly orders are carried out.
9. That the Assembly commend to Presbyteries the Board's proposal for pulpit exchanges within the bounds, for the purposes of discussing the general work of the church, at Presbytery, Synod and Assembly levels.

10. That the Assembly express thanks to the Canadian Council of Churches Stewardship Committee for the help received in preparation of promotional materials.
11. That the thanks of the Assembly be recorded for the faithful support being received from Conveners, ministers and office bearers in Budget promotion, so that our Budget revenue has reached a new record of \$1,982,013.

Chairman.

REPORT OF THE PENSION BOARD

To the Venerable the 93rd General Assembly:

During the past year, two meetings of the Pension Board have been held — in November 1966 and April 1967. At the February meeting, it was reported that the Actuary was making a valuation of the Pension Fund as of the end of 1966 instead of the usual valuation at the end of five years, which would have been 1967, in order to have information available to determine the action which should be taken with respect to any revision of pension regulations.

An actuarial Committee has been appointed to work with the Chairman. It is composed of seven fully qualified Actuaries who are members of the Pension Board. As soon as the Actuarial valuation has been completed, this committee will prepare a recommendation to the Board.

During the past year, a number of communications have been sent to our pensioners, drawing their attention to the rights of those in Ontario under the new Ontario Medical Insurance Plan and another to all members drawing their attention to the additional pension possible under the Old Age Security system, particularly the method of reporting the amount received as pension from our plan. In addition, arrangements were made to have the Forms T 4, which are sent each year to pensioners in connection with their Income Tax Return, show only the amount of pension actually to be considered as taxable income. This was a result of a communication received

from the Taxation Division of the Department of National Revenue in 1946 which indicates that the pension payments which arise by reason of contributions made during the period prior to 1946 are exempt from tax and that for 1946 and subsequent years, the income is taxable in full. Rates paid by Ministers to the Pension Fund since 1946 are deductible from income before calculating the amount of taxable income.

It was reported last year that the accumulated arrears of Ministers' Rates at December, 1965 amounted to \$22,179.00. The accumulated arrears at December 31st, 1966 amounted to \$22,953.00. There are 68 active Ministers not contributing to the Fund, 23 of these are under 35. This is a surprise in view of the fact that it states in the Book of Forms that every Minister admitted to the Presbyterian Church on and after June, 1955 shall join the Pension Fund.

The financial statement, included with the Auditors' Report for the 12 months of 1965, shows an excess of Revenue over Expenditure of \$470,673.00. This is accounted for by the substantial bequest from our late Chairman, Mr. Clarence M. Pitts, referred to in last year's report, and a reduction in the Annuities purchased because there was no increase in pensions during 1966.

In the statement of capital there are two items of interest. The depreciation of investments of \$200,000 represents a change in the market value of assets but as mentioned last year does not of necessity represent a loss in capital. A further calculation as of the end of March indicates that a valuation at the present time would indicate a recovery of most of this depreciation. The large cash balance at the end of the year is caused by many payments from Congregations arriving after the end of December but included in the 1966 return too late for investment during 1966. These amounts have now been invested. It has been our practice in the past to include with this statement two lists — one of recipients of Ministers Pensions, the other for Widows and Orphans Pensions showing the amount of pension. These are not shown this year mainly because of objections and it is the opinion of many that it is not proper to publish every year the amount of pension paid to each pensioner.

We gratefully acknowledge the help which we have received at 50 Wynford Drive, particularly from Dr. E. A. Thomson, Rev. B. E. Howell, Comptroller, Mr. W. S. Walton, Q.C., Treasurer, and Miss Isabella Hunter who carries out the administrative work.

We are particularly indebted to Prof. N. E. Sheppard, M.A., F.I.A., F.C.I.A., for the work he has done in the past and this year for carrying out a valuation one year early in order to assist us. His professional advice, detailed reports and services are always available promptly and efficiently.

RECOMMENDATIONS

1. That Presbyteries review the position within their presbytery of Ministers who have not joined the Fund.
2. That our participation in the Church Pension Conference be continued.
3. That the Pension Board be empowered to continue to solicit gifts and bequests to increase the assets of the Pension Fund and for additional funds for the Pension Assistance Fund.
4. That an amount up to \$18,000.00 be appropriated to cover this year's expenses of the Pension Board, including postage, printing and salary of the Clerk-Stenographer in the Church Offices and the administration fees of the Segregated Fund in the hands of the Canada Life Assurance Company from January 1st, 1967 to December 31st, 1967.
5. That the continuing members of the Executive of the Board after the appointment of General Assembly constitute the Executive until the Fall meeting of the Board.
6. That this General Assembly express its grateful appreciation and sincere thanks to Professor Norris E. Sheppard, M.A., F.I.A., F.C.I.A., our Actuary, who con-

tinues to render such dedicated voluntary professional service to our Pension Board and our Church.

All of which is respectfully submitted.

J. E. SMART,
Chairman.

THE PRESBYTERIAN COLLEGE
REPORT OF THE BOARD OF MANAGEMENT

To the Venerable the 93rd General Assembly:

The Board of Management of The Presbyterian College begs to submit its Annual Report for the year 1966-67.

Eighteen students were enrolled this session in the various years leading to the Certificate or Diploma of The College or the B.D. Degree. This number represents a decrease of one from the previous year. We would commend the work of our Assembly's Committee on Recruitment to our people and urge that by their prayers and support the work of the Committee may be furthered and the enrolment of our Theological Colleges increased to meet the needs of ministering to our expanding Church.

The problems of recruitment have been receiving the active consideration of your Board and through the generosity of the Church of St. Andrew and St. Paul a study of the matter by Woods, Gordon & Co., management consultants, was commissioned. Their report and recommendations have been received and Committees are in the course of being formed to give further study. Presbyteries are being circulated to obtain their views and it is hoped that your Board will be in a position to report further on this matter and to make recommendations to the 94th General Assembly.

In recognition of the radically changed situation in which the Church must minister today and in view of the many developments in fields of study relating to the Church's task, the Board and Senate of The College have given authority for the institution of a programme of Continuing Ministerial Education. A series of courses are being planned for the Session 1968-69 and ten rooms are being set aside in the Residence for the accommodation of those attending. A pilot course will be conducted in the Spring of 1968 for the guidance of The College in choosing the curriculum. In embarking upon such an ambitious programme your Board recognizes the considerable expenditure of time, effort and money involved. It does not propose to appeal to the Church at large for financial support in the first year of the programme to compensate for the loss of revenue from the Residence, the honoraria paid to the visiting lecturers and the incidental expenses incurred, wishing first to confirm the demand for such courses and the ability of The College to meet the need. The success of the venture will depend in large part upon congregations of our Church recognizing the value of such courses and making it possible for their ministers to attend.

For more than a year now, your Board has been concerned with devising some meaningful way in which the facilities of The College could be put at the disposal of the Church during Expo '67. We are now glad to report that a programme has been arranged under the direction of the Rev. Donald R. McKillican of the Assembly's Committee on Recruitment, whereby our younger people from across Canada will be provided with accommodation in the College Residence during their visit to Expo '67. With the assistance of representatives from the various Boards of the Church who will be in attendance during the period from June to the end of August, and by means of exhibits and displays placed in rooms in The College, we hope to convey to these visitors some idea of the far reaching work of The Presbyterian Church in Canada. At the same time, in this way, we would give expression of our gratitude to all who by their interest and tangible support have made our fine buildings possible.

The L. W. Anderson Lectures have been remitted for this past session, owing to the fact that these Lectures will be delivered this Fall, on September twenty-seventh and twenty-eighth, in connection with the celebration of the One Hundredth Anniversary of the beginning of our work as a Theological College. This celebration will be concluded with a special Centennial Convocation, when those participating in this historic event will be honoured by The College with the Degree of Doctor of Divinity Honoris Causa.

It is of interest to observe in this Centenary of The College that our New Building Campaign, which began some four years ago, has now reached a successful conclusion. In January of this year, we reached our objective of \$264,000.00, an achievement in which Congregations, Alumni, Ministers and friends from all parts of Canada have contributed. In this final report on this matter, we would record our profound gratitude to The Rev. Dr. C. Ritchie Bell and to Mr. C. Alex Duff, the Co-Chairman of this most successful campaign, which, apart from its financial response, has stimulated renewed interest in the future of our College.

The work of the Principal and Faculty of The College is worthy of our sincere appreciation. Their competence and dedication have given reason for satisfaction. The following have all served with great acceptance as Sessional Lecturers: Rev. Joseph C. McLelland, M.A., B.D., Ph.D., in Philosophy of Religion and Christian Ethics; Rev. Harold Reid, M.A., D.D., Elementary Hebrew and Advanced Hebrew Grammar; Rev. Charles C. Cochrane, B.A., B.D., in Christian Education; Rev. R. Malcolm Ransom, B.A., Th.B., in Missionary Education; and Rev. Neil Gregor Smith, M.A., B.L.S., D.D., Rev. Clifton J. MacKay, B.A., D.D. and The Rev. C. Ritchie Bell, B.A., B.D., D.D. in Homiletics and Pastoral Theology. The stature of these Lecturers is recognized throughout the Church and the time and talents which they have shared so generously have contributed much to the life and work of The College. Without their assistance it would have been impossible to continue to leave vacant the Chairs of Homiletics & Pastoral Theology and Philosophy of Religion & Christian Ethics and thus to be able to effect considerable economies for the Church.

The removal of Mr. R. R. Merifield, Q.C., from Montreal to Toronto prompted his resignation as Honorary Treasurer. He acted in that capacity for many years with ability and enthusiasm and your Board wishes to record its appreciation of his valued service.

As in other years, we have had many expressions of interest in our work and our students in the form of donations for the general expenses of The College and for bursaries, scholarships and prizes. To these generous donors and to all those ministers and lay-people who have shown interest in The College and have seen fit to support it, we express our thanks.

We have no recommendations to make this year.

All of which is respectfully submitted.

LAWRENCE G. MCDUGALL, Q.C.,
Chairman.

JOHN R. MCCALLUM,
Honorary Secretary.

To the Board of Management,
The Presbyterian College, Montreal.

We have examined the accompanying financial statements of The Presbyterian College, Montreal, for the year ended December 31, 1966 comprising the balance sheet as at that date and the statement of income and expenditure for the year then ended, together with supporting schedules. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances except that it was impracticable, as is usually the case in organizations of this nature, to verify a portion of the income from contributions and campaigns.

Subject to our comment regarding income from contributions and campaigns, in our opinion the aforementioned statements present fairly the financial position of the College as at December 31, 1966 and its income and expenditure for the year then ended and have been prepared on a basis consistent with that of the preceding year.

March 6, 1967.

Auditors.

In 1966 your Committee met on six occasions to examine designs and plans for new churches and Christian Education buildings.

Designs for new churches for the following congregations were examined by your Committee: St. Stephen's, Peterborough, Ontario; Braeside, Port Albert, Alberta; St. Columba, Lancaster, N. Christian Education buildings and additions were examined for the following congregations: St. Andrew's, Moncton, N.B.; St. Andrew's, Lancaster, Ontario.

In February your Committee met with the Architectural Committee of the United Church of Canada to exchange views on the Architectural trends in church buildings.

By correspondence and personal visits your convener was privileged to help congregations in various stages of their planning.

We appreciate the fine co-operation given by the department of Church Extension in our work as a Committee.

All of which is respectfully submitted.

Convener.

REPORT OF SPECIAL COMMITTEE, ACTS AND PROCEEDINGS, 1966, RE: ASSEMBLY PROCEDURES

To the Venerable the 93rd General Assembly:

The General Assembly of 1966 appointed a Special Committee to consider certain Overtures, directing that the Committee correspond with Presbyteries and Boards of the Church and report to the Assembly of 1967.

The Committee appointed consist of Mr. P. D. Ruddell, Mr. J. A. Crabb, Dr. L. H. Fowler, Dr. E. A. Thomson, Convener, and was given power to co-opt.

The terms of reference include Overture 10, 15, 21, Unprinted 4, all of 1966 (see pages, A & P 1966, respectively, 406, 409, 411, 412 and 609). The attention of the Committee was called to the action of Assembly on Overture 38, 1966, A & P, 1966, pages 419, 420, and 72. The terms of reference and the naming of the Committee will be found on pages 104 and 117, A & P, 1966.

Overture 10, Presbytery of Assiniboia, Re Procedures of General Assembly.

The prayer of this Overture is to the effect that Assembly appoint a Standing Committee on Procedures, to report to Assembly from year to year.

The Committee draw attention to Section 296, Book of Forms, whereby a Committee on Business of five members set up the Assembly docket, and their work is taken over by a Committee on Business of eight members after Assembly opens. Presbyteries at any time may correspond with the Committee of five through the Clerks of Assembly as to matters for the forthcoming Assembly and for procedures. Matters found beyond the jurisdiction of the Committee of five can be taken to Assembly for reference; beyond this, at present, we cannot go. It should be pointed

out, however, that the "half-hour rule" can be changed, and, at any time, the half-hour may be lengthened with consent of Assembly. The Committee of eight can give longer periods to any report as they see fit. The printing of a three-day agenda at the opening of Assembly gives commissioners an alerting to study the reports to come within that period. The Committee wish to say also that the present procedure has been carefully built up over a period of twenty years, and many of the suggestions being currently made have been previously over-whelmingly declined by Assemblies. The machinery for taking care of the Overture is already in existence.

The Committee therefore ask this Assembly to accept this as an answer to the prayer of the Overture.

Overture 15, Presbytery of Montreal, Re General Assembly.

The prayer of the Overture is divided into two sections, one as to the best use of our financial and human resources, and the other as to fuller participation in the work of the Courts by Elders.

In the use of our resources, attention is called to the fact that three Committees of Assembly are dealing with this field.

The Committee recommend that this Assembly refer this section of the prayer of the Overture to the Committee on Recommendation 10, Administrative Council, 1965, whose Chairman is Mr. C. C. Cochrane.

In the matter of fuller participation, the Committee comment that the chief point at issue is the cost through loss of income to a commissioner attending Assembly. The Committee believe that, as the Church is not able to compensate all commissioners, the cost of compensation could well be considered by presbyteries and congregations of commissioners concerned. This has been done by at least one presbytery. The answer to Overture 38, 1966 (see A & P, 1966, pages 419, 420, 104, 72) was a denial of the prayer asking for reimbursement in whole or in part.

The Committee point this out to this Assembly by way of information as to action taken by the 92nd General Assembly.

Further, the Committee would make two comments as follows:

1. In reference to the work of the presbytery, the Committee would point out that presbyteries have latent powers without direction from Assembly.
2. In reference to more participation in the Assembly, presbyteries are reminded that commissioners should be elected, not as a reward for past performances but for their potential usefulness to the Church, and the presbyteries themselves may educate Elders as to the work of all the Courts.

Overture 21, Presbytery of Algoma and North Bay, Re Stated Moderator to Assist Elected Moderator.

The prayer of the Overture is to the effect that a Stated Moderator be appointed to assist the Moderator. The Committee are not aware that the Moderators encounter the difficulties named. Moderators often ask a Moderator of a previous Assembly or a member of the Court to take the Chair that they may rest. All in all, with the assistance of the Clerks, Moderators have done a most creditable work through the years. A "Stated Moderator" of permanent appointment is a clear violation of law and tradition as to who may be members of the Court; there can be no ex-officio members.

The Committee therefore recommend that the prayer of the Overture be not granted.

Unprinted Overture 4, Presbytery of East Toronto, Re Acts and Proceedings.

The prayer of the Overture is in three sections.

Section 1 is that the Clerks of Assembly provide a more detailed and informative index to the Acts and Proceedings.

The Clerks of Assembly are well aware of the problem and, in spite of the pressure put upon them between the closing of Assembly and the meetings of presbyteries in September, have diligently endeavoured to improve the index and will continue this endeavour.

The Committee recommend that this be accepted as the answer to this section of the prayer of the Overture.

Section 2 is that the items on page 4 of the Acts and Proceedings should be enlarged and greater detail provided as to the work referred by Assembly to the Courts of the Church.

The Committee are of the opinion that the items listed on this page are sufficient. They point out that the members of the Courts of the Church are in duty bound to read the entire Acts and Proceedings.

The Committee recommend that this be accepted as the answer to this section of the prayer of the Overture.

Section 3 is that the Editor of "The Presbyterian Record" be requested to include in the September issue the crucial decisions and pronouncements of the General Assembly, etc.

The Committee express their great satisfaction with the coverage which has been provided by the "Record".

The Committee recommend that this Assembly draw the attention of the Editor of the "Record" to this section of the prayer of the Overture and at the same time commend him for the presentation of the work of the Assembly he has made from year to year.

Pursuant to the direction of the 92nd General Assembly, the Committee corresponded with the presbyteries and the boards of the Church, inviting comment. Twelve presbyteries replied, some approving the report as a whole, some approving sections of the report, all making valued suggestions. In the report to presbyteries and boards, the Committee went into specific detail concerning the history of procedure and reasons for these procedures.

The attention of presbyteries and boards was called to the action of Assembly on Overture 9, 1966, whereby a Guide to Reports of the General Assembly will be mailed to commissioners at the time of their notification prior to Assembly, and that a pre-Assembly Orientation Course will be given. (A & P, 1966, page 103.) The prayer of the Overture was granted in these terms by the Assembly of 1966. (A & P, 1966, page 103.)

In the background of the above reports on Overtures referred to the Committee certain questions implicitly arise. Presbyteries and boards were asked to comment upon the following observations and upon the recommendations that end this report.

1. Election of Moderator.

The present method, having been determined by a series of overtures and reporting committees in the last fifteen years, has proved to be the most acceptable and satisfactory to the Church.

2. Evening and Other Presentations of the Work of the Boards.

Following consideration of overtures and following suggestions within meetings of Assembly, it has been clearly established that procedure is flexible and that each Assembly controls its own docket. No changes in regulations are necessary.

3. Meetings of Assembly.

The Church has hitherto expressed its strong opposition to a biennial Assembly, and likewise opposition to any other period for Assembly than one beginning on a Wednesday evening. The Committee believe that the basic reason for this opposition would be found to be an ultimate unwillingness of the boards to accept responsibility without direction of Assembly, and a danger of bureaucratic control of the Church.

RECOMMENDATIONS

1. That the Courts of the Church, having Overtures for the General Assembly, be requested to confer with the Clerks of Assembly to obtain a background in Acts and Proceedings on the subject concerned in order to prevent duplication of Overtures and to gain knowledge of actions of previous Assemblies.

2. That Recommendation 4, A & P, 1959, page 370, be amended to read, "That, while in no way preventing individual commissioners from presenting Overtures on their own behalf, provided the said Overtures are in printed or in mimeographed form, this Assembly enact that the Courts of the Church be permitted to present only those Overtures which are printed in Stitched Minute of Assembly, with this exception, that Overtures asking for a name or names to be placed on the Constituent Roll of Presbytery may be presented prior to the opening of Assembly."
 3. That this Assembly point out to presbyteries that it is their privilege to submit Overtures to the Synod of the bounds for advice or confirmation prior to submission to Assembly.
 4. That when the subject of an Overture has already been dealt with by an Assembly within the previous five years, authority be given to Assembly's Committee on Bills and Overtures to recommend to Assembly that the Overture be rejected in whole or in part.
 5. That the answers to Overtures 10, 15, 21, and Unprinted 4, be as recommended in the body of this Report.
 6. That the Committee be discharged.
- E. A. THOMSON,
Convener.
- All of which is respectfully submitted.

RE OVERTURE NO. 6, 1965 — PRESBYTERY OF PARIS RE: PENMARVIAN

To the Venerable the 93rd General Assembly:

The 91st General Assembly (1965) referred the matter of Overture 6 Presbytery of Paris Re Penmarvian to a Special Committee composed of the Penmarvian Committee of The Administrative Council plus two additional members named by the Board of Evangelism and Social Action plus two additional members named by the Presbytery of Paris. Rev. D. C. McLelland of Hillview, Toronto, and Rev. L. Royal of Goderich, were named by the Board of Evangelism and Social Action and Rev. W. A. Henderson and Mr. J. A. McLoughlin, both of Woodstock, were named by the Presbytery of Paris.

Overture 6 is set forth on page 505 A & P GA, 1965. Among other things suggested, the prayer of the Overture is that the Church consider whether the property of Penmarvian may be put to some use other than the one to which at present it is being put.

The General Assembly of 1966 received from the Special Committee a report of progress and directed that a report be made to this Assembly — A & P, GA, 1966, p. 457.

The Secretary received a letter from the Executive of the Board of Evangelism and Social Action which in part reads as follows:

"Since it is the opinion of the Executive of the Board of Evangelism and Social Action that there is no way to put Penmarvian to any better use than its present function as an elderly persons' residence, it was agreed that it be recommended . . . that the Rev. D. C. McLelland and the Rev. L. Royal, who had been named to the Penmarvian Committee by the Board of Evangelism and Social Action at the request of the General Assembly, be relieved of this responsibility".

On being notified of the decision of the Executive of the Board of Evangelism and Social Action, the Presbytery of Paris asked the Committee to study the matter further, possibly in consultation with some experts in the field of the aged, to try to give a long term plan for the use of Penmarvian.

In the meantime several groups within the Church are considering the establishment of Conference Centres which may or may not include the use of Penmarvian.

The Committee therefore beg leave to present four recommendations.

Recommendations:

1. That the request of the Executive of the Board of Evangelism and Social Action for release of responsibility on the part of the Rev. D. C. McLelland and Rev. L. Royal be granted.
2. That the resolution of the Executive of the Board of Evangelism and Social Action, viz: "That there is no way to put Penmarvian to any better use than its present function as an elderly persons' residence" be adopted.
3. That the whole matter of the use of Penmarvian be referred to the Administrative Council for periodic review.
4. That the Committee be now discharged.

All of which is respectfully submitted.

F. G. STEWART,
Convener

REPORT OF THE PRESBYTERIAN RESIDENCE BOARD SASKATOON

To the Venerable the 93rd General Assembly:

The school term 1966-1967 found the Residence under the supervision of a Dean once more. Rev. Alex MacDonald was appointed by the Board and Mr. MacDonald took office in August 1966. He serves as part time Dean since he also acts as Secretary of the S.C.M. at the University of Saskatchewan, Saskatoon Campus. The past year was in many ways experimental with the Dean seeking to find his place in his dual responsibility. It would seem too soon to evaluate in light of the obvious question i.e. Is it possible for one person to give the necessary time to the S.C.M. (which seems like a full time job) and at the same time serve as the Dean of Residence in such a manner that the Dean could spend some time on field work in the Synod, serve as a Chaplain to the Presbyterian Students on the Campus and still be available for personal and organized discussions with the students in "Pres. Res."? Hope has been expressed by Board members that "Pres Res." will once again under the leadership of the Dean provide atmosphere and opportunity for students to struggle with the call to the Christian ministry and take advantage of the Theological training offered by our Church. We are hoping that under Mr. MacDonald's leadership we will be able to evaluate this whole picture after a reasonable experimental period.

The Residence had 33 students for the greater part of the fall and winter terms and in the opinion of the Dean and Mrs. MacNaughton the Matron, this figure represents capacity.

The Board was sorry to receive the resignation of Mr. J. B. Francis of Regina who had been a faithful member of the Board for many years, and gave meaningful leadership and practical support to the campaign for a new Residence.

The Board are still hopeful of filling the requirements of the 1963 General Assembly and thus will be in a position to build the new Residence on the Campus in the near future. The pledges and contributions to the building fund to the end of March 1967 were \$44,492.77.

Following the pattern of last year the Residence will be open for Inter-session period at the University as well as Summer School at the University. Once again the Residence will be available to the Synod Summer School.

RECOMMENDATION

1. That the Board of the Presbyterian Residence be granted a budget for operational and upkeep expenses for 1968 up to the amount of \$8,910.00.

R. A. DAVIDSON,
Chairman of the Board.

AUDITOR'S REPORT

We have examined the balance sheet of the Presbyterian Residence as at December 31st, 1966, and the statements of revenue and expenditure, receipts and payments, for the year ended on that date. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion, the accompanying balance sheet and statements of revenue and expenditure present fairly the financial position of the Residence at December 31st, 1966, and the results of its operations for the year ended on that date, in accordance with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

OVERTURES

No. 1 — PRESBYTERY OF BRANDON

Re PRINTING OF KIRK-SESSION MINUTES*To the Venerable the 93rd General Assembly:*

WHEREAS, the practice of handwriting in a bound volume, the minutes of a Kirk-Session, is a custom coming from past history, and

WHEREAS, The Presbyterian Church in Canada, has approved for the General Assembly the printing of minutes, and for the Synods and the Presbyteries the printing or mimeographing of minutes with later binding of same, and

WHEREAS, the business of the Kirk-Session would be greatly facilitated and the members of the Kirk-Sessions better informed if files of minutes were easily available to members of Kirk-Sessions,

THEREFORE, resolved that the Presbytery of Brandon humbly overtures the Venerable the General Assembly of The Presbyterian Church in Canada for permission to mimeograph the minutes of Session, with provision for the binding of same when 100 pages have been completed or for each and every 5 year period, and that the necessary amendments in the "Book of Forms" be approved, or that the General Assembly in its wisdom do otherwise as it deems best.

Re REVISION OF THE BOOK OF FORMS*To the Venerable the 93rd General Assembly:*

WHEREAS, "The Book of Forms" contains methods of procedure, which for the present time appear to be unnecessarily complicated, and complex, and

WHEREAS, many terms are now archaic and do not have meaning outside the select few within the courts of the church, and

WHEREAS, the principle of things being done "decently and in order" still applies in the reformed tradition, and

WHEREAS, competence in procedure is not of necessity tied to archaic words and complicated procedures,

THEREFORE, resolved that the Presbytery of Brandon humbly overtures the Venerable the General Assembly of The Presbyterian Church in Canada, to establish a special committee, with instructions to complete a revision of the "Book of Forms" within the next three years, or to do otherwise as the General Assembly in its wisdom deems best.

No. 3 — PRESBYTERY OF KOOTENAY

Re COLLEGES*To the Venerable the 93rd General Assembly:*

WHEREAS, the purpose of the Church of Christ is primarily missionary, and

WHEREAS, much of the resources of The Presbyterian Church in Canada are being utilized in the education and training of ministers, and,

WHEREAS, the work, presently being carried on in two colleges, could be adequately performed by one college at greatly reduced cost to the church, and

WHEREAS, any loss of certain trust funds implied by such a proposed amalgamation would be negligible in comparison to the present heavy drain on church funds (\$159,000. 1965), and

WHEREAS, present facilities and staff of either college could adequately serve present, and probable future, combined student enrollment, and

WHEREAS, monies and personnel freed by having one college are sorely needed in other aspects of the church's mission,

THEREFORE, the Presbytery of Kootenay humbly overtures the Venerable the General Assembly to take immediate steps to amalgamate the Presbyterian College, Montreal and Knox College, Toronto, or that the General Assembly do otherwise for this purpose as it, in its wisdom may deem best.

No. 4 — PRESBYTERY OF BRUCE

Re COLLEGE PROFESSORS*To the Venerable the 93rd General Assembly:*

WHEREAS, the supply of students for our two colleges, Knox College, Toronto, and Presbyterian College, Montreal, is small, and

WHEREAS, the number of Professors, while few in each, could be used to better advantage if one professor occupied two chairs, and commuted between Montreal and Toronto on certain days of the week, and lectured to students in both colleges on his special discipline, and

WHEREAS, the funds for the upkeep of our colleges must come from the dedicated people in congregations; and these are now quite critical about anything in the Church that seems unnecessary or wasteful,

THEREFORE we, the Presbytery of Bruce, humbly overture the Venerable the General Assembly to defer the appointment of new Professors in either of the two colleges, with a view to finding a new pattern for the teaching of our ministerial students, and a fresh approach to a better use of the colleges' staff, or to do otherwise for this purpose as the Assembly in its wisdom deems best.

WHEREAS, it seems advisable that a common policy be established for the ministers of The Presbyterian Church in Canada regarding this matter,

THEREFORE, we, the Synod of Hamilton and London, overture the Venerable the General Assembly to instruct the Committee on Inter-Church Relations to review the possibilities of mutual invitations between our ministers and Roman Catholic clergy to attend and add to the rites of the inviting Church, and to report to the next

To the Venerable the 93rd General Assembly:

Re HANDLING OFFERINGS

To the Venerable the 93rd General Assembly:

THEREFORE, the Kirk-Session of St. John's Church, Cornwall, humbly requests the Presbytery to study the situation beyond its own bounds to ascertain whether this same disregard of the Law of the Church is prevalent across the whole Church, and if so, to overture the General Assembly to amend or delete Section 162, paragraph 2, of the Book of Forms, or to do otherwise as in its wisdom it deems best.

Re MISSION WORK

To the Venerable the 93rd General Assembly:

WHEREAS, the Mission Work of The Presbyterian Church in Canada is now divided and under three Boards, the W.M.S. (E.D. and W.D.) and the General Board of Missions, and

WHEREAS, the above W.M.S. (E.D. and W.D.) name ten full voting members on the General Board of Missions and there is no official representation named by the General Board of Missions on the Boards of the W.M.S. (E.D.) or (W.D.) and

WHEREAS, this division makes for difficulty in the resolving of matters of Mission policy, Mission responsibility, and Mission administration affecting this work, and

WHEREAS, this division makes for unnecessary duplication of office in administration (Boards, secretaries, etc.), and

WHEREAS, this division creates and generates a conflict of interest and authority, and

WHEREAS, this division makes for an unnecessarily high overhead (financial) in carrying on this work, and one structure of administration would make for a great saving in personnel and finances, and

WHEREAS, this division is detrimental to the image to one Church (Denominational) and our oneness in Jesus Christ, and

WHEREAS, many Presbyteries of the Church for many years have expressed concern for the wisest and best use of the personnel and finances of the Church, and

WHEREAS, The Presbyterian Church in Canada in 1960 embarked upon "the eventual complete administrative reform of the Church" (A. & P. 1960 p. 416) and

WHEREAS, the original reasons for this division: (historical, limited place for women in the Church, etc.) no longer exist, women now having in all offices and orders in the Church equal status with men, and

WHEREAS, the present operation is archaic and out of date in the concept of the modern age,

THEREFORE, the Synod of the Atlantic Provinces of The Presbyterian Church in Canada, humbly overtures the Venerable the General Assembly to take immediate steps to integrate and unify the administration of the Mission work of the Church under one General Board of Missions of the General Assembly composed of both men and women representing all mission interests for the further extension of the Kingdom of God, or to do otherwise to this end as the General Assembly in its wisdom may deem best.

The foregoing is certified to be a true extract from the Minutes of the Synod of the Atlantic Provinces (found on page 29 and 30 of the printed Minutes) by me this twenty-fourth day of February, the Year of our Lord, One Thousand Nine Hundred and Sixty-seven.

Re APPOINTMENT IN KNOX COLLEGE TO THE CHAIR OF HISTORY AND PHILOSOPHY OF RELIGIONS AND CHRISTIAN ETHICS

To the Venerable the 93rd General Assembly:

WHEREAS, the Board of Knox College have requested Presbyteries to submit nominations for the vacant chair in the College of History and Philosophy of Religion and Christian Ethics, and

WHEREAS, the results of a great deal of research on the structure of Theological Education are just being publicized and need to be considered thoroughly by our own Assembly's Committee on the structure of Theological Education; and

WHEREAS, the continuing extension of knowledge in each of the three areas designated for this chair, is of such a demanding scope as to render it practically impossible for one man to have opportunity to make an adequate creative contribution to theological thought in even one area; and

WHEREAS, more specialized attention to at least two of the areas (Philosophy of Religion and Christian Ethics) is urgently required for the pursuance of the pastoral ministry and missionary endeavour in the present day; and

WHEREAS, the success and acceptability of the co-operative program with other Seminaries at the University of Toronto in the graduate field of Theological studies warrants an assessment of the possibilities of extending this program to the undergraduate theological courses;

THEREFORE, it is humbly overtured by the Presbytery of Superior that the Venerable the General Assembly make no appointment at this time to the Chair of History and Philosophy of Religions and Christian Ethics at Knox College, and to instruct the Board of Knox College to consult with the Committee on the structure of Theological Education as to how the courses of the Chair can most effectively be taught; or to do otherwise as the General Assembly in its wisdom may deem best.

Re STUDY LEAVE FOR MINISTERS

To the Venerable the 93rd General Assembly:

WHEREAS, the pastoral ministry of The Church demands interest, participation and leadership in many various areas of endeavour; and

WHEREAS, sociological and technological changes are taking place at a vastly increased rate, making training and approaches obsolete almost within a decade; and

WHEREAS, it is impossible for ministers outside the educational centers, and ministers in large, demanding congregations, to avail themselves of opportunities for further study and training;

THEREFORE, the Presbytery of Prince Edward Island humbly overtures the Venerable the General Assembly to instruct all self-supporting charges within The Presbyterian Church in Canada to grant to their present ministers, and to insert as one of the terms in all future Calls which they may issue to ministers, a regular leave for study purposes, in accord with the following regulations:

1. The annual leave shall be of two weeks duration over and above regular holiday allowances, and may be accumulated up to but not exceeding seven years;
2. Such leave shall be granted to the minister only after his proposed study program has been approved by Presbytery;
3. During such leave, all stipend and allowances to the minister shall continue at the normal rate, but expenses for pulpit and other supply shall be paid for by the congregation;
4. In the case of a minister being called to another pastorate, the congregation calling assumes responsibility for the number of weeks accumulated by the minister in his previous charge.

or that they do otherwise for this object what to their wisdom may seem best.

Re TAXATION

To the Venerable the 93rd General Assembly:

WHEREAS, the integrity and good name of the Church seems to be questioned by writings, editorial and otherwise, in numerous publications, including widely circulated newspapers, implying that Churches and other religious institutions fail to pay their fair share of Property Tax (by reason of exemption) and therefore, are existing in part at least, at the expense of the Community or State, therefore compelling even non-religious people to contribute even indirectly to the financial support of the Church, and

WHEREAS, the Assessment Commissioners of Ontario are becoming concerned about the practice of numerous Churches renting their facilities as revenue producing property and at the same time deriving benefit from exemptions in the Assessment Act, and

WHEREAS, members of this Presbytery have been concerned about this matter, THEREFORE, the Presbytery of London humbly overtures the Venerable, the General Assembly of The Presbyterian Church in Canada meeting in Ottawa on June 7th, 1967 to initiate corporate action on the part of the Churches and other religious bodies concerned to bring about consultation with the competent Government Authorities with a view of studying the present regulations covering Property Taxation and all relevant exemptions, or to do otherwise in this matter what in their wisdom they deem best.

Re THE WESTMINSTER CONFESSION OF FAITH

To the Venerable the 93rd General Assembly:

WHEREAS, a spirit of ecumenism is beginning to pervade the Church of Jesus Christ, and

WHEREAS, we are discovering a new sense of brotherhood with our Roman Catholic brethren within the context of this movement, and

WHEREAS, there are statements in the Westminster Confession of Faith calculated to give offence to our Roman brethren, and

WHEREAS, derogatory references to other theological positions are not properly part of a confession of faith, and

WHEREAS, such statements are not essential to the theological position expressed in the Westminster Confession of Faith,

THEREFORE, the Presbytery of Sarnia humbly overtures the Venerable the General Assembly to take action to amend for subscription purposes the Westminster Confession of Faith by omitting the following statements:

Chapter 22, Section 7:

"In which respects, Popish monastical vows of perpetual single life, professed poverty, and regular obedience, are so far from being degrees of higher perfection, that they are superstitious and sinful snares, in which no Christian may entangle himself."

Chapter 24, Section 3:

"And therefore such as profess the true reformed religion should not marry with infidels, Papists, or other idolators."

Chapter 25, Section 6:

"nor can the Pope of Rome in any sense be head thereof; but is that antichrist, that man of sin, and son of perdition, that exalteth himself in the church against Christ, and all that is called God."

Chapter 29, Section 2:

"so that the Popish sacrifice of the mass, as they call it, is most abominably

injurious to Christ's one only sacrifice, the alone propitiation for all the sins of the elect."

Re CHURCH PENSION PLAN

To the Venerable the 93rd General Assembly:

WHEREAS, the age at which a Canadian can claim the benefits of the Old Age Security and Canada Pension Plans is being reduced gradually to age 65, and

WHEREAS, The Presbyterian Church in Canada Pension Plan permits retirement normally only at age 70, after 40 years of service, and

1. that the Pension Board be directed to undertake a gradual reduction (within 5 years) of the age of retirement from 70 years to 65 years,

Re TERM FOR RULING ELDERS

To the Venerable the 93rd General Assembly:

WHEREAS, today, the important place of the laity in the life of the Church is under examination, and

WHEREAS, there seems to be some reluctance on the part of young and able men and women to commit themselves for a lifetime appointment, and

WHEREAS, there is a great mobility in the membership of congregations resulting in the fact that a Ruling Elder may no longer represent the congregation that elected him, and

WHEREAS, opportunity should be given to many men and women who have spiritual gifts and fine qualifications to bring to the office for a term, while accepting ordination for life, and

WHEREAS, in other Presbyterian and Reformed Churches, Elders may be elected for a term,

THEREFORE, The Presbytery of Westminster humbly overtures the Venerable the General Assembly of The Presbyterian Church in Canada, to give study to the matter whereby congregations may elect ruling elders to a specified term of office without jeopardizing their right of re-election or the fact that an Elder is ordained for life; or that they do otherwise for this purpose as the General Assembly in its wisdom may deem best.

Re PENSION FUND

To the Venerable the 93rd General Assembly:

WHEREAS, it is necessary for a minister of The Presbyterian Church in Canada to serve for forty years and to have reached the age of seventy before becoming eligible for retirement on pension, excepting for medical reasons, and

WHEREAS, some ministers in good health may wish to retire before reaching the age of seventy years, and

WHEREAS, the Canadian Government has instituted a pension plan whereby contributors may retire with full pension at the age of sixty-five beginning January 1, 1976, and

WHEREAS, the present pension of \$1,500 per year is quite inadequate provision for living under the prevailing economic conditions, and

WHEREAS, very few ministers are able financially to augment the church's plan with a private one,

THEREFORE, the Presbytery of East Toronto humbly overtures the Venerable the General Assembly to instruct the Pension Board to report on the practical implications of achieving the following goals:

- (1) To make it possible for any minister over 60 years of age to retire at will upon a pension based upon his years of service, his contributions to the Pension Fund and a corresponding equity from the contributions of the church.
- (2) To lower the retirement age on full pension as follows:

Retirement Age	Years of Service	Effective Date
69	39	January 1, 1972
68	38	January 1, 1973
67	37	January 1, 1974
66	36	January 1, 1975
65	35	January 1, 1976

- (3) To increase both ministerial rates and congregational assessments in order to provide greater benefits to the retiring minister.
- (4) To place the income of the Pension Fund on a more secure basis by making it a regular charge upon ministers' stipends and the revenue of the church, or to do otherwise for this object as they in their wisdom deem best.

WHEREAS, members of the theological faculties of our Colleges could make themselves available during summers to conduct courses in areas other than Toronto and Montreal;

THEREFORE, we humbly overture the Venerable the General Assembly to consider the possibility of establishing alternatives to the present intra-mural three year theological course through providing a combination of correspondence courses and regional summer sessions for candidates for the ministry, or to do otherwise to accomplish this purpose as they in their wisdom may deem best.

Re MINISTRY OF COMMUNICATION MEDIA

To the Venerable the 93rd General Assembly:

WHEREAS, The Presbyterian Church in Canada lacks a national voice, the official witness of a responsible Church; and

WHEREAS, the media of radio and television provide an excellent means toward such mass communication; and

WHEREAS, The Presbyterian Church in Canada as a denomination is committed and responsible to an historic Christianity framed in and upon the inspired and infallible Word of God; and

Re ORDINATION OF MARRIED WOMEN TO THE ELDERSHIP

To the Venerable the 93rd General Assembly:

WHEREAS, the ninety-second General Assembly has given approval to the ordination of women to the office of Ruling or Teaching Elder, and

WHEREAS, the Presbytery of Chatham acknowledges that the way to this office should be open to women as well as men, subject to God's calling, and

WHEREAS, the Church, in recognizing and confirming the divine calling, must ever know herself to be guided by the Holy Scriptures, and

WHEREAS, the Scriptures teach that the married woman, together with her husband, shall in her marriage show forth the relationship between Jesus Christ and His Church, and

WHEREAS, such pre-marital and marriage counselling and teaching of youth regarding Christian marriage is based upon this concept of God's purpose for husband and wife to be witnesses of Christ by the very nature of their Christian marriage-relationship, and

WHEREAS, Presbyters will find themselves placed in a conflict of conscience if and when they are called upon to ordain a married woman to the Office of Ruling or Teaching Elder, —

having taught, on the one hand, that she has been called by God's grace to make manifest in her married life the relation in which the Church stands to Christ, and

on the other hand, being aware that the Church can never rule over her Lord nor presume to be His Teacher, being placed before the task to put her by her ordination in a position where she must rule over her husband or must teach him;

THEREFORE, We, the Presbytery of Chatham of The Presbyterian Church in Canada, humbly overture the Venerable the General Assembly to take steps to ensure that the decision to approve the ordination of women to the Office of Ruling or Teaching Elder be qualified in the following terms:

(a) that the divine calling of a woman to show forth in her married life the relation between Christ and His Church shall supersede her function in the Office of Ruling or Teaching Elder, so that this Office shall be accessible only to women who are unmarried or widowed;

(b) that women holding the Office of Ruling or Teaching Elder upon marriage or re-marriage shall relinquish the active exercise of the duties and privileges of that Office for the duration of her marriage; or to do otherwise for this object that which in its wisdom the General Assembly may deem best.

 WHEREAS, a Common Prayer could be used on a national basis, in and by the Parliament, the Legislative Assembly, all civic and elected bodies, organizations, associations, schools, churches and indeed wherever and whenever people meet as a body or group;
 THEREFORE, the Kirk-Session of St. John's Presbyterian Church, Cornwall, Ontario, do prayerfully and humbly overture the Venerable the General Assembly, meeting at Ottawa in June, 1967, through the Presbytery of Glengarry, to urge the Canadian Council of Churches together with the brethren of the Roman Catholic Church and other faiths in Canada, to prepare a Common Prayer, to be adopted by the Government of Canada, as a National Prayer, which would declare the Sovereignty of God and serve to unite all Canadians by dependence on Him, regardless of race, color or creed, through constant use and practice; or to do otherwise as in its wisdom it deems best.

No. 46 — PRESBYTERY OF WINNIPEG

Re ELDERS' RIGHTS WHILE SERVING AS CATECHISTS

To the Venerable the 93rd General Assembly:

WHEREAS, one of the duties of an Elder in the Presbyterian Church is "to represent his brethren in the higher courts of the Church when so commissioned"; and

WHEREAS, any Elder of the Church is considered eligible for a commission to General Assembly, even by a Presbytery other than the one within whose bounds he resides (Book of Forms, section 278 (4)); and

WHEREAS, the Book of Forms, section 278 (5) 1949, prevents an Elder while working for the Board of Missions as a Catechist from being a Commissioner to the General Assembly; and

WHEREAS, it is quite possible for an Elder to serve as a Catechist in one congregation while continuing to be a communicant member and an Elder of another congregation; and

WHEREAS, the Presbytery of Winnipeg has in recent years elected as Commissioners, two different men, Elders of two different congregations, each serving as a Catechist within the Presbytery;

THEREFORE, the Presbytery of Winnipeg humbly overtures the Venerable the General Assembly to enact that when an active Elder in one congregation is employed as a Catechist in another congregation or charge, he be not deprived of his rights as an active Elder to represent his brethren in the higher courts of the Church when so commissioned, or do otherwise for this object as the Venerable the General Assembly may in their wisdom deem best.

No. 47 — PRESBYTERY OF SASKATOON

Re COMMISSIONERS' EXPENSES

To the Venerable the 93rd General Assembly:

WHEREAS, it is greatly desirable that more laymen become involved in the Courts of the Church, and,

WHEREAS, to become involved, especially in the Roll of an Elder Commissioner to the General Assembly, entails an expense of both time and money, and,

WHEREAS, this expense makes it impossible for many an Elder to attend the General Assembly, and,

WHEREAS, in fulfilling the role of an Elder Commissioner one must therefore maintain two houses for the duration of the General Assembly, we, the Presbytery of Saskatoon,

THEREFORE, humbly overture the Venerable, the 93rd General Assembly, to initiate steps whereby some of the financial burden placed upon the Commissioners, both ministers and elders, may be alleviated i.e., that an allowance be made to each Commissioner to cover the cost of his or her meals while fulfilling the office of Commissioner to the General Assembly, or do otherwise for this object what to their wisdom may deem best.

Certified a true extract from the Minutes of the Presbytery of Saskatoon.

AUDITORS' REPORT

*To the Venerable The General Assembly
of The Presbyterian Church in Canada:*

We have examined the balance sheet of The Presbyterian Church in Canada as at December 31, 1966 and the statements of income and expenditures, capital and endowment and restricted funds for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the aforementioned financial statements present fairly the financial position of the Church as at December 31, 1966 and the results of its transactions for the year then ended.

THE PRESBYTERIAN CHURCH IN CANADA
NOTES TO FINANCIAL STATEMENTS

Year ended December 31, 1966

1. Fixed assets are shown mainly at cost but include properties which have been donated and on which a fair value has been placed at the time of acquisition.
2. Accumulated depreciation, covering all properties and furniture and fixtures, has been increased by \$169,000, by a transfer from capital.
3. The assets and liabilities of Knox and Presbyterian Colleges, Saskatoon Residence, Armagh and St. Andrew's Hall are included in the balance sheet only to the extent of fixed assets.
4. On instruction of The Trustee Board all securities held on behalf of the Church were revalued at the market prices prevailing on December 31, 1966 and have been so stated in all the financial report.
5. Except for the amount allocated from the Budget, no receipts or disbursements have been included in the statement of income and expenditure for the following: Knox, Presbyterian and Ewart Colleges, St. Andrew's Hall, Saskatoon Residence, Pension Fund, Penmarvian, Presbyterian Record, Armagh.
6. Income of the J.B. Maclean Bequest Fund has been included in the statement of income and expenditure only to the extent of the amount received from the fund (\$45,000). A separate statement covering this fund has been prepared.
7. The assets and liabilities of the Pension Fund are not included in this statement. A separate statement covering this fund has been prepared.
8. Pursuant to authority given by the 86th General Assembly (A. & P. pages 310 and 89) an Assistant Director, Presbyterian Men was appointed effective October 1, 1964. This is at no cost to the Church. However, salary and expenses have been charged to the regular accounts of the Presbyterian Men in order to portray the costs of the work. This results in an apparent over-expenditure which, however, has been offset by special gifts.
9. Changes in authorized expenditures by the Administrative Council, subsequent to General Assembly are included.
10. Current account cash includes separate bank accounts amounting to \$68,471 representing unexpended income of endowment and restricted funds.

Note: At December 31, on instructions of The Trustee Board, all securities held were revalued at current market price. The capital of the various funds was adjusted accordingly. In most cases this resulted in a decrease in the capital. Where increases in capital resulted they are shown within brackets ().
Because of the change in investment policy whereby investments of funds were consolidated (except where the terms of the fund precluded this) the format of presentation of Endowment Restricted funds has been changed from that of previous years.

AUDITORS' REPORT

To the Venerable The General Assembly
of The Presbyterian Church in Canada:

We have examined the balance sheet of J. B. Maclean Bequest Fund of The Presbyterian Church in Canada as at December 31, 1966 and the statements of capital and undistributed income for the year then ended. Our examination included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the aforementioned financial statements present fairly the financial position of the Fund as at December 31, 1966 and the results of its transactions for the year then ended.

Toronto, Canada,
March 31, 1967.

AUDITORS' REPORT

*To the Venerable The General Assembly
of The Presbyterian Church in Canada*

We have examined the statements of capital and revenue and expenditure of The Presbyterian Church in Canada Pension Fund for the year ended December 31, 1966. These statements incorporate the assets, liabilities, revenue and expenditure of the segregated fund administered by The Canada Life Assurance Company for The Presbyterian Church in Canada, and we have been furnished with a financial statement of the segregated fund and a report thereon by the auditors of The Canada Life Assurance Company. Our examination of the pension fund transactions of the Church included a general review of the accounting procedures and such tests of accounting records and other supporting evidence as we considered necessary in the circumstances.

In our opinion the accompanying statements of capital and revenue and expenditure present fairly the financial position of the Pension Fund as at December 31, 1966 and the results of its transactions for the year then ended.

THORNE, MULHOLLAND, HOWSON & MCPHERSON,
Chartered Accountants.

THE SYNOD OF THE ATLANTIC PROVINCES

THE REV. THOMAS TRENCH CUNNINGHAM, B.A.

On May 17th, 1966, the Rev. Thomas Trench Cunningham passed away at the Manse in Newcastle, N.B., at the age of 48. Although he had been ill since January, his death brought deep sorrow to the whole area of the Miramichi.

Mr. Cunningham grew up in Orillia, Ontario and for some years worked in the field of banking prior to his Call from God to enter the Christian ministry. Entering the University of Toronto, he gained his B.A. degree there and graduated from Knox College, Toronto, in 1952. Upon his ordination he served for seven years in the Stanley and Williamsburg charge and since 1959 ministered in the Newcastle, Millerton and Derby congregations — both of his charges being in New Brunswick. Because of his fine Christian character, his kindly nature, and his love for people, Mr. Cunningham won the esteem and affection of both the Congregation and Community.

A member of the General Assembly's Board of Education, Mr. Cunningham was also Convener of Missionary Education for the Synod of the Maritime Provinces at the time of his death. He also served on various committees within the Presbytery and for some years had been Clerk of the Miramichi Presbytery.

He is survived by his wife, the former Elinor Barker of Orillia; a son, Thomas, and a daughter, Elizabeth; his father and mother, Mr. and Mrs. G. B. Cunningham of Orillia, a brother, the Rev. George B. Cunningham of Clairlea Park Church, Scarborough; two sisters, Mary of Orillia and Jean, wife of the Rev. A. C. G. Muir, Scarborough, Ontario.

The funeral service was held in St. James Church, Newcastle, N.B., with the Rev. E. H. Bean, Moderator of Synod conducting and bringing the Message. He was assisted by the Rev. Robert Ross and the Rev. Wallace Whyte. Interment took place in the family plot in Orillia, Ontario.

THE REV. MURRAY Y. FRASER, B.A.

The Rev. Murray Young Fraser, minister of St. Andrew's Church, Pictou, Nova Scotia, died on August 7th after an illness of several months. He was 52 years of age.

Born in New Glasgow, N.S., he received his education in New Glasgow Schools, and then proceeded to Acadia University where he received his B.A. degree in 1935. He graduated in Theology from Presbyterian College, Montreal and was then called to St. David's Church, Springhill, N.S. After a successful six-year ministry in this mining congregation, he was called to First Church, Stellarton, N.S. where he remained for fifteen years and where he was held in affectionate regard as pastor and Presbyter for fifteen years. He then was called to St. Paul's Church, Glace Bay, remaining there for some four years, and returned to Pictou Presbytery to his present charge in 1963.

A former Moderator of Synod, Mr. Fraser was widely known as an excellent pastor, a preacher of true prophetic gifts, and a wise counsellor and loyal friend. He served on several of the Church Boards, including the Board of Missions, and was presently on the Record Committee.

He is survived by his wife, the former Viola Huggan, and one son, Donald, senior student at Acadia University, one brother and two sisters.

His very largely attended funeral was conducted by the Moderator of Presbytery, Rev. Alex MacDonald, assisted by members of Pictou Presbytery, with an address by Dr. A. E. Morrison, life long friend. Burial was in Heatherdale Gardens.

SYNOD OF TORONTO AND KINGSTON

THE REVEREND JAMES MUNCE DRENNAN, M.A., B.D., M.Th.

It is with a great sense of loss that the Presbytery of West Toronto records the passing of one of its highly respected presbyters in the person of the Reverend J. M. Drennan, minister of Patterson Church. His death occurred in the Toronto General Hospital on May 29th, 1967, following a brief illness. He was in his 53rd year.

Mr. Drennan was born in Drumbeg (Lisburn), County Down, Northern Ireland, the son of Daniel Drennan and his wife Isobel Hamilton. In 1946 he was married to Jean Galway of Belfast. He is survived by his wife and a family of five, — Dorcas, Joy, Raymond, Allastair, and Phyllis.

Mr. Drennan was engaged in the linen industry in Ireland when he felt led to prepare himself for the Christian Ministry. Accordingly, he first enrolled at McGee College, Londonderry. In due course he was granted a Bachelor's and a Master's degree in Arts from Trinity College, Dublin. Further studies brought him a B.D. degree from Presbyterian College, Montreal, in 1959, and an M.Th. from Knox College, Toronto, in 1965.

Mr. Drennan was ordained to the Christian Ministry by the Presbytery of County Down in 1946. He thence began the fulfilment of his calling in the Agnes Street Church, Belfast. Later, he ministered to the congregations of Spa and Magherahamlet for a period of some nine and one half years. He came to Canada in 1955, and was for five years minister to the congregations of Norwood, Havelock, and Westwood, in the Presbytery of Peterborough. He was inducted to the congregation of Patterson Church, Toronto, in September, 1960. He will be long remembered by all those he sought to serve for his warm-hearted, evangelical, and faithful ministry, and by his family as a kind and affectionate father.

The funeral service was held in the Patterson Church on Thursday, June 1st, under the direction of the Presbytery of West Toronto. The Moderator, the Reverend Harry Russell, conducted the service with the assistance of other members of the Presbytery and the Reverend Graham Smith of Philadelphia, New York. Mr. Smith, who was a close friend of the family, preached the sermon. Interment took place in the Prospect Cemetery, Toronto.

THE REVEREND WALTER MCCLEARY

The Presbytery of Guelph and Saugeen records with sorrow the passing from earthly life on Tuesday, July 4, 1967, of our brother in Christ, Walter McCleary, lately minister of Gale Church, Elmira and Chalmers' Church, Winterbourne, Ontario. Born in Ireland, December 29, 1896, he came to Canada as a young child with his parents and lived in Edmonton. In preparation for the ministry he pursued studies at McMaster University and Knox College. After his graduation from the latter institution in 1929 he served in pastorates in Cochrane and Fort Frances in Northern Ontario and in Summerside, P.E.I. Then for a period of twelve years he served as a district Secretary for the Upper Canada Bible Society and resided in Elora. He returned to the pastorate to minister in Grand Valley and for the past eleven years in Elmira and Winterbourne. Only last week the Presbytery accepted his resignation in order that he might retire from the active ministry.

Walter McCleary brought the work of the ministry noble gifts of mind and heart and used them generously not only on behalf of the members of his congregations, but for the people of the communities in which he served. He was a man of broad sympathies and deep concern for his fellowman. He has shown particular concern for retarded children and has been instrumental in providing camps for them. His pen was not idle — apart from the sermons and addresses which a minister must routinely prepare, he wrote articles for periodicals, plays, and children's stories.

To his wife, nee Thelma Rutledge, his sons, Dr. Paul of New York, David of Orangeville, his daughters, Mrs. John Hall (Nancy) of Waterloo, Mrs. Richard Chaloner (Nora) of Guelph, Mrs. James Goodchild (Margaret) of Orillia, Miss

Mary Ann at home, his brother Charles of Camrose, Alberta, and his sister Mrs. Patrick Dalton of Palmerston, the Presbytery offers its sympathy and prays that God may sustain and comfort them in their hour of sorrow. One brother, the Rev. Dr. Ray McCleary predeceased him.

His funeral service was conducted in Gale Church, Elmira, by the Presbytery on Thursday, July, 6, and interment was in Mount Pleasant Cemetery, Toronto.

THE REVEREND WILLIAM REYNOLDS

The Reverend William Reynolds came from an Irish family typical of the many such that have rendered yeoman service to our Commonwealth as a whole. He served faithfully in this land, as did his brother, a British Army Medical Officer, in many others. Mr. Reynolds acquitted himself well in seven charges and was Moderator of Barrie and Quebec Presbyteries.

His sincerity was patent to all, and he dearly loved The Presbyterian Church in Canada. When his interest in things was impaired by long and weakening illness, one thing for which he eagerly asked and carefully perused, was the Acts and Proceedings of our General Assembly.

To his wife, who was a true helpmate in every possible sense of the word, and to his two sons, both Elders, already well established in their respective professions, we offer our sincere sympathy.

SYNOD OF HAMILTON AND LONDON

THE REVEREND JOHN M. MacGILLIVRAY, B.A., D.D.

The Rev. J. M. Macgillivray, B.A., D.D., died in Sarnia on November 17th, 1966, at the age of 83 years. Born near the town of Picton in Prince Edward County, Ontario, on October 19th, 1883, he attended Model School in Picton and then taught in a rural public school nearby for a short time. In 1903, he entered Queen's University, Kingston, and received his Bachelor of Arts degree in 1907 and his theological diploma in 1910.

His first charge was at Aylmer and Springfield in Western Ontario. He was ordained and inducted in Chalmers' Church, Springfield, by the Presbytery of London. In August 1914, he was called to St. Andrew's Church, Petrolia, where he ministered May 1916, when he enlisted as a chaplain with the 149th Battalion. He served overseas in England and France, being attached in 1917 to the Fourth Canadian Reserve.

In May 1919, he was demobilized and in December of that year was inducted into the charge of Knox Church, St. Thomas. In September 1925, he accepted a call to Chalmers Church, Toronto and the next month was married to Miss Eva Smith of St. Thomas, a daughter of the well-known Canadian artist, W. St. Thomas Smith. In 1929, Dr. Macgillivray was called to Central Church, Vancouver, where he remained until January 1935, when he returned to Ontario to become the minister of St. Andrew's Church, Sarnia. He retired in 1954 but for several years after retirement he was active in the work of the Church, serving in Laurel Lea, and St. Matthew's Churches in Sarnia during the development stages of these congregations.

His Doctorate was conferred upon him in 1941 by Knox College in recognition of his service to The Presbyterian Church in Canada. In that same year he was elected Moderator of the Synod of Hamilton and London, having previously been Moderator of the Synod of British Columbia when minister in Central Church, Vancouver. The highest honour of the Church, that of Moderator of the General Assembly, was given to him in 1945.

The Rev. J. M. Macgillivray was a staunch and devoted servant of his Master and his Church and a resolute defender of Presbyterian tradition and practice. He was well-versed in Church law and was of invaluable assistance in the Presbytery of Sarnia for many years after his retirement. He was one of the stalwarts in the Church Union struggle in 1925 and our Church is greatly indebted to him for his service at the time.

He is survived by his wife and two sons, Donald of Lindsay, and John of Edmonton, Alberta. The funeral, which was largely attended, was held in St. Andrew's Church, Sarnia, and was conducted by the Rev. George H. Young, Acting Moderator of the Sarnia Presbytery, assisted by members of the Presbytery. The Rev. Dr. J. Alan Munro, Moderator of the 91st General Assembly, represented The Presbyterian Church in Canada.

SYNOD OF BRITISH COLUMBIA

THE REVEREND EVAN T. NEWTON

The Presbytery of Westminster records the death, in Vancouver on July 23rd, 1966, of the Reverend Evan T. Newton, a minister on the Appendix to the Roll. Mr. Newton's ministry was in several charges in Ontario and was assistant minister at St. Paul's Church, Peterborough, just prior to retirement, thereafter coming to reside in Vancouver.

For a short time our brother supplied the pulpits of Mount Pleasant, West Point Grey, Fairview and became favourably known in Kerrisdale Church of which he and Mrs. Newton were members. Ill health, latterly, prevented him from active fellowship and participation in Presbytery, although he maintained his interest in all the work of the church.

Mr. Newton was predeceased by Mrs. Newton only in April of this year. To the only daughter, Mrs. H. Lyle Jestley, Vancouver we extend our sympathy.

Fitting tribute was paid to Mr. E. T. Newton's life and ministry at the Funeral Service held in Kerrisdale Church by the minister, the Reverend H. Lennox, D.D.

THE LATE REV. MOI FONG LEUNG

The late Rev. Moi Fong Leung, aged 80, was born in Hoi Ping, Kwong Tung. Before he came to Victoria, B.C., he served for four years in the Kong Moon Presbyterian Church. He stayed in the Chinese Presbyterian Church congregation in Victoria for 46 years, a long and patient service, besides he was active in communal life, elected consecutively president of the Chinese Hospital for the past 15 years and chairman of the Hoi Ping clansmen's Association. He peacefully passed away on Wednesday, June 15, 1966, having been admitted to hospital for only one and a half days. He was survived by his wife, nine children, 16 grandchildren and one great grandchild. Funeral services were held at the Chinese Presbyterian Church on Saturday, June 18, 1966, at 1.30 p.m. Rev. David Chan officiated at the service with Rev. A. Beaton and Rev. G. Faraday, Rev. T. H. McAllister assisting.

Mr. Herbert Watson, an elder of our Presbyterian Church and Mrs. Watson have kindly donated a pulpit bible for our Church in memory of the late Rev. Moi Fong Leung.

THE COMMITTEE ON SYNOD CORPORATIONS

SUPPLEMENTAL REPORT

To the Venerable the 93rd General Assembly:

THE ANSWER OF THE COMMITTEE ON SYNOD CORPORATIONS RESPECTING THE PRAYER OF THE OVERTURE FROM THE SYNOD OF ALBERTA (Number 31, 1964, Page 504, Re A National Corporation), WHICH THE NINETIETH GENERAL ASSEMBLY REFERRED TO THE COMMITTEE FOR STUDY AND REPORT.

The overture from the Synod of Alberta, which was referred to your Committee for study and report, seeks the creation of a National Corporation for the broad purpose of borrowing money for relending to congregations for building construction on the grounds that the present system "has tended to present a view of sectionalism" to the lending institutions, which would much "prefer to do business with a larger company because of the greater security involved" and "better protection could be exercised over the credit and good name of our Church."

The Committee on Synod Corporations after considerable study of the overture and of the idea of a National Corporation, concluded that the proposal of the Synod of Alberta was a sound one, principally because of the advantages of strengthened credit, uniform standards for loans, a reduction in borrowing and servicing costs and greater availability of funds. In the Fall of 1966 the Committee drew up and circulated a memorandum to all Synods, Presbyteries and existing Synod and Presbytery Corporations setting out the Committee's belief that a more effective job could be done in the raising and administration of funds if the efforts of the several Corporations were joined in a National Corporation.

The Committee at that time also circulated a number of schedules to the memorandum setting out a possible scheme for the creation and government of the National Corporation. The Committee requested replies from the Synods, Presbyteries and Presbytery and Synod Corporations to the memorandum. An extremely high level of response was received and the overwhelming majority of those responding approved the creation of a National Corporation in principle (see appendix "B"). Indeed, many of those responding approved not only the principle but also the details of the plan suggested by the Committee in the memorandum. However, a large number of cogent comments were received, which in the view of the Committee made further study of the details of the arrangements necessary. At the annual meeting of the Committee held on March 3, 1967, members of the Committee considered these comments and others expressed by members of the Committee themselves. After careful consideration, the Committee agreed to recommend to the 93rd General Assembly the establishment of a National Corporation.

The Committee has since received the opinion of Mr. Hamilton Cassels, Q.C., which, in part, is as follows:

"It is our opinion that the recommendations of the Committee on Synod Corporations are sound and that a national Corporation should be established. We agree with the recommendations of this Committee and with the Committee's reasons for them." "In summary, for the reasons outlined in the Synod Committee's report, we recommend the establishment of a national Corporation and the eventual winding up of the eight existing Corporations. We do not, however, comment in this opinion on the matters mentioned in Schedules "A", "B" and "C" of the Committee report, as these matters need further time for study."

"May we suggest, in conclusion that any resolution which the General Assembly may see fit to pass in order to implement the Committee's proposals, should be in as broad terms as possible. Such questions as whether to incorporate by Letters Patent or Special Act, whether it should be a share capital or non-share capital Corporation, and the many other detailed and basic decisions which will have to be made should, in our view, be left to the Committee to work out. The

resolution, if passed, should direct the establishment of a single, national Corporation for the purposes aforesaid, the transfer to it of the assets and the assumption of the liabilities of the existing Corporations and the winding up of such Corporations, all on such terms and in such manner as the Committee on Synod Corporations may deem proper. At that stage, we shall be glad to work out the details with the Committee."

The whole of Mr. Cassels' opinion is appended to this Supplemental Report as Appendix "A".

As a result of the opinion of Mr. Hamilton Cassels, Q.C. and the comments received, the Committee agrees that flexibility as to the scheme for the government of the National Corporation should be retained until the Committee has received further legal advice and has had further discussion with the individual existing Corporations.

Some general principles, however, can be set out and it is contemplated that these general principles will be carried forward into the constitution and by-laws of the National Corporation when it is created:

- (a) A National Corporation should be the only Corporation in The Presbyterian Church in Canada carrying on the business now carried on by the existing Synod and Presbytery Corporations and these should be wound up;
- (b) A National Corporation should be responsible to the General Assembly; and
- (c) A National Corporation should be fully representative in its Board of Directors of the various geographic regions of Canada.

Your Committee, therefore, recommends that the Prayer of the Overture from the Synod of Alberta in respect of a National Corporation be granted in the following terms:

1. That this General Assembly direct the Committee on Synod Corporations and the said Committee is authorized to cause to be incorporated a National Corporation responsible to the General Assembly for the purpose of acquiring the assets, assuming the liabilities and carrying on the business of the existing Synod and Presbytery Corporations with such powers and in such manner as the Committee may determine after discussion with legal counsel and with the individual existing Corporations.
2. That this General Assembly direct that the individual existing Synod and Presbytery Corporations transfer their assets and liabilities to the National Corporation upon request of the National Corporation.
3. That this General Assembly direct that where The Trustee Board of The Presbyterian Church in Canada is required to receive the assets of the existing Synod and Presbytery Corporations, the said Trustee Board transfer all such assets to the National Corporation on its request.
4. That this General Assembly direct that when the assets and liabilities of an existing Corporation have been transferred to the National Corporation, such existing Corporation shall be wound up.
5. That this General Assembly direct that it is the policy of The Presbyterian Church in Canada that no further Synod or Presbytery Corporation shall be incorporated.

All of which is respectfully submitted.

H. W. HUNTER,
Chairman.

D. McCULLOUGH,
Business Administrator.

APPENDIX "A"

THE OPINION OF MR. HAMILTON CASSELS, Q.C.

Re A NATIONAL CORPORATION

We are asked for our opinion on the desirability of creating a national Synod Corporation to replace the seven Synod Corporations and one Presbytery Corporation presently constituted, to acquire the assets and assume the liabilities of these existing corporations and to wind them up. In reaching the conclusions expressed below, we have examined the Report of the Committee on Synod Corporations on this subject respecting the prayer of the Overture from the Synod of Alberta, referred to this Committee by the Ninetieth General Assembly, the Charters, Acts of Incorporation and Memoranda of Association of the various Synod and Presbytery Corporations, together with recent financial statements of some of these, and we have obtained such other information and examined such other material as we deemed necessary in the circumstances.

It is our opinion that the recommendations of the Committee on Synod Corporations are sound and that a national Corporation should be established. We agree with the recommendations of this Committee and with the Committee's reasons for them.

Such a Corporation should have, we think, objects and powers similar to those of the eight existing bodies and these should include, *inter alia*, power to lend money to congregations of the Church to assist in Church building costs, power to lend and invest money on mortgages of real estate or otherwise in order to further these aims, power to raise money by borrowing, to guarantee payments of money and all matters incidental thereto. The Corporation should be so constituted as to qualify for tax exempt status in every jurisdiction in which it intends to carry on business.

The Corporation must be incorporated either in one of the Provincial jurisdictions or under the authority of the Federal Government, and we would recommend the latter course. While, if it is a federally incorporated company, it must obtain permission from each Province to hold real estate in the Province concerned, if it is a provincial corporation, it still could not hold such real estate, including mortgages, and could not transact any other business in any other Province without obtaining an Extra-Provincial license from that Province to do so. Either course would involve some expense, but the advantages of a Federal corporation are clear. While it is probably no less expensive, it would nevertheless provide standardization of procedure and is a more such workable vehicle for the type of operation contemplated; it would, in our opinion, command more respect in the financial community and, indeed, among the congregations of the Church.

Such a Corporation would be established either by Letters Patent or by Special Act of the Parliament of Canada, and at the moment we have only tentative views as to which method should be adopted. There may be certain special features desired which could only be obtained by Special Act, but the disadvantage of this type of Corporation is the initial delay and expense involved, and, perhaps more serious, the difficulties, delay and expense in obtaining such amendments to the Act as may be necessary in the future to meet changed conditions. We would recommend that the choice be left to the determination of the Committee on Synod Corporations.

It is, of course, impossible to make an accurate estimate of the total costs involved in establishing a national Corporation, in transferring to it all of the assets of the eight Synod and Presbytery Corporations, in winding up the latter Corporations, and in obtaining whatever Provincial licenses may be required, but a not unreasonable estimate of this cost, we feel, might be between \$10,000.00 and \$15,000.00. It will be obvious that this cost will depend in large measure on the work involved in transferring the various assets and liabilities of the eight Corporations to the national body, and this work could be substantial.

The charters of some of the existing Synod Corporations provide for the transfer, on a winding-up or discussion, of all the assets of these Corporations to The Trustee Board of The Presbyterian Church in Canada, after satisfaction of the

Corporations' debts and liabilities. Before any steps are taken to establish a single national entity, The Trustee Board should agree either to transfer, or direct the transfer of, all such assets to such entity upon its establishment. Similarly, all of the existing Synod and Presbytery Corporations should agree, in advance, that their assets would be handled in this manner.

In summary, for the reasons outlined in the Synod Committee's report, we recommend the establishment of a national Corporation and the eventual winding up of the eight existing Corporations. We do not, however, comment in this opinion on the matters mentioned in Schedules "A", "B" and "C" of the Committee report, as these matters need further time for study.

May we suggest, in conclusion, that any resolution which the General Assembly may see fit to pass in order to implement the Committee's proposals, should be in as broad terms as possible. Such questions as whether to incorporate by Letters Patent or Special Act, whether it should be a share capital or non-share capital Corporation, and the many other detailed and basic decisions which will have to be made should, in our view, be left to the Committee to work out. The resolution, if passed, should direct the establishment of a single, national Corporation for the purposes aforesaid, the transfer to it of the assets and the assumption of the liabilities of the existing Corporations and the winding up of such Corporations, all on such terms and in such manner as the Committee on Synod Corporations may deem proper. At that stage, we shall be glad to work out the details with the Committee.

We would be glad to amplify our views on any of the matters mentioned in this opinion or to give you any other information we can if you will let us know your wishes in this regard.

GUTHRIE, GRIFFITHS, & GENEST.

SUPPLEMENTARY REPORT FOR THE PENSION BOARD

To the Venerable the 93rd General Assembly:

In the report of The Pension Board, it was stated that the Actuary was making a valuation of the Pension Fund as of the end of 1966 in order to have information available to determine action which should be taken with respect to any revision of pension regulations. This report was received and after study by the Actuarial Committee, a special meeting of The Pension Board was held on May 31st, which agreed with the recommendations which were made to that meeting.

To Professor Sheppard and Professor Baillie of the University of Toronto, the Church owes a debt of gratitude for all the expert work which they have done gratuitously and so willingly on behalf of the Pension Fund. Their valuation will be printed in the Acts and Proceedings of this Assembly in connection with this Supplementary Report.

In accordance with the valuation, we beg leave to present five recommendations as follows:

1. That the pension provided by the Church for each year of service be increased from the present rate of \$31.25 per year to \$36.25 per year effective January 1st, 1968, for those at present on pension.
2. That the same increase be made available for active members upon retirement. In accordance with regulations in The Book of Forms, continuation of this increased pension would be dependent upon the present income received from congregations and the budget being continued.
3. That the retirement age be reduced so that full pension after 40 years of service will be available at age 68 instead of at age 70, effective immediately.
4. That we provide for optional retirement at age 65, 66 or 67 with a reduction in pension to the actuarial equivalent of the pension for years of service completed at the date of retirement. The reduction would be $\frac{1}{2}$ of 1% of the amount of pension for each month of retirement before attainment of age 68.
5. That Widows' Pension be increased in the same proportion as recommended above.

J. E. SMART,
Chairman, The Pension Board.

No. 48 (Unprinted) — PRESBYTERY OF PETERBOROUGH
Re PASTORAL MINISTRY

To the Venerable the 93rd General Assembly:

WHEREAS, the report undertaken for Presbyterian College by Woods, Gordon & Co., Management Consultants, is very informative and provocative in its assessment of reasons for the shortage of students enrolling in colleges, and

WHEREAS, the shortage of ministers who are presently engaged in the pastoral ministry of the Presbyterian Church in Canada is a matter for grave concern, and

WHEREAS, the number of students enrolled in our colleges is presently declining, and

WHEREAS, a considerable number of ministers have withdrawn from the pastoral ministry to undertake secular employment;

THEREFORE, the Presbytery of Peterborough humbly overtures the Venerable the 93rd General Assembly to reaffirm its confidence in the call to the Holy Ministry and the high privilege and responsibility incumbent on those who answer this Call, by, (1) instructing the Committee on Recruitment to undertake a far more vigorous recruiting programme and that a more substantial amount of money such as \$25,000.00 be invested in presenting to our young people the call to the pastoral ministry, (2) establishing a committee especially set up for the purpose of contacting those ministers of our church not now engaged in the pastoral ministry to encourage them to return to the same, (3) undertaking a reduction in the number of ministers now employed in our church offices so that some of them may be released to accept a call to a congregation or an appointment by the Board of Missions or that they do otherwise for this subject what to their wisdom may seem best.

Clerk of Presbytery.

No. 49 (Unprinted) — PRESBYTERY OF PETERBOROUGH
Re INTER-CHURCH COOPERATION IN LOCATING CHURCH PROPERTY

To the Venerable the 93rd General Assembly:

WHEREAS, this is an era of the building of new churches, and

WHEREAS, many denominations are seeking building lots in fast-growing areas, and

WHEREAS, the lots selected are often close together, and

WHEREAS, the churches built on such lots are serving the same area while other areas are neglected;

THEREFORE, the Presbytery of Peterborough humbly overtures the Venerable the General Assembly to consider the advisability of making a definite approach to other Christian denominations to work out some plan which would make better use of denominational funds and manpower by arranging, in as far as possible, for one church in a given area under the guidance of the Canadian Council of Churches, or that the Venerable the 93rd General Assembly do otherwise as in their wisdom they may deem best.

ARNOLD A. BETHUNE
Clerk of Presbytery.

No. 50 (Unprinted) — PRESBYTERY OF PETERBOROUGH
Re SERVICES IN RURAL AREAS

To the Venerable the 93rd General Assembly:

WHEREAS, in many rural areas churches are being closed, and

WHEREAS, it is increasingly difficult to provide supply in these areas, and
 WHEREAS, Christians in rural areas are sufficiently numerous to support one church;
 THEREFORE, we the Presbytery of Peterborough overture the Venerable 93rd
 General Assembly to seek the cooperation of other denominations in maintaining
 a ministry in those rural areas by mutual cooperation and allocation of territories;
 or that they do otherwise for this object to their wisdom may seem best.

 Cobourg, Ontario,
 May 20, 1967.

ARNOLD A. BETHUNE
 Clerk of Presbytery.

No. 51 (Unprinted) — PRESBYTERY OF EAST TORONTO
 Re HOSPITAL CHAPLAINS

To the Venerable 93rd General Assembly:

WHEREAS, an emergency has arisen, whereby the Presbytery of East Toronto is
 threatened with the discontinuance of the urgent and essential services of Hospital
 Chaplains, and

WHEREAS, there are at least 9 General Hospitals within that part of Metropolitan
 Toronto within the bounds of the Presbytery of East Toronto, with a bed capacity
 of approximately 10,015 and additional beds to be provided by at least five of the
 hospitals in the very near future, and

WHEREAS, many of the patients in these hospitals are registered from communities
 outside the Metropolitan area of Toronto, and many others are registered as
 Presbyterians but with no congregational attachment, and

WHEREAS, ministers of the Presbytery of East Toronto have neither the knowledge
 of the patients nor the time to devote to their spiritual needs, and

WHEREAS, the Presbytery of East Toronto has recognized the essential nature of this
 on-going, specialized ministry and has maintained it for the past number of years
 along with support of the Presbytery of West Toronto and aided by grants from
 the Synod of Toronto and Kingston and General Board of Missions, and

WHEREAS, the Presbytery of West Toronto has found it necessary to discontinue
 support of Hospital Chaplains after June 30th, 1967, and

WHEREAS, the withdrawal of this financial support and also that of the General
 Board of Missions has placed the Presbytery of East Toronto in the awkward
 position of having an essential ministry to maintain but not having the necessary
 funds to maintain it, and

WHEREAS, the cost of maintaining this ministry in the persons of 2 chaplains is in
 excess of \$11 thousand a year, which the Presbytery of East Toronto cannot raise
 except by special appeal, which would seriously affect the raising of General
 Assembly's Budget Allocation and the National Development Fund.

THEREFORE, the Presbytery of East Toronto humbly overtures the Venerable, the
 General Assembly to recognize the Hospital Chaplaincy as an on-going ministry
 and to make provision for specialized grants to maintain the same or to do other-
 wise for this essential ministry as the General Assembly in its wisdom may deem
 best.

Extracted from the Records of the Presbytery of East Toronto.
 Toronto, Ont.

J. R. WALDIE,
 Clerk of Presbytery.

No. 52 (Unprinted) — PRESBYTERY OF BRANDON
 Re RELATIONSHIP BETWEEN BOARDS AND COURTS OF THE CHURCH

To the Venerable the 93rd General Assembly:

WHEREAS the Presbytery of Brandon of the The Presbyterian Church in Canada
 views with concern the tendency within certain areas of the Church towards a
 centralization of authority in Boards of the Church — for example Aid-Receiving
 congregations are not permitted to call a minister unless and until; "Before

approving such a call from an aid-receiving pastoral charge, the presbytery dealing
 with the call must ascertain that the General Board of Missions has appointed
 the minister called to that pastoral charge." and

WHEREAS, it is the opinion of the Presbytery of Brandon, that the authority and
 responsibility for the administration of The Presbyterian Church in Canada, rests
 with the Courts of the Church (Kirk-Sessions, Presbyteries, Synods and the
 General Assembly,) and

WHEREAS, certain Boards of the Church do not appear to acknowledge and recognize
 the authority of certain courts of the Church,

THEREFORE resolved; that the Presbytery of Brandon of The Presbyterian Church
 in Canada humbly overtures the Venerable the General Assembly of The Presby-
 terian Church in Canada to clarify and determine the relationships (responsibility
 and authority) as between the Courts of the Church and the Boards of the Church,
 with respect to the issuing of a call in an aid-receiving congregation or that they
 do otherwise for this object what to their wisdom may seem best.

GRAEME E. DUNCAN,
 Clerk of Presbytery.
